Transmittal Letters

MURIEL BOWSER
MAYOR

March 24, 2016

The Honorable Phil Mendelson, Chairman
Council of the District of Columbia
1350 Pennsylvania Avenue, NW
Washington, DC 20004

Dear Chairman Mendelson:

On behalf of the residents of the District of Columbia, I am pleased to submit to you the District of Columbia Fiscal Year 2017 Budget and Financial Plan, "A Fair Shot." This is the first budget that recognizes our authority over our locally raised funds, and is submitted to you within a week of the historic decision in the Superior Court, upholding the lawfulness of the Budget Autonomy Act. Thus, for the first time, we will only be requesting that the federal payments portion of our budget be transmitted by the President to Congress for appropriations. Budgeting with our locally raised dollars is now within our legislative purview. With the help of pro bono counsel, the Council and I have demonstrated to the satisfaction of the judicial branch that this budget, upon enactment, may be transmitted to Congress on the same terms as other legislation, for passive review. I am delighted that the concerns of the Chief Financial Officer have been allayed and that he will not be appealing that decision.

This proposal is the District of Columbia's twenty-first consecutive balanced budget and invests in residents ensuring they have a **Fair Shot** at a quality education, a safe place to live and work, and a place to call home. This year I again heard from residents before I finalized my budget. Through a series of budget engagement forums, residents shared their ideas and concerns about education, public safety, affordable housing, jobs and economic development, and health and human services. And from these discussions I finalized the FY 2017 Budget and Financial Plan.

The proposal before you reflects the ideas and priorities of District residents and delivers on the commitment of a **Fair Shot**. From again investing \$100 million in the Housing Production Trust Fund to allocating over \$1 billion in full-scale school modernizations, this budget is a plan that continues to move the District of Columbia forward. This proposal also maintains critical investments that make our communities safer and stronger and ensures our residents have access

to job training programs that keep them on the pathway to the middle class. Below, I've highlighted a few of the key investments proposed in the FY 2017 Budget and Financial Plan.

High-Quality Education

Rising enrollment in our traditional public and public charter schools, and increasing student achievement, demonstrate that school reform in the District is working. The FY 2017 Budget will ensure that DC continues to build on those gains, so that students and families have access to a high-quality education and academic experience including:

- \$75 million enhancement to support increased student enrollment and increasing the cost-per-student investment;
- \$1.3 billion for full-scale school modernizations (6-year Capital Improvements Program);
- \$3.6 million to improve licensed child-care facilities;
- \$1.6 million for early literacy grants;
- \$5.2 million of additional funding for University of the District of Columbia and University of the District of Columbia Community College
- \$5.2 million for summer programs and to provide adequate staffing and resources at recreation centers; and
- \$0.6 million to fully fund the Books from Birth program in our public libraries.

Safer, Stronger DC

The District is making the necessary investments to keep our neighborhoods and residents safe. That includes more resources for EMS reform – beefing up the dispatchers and call takers at 911, and putting more ambulances out on the streets during peak times. In addition, the budget includes investments that keep DC on the cutting edge of crime prevention, and growing the Metropolitan Police Department to meet the needs of our growing city. The FY 2017 Budget will support a safer, stronger DC by investing:

- \$12 million for FEMS Third Party Ambulance Initiative;
- \$2.5 million for additional training, call takers and dispatchers at 911 answering centers
- \$8 million to improve the District's Crime Lab;
- \$2.5 million to hire nearly 60 additional police officers in the "Experienced Officer Training Program";
- \$3.5 million for improved crime fighting technology;
- \$20.5 million for a new harbor patrol facility;
- \$5.9 million to Department of Corrections to assume operation of Correctional Treatment Facility (CTF);
- \$3.1 million for body-worn cameras and FOIA requests;
- \$750,000 for synthetic drug testing and Mortuary Unit Staff; and
- \$2.8 million to MPD for Civilianization of an additional 35 positions.

Affordable Housing

The Bowser Administration is committed to producing, preserving and protecting affordable housing in the District of Columbia. The Mayor has committed another \$100 million contribution to the Housing Production Trust Fund in the FY 2017 Budget. This investment will support grants and loans to yield more affordable housing for families, across incomes.

Additionally, this budget provides:

- \$15 million in DC Housing Authority budget will be used for deferred maintenance and rehabs;
- \$21.4 million for redevelopment of Walter Reed;
- \$50 million for redevelopment of St. Elizabeths; and
- \$53.5 million for New Communities.

Pathways to the Middle Class

Maintaining a strong, diverse, and resilient District of Columbia requires that every resident has a fair shot, and a pathway to the middle class. That includes supporting our most vulnerable families and residents; job training that leads to real employment opportunities; and nurturing our small businesses. The FY 2017 Budget does this by providing:

- \$4.8 million for Marion Barry Summer Youth Employment Program to fully fund over 12,000 14-21 year olds and 1,000 22-24 year olds;
- \$4.5 million for Department of Employment Services DC Career Connections to continue programs started in 2016;
- \$1.5 million for approximately 20 Traffic Control Operators to advance Vision Zero; and
- \$887,000 to continue the Learn, Earn, Achieve and Prosper (LEAP) employment training program.

Health and Human Services

Investing in the health and well-being of District residents remains a priority in this budget. Ensuring residents are able to provide for their families and connecting these families with valuable care and supportive programs when they need it most ensures they have a fair shot at success in the future. The FY 2017 budget includes:

- \$13.1 million for the next phase of the Homeward DC plan;
- \$10 million to support residents on TANF to protect the neediest families;
- \$9 million for improvements to the D.C. Access System;
- \$1.5 million to fund the Alternatives to Court Experience (ACE) and Parent and Adolescent Support Services (PASS) programs; and
- \$0.8 million for the Joyful Foods initiative.

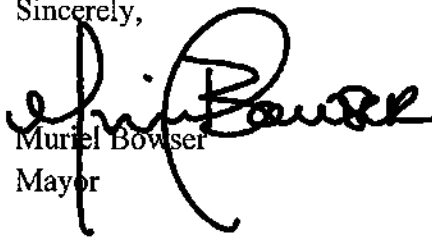

Government Operations

Building a government that works for the residents of the District Columbia streamlines processes and improves efficiency. The FY 2017 budget supports these improvements by:

- Office of Contracting and Procurement enhancement of \$802,000 and 6 positions to improve how the government purchases;
- \$100,000 to study airplane noise, and \$100,000 to study anaerobic digester;
- WMATA operating subsidy fully funded at \$368.6 million and capital subsidy at \$831 million.
- Office of Risk Management, \$1.0 million and 11 positions to better manage and mitigate the District's liability; and
- \$1 million to advance Public Private Partnerships.

In a city as prosperous as ours, we can make all of these critical investments to ensure that our residents – whether they have lived here five generations or five minutes – have a fair shot.

Sincerely,

Muriel Bowser
Mayor

GOVERNMENT OF THE DISTRICT OF COLUMBIA
OFFICE OF THE CHIEF FINANCIAL OFFICER

Jeffrey S. DeWitt
Chief Financial Officer

March 24, 2016

The Honorable Muriel Bowser
Mayor of the District of Columbia
John A. Wilson Building
1350 Pennsylvania Avenue, NW, Room 306
Washington, DC 20004

Dear Mayor Bowser:

I am pleased to transmit the Fiscal Year 2017 Proposed Budget and Financial Plan. The Fiscal Year 2017 Proposed Budget includes \$7.3 billion in Local funds and \$13.4 billion in Gross funds (excluding Intra-District funds).

The Office of the Chief Financial Officer (OCFO) worked closely with your executive leadership team, the City Administrator's Office of Budget and Finance (OBF) staff, and agency program staff to produce a balanced budget and five-year financial plan. The FY 2017 policy budget reflects your administration's funding priorities and determinations.

After careful review, I certify that the FY 2017 – FY 2020 Budget and Financial Plan, as proposed, are balanced.

REVENUE OUTLOOK

The revenue outlook is predicated on continuing moderate growth in the national economy and assumes similar growth in the District's economy, with added jobs and residents over the period of the financial plan.

Measures to constrain federal spending, however, are expected to be in effect during the period of the financial plan, with the severity of their impact diminishing over time.

Population growth has been a major factor in increasing the District's income and sales tax bases, and a major driving force behind rising home values. In the last five years (2010 to 2015),

the District's population has grown by 67,102 (11.1 percent), an increase that has averaged more than 1,000 net new residents per month over this period. Currently, about one third of the District's population growth is from natural increase (births minus deaths), and the rest is from migration from the rest of the U.S. and from overseas.

The FY 2016 baseline estimate of \$6.90 billion in total Local Fund Revenue, excluding Dedicated Taxes and Special Purpose Revenue, is essentially unchanged from FY 2015. FY 2015 revenues included more than \$300 million in one-time revenues related to capital gains and deed transfer and recordation taxes, as well as an on-line travel settlement of \$73.6 million. These extraordinary gains are not expected to recur in FY 2016. Furthermore, enacted tax policy proposals, which lower the corporate and individual income tax rates, also contribute to flat growth in FY 2016. The \$7.14 billion estimate for FY 2017 is an increase of \$233.7 million (3.4 percent) over FY 2016 and reflects continued strength across the major revenue sources, particularly in real property taxes. Including Dedicated General Fund Tax Revenue, Special Purpose Revenues, and policy initiatives, total FY 2016 General Fund Revenue in the financial plan is \$7.7 billion. Total General Fund Revenue in FY 2017 is \$8.0 billion, \$269.6 million more than FY 2016.

Various policy initiatives increase General Fund Revenue by \$3.7 million in FY 2016, \$26.7 million in FY 2017, and by nearly \$9.5 million through the remainder of the Financial Plan. Some of the major policy proposals are listed below:

- A delay of five years, from tax year 2016 to tax year 2021, in the implementation of a business franchise tax deduction, known as FAS 109 that was enacted with combined reporting laws in the FY 2011 legislation, raises \$3.7 million in FY 2016, increasing to \$7.4 million in FY 2017 through FY 2020
- An extension, on a one-time basis, of the hospital gross receipts tax, which authorizes the District to tax hospitals' inpatient and outpatient revenues, is expected to raise almost \$17 million in FY 2017
- A City Clean Hands initiative, which identifies delinquent (non-filer) sales and withholding tax returns, will increase revenues by \$2.0 million annually throughout the Financial Plan

| All Other Agencies | (19.9) |
| Total Changes | \$ 222.4 |
| FY 2017 Proposed Local Funds Budget | \$ 7,285.4 |

Note: Details may not add to totals due to rounding

Primary Cost Drivers

- **Pay-As-You-Go Capital Fund (Paygo):** \$54.3 million increase is primarily due to \$21.7 million towards the District's contribution to WMATA's capital improvements program and \$39.4 million for the United Medical Center capital project. The remaining amounts are the result of smaller changes to various projects.
- **D.C. Public Charter Schools (DCPCS):** \$46.0 million increase over FY 2016, primarily due to increased enrollment from 38,962 in SY 2016 to 40,953 in SY 2017 (a 5.1% increase) and the opening of four new Charter schools.

- **Department of Human Services (DHS):** \$31.1 million increase in Local funds primarily due to \$10.0 million for additional housing resources for individuals and families, \$3.1 million for shelter and housing resources targeted to homeless youth, \$10.1 million of one-time funding to support TANF policy, \$4.9 million of one-time funding for the D.C. Access system, and \$1.5 million of one-time funding to support the Parent Adolescent Support Services (PASS) and Alternatives to the Court Experience Diversion (ACE) programs.
- **D.C. Public Schools (DCPS):** \$28.9 million increase over FY 2016, primarily due to increased enrollment from 49,190 in SY 2016 to 50,016 in SY 2017 (a 1.7% increase) and the costs associated with opening two new schools.
- **Repayment of Loans and Interest:** \$28.6 million increase in Local funds, which is the result of the District's increased borrowing for capital projects.
- **Fire and Emergency Medical Services Department:** \$19.7 million increase in Local funds, primarily due to a one-time increase of \$12.0 million for a third-party Emergency Medical Services provider contract for ambulance services. This service is a pilot program in FY 2016 and FY 2017.
- **Teachers' Retirement System:** \$12.3 million increase over FY 2017, which is based on the District of Columbia Retirement Board's approved actuarial certification that was transmitted to the Mayor in a letter dated January 11, 2016.
- **Metropolitan Police Department (MPD):** \$10.8 million increase in Local funds, primarily due to \$2.8 million for an initiative to civilianize 35 positions in MPD, thereby freeing sworn officers from administrative responsibilities to perform strictly law enforcement activities; \$4.9 million to support the Automated Traffic Enforcement program; \$3.1 million to implement full funding for the Body Worn Camera Program to cover the costs of 2,800 cameras; and additional spending requirements for personnel and equipment to handle Freedom of Information Act (FOIA) requests.
- **Department of Public Works (DPW):** \$10.6 million increase in Local funds, primarily due to \$4.0 million for additional staffing resources and increased salary and fringe benefits; \$4.0 million to support a pilot program for central management of DDOT fleet costs; \$1.5 million to support contract escalations for disposal of recycling waste; and \$1.1 million to support contract rate escalations for disposal of municipal waste.
- **All Other Agencies:** \$19.9 million reduction is the net of policy increases and decreases to various agency programs.

CAPITAL IMPROVEMENTS PLAN

The District is addressing its continuing infrastructure needs through its Capital Improvements Plan (CIP). The total proposed appropriation request for the FY 2017 through FY 2022 CIP is \$6.27 billion from all sources. The majority of the budget will be financed with municipal bonds totaling \$4.25 billion, along with Pay-As-You-Go (Paygo) transfers from the General Fund, Federal Grants, a local match to the grants from the Federal Highway Administration, private donations, sale of assets and local transportation fund revenue.

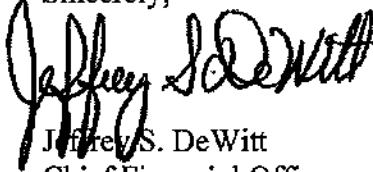

The proposed FY 2017 capital program includes \$1.31 billion in planned capital expenditures to be financed by \$865 million in new I.T. or G.O. bonds, \$6.5 million from new short-term bonds, \$94 million from Grant Anticipation Revenue Vehicle (GARVEE) bonds, \$80.2 million in Paygo, \$160.6 million in federal grants and payments, \$27.3 million in the Local Match to the Federal Highway Administration grants, \$45.1 million from the Local Transportation Revenue Fund, \$5 million from private grants, and \$26.3 million from the Sale of Assets. Debt service within the CIP period remains below the 12 percent debt cap.

MULTI-YEAR FINANCIAL PLAN

The plan shows substantial growth in debt service costs during the plan period to support the \$6.27 billion Capital Improvements Plan through FY 2022. Because of the growth in these costs, labor costs and other non-capital costs must be constrained at low to moderate growth levels throughout the financial plan. Careful monitoring of these costs, as well as execution of the capital plan, is required to ensure the plan remains balanced in the future.

The leadership provided by you and your team, along with the hard work of the Office of Budget and Planning and others in the OCFO, allowed us to work effectively together to produce a balanced budget. I look forward to continuing to work with you and the Council during the upcoming budget deliberations.

Sincerely,

Jeffrey S. DeWitt
Chief Financial Officer

How to Read the FY 2017 Proposed Budget and Financial Plan

How to Read the FY 2017 Proposed Budget and Financial Plan

The District of Columbia's FY 2017 Proposed Budget and Financial Plan is a communication tool that presents and explains policy priorities, agency operations, including programmatic/organizational structures, and performance measures in the context of the Financial Plan, which shows the District's sources of revenue and planned expenditures. The Budget and Financial Plan includes forecasts of economic and financial conditions, current and planned long-term debt financing, policy decisions, and other important financial information for the District's government, all of which are essential elements for accurate financial reporting and sound management of public resources.

This chapter, How to Read the Budget and Financial Plan, is a guide for understanding the sections of this budget volume that define the budget priorities for the District. These sections are consistent with the National Advisory Council on State and Local Budgeting's recommended budget practices, which call for a presentation of information to provide readers with a guide to government programs and organizational structure. Additionally, these sections are consistent with the standards of the Government Finance Officers Association for the Distinguished Budget Presentation Award.

The FY 2017 Proposed Budget and Financial Plan is presented in six volumes summarized as follows:

Executive Summary (Volume 1) - provides a high-level summary of the budget and financial information, including sections describing new initiatives within the District's proposed budget, the transmittal letters from the Mayor and the Chief Financial Officer, the District's five-year financial plan, detailed information on the District's projected revenues and expenditures, and summary information about the Capital Improvements Plan. In addition, this volume includes information about the District's budgetary and financial management policies, a glossary of budget terms, a description of agency performance plans, budget summary tables by agency and fund type, and the Budget Act legislation that serves as the basis for the District's federal appropriations act.

Agency Budget Chapters (Volumes 2, 3, and 4) - describes, by appropriation title, the operating budgets for each of the District's agencies. Appropriation titles categorize the general areas of services provided by the District on

behalf of its citizens and are listed in the table of contents. Examples are Governmental Direction and Support, Public Safety and Justice, and Financing and Other.

Capital Improvements Plan (Including Highway Trust Fund) (Volume 5) - describes the District's proposed six-year Capital Improvements Plan for all of the District's agencies. The Highway Trust Fund describes the District's proposed FY 2017 to FY 2022 planned transportation projects including federal highway grants.

Operating Appendices (Volume 6) - includes detailed supporting tables displaying the proposed expenditures and full-time equivalents in the operating budgets that are described in Volumes 2, 3, and 4. Please note: This volume is available exclusively on the Government of the District of Columbia website at <http://cfo.dc.gov/>.

Detailed information on the chapter contents of each volume include:

Chapters in these volumes are grouped by appropriation title and each chapter contains the following sections, as applicable:

Header Information:

- Agency name and budget code;
- Website address and telephone; and
- FY 2017 proposed operating budget table.

Introduction:

- Agency Mission; and
- Summary of Services.

Financial and Program Information:

- Proposed Funding and Full-Time Equivalents by Source table;
- Proposed Expenditure by Comptroller Source Group table;

FY 2017 Proposed Budget Changes

The FY 2017 Proposed Budget Changes section within each agency chapter provides a comprehensive explanation of the FY 2016 Approved Budget to FY 2017 Proposed Budget, by Revenue Type table that appears in nearly every chapter. Please see the Current Services Funding Level (CSFL) Development appendix in this volume for more information about the CSFL methodology, which is only applied to agencies with Local funds. This section includes major changes within the agency budget by program, fund, and full-time equivalents, from the initial request through the policy decisions made by the Mayor. The FY 2017 Proposed Budget Changes section uses the following terms to describe budgetary or programmatic changes:

Actions with an impact on services:

- **Enhance:** More funding to improve the quality or quantity of an existing service (e.g., Funding to support the new DMV service center in Georgetown).
- **Reduce:** Reduction, but not elimination of an existing service (e.g. Close a service center and provide services at other locations; Realign staffing in the Fleet Management division).
- **Eliminate:** Total elimination of an existing service, with no anticipation of the service being provided by another entity (e.g. Eliminate unfunded vacant FTEs for staffing realignment).

Actions with no service impact:

- **Increase:** Additional funds necessary to continue service at current levels (e.g., Fund recurring operating cost of Automated Traffic Enforcement).
- **Decrease:** Reduction in cost without a service impact (e.g., Align energy budget with revised DGS estimate).
- **Transfer-In:** Shift of an existing program, operation, or personnel from another District agency (e.g., Transfer the Central Cell Block Security activity from MPD to DOC).
- **Transfer-Out:** Shift of an existing program, operation, or personnel to another District agency (e.g., Transfer APRA division from DOH to establish DBH).
- **Shift:** Shift an existing program or operation from one Fund type to another (e.g., Shift from Special Purpose Revenue to Local funds to support telecommunications for the D.C. Lottery).
- **Technical Adjustment:** An increase or decrease to the budget that is required because of a legislative mandate or to correct an error or omission.
- **No Change:** The agency has no changes in funding and/or budget structures from the FY 2016 approved budget to the FY 2017 proposed budget.

An example of an agency narrative is at the end of this chapter to help the reader navigate the Agency Budget Chapter volume. The example shows an agency with a performance plan. Call-out boxes highlight the features discussed above.

This table provides an overall budgeted funding level and number of approved FTEs for the FY 2015 actuals, the FY 2016 approved budget and the FY 2017 proposed budget for specific programs (or divisions) and activities.

Note: For more detailed information regarding the proposed funding for the activities within this agency's programs, please see Schedule 30-PBB Program Summary by Activity in the FY 2017 Operating Appendices located on the Office of the Chief Financial Officer's website. "No Activity Assigned" indicates budget or actuals that are recorded at the division/program level.

Division Description

The District Department of Transportation operates through the following 8 divisions:

Urban Forestry Administration (UFA) – establishes a full population of street trees within the District of Columbia, ensures that the trees lining the District's roadways are maintained in a healthy and safe environment, provides educational information to District residents about the benefits of growing trees, and encourages planting of appropriate trees. UFA also maintains the network of trails in the District and reduces impermeable surfaces to improve water infiltration. **Infrastructure Project Management (IPMA)** – oversees the construction of roadways, bridges, and transit facilities. IPMA also manages special construction projects.

This indicates the specific programs (or divisions) and activities within an agency. It contains detailed descriptions of their purpose and how they contribute to the lives of District residents and visitors.

This division contains the following

- **Project Development and Management** – supports ward-based teams that design and construct transportation infrastructure projects. They manage the condition of the streets, sidewalks, and alleys

FY 2017 Proposed Budget Changes

The District Department of Transportation's (DDOT) proposed FY 2017 gross budget is \$110,856,255, which represents a 2.5 percent decrease from its FY 2016 approved gross budget of \$113,676,337. The budget is comprised of \$74,435,771 in Local funds, \$20,000,000 in Federal Grant funds, and \$16,420,484 in Special Purpose Revenue funds, and \$30,000,000 in Enterprise funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) represents the total funding available to the operating District agencies, before considering the impact of the FY 2016 approved budget across multiple divisions. It includes major internal changes within the budget including Current Services Funding Level (CSFL) changes, changes to the initial adjusted budget, and policy initiatives. Please see the CSFL Development section regarding the methodology used and components that comprise the CSFL.

DDOT's FY 2017 CSFL budget is \$86,083,783, which represents a \$1,058,848, or 1.2 percent, increase over the FY 2016 approved Local funds budget of \$85,024,935.

CSFL Assumptions

The FY 2017 CSFL calculated for DDOT included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$2,105,000 to account for the removal of one-time funding appropriated in FY 2016 to support waiver of Public Parking Space Rental fees, an Aerial Transport Study, a Congestion Management Study, and a Transportation Reorganization Act. Additional adjustments include personal services to account for Fringe Benefits, cost-of-living adjustments, and approved nonpersonal services based on the Consumer Price Index. CSFL assumptions are presented separately within the budget. For more detail on the CSFL, please see the appendix in this volume.

CSFL funding for DDOT also includes adjustments to reflect estimates for Fleet services, and \$1,000,000 requested in the FY 2016 budget, approved union contracts, and corresponding salary and other adjustments.

Agency Budget Submission

Increase: In Local funds, DDOT's budget proposal includes an increase of \$262,267 and 1.0 Full-Time Equivalent (FTE) to account for the reallocation of a Deputy Director position from the Infrastructure Project Management division to the Transportation Operations division. Additionally, an increase of \$233,099 in the budget proposal for Local funds covers projected salary step increases and Fringe Benefits costs across multiple divisions.

In Federal Grant funds, the proposed budget includes a new Indirect Cost Recovery Grant funding source supporting associated costs, which will help to mitigate rush-hour congestion.

DDOT's budget proposal in Special Purpose Revenue funds includes revenue projections associated with the Tree, Bicycle, and Pedestrian Safety Fund, and DDOT Enterprise funds.

In Intra-District funds, the budget proposal includes a Memorandum of Understanding with the Metropolitan Police Department to cover costs related to a Traffic Signalization contract.

Decrease: The budget proposal in Local funds reflects a net decrease of \$37,429 and 1.0 FTE, partly due to the reallocation of a Deputy Director position from the Infrastructure Project Management Administration division to the Transportation Administration division, offset by miscellaneous adjustments to salary and Fringe Benefits costs within the division. Additionally, a decrease of \$1,000,000 is requested in the FY 2016 budget, approved union contracts, and corresponding salary and other adjustments.

How to Read the Agency Chapters

The agency chapters describe available resources for an agency, how the agency will spend them, and the achieved and anticipated outcomes as a result of these expenditures. For a detailed explanation of the fiscal tables and narrative sections, please see the “How to Read the Budget and Financial Plan” chapter in *Volume 1: Executive Summary*.

Each chapter contains the following, if applicable:

The first page of each agency chapter displays the agency name and budget code, website address, and telephone number. The page also shows a table that contains the agency’s gross funds, or total operating, budget. The table shows the Fiscal Year (FY) 2015 actual expenditures and Full-time Equivalents (FTEs); the FY 2016 Approved budget and FTEs; the FY 2017 Proposed budget and FTEs; and the percent change from the previous year for the budget and FTEs. Lastly, this page typically contains the agency mission statement and a summary of its services.

Subsequent pages reflect agency fiscal and programmatic levels and changes. The information varies by agency but typically contains the following financial tables and narrative sections:

- ***Proposed Funding by Source and Full-Time Equivalents table*** displays the agency FY 2015 actuals, the FY 2016 Approved, and the FY 2017 Proposed dollars by fund type.
- ***Proposed Expenditure by Comptroller Source Group (CSG) table*** identifies the gross fund changes by CSG, which is a type of budgetary classification that identifies category spending within personal services (personnel costs, such as salaries and fringe benefits) and nonpersonal services (operational costs, such as contracts, supplies, and subsidy payments).
- ***Proposed Operating Budget and FTEs, by Division/Program and Activity table*** shows the gross fund changes by dollars and FTEs. The Division/Program descriptions section that precedes this table explains the purpose of the divisions/programs and activities funded in the FY 2017 Proposed budget.
- ***FY 2016 Approved Budget to FY 2017 Proposed Budget reconciliation table*** shows the FY 2017 Proposed budget and FTE changes, by division or program, from the FY 2016 Approved budget. This table also includes a brief description of the change. A detailed narrative of the changes is found in the FY 2017 Proposed Budget Changes section that precedes this table.

FY 2016 Proposed Budget Changes

The Department of Human Services' (DHS) proposed FY 2017 gross budget is \$514,977,709, which represents a 11.2 percent increase over its FY 2016 approved gross budget of \$463,062,293. The budget is comprised of \$301,716,496 in Local funds, \$9,000,000 in Federal Payments, \$172,627,662 in Federal Grant funds, \$26,806,652 in Federal Medicaid Payments, \$1,975,000 in Special Purpose Revenue funds, and \$2,851,899 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DHS' FY 2017 CSFL budget is \$279,072,349, which represents a \$8,471,000, or 3.1 percent, increase over the FY 2016 approved Local funds budget of \$270,601,349.

CSFL Assumptions

The FY 2017 CSFL calculated for DHS included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$6,969,000 to account for the removal of one-time funding appropriated in FY 2016, which is comprised of: \$5,000,000 to extend TANF benefits; \$750,000 to support the Parent and Adolescent Support Services (PASS) program; \$719,000 to support services and programs for victims of domestic violence; and \$500,000 to support the Emergency Rental Assistance program (ERAP) for individuals and families. Additionally, adjustments were made for an increase of \$1,311,940 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$77,088 in nonpersonal services based on the Consumer Price Index factor of 2.3 percent.

CSFL funding for DHS also reflects adjustments for increases of \$52,325 for the Personal Service Adjustments to account for the projected impact of new positions requested in the FY 2016 budget, approved union contracts, and corresponding salary and other adjustments; \$10,050,694 to reflect the FY 2017 Financial Plan projection for TANF Cost of Living; \$252,762 to account for the Medicaid Growth Factor of 1.6 percent for the District of Columbia based on enrollment forecast data estimates from the Department of Health Care Finance; and \$3,695,191 for the Fixed Cost Inflation Factor, consisting of \$1,715,598 based on Department of General Services' estimates, \$1,581,492 for Telecommunications costs, and \$398,101 for Fleet services.

Agency Budget Submission

Increase: DHS' proposed Local funds budget includes a net increase of \$3,927,139 and 37.4 Full-Time Equivalent (FTE) positions to support projected salaries, step progressions, and Fringe Benefits costs. This adjustment is reflected across multiple divisions but primarily supports the Homeless Services program in the Family Services division. Additionally, DHS proposes to increase its Local funds budget by \$312,023 to support projected costs for Contractual Services across multiple divisions. This increase is primarily attributed to a reallocation of funds in the Economic Security Administration (ESA) division from Subsidies and Transfers.

In Federal Payment funds, the proposed budget includes an increase of \$9,000,000 to align the budget with the President's budget request. The funds will support redevelopment of the site of the Federal City Shelter.

In Federal Grant funds, the proposed budget includes a net increase of \$3,733,873 and 33.2 FTEs across multiple divisions to reflect projected salary, step progressions and Fringe Benefits costs. In nonpersonal services, the budget includes an increase of \$1,616,922 in Contractual Services across multiple divisions, primarily to reflect the projected growth in funding for the Food Stamp Advance Planning Document (APD).

The budget proposal for Federal Medicaid Payments includes a net increase of \$11,009,015. Projected growth of Medicaid APD funding accounts for an increase of \$5,461,048 across multiple divisions, and \$4,997,515 in Contractual Services in the Agency Management division, to support Medicaid APD funding for the DC Access System (DCAS). Lastly, an increase of \$550,451 across multiple divisions aligns DHS' Federal Medicaid Payments budget with projected salaries, step increases, and fringe benefits costs.

In Intra-District funds, the budget proposal includes an increase of \$85,642 to support projected salaries, step increases, and Fringe Benefit costs across multiple divisions but primarily in the ESA division.

Decrease: In Local funds, DHS' proposes a decrease of \$13,200 for overtime pay across multiple divisions to partially offset other personal services increases. DHS' proposed Local funds nonpersonal services budget reflects a net decrease of \$190,414 in Fixed Costs across multiple divisions. This adjustment includes increases of \$1,314,152 for Energy-related commodities, \$54,338 for Security Services, and \$23,635 for Telecommunications costs, offset by reductions of \$1,095,536 for Rentals and \$487,002 for Occupancy costs based on projections provided by the Department of General Services. Finally, DHS proposes a net reduction of \$4,035,549 across multiple divisions, primarily in Subsidies and Transfers, to support the projected increase in personal services costs.

The Federal Grant funds proposed budget will realize cost savings of \$30,178 for Overtime in the Family Services division. Additionally, the budget includes a net decrease of \$3,244,100 across multiple programs based on projected carry-over funding for multiple grant awards.

In Special Purpose Revenue (SPR) funds, the budget proposal includes a decrease of \$89,896 in the ESA division to reflect lower projections for operational costs in nonpersonal services. Additionally, based on the variance between the FY 2016 and FY 2017 revenue projections for the Memorandum of Agreement between DHS and the Health Benefit Exchange Authority, the budget reflects a net decrease of \$1,135,104 and 15.0 FTEs in the salaries and related Fringe Benefits costs in DHS' ESA division.

DHS' proposed Intra-District funds budget is decreased by \$145,904 across multiple divisions based on a lower projection of costs associated with the Memorandum of Understanding with the Office of the State Superintendent of Education.

Mayor's Proposed Budget

Enhance: In 2015, the District launched a strategic plan to end chronic individual and family homelessness by 2020. In response to this continuing effort, DHS proposes an increase of \$13,100,000 to the Local funds budget across multiple divisions to support the Homeward DC – Strategic Plan commitments. Specifically, the funding provides \$10,000,000 for additional housing resources for

individuals and families and \$3,100,000 for shelter and housing resources targeted to homeless youth.

In FY 2017, DHS proposes a one-time Local funds increase of \$10,060,000 in Subsidies and Transfers across multiple divisions for TANF policy.

To support the DC Access System (DCAS), the new health and human services eligibility and enrollment system, DHS proposes a net increase of \$3,981,226 and 12.5 temporary FTEs in the Agency Management division. This amount includes an increase for DCAS system support, offset by administrative savings from consolidated contracts and the transfer of funds to the Executive Office of the Mayor. It is important to note that this initiative also contains a total of \$4,902,632 in one-time costs that include \$4,696,407 for Contractual Services and \$206,225 for Equipment costs.

Lastly, DHS' proposed Local funds budget includes a one-time increase of \$1,475,000 in the Family Services division, which includes \$750,000 to support the Parent Adolescent Support Services (PASS) program and \$725,000 to support the Alternatives to Court Experience Diversion (ACE) program. PASS is a voluntary program open to families of District youth aged 10-17 who are committing status offenses. Status offenses include truancy, running away, curfew violations, and extreme disobedience, among other behaviors that are illegal for young people under the age of 18. PASS works cooperatively with families and service providers to reduce these challenging behaviors before child welfare or juvenile justice intervention is needed. ACE helps youth avoid formal arrest and potential prosecution for misdemeanor crimes by diverting them to various services such as community-based intervention, family therapy, and anger management.

Reduce: In Local funds, DHS proposes a net decrease of \$200,000, which includes a decrease of \$300,000 to support administrative savings from consolidated contracts, and reductions for supplies and equipment across multiple divisions, offset by an increase of \$100,000 in the Agency Management division to support the DCAS initiative. Additional costs savings of \$1,100,000 are proposed to address projected salary lapse savings due to hiring lags and position backfilling at lower grades across multiple divisions.

Transfer Out: DHS' proposed budget reflects a transfer of \$74,711 and 1.0 FTE from the Agency Management division to the Executive Office of the Mayor to support the Mayor's Office of Community Relations and Services (MOCRS) within the Office of Community Affairs program.

Reduce/Shift: Additionally in Local Funds, DHS proposes several initiatives to realize additional cost savings within the ESA division of \$9,500,000. This adjustment includes decreases of \$6,100,000 for TANF recipient job training expenditures tied to a reduction in caseloads and a shift to Federal funds; \$2,600,000 to repeal a provision of the Program on Work Employment and Responsibility (POWER) initiative; and \$800,000 from transferring the cost of a job skills and wrap around case management program to Federal funds.

The mission of the Child and Family Services Agency is to ensure the safety, permanence, and well-being of abused and neglected children and to strengthen troubled families in the District of Columbia.

Summary of Services

The D.C. Child and Family Services Agency (CFSA) investigates reports of child abuse and neglect and provides child protection. Services include supportive community-based services that help families overcome difficulties while keeping their children out of foster care, foster care for children who cannot be safe at home, and adoption for children who cannot go home. CFSA seeks to achieve the highest quality of community-based services, to increase the number of families who receive preventive and supportive services, and to expand the network of resources providing services to at-risk children and their families.

FY 2017 Proposed Budget Changes

The Child and Family Services Agency's (CFSA) proposed FY 2017 gross budget is \$231,579,822, which represents a 5.4 percent decrease from its FY 2016 approved gross budget of \$244,836,996. The budget is comprised of \$165,503,240 in Local funds, \$63,778,428 in Federal Grant funds, \$19,500 in Private Grant funds, \$20,977 in Private Donations, \$1,200,000 in Special Purpose Revenue funds, and \$1,057,677 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

CFSA's FY 2017 CSFL budget is \$165,950,397, which represents a \$1,955,015, or 1.2 percent,

increase over the FY 2016 approved Local funds budget of \$163,995,382.

CSFL Assumptions

The FY 2017 CSFL calculated for CFSA included adjustments that are not described in detail on table 5. These adjustments were made for increases of \$2,326,208 in personal services to account for Fringe Benefit costs based on trend comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$53,221 in nonpersonal services based on the Consumer Price Index factor of 2.3 percent.

CSFL funding for CFSA also reflects an increase of \$2,640 for the Medicaid Growth Factor to account for a District FY 2017 Medicaid growth rate of 1.6 percent based on the cost of healthcare services in the District projected by the Department of Health Care Finance. Additionally, adjustments were made for an increase of \$1,028 in Personal Services Adjustments to account for the projected impact of new positions requested in the FY 2016 budget, approved union contracts, and corresponding salary and other adjustments, and a decrease of \$428,081 for the Fixed Cost Inflation factor based on projections provided by the Department of General Services.

Agency Budget Submission

The Child and Family Services Agency established a new activity, Prevention Services, in the Community Partnerships division to provide after-care services to families and at-risk children in their homes. Prevention Services will be supported by Local and Federal Grant funds.

Increase: The Local funds budget proposal includes an increase of \$4,527,081 to reflect the reallocation of salary, projected step increases, and Fringe Benefit costs for 28.0 Full-Time Equivalents (FTEs) from the Agency Management and Community Services divisions to multiple divisions within the agency, primarily the Clinical Practice division. Additionally, CFSA proposes to increase the Local funds budget by \$1,700,473 to support contractual services across multiple divisions, mainly in the Agency Management division for information technology improvements.

In Federal Grant funds, an increase of \$828,470 in personal services aligns the proposed budget with salary, projected step increases, and Fringe Benefit costs. The proposed Federal Grant funds budget also includes an increase of \$318,697 in Subsidies and Transfers to support direct services, with an emphasis on child placement activities. In Intra-District funds, an increase of \$35,000 aligns the proposed budget with the projected Medicaid reimbursement provided by the Department of Health Care Finance via an intra-District transfer.

Decrease: The proposed budget in Local funds reflects a net decrease of \$14,813 in the Agency Management division based on Fixed Cost estimates from the Department of General Services and the Office of the Chief Technology Officer. This adjustment includes increases of \$476,554 for Security Services, \$150,264 for Janitorial Services, and \$33,075 for Energy; offset by decreases of \$199,907 for telecommunications and \$474,799 for Rent. Additionally, a reduction of \$3,935,358 in Local funds reflects projected cost savings, mainly from subsidies that provide financial support to care-givers and home-based family preservation services. CFSA's budget proposal in Local funds also reflects a reduction of \$4,099,965 and 28.0 FTEs, which consists of the following decreases: \$2,571,456 due to the reallocation of 24.0 FTEs from the Community Services division and \$1,528,509 due to the reallocation of 4.0 FTEs from the Agency Management division, primarily to the Clinical Practice division.

In Federal Grant funds, the proposed budget was decreased by \$5,928,199, mainly for contractual services, to reflect projected award amounts for the Foster Care and Guardianship grants. Funds received from Private Donations are expected to decrease by \$19,000 due to unobligated contractual commitments across multiple divisions. In Intra-District funds, the budget proposal reflects a decrease of \$10,000,000 due to the termination of the Memorandum of Understanding with the Department of Human Services for services related to Temporary Assistance for Needy Families (TANF).

Mayor's Proposed Budget

Enhance: CFSA's proposed budget in Local funds includes an increase of \$1,375,425 for caregiver subsidies to serve current and projected foster, guardian, and adoptive parents. The increase in funding reflects a 2.3 percent cost-of-living adjustment based on the agency's LaShawn Implementation and Exit Compliance Plan, and maintains a rate consistent with the United States Department of Agriculture's (USDA) standards for raising a child.

FY 2017 Proposed Budget Changes

The Department of Behavioral Health's (DBH) proposed FY 2017 gross budget is \$273,422,234, which represents a 0.3 percent increase over its FY 2016 approved gross budget of \$272,717,341. The budget is comprised of \$226,757,748 in Local funds, \$20,012,409 in Federal Grant funds, \$3,430,545 in Federal Medicaid Payments, \$255,000 in Private Grant funds, \$288,775 in Private Donations, \$4,269,856 in Special Purpose Revenue funds, and \$18,407,900 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DBH's FY 2017 CSFL budget is \$229,799,000, which represents a \$2,943,498, or 1.3 percent, increase over the FY 2016 approved Local funds budget of \$226,855,502.

CSFL Assumptions

The FY 2017 CSFL calculated for DBH included adjustments that are not described in detail on table 5. These adjustments include an increase of \$2,993,699 in personal services to account for Fringe Benefit costs based on trend comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$656,185 in nonpersonal services based on the Consumer Price Index factor of 2.3 percent.

CSFL funding for DBH also includes an increase of \$226,010 for the Medicaid Growth Factor to account for the District FY 2017 Medicaid growth rate of 1.6 percent based on the cost of healthcare services in the District projected by the Department of Health Care Finance. Additionally, adjustments were made for an increase of \$550 for Personal Services adjustments to account for the projected impact of new positions requested in the FY 2016 budget, approved union contracts, and corresponding salary and other adjustments; and a decrease of \$932,946 for the Fixed Cost Inflation Factor based on projections provided by the Department of General Services.

Agency Budget Submission

The Department of Behavioral Health's realignment of budgetary programs establishes a Clinical Services (CS) division that strengthens the agency's framework for service delivery. This focus is reinforced in the budget proposal, which continues to support prevention, intervention, treatment services, and rehabilitative support for youth and adults with behavioral and/or substance use disorders.

Increase: DBH's budget proposal in Local funds includes an increase of \$13,821,614 that supports the newly established CS division. This amount includes \$9,834,820 for projected salary, step increases, and Fringe Benefits costs for 83.2 Full-Time Equivalents (FTEs) reallocated from the Behavioral Health Services and Supports (BHSS) division, and 0.5 FTE from the Saint Elizabeths Hospital division. The remaining \$3,986,794 supports the CS division's direct services, which include health services for the homeless, clinical care for children, youths, and adults, and programs for those with hearing disabilities.

Several adjustments to the budget in Local funds for personal services account for an increase of \$2,440,281 to cover projected salary step and Fringe Benefits costs across multiple divisions. These adjustments also include a netted reallocation of 0.5 FTE from the Saint Elizabeths Hospital division to the newly created CS division.

An increase of \$2,203,840 to the Behavioral Health Authority division in Local funds reflects projected salary, step increases, and Fringe Benefits costs for 15.0 FTEs reallocated from the BHSS division. The additional funding supports continuity of behavioral health care to individuals who are currently in the criminal justice system, as well as those that are matriculating from the system. The funding also covers the costs of psychiatric care to individuals in need of therapy to prevent harm to themselves or others.

DBH proposes an increase of \$1,983,080 in Federal Grant funds based on a projected grant award entitled D.C. Cooperative Agreement to Benefit the Homeless. Funding from this grant award enables DBH to continue to educate District residents on the negative outcomes of using synthetic drugs, provide substance abuse treatment and services, and provide a continuum of substance abuse programs.

An increase of \$558,275 and 4.0 FTEs in Federal Grant funds covers projected salary, step increases, and Fringe Benefits costs across multiple divisions. The CS division's budget in Federal Grant funds is increased by \$264,582 and 3.0 FTEs due to reallocation of resources from the BHSS division.

The Special Purpose Revenue (SPR) funds budget proposal includes an increase of \$155,264 based on revenue projections for the Federal Beneficiary fund. The additional funding covers projected salary step increases and Fringe Benefit costs.

Decrease: DBH's proposed budget in Local funds includes a reduction of \$2,596,627 for various behavioral health rehabilitation services and adult service supported housing. Significant adjustments of the budget structure in FY 2017 account for a reduction of \$20,880,987 in Local funds. Of this amount, \$11,926,614 is due to the reallocation of 98.2 FTEs out of the BHSS division. These adjustments transfer 83.2 FTEs of the reallocated resources to the newly established CS division and 15.0 FTEs to the Behavioral Health Authority division.

In the budget proposal for Federal Grant funds, a reduction of \$204,158 from the BHSS division accounts for the reallocation of 3.0 FTEs to the CS division. A proposal to decrease \$40,147 in Federal Medicaid Payment funds aligns the budget with projected revenues from federal reimbursements for eligible Medicaid services. In SPR funds, a decrease of \$135,955 aligns the budget with projected revenues.

The budget proposal in Intra-District funds reflects a reduction of \$1,778,294 and 12.0 FTEs across multiple divisions. This is primarily due to the expiration of a Memorandum of Understanding with the Office of the State Superintendent of Education.

Mayor's Proposed Budget

Enhance: The Local funds budget proposal is increased by \$3,200,000 in the Behavioral Health Sciences and Supports division. This additional funding will be used to provide base funding for Supported Residence, an initiative that will enable 434 individuals with severe and persistent mental illness who need an intense level of support to live within the community.

Transfer-Out: The proposed Local funds budget includes a reduction of \$1,229,373 and 10.0 FTEs from the Agency Management division to the Office of Contracting and Procurement pursuant to Delegated Procurement Authority.

The administration provides programs and services that promote coordination among the healthcare systems and enhance access to effective prevention, primary and specialty medical care in the District. CHA collaborates with public and private organizations to provide support services to ameliorate the social determinants of health status for these groups.

This division contains the following 6 activities:

- **Cancer and Chronic Disease Prevention** – provides cancer control and prevention initiatives to reduce the rates of cancer-related mortality among District residents by focusing on treatable or

preventable cancers such as breast and cervical, lung, prostate, and colorectal malignancies. The program defines and seeks to reduce the burden of diabetes mellitus and cardiovascular disease on residents of the District of Columbia and builds partnerships that help strengthen and increase the scope of the infrastructure for care, interventions, and population-based strategies to promote health within the District. Furthermore, the program implements a citywide asthma plan that includes data collection, public education, and access to appropriate care for asthma and related allergies, in addition to developing and implementing policy changes and delivery systems, including preventive measures for asthma control;

- **Primary Care** – conducts population health research to examine the capacity of the public health system and identify gaps in access and quality of public health interventions. The program identifies the factors that negatively impact the ability of individuals, families, and communities to access and benefit from primary care and other health-related services. The program also develops training and technical assistance to inform current and potential partners of the current health status of District residents and highlights legislative and policy changes with the greatest potential to achieve health equity, especially among residents who experience disproportionate negative health outcomes as a result of disparities. The program also identifies health professional shortages and medically underserved areas for primary care, dental, and mental health care services, and administers programs to improve access to primary care services for District residents regardless of their ability to pay for services;
- **Support Services** – coordinates CHA’s efforts to help develop an integrated community-based health delivery system, ensures access to preventive and primary health care, and fosters citizen and community participation toward improving the health outcomes of women, infants, children (including children with special health care needs), and other family members in the District of Columbia;
- **Perinatal and Infant Health** – provides comprehensive services to improve perinatal outcomes for high-risk pregnant and parenting women, the health and development of their infants into early childhood, and health outcomes for children with special health care needs by facilitating access to coordinated primary and specialty health care and other services in partnership with their families and community organizations. The overarching goal is to reduce infant mortality and perinatal health disparities in the District of Columbia primarily through a home visiting approach;
- **Nutrition and Physical Fitness** – provides increased access to healthy food, promotes physical activity as a means to reduce morbidity, supports services that offer specialized nutrition intervention, and maintains an extensive referral network available to District families, infants, children, and seniors. The goal of activities performed within the Nutrition and Physical Fitness Bureau is to positively impact dietary habits, foster physical activity, and decrease overweight and obesity rates, thus improving health outcomes among the population; and
- **Children, Adolescent, and School Health** – provides improvement for the health and well-being of all District preschool and school-age children and adolescents by enhancing access to preventive, dental, primary and specialty care services and contributing to the development of a coordinated, culturally competent, family-centered health care delivery system. The program seeks to promote age-appropriate immunizations and increase health education and outreach to District residents.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2017 Proposed Budget Changes

The Department of Health's (DOH) proposed FY 2017 gross budget is \$287,217,323, which represents a 9.7 percent increase over its FY 2016 approved gross budget of \$261,768,733. The budget is comprised of \$73,563,609 in Local funds, \$5,000,000 in Federal Payments, \$128,204,619 in Federal Grant funds, \$15,626,249 in Special Purpose Revenue funds, and \$64,822,847 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DOH's FY 2017 CSFL budget is \$74,457,335, which represents a \$4,412,841, or 5.6 percent, decrease from the FY 2016 approved Local funds budget of \$78,870,176.

CSFL Assumptions

The FY 2017 CSFL calculated for DOH included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$4,176,000 to account for the removal of one-time funding appropriated in FY 2016. Of this amount, \$2,926,000 was for the Community Health Administration (CHA) division, which consisted of \$1,300,000 to support the Teen Pregnancy Prevention Fund, \$400,000 to combat increasing rates of infant mortality in the District, \$157,000 to support teen peer educators who provide sexual health information and condoms to youth, \$150,000 to support a competitive grant for clinical nutritional home delivery services for individuals living with cancer and other life-threatening diseases, \$569,000 to support initiatives focused on the healthy development of girls attending public schools and public charter schools in grades 9 through 12, and \$350,000 to support the Produce Plus program. The remainder consisted of \$500,000 allocated to the HIV/AIDS, Hepatitis, STD, and TB Administration division, to replace an anticipated loss of federal funding that supports housing for persons with AIDS, and \$750,000 to expand the Joyful Food Markets.

Additionally, adjustments were made for increases of \$649,293 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$635,038 in nonpersonal services based on the Consumer Price Index factor of 2.3 percent. CSFL funding for DOH also includes a decrease of \$1,526,859 for the Fixed Costs Inflation Factor to account for revised estimates provided by the

Department of General Services and Telecommunications estimates provided by the Office of the Chief Technology Officer, and an increase of \$5,687 for the Personal Services Adjustment representing the projected impact of new positions requested in the FY 2016 budget, approved union contracts, and corresponding salary and other adjustments.

Agency Budget Submission

Increase: The proposed budget in Federal Grant funds includes an increase of \$8,255,001 to the HIV/AIDS, Hepatitis, STD, and TB Administration (HAHSTA). This funding primarily supports the District in meeting the cost of establishing and maintaining a Human Immunodeficiency Virus (HIV) prevention program. Additionally, the proposed budget in Federal Grant funds reflects an increase of \$3,851,034 across multiple divisions, primarily to reflect anticipated increases in the Title 18 and 19 grants, which support inspection of providers and suppliers of healthcare services to ensure mandatory adherence to Medicaid health and safety standards and conditions, Information Technology (IT) consultant contracts within the Agency Management division, and various grants within CHA. The funds also cover projected cost increases in information technology consultant contracts for Kastle Systems, which provides managed security and mechanical services for facilities. An increase of \$3,362,281 and 4.8 Full-Time Equivalents (FTEs) in Federal Grant funds covers projected salary, step increases, and Fringe Benefits costs. Furthermore, the proposed Federal Grant budget is increased by \$1,069,498 across multiple divisions, mainly for contracts supporting Ebola activities, supplies for grants supporting Maternal and Child Health Services and Early Learning Centers (ELC), and equipment for grants supporting Clinical Laboratory Surveys and ELC.

DOH's budget proposal in Special Purpose Revenue funds reflects increases of \$1,828,179 primarily to support 14.3 FTEs added to the Health Care Regulation and Licensing Administration division, and \$643,224 for contractual services. These adjustments are related to contracts with George Washington University (GWU) supporting wildlife rehabilitation and IT solutions within the Health Care Regulation and Licensing Administration division. In Intra-District funds, the proposed budget includes a net increase of \$14,567,722, primarily to the Health Emergency Preparedness and Response Administration division based on a Memorandum of Understanding agreement with the Department of Health Care Finance (DHCF) for procurement of pharmaceutical supplies. Additionally, the proposed budget in Intra-District funds reflects a net increase of \$130,571 in personal services for projected salary step and Fringe Benefit costs, and funding for an additional 1.0 FTE in the Community Health Administration division.

Decrease: The proposed budget in Local funds reflects a reduction of \$53,732 to align funding with projected Fixed Costs estimates provided by the Department of General Services. A reduction of \$325,790 is due to the elimination of 3.4 FTE positions, primarily from the Health Care Regulation Licensing division. DOH's proposed budget in Local funds also reflects a net reduction of \$1,074,776, mainly from reductions in STD test kits and lab supplies within HAHSTA, printing services for TB clinic within HAHSTA, copier maintenance within CPPE and CHA, sub grants for Access to Care and School Based Health Centers within CHA, and IT equipment purchases for Food Inspectors within HRLA. The budget proposal in Local funds is further decreased by \$1,523,996, primarily from reductions in contracts supporting social marketing/promotion materials, within HAHSTA, Gold Systems within CPPE, Tobacco Cessation, and Immunization within CHA, Wildlife Rehabilitation within HRLA, and temporary services, copier maintenance and IT services within the Agency Management division.

The proposed budget in Federal Grant funds includes decreases of \$436,200 from the Agency Management division to align funding with projected Fixed Costs estimates from the Department of General Services, and \$2,516,151 in nonpersonal services, mainly due to reductions in the Community Health Administration division that pertain to sub-grants supporting the Women, Infants, and Children Grant (WIC).

Technical Adjustment: The proposed Local funds budget includes an increase of \$1,526,859 to the Agency Management division for projected Fixed Costs to accommodate the anticipated increases in rent and utility costs associated with the offices at 899 North Capitol Street.

Mayor's Proposed Budget

Enhance: The proposed budget includes an one-time increase of \$750,000 to expand the Joyful Food Markets. This funding will provide more than 4,200 children and their families with free, non-perishable groceries and fresh produce. Joyful Food Markets are monthly, pop-up grocery stores operating in high-needs schools throughout the District.

Shift: The proposed Local funds budget was reduced by \$192,291 to reflect the change in funding source for the GWU epidemiology and surveillance contract to an existing Federal Grant funded contract. This contract supports DOH's academic partnership with GWU to provide technical expertise on HIV, STD, Hepatitis, and TB surveillance, and conduct behavioral health studies on HIV transmission.

FY 2017 Proposed Budget Changes

The Department of Parks and Recreation's (DPR) proposed FY 2017 gross budget is \$50,255,499, which represents a 7.6 percent increase over its FY 2016 approved gross budget of \$46,701,373. The budget is comprised of \$45,180,499 in Local funds, \$2,600,000 in Special Purpose Revenue funds, and \$2,475,000 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DPR's FY 2017 CSFL budget is \$42,842,674, which represents a \$1,157,301, or 2.8 percent, increase over the FY 2016 approved Local funds budget of \$41,685,373.

CSFL Assumptions

The FY 2017 CSFL calculated for DPR included adjustment entries that are not described in detail on table 5. These adjustments include an increase of \$1,146,936 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$37,517 in nonpersonal services based on the Consumer Price Index factor of 2.3 percent.

CSFL funding for DPR also reflects adjustments for a decrease of \$154,174 for the Fixed Costs Inflation Factor to account for estimates for Fleet services, and an increase of \$127,023 for Personal Services adjustments to account for the projected impact of new positions requested in the FY 2016 budget, approved union contracts, and corresponding salary and other adjustments.

Agency Budget Submission

Increase: The budget proposed in Local funds reflects a net increase of \$2,377,823 and 94.8 FTEs across multiple divisions. This adjustment aligns DPR's personal services resources with programmatic needs associated with summer activities. It also supports projected salary step increases, Fringe Benefits, and overtime costs across multiple divisions

In Special Purpose Revenue funds, the proposed budget includes an increase of \$59,000 across multiple divisions to align funding with revenue projected from rental use of DPR facilities and fees charged for recreational activities.

In Intra-District funds, the proposed budget includes an increase of 3.0 FTEs primarily to the Programs division based on a Memorandum of Understanding agreement with the Department of Employment Services in support of the Summer Youth Employment Program.

Decrease: DPR's proposed budget in Local funds reflects a decrease of \$1,544,467 based on cost savings projected in the nonpersonal services budget. Funding in Local funds also reflects a net budget decrease of \$3,573,435 to account for inter-programmatic reallocation of 31.7 FTEs and redirection of associated funding in alignment with DPR's operational goals.

Mayor's Proposed Budget

Enhance: DPR's budget proposal in Local funds increased by \$3,869,443 and additional 64.0 FTEs to the Area Management division. This adjustment is comprised of \$1,686,934 and 38.0 FTEs to improve site safety and provide employment opportunities at DPR's sites, \$345,000 and 2.0 FTEs to support the

Malcolm X Pop-Up Opportunity Center, and \$1,837,509 and 24.0 FTEs to support the reclassification of 42 positions as Management Supervisory Service positions. This action will improve staff management skills, safety, and service quality at DPR facilities. Additionally, the proposed Local funds budget increased by \$1,300,000 to support an additional 65.0 FTEs to fully fund summer camps and outdoor pools.

Transfer-Out: In Local funds, DPR's proposed budget is decreased by \$91,539 to reflect a transfer of 1.0 FTE to the Office of Community Affairs program in the Executive Office of the Mayor to support the Mayor's Office of Community Relations and Services (MOCRS).

FY 2017 Proposed Budget Changes

The District of Columbia Office on Aging's (DCOA) proposed FY 2017 gross budget is \$40,480,229, which represents a 1.8 percent decrease from its FY 2016 approved gross budget of \$41,212,882. The budget is comprised of \$30,049,387 in Local funds, \$7,731,645 in Federal Grant funds, \$1,037,479 in Federal Medicaid Payments, and \$1,661,717 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DCOA's FY 2017 CSFL budget is \$31,347,913, which represents a \$21,152, or 0.1 percent, decrease from the FY 2016 approved Local funds budget of \$31,369,065.

CSFL Assumptions

The FY 2017 CSFL calculated for DCOA included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$300,000 to account for the removal of one-time funding appropriated in FY 2016 for home-delivered meal services for seniors and a feasibility study and plan for a virtual Senior Wellness Center. Additionally, adjustments were made for increases of \$114,822 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$118,601 in nonpersonal services based on the Consumer Price Index factor of 2.3 percent. CSFL funding for DCOA also includes an increase of \$45,425 for the Fixed Costs Inflation Factor to account for projected estimates for Fleet services.

Agency Budget Submission

In FY 2017, the District of Columbia Office on Aging (DCOA) realigned its resources and budgetary programs to ensure that the agency will continue to provide congregate and home delivered meals to seniors in the District, as well as dietary and nutrition education guidance.

Increase: DCOA's Local funds budget proposal includes an increase of \$6,154,010 to support the realignment of the agency's program including the establishment of the Nutrition program. Specifically, this adjustment supports the contractual services costs associated with food vendors that produce and deliver meals to homebound seniors.

DCOA's Federal Grant funds proposed budget includes an increase of \$4,485,976 in the Nutrition program based on the reallocation of projected Nutrition Services grant awards. This funding enables DCOA to continue to provide congregate and home delivered meals, food, and nutrition assistance to District residents aged 60 or older.

Beginning in FY 2017, DCOA will perform Medicaid administrative functions, such as enrolling beneficiaries in the Waiver for the Elderly and Persons with Disabilities and Adult Day Health programs with the Department of Health Care Finance (DHCF). These services will be reflected in the agency's newly established Federal Medicaid Payments budget, which is allocated across multiple programs in the amount of \$1,037,479 and 11.3 FTEs.

Decrease: The proposed Local funds budget reflects a net reduction of \$7,407,926 and 3.0 FTEs across multiple programs. This reduction comprises increases of \$1,382,205 and 13.5 FTEs in multiple programs, offset by net decreases of \$8,790,131 and 16.5 FTEs. This adjustment involves the elimination of funding from the In-Home and Continuing Care program to fund the newly created Nutrition program.

DCOA's Federal Grant funds budget reflects a net reduction of \$4,569,140 and 5.0 FTEs across multiple programs. This amount combines net reductions of \$2,638,031 and 5.0 FTEs from the Home and Community Based Support program and \$2,369,098 in the In-home and Continuing Care program, offset by a net increase of \$437,988 in multiple programs to support the agency's new programmatic priorities.

In Intra-District funds, the proposed budget supports the Memoranda of Understanding (MOUs) with the Department of Health Care Finance (DHCF) to provide services for the Long-Term Care for Ombudsman program and with the Department on Disability Services (DDS) to provide nursing home quality care for seniors with visual and hearing challenges. A net decrease of \$367,291 and the elimination of 1.3 FTEs aligns the budget with the projected revenues from these MOUs.

Mayor's Proposed Budget

Reduce: The District of Columbia Office on Aging's budget proposal in Local funds reflects a reduction of \$44,610 across multiple programs to reflect the reduction in funding that supports sub-grantee awards.

Program Description

The Office of Human Rights operates through the following 3 programs:

Equal Justice – provides education and awareness and investigates, adjudicates, and provides compliance services to people who live, work, and/or conduct business in the District of Columbia so that they are informed of, and may have timely resolution of, discrimination complaints.

This program contains the following 8 activities:

- **Intake** – provides intake, referral, and counseling services to complainants who live, work, and/or conduct business in the District of Columbia so that they may have timely and quality assessments of their complaints;
- **Mediation** – provides mediation services to complainants and respondents in an attempt to resolve potentially unlawful discriminatory practices and avoid costly and time-consuming investigations and litigation;
- **Investigations** – conducts full investigations whenever prima facie evidence has been established for each complaint brought to the Office of Human Rights. This applies to cases in employment, public accommodations, educational institutions, and language access;
- **Fair Housing** – investigates complaints and provides outreach and education to people who live, work, or conduct business in the District on matters relating to alleged violations of federal and local fair housing laws;
- **Research and Compliance** – conducts compliance reviews of, provides training on, and performs research related to human rights law as well as mandates issued by the Equal Employment Opportunity Commission and the U.S. Department of Housing and Urban Development;
- **Public Education** – provides awareness, education, training, and public information to ensure a workforce environment free of discrimination in the District;
- **Bullying Prevention Oversight** – coordinates bullying prevention initiatives throughout the District; and
- **Language Access Oversight** – provides information, education, monitoring, and enforcement services pertaining to the D.C. Language Access Act and its implementation and applicability.

Commission on Human Rights – provides adjudication services through an administrative, trial-type hearing conducted before a hearing examiner or a panel of commissioners. The Commission rules and can issue injunctive relief and award damages (if discrimination is found) to people who live, work, or conduct business in the District of Columbia.

Office of Human Rights (Agency Management) – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

FY 2017 Proposed Budget Changes

The Office of Human Rights' (OHR) proposed FY 2017 gross budget is \$4,222,041, which represents a 5.3 percent increase over its FY 2016 approved gross budget of \$4,007,892. The budget is comprised of \$3,860,091 in Local funds, \$321,950 in Federal Grant funds, and \$40,000 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OHR's FY 2017 CSFL budget is \$3,860,090, which represents a \$119,198, or 3.2 percent, increase over the FY 2016 approved Local funds budget of \$3,740,892.

CSFL Assumptions

The FY 2017 CSFL calculated for OHR included adjustment entries that are not described in detail on table 5. These adjustments include increases of \$109,712 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$3,869 in nonpersonal services based on the Consumer Price Index factor of 2.3 percent.

CSFL funding for OHR also reflect adjustments for increases of \$253 for the Fixed Cost Inflation Factor to account for fleet service estimates, and \$5,364 for the Personal Services Adjustment to reflect the projected impact of new positions requested in the FY 2016 budget, approved union contracts, and corresponding salary and other adjustments.

Agency Budget Submission

Increase: In Local funds, the proposed budget reflects an increase of \$356,955, primarily in the Equal Justice program, to reflect the reclassification of 4.0 Full-Time Equivalents (FTE) from Continuing to Temporary Full-Time status as well as projected salary step increases and Fringe Benefit costs. The proposed Federal Grant funds budget increased by a net amount of \$54,950 to align funding with projected Housing and Urban Development (HUD) grant awards.

In Intra-District funds, the budget proposal reflects an increase of \$40,000 due to a new Memorandum of Understanding agreement with the Department of Employment Services to share responsibilities for the administration and enforcement of the "Protecting Pregnant Workers Fairness Act".

Decrease: OHR's proposed Local funds budget reflects a decrease of \$78,998 in nonpersonal services, which is comprised of \$40,000 in contractual services, \$37,871 in professional services fees, and \$1,128 in equipment purchases. In addition, the budget proposal in Local funds reflects a net decrease of \$277,956 due to the reclassification of 4.0 positions from Continuing to Temporary Full-Time status and the elimination of 1.0 FTE from the Equal Justice program.

Mayor's Proposed Budget

No Change: The Office of Human Rights' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

FY 2017 Proposed Budget Changes

The Mayor's Office on Latino Affairs' (MOLA) proposed FY 2017 gross budget is \$3,194,761, which represents a 0.5 percent increase over its FY 2016 approved gross budget of \$3,177,309. The budget is comprised of \$2,799,186 in Local funds and \$395,575 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple programs and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

MOLA's FY 2017 CSFL budget is \$2,811,873, which represents a \$30,139, or 1.1 percent, increase over the FY 2016 approved Local funds budget of \$2,781,734.

CSFL Assumptions

The FY 2017 CSFL calculated for MOLA included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$29,012 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements. CSFL funding for MOLA also reflects an increase of \$1,127 for the Fixed Costs Inflation Factor to account for adjustments to Fleet services estimates.

Agency Budget Submission

Increase: MOLA's proposed Local funds budget includes a net increase of \$19,438 across multiple programs. This adjustment reflects increases of \$15,925 in the Community-Based Grants program for the management of grants that support the District's Latino population, \$4,417 in the Agency Management program for supplies, and \$224 in the Agency Management program for equipment purchases; partially offset by a decrease of \$1,127 across multiple programs mainly for professional service fees.

Decrease: In Local funds, MOLA's proposed budget reflects a net reduction of \$32,125 in personal services to recognize cost savings from the reallocation of 1.0 Full-Time Equivalent from Term to Continuing Full Time, as well as other salary and Fringe Benefit adjustments.

Mayor's Proposed Budget

The mission of the Children and Youth Investment Collaborative is to provide funds to the D.C Children and Youth Investment Trust Corporation (CYITC), a not-for-profit organization that disburses grants to community-based providers, with the purpose of creating a seamless approach to the development of policy, planning, and services for children, youth, and their families.

The Children and Youth Investment Collaborative, administered by CYITC, was established in 1999 as part of the District's FY 2000 budget. The CYITC was created as a public/private partnership to receive and leverage funding designated under the Children and Youth Initiative Establishment Act of 1999. Its board of directors, made up of seven members appointed by the Mayor and District Council, and four advisory members from the District government, governs the corporation. The CYITC does not provide direct services to families; however, it grants funds and provides technical assistance to nonprofit organizations that provide direct services to families and thereby, increases the quality and availability of services in areas of greatest need.

The CYITC plans to fulfill its mission by increasing the effectiveness of children and youth programs, and working to ensure high quality programs and services for every child in the District.

Program Description

The District's subsidy to the CYITC is shown as a single program in the District's financial system. The CYITC's goals are funded through the following grant competitions:

- **Out-of-School Time/Youth Development Programs** – provide services, supports, and opportunities to children and youth during out-of-school hours, promoting academic achievement and positive youth outcomes, which can reduce negative behavior that correlates with unsupervised, unstructured time outside of school;
- **Older Youth Programs** – support youth between the ages of 14 and 24 years old, both those enrolled in school and those no longer connected to school, in the areas of academic support, college-going culture, job readiness, and community service;
- **Parent Center Programs** – provide support services and parenting skills to parents of young and adolescent children to help ensure their children are ready for and succeeding in school; and
- **Summer Programs** – provide enriching opportunities to ensure that children and youth aged 5 to 24 years old are safe and have opportunities to enhance their learning over the summer months. These funds include providing alternative services during late night hours. The CYITC has two major funding cycles: one for the school-year youth-serving and year-round parent center programs, and one for the summer youth-serving program.

Program Description

The Office of Veterans' Affairs operates through the following 2 programs:

Veterans – provides efficient veteran benefits and claims assistance, effective advocacy and outreach, recognition assistance, and services to District veterans and their families so that they may receive timely veteran benefit assistance and services from the federal Department of Veterans Affairs and other governmental agencies.

This program contains the following 2 activities:

- **Recognition** – ensures District veterans are recognized by the Mayor’s office during recognition events. To ensure involvement in recognition programs, the agency actively participates in and supports recognition efforts of veteran and military organizations and non-affiliated organizations. All efforts are targeted to ensure District veterans receive proper respect and recognition for their service to this country; and
- **Outreach** – ensures agency contact with veterans in the District for purposes of recognition, connection to the Department of Veterans Affairs for benefit claims and health services, and connection to District and community services. All efforts are targeted to ensure veterans in the District are provided the opportunity to improve the quality of their lives.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of Veterans' Affairs has no program structure changes in the FY 2017 proposed budget.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2016 Proposed Budget Changes

The Office of Veterans' Affairs' (OVA) proposed FY 2017 gross budget is \$413,399, which represents a 1.3 percent decrease from its FY 2016 approved gross budget of \$418,959. The budget is comprised of \$408,399 in Local funds and \$5,000 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2015 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

OVA's FY 2017 CSFL budget is \$425,415, which represents a \$11,456, or 2.8 percent, increase over the FY 2016 approved Local funds budget of \$413,959.

CSFL Assumptions

The FY 2017 CSFL calculated for OVA included adjustment entries that are not described in detail on table 5. These adjustments were made for an increase of \$10,592 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$864 for the Fixed Costs Inflation Factor to account for fixed costs estimates for Fleet Services from the Department of General Services.

Agency Budget Submission

Decrease: To reflect cost savings in personal services, OVA's proposed Local funds budget includes a net reduction of \$5,376 due to the conversion of 1.0 Full-Time Equivalent (FTE) to a Temporary position. In nonpersonal services, the proposed Local funds budget reflects a net decrease of \$11,800 across multiple programs. This adjustment is comprised of a reduction of \$22,517 for equipment purchased in FY 2016, partially offset by increases of \$10,145 for Professional Services and \$572 for Supplies.

Mayor's Proposed Budget

No Change: The Office of Veterans' Affairs' budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

FY 2017 Proposed Budget Changes

The Department of Youth Rehabilitation Services' (DYRS) proposed FY 2017 gross budget is \$101,872,794, which represents a 3.9 percent decrease from its FY 2016 approved gross budget of \$106,019,731. The budget is comprised of \$101,528,794 in Local funds and \$344,000 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DYRS' FY 2017 CSFL budget is \$107,393,892, which represents a \$1,718,161, or 1.6 percent, increase over the FY 2016 approved Local funds budget of \$105,675,731.

CSFL Assumptions

The FY 2017 CSFL calculated for DYRS included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$1,612,555 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$61,406 in nonpersonal services based on the Consumer Price Index factor of 2.3 percent.

CSFL funding for DYRS also includes increases of \$43,763 for the Fixed Costs Inflation factor to account for the projected fixed costs estimates for Fleet services, and \$437 for the Personal Services Adjustments to account for the projected impact of new positions requested in the FY 2016 budget, approved union contracts, and corresponding salary and other adjustments.

Agency Budget Submission

Increase: DYRS realigned its budgetary program structure in FY 2017 to eliminate the Strategic Planning and Performance Management division and reallocate its entire 35.0 Full-Time Equivalents (FTEs) and associated resources across multiple divisions, primarily to the Agency Management division. This realignment accounts for an increase of \$5,313,840 to support salary and Fringe Benefits costs for 32.0 FTEs reallocated to the Agency Management division, 2.0 FTEs to the Youth and Family Programs division, and 1.0 FTE to the Office of the Director division. The increase also includes projected salary step increases and adjustments for Fringe Benefits costs. These adjustments enable DYRS to continue to invest in community-based programming and wraparound services for youth and families, such as the DC Youthlink, Credible Messenger, and Covenant of Peace initiatives.

Decrease: DYRS' budget proposal in Local funds reflects a reduction of \$4,419,659 due to the elimination of the Strategic Planning and Performance Management division and reallocation of its 35.0 FTEs to other divisions. The proposed Local funds budget also includes a decrease of \$5,189,937 based on a projected reduction in residential placements and decline in the number of committed youth at the New Beginnings Youth Development Center facility. In Intra-District funds, the budget for supplies is reduced by \$344,000 to offset projected cost increases for healthy breakfast, lunch, and snacks for committed youth.

Mayor's Proposed Budget

Reduce: In Local funds, DYRS' budget proposal includes reductions in nonpersonal services to realize cost savings. A decrease of \$157,736 in the Agency Management division is based on an adjustment of funding for the new tuition reimbursement program for employees. Additionally, in the Youth and Family division, DYRS' budget proposal reflects a reduction of \$1,411,606, which is comprised of the following decreases: \$500,000 in community-based programs, \$475,351 in the residential placements program, and \$436,255 in daily maintenance costs based on lower projections of the number of incarcerated youth.

The mission of the Department on Disability Services (DDS) is to provide innovative, high-quality services that enable people with disabilities to lead meaningful and productive lives as vital members of their families, schools, workplaces, and communities in every neighborhood in the District of Columbia.

Summary of Services

The Department on Disability Services (DDS) is composed of two administrations that oversee and coordinate services for residents with disabilities through a network of private and not-for-profit providers. The Developmental Disabilities Administration (DDA) ensures that residents with intellectual disabilities receive the services and supports they need to lead self-determined and valued lives in the community. DDA achieves this through the delivery of outreach and service coordination services; the development and management of a provider network delivering community residential, day, vocational, employment, and individual and family support services; and the operation of a comprehensive quality management program.

The Rehabilitation Services Administration (RSA) delivers vocational rehabilitation services focusing on employment and training activities that allow persons with disabilities to experience a greater quality of life by obtaining and sustaining employment, economic self-sufficiency, and independence. RSA provides employment marketing and placement services, vocational rehabilitation, inclusive business enterprises, and support for the D.C. Center for Independent Living. The Department on Disability Services also serves as the state agency for Social Security Disability Insurance determinations under the direction of the Social Security Administration.

The agency's FY 2017 proposed budget is presented in the following tables:

FY 2017 Proposed Budget Changes

The Department on Disability Services' (DDS) proposed FY 2017 gross budget is \$166,607,421, which represents a 2.6 percent increase over its FY 2016 approved gross budget of \$162,424,805. The budget is comprised of \$118,738,285 in Local funds, \$31,640,389 in Federal Grant funds, \$9,005,813 in Federal Medicaid Payments, \$10,000 in Private Grant funds, \$7,163,257 in Special Purpose Revenue funds, and \$49,677 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DDS' FY 2017 CSFL budget is \$121,365,720, which represents a \$3,741,028, or 3.2 percent, increase over the FY 2016 approved Local funds budget of \$117,624,692.

CSFL Assumptions

The FY 2017 CSFL calculated for DDS included adjustments that are not described in detail on table 5. These adjustments were made for a net increase of \$711,259 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$7,039 in nonpersonal services based on the Consumer Price Index factor of 2.3 percent.

CSFL funding for DDS also reflects an increase of \$146,338 for the Medicaid Growth Factor to account for the District of Columbia's 1.6 percent growth based on the cost of healthcare services projected by the Department of Health Care Finance. Additionally, adjustments were made for increases of \$3,000,000 to account for Recurring Budget Items for the Local Medicaid match for the Developmental Disabilities Waiver and \$962 for personal services adjustments for the projected impact of new positions in the FY 2016 budget and approved union contracts, and corresponding salary and other adjustments, and a decrease of \$124,570 for the Fixed Cost Inflation Factor based on projections provided by the Department of General Services.

Agency Budget Submission

Increase: The proposed Local funds operating budget includes an increase of \$467,228 in the Agency Management division, which will primarily be used to support contract and procurement activities. The Fixed Costs estimates from the Department of General Services (DGS) account for an increase of \$225,889 in Local funds. This includes increases of \$141,071 for Energy and \$86,132 for Security costs, and a decrease of \$1,314 in Telecommunications (Office of the Chief Technology Officer estimate).

The overall increase in Federal Grant funds primarily reflects projected awards to be received from Disability Determination and Indirect Cost Recovery grants. The Disability Determination Services division, which is funded entirely by Federal Grant funds, reflects an increase of \$1,973,200 across nonpersonal services. The greater portion of the additional funding will better enable the agency to work with the Social Security Administration to validate the eligibility status for individuals that are qualified to receive benefits. The agency also proposes to increase its Federal Grant funds budget by \$944,428 in personal services across multiple divisions. This adjustment will be used to support proposed salary step increases, Fringe Benefits costs, and an additional 1.5 Full-Time Equivalents (FTEs) in the Agency Management division. An increase of \$557,578 in Federal Grant funds aligns the budget with projected grant awards. This additional funding will primarily support contractual obligations in the Agency Management division.

Decrease: A Local funds decrease of \$260,769 in personal services is based on projected savings from the elimination of 2.5 FTEs in the Agency Management division and 2.0 FTEs in the Developmental Disabilities Administration (DDA) division. A decrease of \$417,928 across multiple divisions in nonpersonal services recognizes projected savings in client services, subsidies, rehabilitation vendor services, and contractual services. DDS' budget proposal in Local funds further projects a decrease of \$2,213,107 in the DDA division. This adjustment is based on projected savings from realignment of the Local match subsidies, which operate the Home and Community Based Services Waiver. DDS budget decreases by \$2,213,107 in the DDA division due to shifting costs to Medicaid and a reduction in subsidies and transfers.

In Federal Grant funds, DGS' Fixed Costs estimates account for a decrease of \$64,675 in the Agency Management division, which consists of a decrease of \$181,807 for Rent and an increase of \$117,132 for Security. These adjustments take into account DDS' impending relocation from 1125 15th Street, N.W. to 250 E Street, S.W. The budget proposal for Federal Medicaid Payments reflects a net decrease of \$140,317 based on projected federal reimbursement for eligible Medicaid services. The reduction in funding primarily impacts the DDA division's direct patient services. This adjustment also includes the elimination of 1.0 FTE in the Agency Management division.

In Special Purpose Revenue funds, a decrease of \$200,000 in the Rehabilitation Services division is based on revenue projections from the Randolph Shepherd Unassigned Facilities Fund. DDS collects a percentage of fees from the net monthly income from vending facilities assigned to specifically assist visually impaired vendors. Goals include providing employment for visually impaired persons, expanding economic opportunities, and assisting the visually impaired to be self-supporting citizens.

In Intra-District funds, DDS maintains a Memorandum of Understanding (MOU) with the Office of Disability Rights, which supports the provision of 24-hour services to the visually impaired through the Rehabilitation Services division. Funding related to this MOU is adjusted to decrease the budget by \$1,192.

Mayor's Proposed Budget

Transfer-Out: DDS' proposed budget for Local funds reflects a decrease of \$428,747 to account for a transfer-out of funding to the Office of Contracting and Procurement pursuant to the Delegated Procurement Authority legislation.

The mission of the Department of Health Care Finance (DHCF) is to improve health outcomes by providing access to comprehensive, cost-effective, and quality health care services for residents of the District of Columbia.

Summary of Services

The Department of Health Care Finance provides health care services to low-income children, adults, the elderly, and persons with disabilities. Over 250,000 District of Columbia residents (one-third of all residents) receive health care services through DHCF's Medicaid and Alliance programs. DHCF strives to provide these services in the most appropriate and cost-effective settings possible.

FY 2017 Proposed Budget Changes

The Department of Health Care Finance's (DHCF) proposed FY 2017 gross budget is \$3,071,906,193, which represents a 2.2 percent increase over its FY 2016 approved gross budget of \$3,005,453,737. The budget is comprised of \$706,420,988 in Local funds, \$81,907,017 in Dedicated Taxes, \$2,916,127 in Federal Grant funds, \$2,188,106,393 in Federal Medicaid Payments, \$3,492,739 in Special Purpose Revenue funds, and \$89,062,929 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DHCF's FY 2017 CSFL budget is \$713,584,166, which represents a \$13,573,542, or 1.9 percent, increase over the FY 2016 approved Local funds budget of \$700,010,624.

CSFL Assumptions

The FY 2017 CSFL calculated for DHCF included adjustments that are not described in detail on table 5. These adjustments were made for a net increase of \$387,256 in personal services to account for Fringe Benefit costs based on trend comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$554,221 in nonpersonal services based on the Consumer Price Index factor of 2.3 percent.

DHCF's CSFL funding for the Medicaid Growth Factor reflects adjustments for an increase of \$10,613,860 to account for the District's FY 2017 Medicaid growth rate of 1.6 percent based on the cost of healthcare services in the District projected by the DHCF. The Medicaid growth rate is primarily driven by enrollment forecasts for Medicaid Managed Care and Fee-for-Service. Managed Care coverage includes parents of Medicaid eligible children, pregnant women, children, childless adults with incomes up to 200 percent of Federal Poverty Level (FPL), the Children's Health Insurance Program (CHIP), and

Health Services for Children with Special Needs (HSCSN). Other variables impacting the Medicaid Growth Factor include enrollment forecasts for Medicaid waivers, which include the Development Disabilities (DD) and Elderly and Physically Disabled (EPD) waivers. These adjustments also include locally funded programs, such as the Immigrant Children and the D.C. Healthcare Alliance.

Additionally, adjustments were made for increases of \$9,389 for Personal Service Adjustments for the projected impact of new positions requested in the FY 2016 budget, approved union contracts, and corresponding salary and other adjustments; \$108,816 for the Fixed Cost Inflation Factor based on projections provided by the Department of General Services; and \$1,900,000 to reflect the FY 2017 Operating Impact of Capital to account for projected Medicaid Management Information Systems upgrades and the Medicaid Data Warehouse.

Agency Budget Submission

The FY 2017 budget proposal ensures that DHCF will be able to continue to provide health insurance coverage for low income individuals and families in compliance with federal and District laws without any reduction in eligibility. The budget allows the agency to build upon foundational work begun in 2016 to strengthen care coordination, reduce inappropriate utilization of hospital services, and improve the quality of care by establishing health homes for individuals with chronic conditions including individuals who are homeless. The budget also helps strengthen the Medicaid provider network and improve access by establishing new payment methodologies, rates and performance standards for managed care plans, federally qualified health centers, home health services and nursing facilities.

Funding in FY 2017 also supports new payment rates for pharmaceuticals including drugs for the treatment of Hepatitis C, and maintains payments for oncology drugs at 100 percent of Medicare. DHCF's budget proposal provides for the continued payment of enhanced rates for primary care services to primary care physicians, psychiatrists, OB/GYNs, Advance Practice nurses, and supports older adults through the Elderly and Persons with Disabilities Waiver; including Participant-directed Services, personal care assistance services, adult day health and assistance with transitions from institutional to community based settings. DHCF proposes the following adjustments in the allocation of available resources, the key elements of which are summarized in the sections below.

Increase: The Local funds budget proposal includes an increase of \$3,001,574 in the Health Care Delivery Management division. These funds will be used to satisfy various contract requirements that impact Managed Care and service delivery for Medicaid and the D.C. Healthcare Alliance patients, children's health services, management of primary and specialty providers, hospitals, and acute preventive care services. This division will make adjustments to the Quality Improvement Organizations (QIO) contract; to the actuarial services contract; and to the Quality Review of Managed Care Organizations (MCO) contract.

An increase of \$486,061 to the Health Care Reform and Innovation division is proposed in Local funds to adequately fund the Health Information Technology and Electronic Health Records project management. DHCF's Local funds budget proposal reflects an increase of \$431,685 to the Long-Term Care division. This increase supports higher costs for enrollment broker services, IT services provided by the Office of the Chief Technology Officer (OCTO) through a Memorandum of Understanding (MOU), and a new transitional services contract in support of the Money Follows the Person Grant. An adjustment in funding allocation for the Agency Management division is reflected in an increase of \$330,332 in Local funds. This adjustment primarily covers the agency's cost projections for equipment purchases, and also includes funding redirected to better align the budget with anticipated expenditures for contractual services and Fixed Costs estimates for Energy and Security.

The budget in Local funds for the Health Care Policy and Planning division is proposed for an increase of \$84,181. The increase supports a temporary staffing contract to assist the Economic Security Administration (ESA) within the Department of Human Services. The ESA has the responsibility to determine Medicaid eligibility for DHCF.

The budget proposal in Federal Grant funds includes the Money Follows the Persons (MFP) grant and the Mobile Technology & Integrated Care grant. Projected revenue from grant awards related to these grants account for an increase of \$2,081,925 in nonpersonal services. The Long-Term Care division is

expected to utilize the bulk of this funding to provide services to institutionalized beneficiaries moving into the community. These funds will also be used for an Intra-District agreement with the District Office on Aging to assist with the transition of beneficiaries into community settings.

The budget proposal includes an increase of \$2,369,809 and an additional 0.6 FTE in Federal Medicaid Payments. These adjustments, which impact multiple divisions, are based on the anticipated federal match to the District's expenditures of local resources on Medicaid eligible health care services. A net increase of budgetary funding in Special Purpose Revenue (SPR) funds is anticipated in revenue streams from assessments charged to insurance companies as part of the Health Care Bill of Rights (HCBR) program, and for the repayments from insurers and other payers based on the Medicaid program's status as the payer of last resort. DHCF allocates \$713,887 of this increase in SPR funding for physician services, and \$174,047 for projected salary step increases, and Fringe Benefit costs. SPR personal service adjustments include the transfer of 1.1 FTE from the Health Care Operations division to the Agency Management (AM) division, and an additional 0.6 FTE to the AM division to improve customer service. Within the AM Local funds budget, DHCF has allocated \$3.5m (not reflected on table 5), that will be sub-granted to the United Medical Center in support of services to Medicaid eligible patients.

In Intra-Districts, the budget proposal includes an increase of \$4,735,524 in the Health Care Finance division based on anticipated MOU's with other District agencies. This adjustment aligns funding with projected revenues from an MOU with Department on Disability Services to provide services to Medicaid eligible consumers via the Home and Community Based Services Waiver for Persons with Intellectual and Developmental Disabilities (HCBS/IDD), and another MOU with the Department of Behavioral Health to provide Mental Health Rehabilitation Services for Medicaid eligible District residents.

Decrease: The budget proposal in Local funds includes a decrease of \$182,675 in the Agency Financial Operations division, which is caused primarily by a lower projected cost for the single audit assessment. A net decrease of \$863,449 in Local funds impacts funding for personal services across multiple divisions, to account for adjustments for projected salary and Fringe Benefit costs.

The Health Care Operations division realized Local funds savings due to a combination of factors including the shift of operating activities related to Data Warehouse to the Agency Management Program and cost savings realized from moving to a new Pharmacy Benefit Manager. These savings account for a reduction of \$2,695,375. Likewise, a decrease of \$22,275,256 in Local funds in the Health Care Finance division is based on a combination of factors. \$9,861,183 of spending was shifted from Local funds to Dedicated Tax to align spending with projected Dedicated Tax revenue. \$7,200,000 of savings was achieved by tasking the claims processing vendor with making certain payments to the Federally Qualified Health Centers rather than requiring the Managed Care Organizations (MCOs) to address that need. \$1,509,472 in projected savings is due to an increase in the Living Wage in January 2016 that was less than projected in the CSFL. \$1,888,952 in projected savings is due to curtailing the inflation adjustments for nursing facilities and intermediate care facilities (ICFs). \$1,545,337 in saving is the result of the moratorium on the federally required Health Insurance Provider Fee. The remaining \$270,312 in savings is the net effect of updated projections of service utilization. Provider payments are reviewed regularly based on Medicaid enrollment and utilization data.

In Dedicated Taxes, DHCF proposes a decrease of \$42,717 in personal service costs, which includes the reduction of 0.6 FTE from the Health Care Reform and Innovation division. Additionally, a reduction of \$6,504,672 across multiple divisions in nonpersonal services takes into account the expiration of the DC Provider Fee and Hospital Assessment taxes, both of which are set to expire in FY 2016.

In Federal Grant funds, the budget proposal calls for the elimination of the personal services budget through the reduction of 2.0 FTEs which will save \$165,797 in the Health Care Reform and Innovation division.

Technical Adjustment: The Local funds budget proposal includes an increase of \$14,519,753 in the Health Care Finance division. The increase in funding covers an adjustment to the federal Medicaid reimbursement rate for services to childless adult beneficiaries who became eligible as a result of the Affordable Care Act of 2010. This adjustment accommodates additional local match funding needed when the rate of federal Medicaid reimbursement shifts from 100 percent to 95 percent, effective January 1, 2017. Effectively, the District is responsible for 5 percent costs of benefits for a nine-month period in FY 2017.

Mayor's Proposed Budget

Enhance: The budget proposal in Dedicated Taxes is increased by a total of \$17,109,025 in the Health Care Finance division. This increase is comprised of \$10,400,000 that supports the matching funding to prevent the proposed reduction in inpatient rates (Hospital Assessment Tax); and \$6,709,025 that supports the match for supplemental payments for outpatient services (DC Provider Fee). Corresponding to this funding adjustment in Dedicated Taxes, the budget proposal also includes a net increase of \$39,571,059 in Federal Medicaid Payments in the Health Care Finance division based on anticipated federal matching to the District's expenditures of local resources on Medicaid-eligible health care services.

The Not-For-Profit Hospital Corporation Subsidy provides a direct payment to the Not-For-Profit Hospital Corporation (NFPHC). The NFPHC is an independent District instrumentality, created by legislation adopted by the Council of the District of Columbia to hold the land, improvements, and equipment of the hospital known as United Medical Center. The NFPHC does not receive a regular subsidy from General Fund taxes and the hospital is expected to operate using its own revenue sources; however, the District did allocate funding in Fiscal Years 2014 and 2015 to support certain hospital functions.

FY 2017 Proposed Budget Changes

The Office of the Deputy Mayor for Health and Human Services' (DMHHS) proposed FY 2017 gross budget is \$2,086,067, which represents a 50.0 percent increase over its FY 2016 approved gross budget of \$1,390,873. The budget is comprised entirely of Local funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2015 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2016 CSFL adjustments to the FY 2015 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DMHHS' FY 2017 CSFL budget is \$1,427,996, which represents a \$37,123, or 2.7 percent, increase over the FY 2016 approved Local funds budget of \$1,390,873.

CSFL Assumptions

The FY 2017 CSFL calculated for DMHHS included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$31,793 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$5,330 in nonpersonal services based on the Consumer Price Index factor of 2.3 percent.

Agency Budget Submission

Increase: DMHHS' budget proposal for personal services reflects a net increase of \$182,141 to the Agency Management program. This adjustment includes funding for an additional 0.8 Full-Time Equivalent (FTE) and the realignment of 1.0 FTE from Temporary to Continuing full-time status. Additionally, an increase of \$1,832 to the Human Support Services program is proposed to align the Fixed Costs budget with Telecommunication estimates.

Decrease: In the Human Support Services program, DMHHS' proposes a reduction of \$241,093 primarily due to reductions in a temporary staffing contract for FY 2017.

Mayor's Proposed Budget

Enhance: The Safer, Stronger DC Community Partnership is an initiative designed to address various persistent neighborhood problems in District communities, and coordinate services in partnership with District agencies to provide solutions that meet the needs of these communities. DMHHS proposes an increase of \$662,577 in Local funds to coordinate the response of multiple District agencies as part of this initiative. The additional funding includes \$550,144 to cover the costs of 6.0 additional FTEs and \$112,433 to support projected Fringe Benefit costs. Additionally, to further support this initiative, the budget proposed in Local funds is increased by \$52,614 to cover anticipated costs primarily for contract services, telecommunication, and employee training.

Division Description

The Department of Public Works (DPW) operates through the following 5 divisions:

Fleet Management – supports all city services by procuring and maintaining more than 3,000 vehicles, excluding those used by the Metropolitan Police Department, the Fire and Emergency Medical Services Department, the Department of Corrections, and D.C. Public Schools. This division fuels all 6,000 District government vehicles, including school buses, fire and trash trucks, and street sweepers.

This division contains the following 5 activities:

- **Fleet Consumables** – provides most District agencies with operational fueling stations, oil, and other lubricants; and installs fuel rings;
- **Scheduled Fleet Maintenance** – performs preventive maintenance actions, including changing oil and filters and checking tires, engines, batteries, and transmissions; and prepares vehicles for seasonal and year-round duties (alley cleaning, snow removal, leaf collection, etc.);
- **Unscheduled Vehicle and Equipment Repairs** – tows inoperable vehicles, diagnoses why vehicles are not operating properly and makes the necessary repairs, or transfers vehicles to vendors for return to service;

- **Vehicle and Equipment Acquisitions** – consults with District government agencies about vehicle needs, ensures these agencies have sufficient budget authority to meet their needs, procures vehicles, and reduces unnecessary vehicles from the fleet; and
- **Fleet Administrative Support** – provides administrative and managerial personnel and nonpersonal services support for District-wide fleet operations, including uniform rentals, office supplies, information technology acquisitions, and information technology software maintenance/license renewals.

Parking Enforcement Management – provides on-street parking enforcement services, including ticketing, towing, booting, removal of abandoned and dangerous vehicles, and auction of impounded vehicles.

This division contains the following 3 activities:

- **Parking Regulations Enforcement** – provides enforcement of the District’s parking regulations to promote vehicular safety and provide smooth traffic flow and increased access to short-term parking at meters and long-term parking on residential streets;
- **Towing** – provides reduced parking congestion in the District by facilitating the timely relocation and/or impoundment of illegally parked vehicles from public space; and
- **Abandoned and Junk Vehicles** – provides oversight of safe streets through the efficient removal of abandoned and dangerous vehicles from public space and nuisance properties within the District.

Solid Waste Management – performs a number of daily operations, including trash, recycling, and bulk collections; sanitation education and enforcement; graffiti removal; public litter can service; fall leaf collection; snow and ice removal; and street and alley cleaning.

This division contains the following 4 activities:

- **Enforcement of Sanitation Regulations** – inspects properties for sanitation violations; enforces sanitation regulations, including commercial recycling; educates residents and businesses about sanitation regulations; collects household hazardous waste and electronic materials; and shreds residents’ personal documents;
- **Public Space Cleaning** – provides comprehensive street and alley cleaning services to residents, visitors, and businesses so that they can live, work, and play in clean neighborhoods. Specific services include mechanical street sweeping, litter can collections, rights-of-way mowing, nuisance and graffiti abatement, seasonal leaf collection, and snow and ice removal;
- **Sanitation Collection and Removals** – provides solid waste (trash, recycling, and bulk) collection services to residents of single-family homes and buildings with no more than three dwelling units so that they can have their trash, recyclables, and bulk items removed conveniently and regularly; and
- **Sanitation Disposal** – provides municipal waste disposal services to DPW, other District agencies, private haulers, and residents so that they can dispose of waste safely, conveniently, and legally.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

FY 2017 Proposed Budget Changes

The Department of Public Works' (DPW) proposed FY 2017 gross budget is \$171,066,138, which represents an 8.2 percent increase over its FY 2016 approved gross budget of \$158,045,380. The budget is comprised of \$136,294,753 in Local funds, \$7,561,000 in Special Purpose Revenue funds, and \$27,210,385 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DPW's FY 2017 CSFL budget is \$130,132,389, which represents a \$4,452,418, or 3.5 percent, increase over the FY 2016 approved Local funds budget of \$125,679,971.

CSFL Assumptions

The FY 2017 CSFL calculated for DPW included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$480,000 to account for the removal of one-time funding appropriated in FY 2016 for the purchase of new vehicles, replacement of public space cans, and a residential composting study for the District. Additionally, adjustments were made for an increase of \$3,084,438 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$251,885 in nonpersonal services based on the Consumer Price Index factor of 2.3 percent.

CSFL funding for DPW also reflects adjustments for increases of \$1,380,000 for Recurring Budget Items that account for contractual rate escalations for the disposal of solid waste within the District, \$15,123 for Personal Services Adjustments representing the projected impact of new positions requested in the FY 2016 budget, approved union contracts, and corresponding salary and other adjustments, and \$200,972 for the Fixed Costs Inflation Factor to account for fixed costs estimates for fleet services.

Agency Budget Submission

Increase: DPW's proposed budget in Local funds reflects an increase of \$2,078,561 for services primarily related to fleet maintenance, graffiti abatement, Trackster software maintenance, employee training, and the consolidation of parking funds from contractual services. The proposed budget in Local funds also increased by \$1,672,509 partly to support an additional 7.0 Full-Time Equivalents (FTEs) and to cover projected salary step and Fringe Benefits costs.

In Local funds, an increase of \$706,458 to the Agency Management and the Solid Waste Management divisions supports DPW's consolidation of funds for uniforms and ensures adequate funding for purchase of additional litter cans. In order to align funding with the estimates for Fixed Costs, the proposed budget in Local funds increased by \$35,000.

In Special Purpose Revenue (SPR) funds, the proposed budget includes an increase of \$341,654 to the Solid Waste Management and Fleet Management divisions, related to revenue projections for vehicle maintenance and unscheduled repairs. A net increase of \$207,950 to the Solid Waste Management division in SPR funds supports projected salary steps, Fringe Benefit, and overtime costs, and reflects the net elimination of 1.0 FTE.

In Intra-District funds, the budget proposal reflects increases of \$1,816,270 in personal services based on projected changes in salary step, Fringe Benefit, and overtime costs, and \$703,707 in nonpersonal services costs primarily to the Fleet Management division. Adjustments in the budget for Intra-District funds are impacted by two citywide Memoranda of Understanding (MOU) agreements that DPW maintains with District agencies. One of the MOU agreements is for the disposal of waste at city transfer sites, and the other MOU is for maintenance and repair of agency vehicles.

Decrease: Various adjustments in DPW's budget provide offsets to proposed increases. In Local funds, these adjustments include reductions of \$191,294 for the purchase of new vehicles and \$230,150, primarily from the Parking Enforcement division, based on projected overtime costs. Additionally, the proposed budget includes a reduction \$4,876,801, primarily from the Solid Waste Management division, based on cost savings projected for contractual services.

In SPR funds, the budget is decreased from the Solid Waste Management division based on revenue projections for the Super Can and Solid Waste Disposal Fee funds. In view of this, funding is adjusted to include reductions of \$313,019 for supplies and \$350,585 for contractual services.

Technical Adjustment: The budget proposed in Local funds is adjusted for an increase of \$2,643,280 to the Solid Waste Management division. This adjustment is comprised of \$1,504,000 for contractual rate escalations pertaining to the Waste Management Recycle America contract for the disposal of District recycling waste, and \$1,139,280 for contractual rate escalations with Covanta Fairfax Incorporated for municipal solid waste disposal due to a higher cost per ton for the historic average of 202,000 tons of trash disposed annually by the District.

Mayor's Proposed Budget

Transfer-In: DPW will take over fleet operations from the District Department of Transportation (DDOT) as part of a pilot program that aims to consolidate management of all agency fleet costs under DPW and improve performance of fleet operations. The budget proposed in Local funds includes an increase of \$3,989,970 to account for the transfer of fleet services costs from DDOT.

Transfer-Out: The proposed budget in Local funds is decreased by \$206,921 to account for the transfer of 2.0 FTEs from the Agency Management division to the Executive Office of the Mayor (EOM). The funding supports the Office of Clean City, which serves as the central point of contact with a goal to champion the clean up of the District of Columbia and maintain its cleanliness.

Enhance/Reduce: DPW's proposed budget in Local funds includes a net increase of \$541,753 to the Agency Management division. This adjustment is comprised of an \$887,000 enhancement to support an additional 25.0 FTEs for the Learn Earn Advance Prosper (L.E.A.P.) program, and a reduction of \$345,247 for the elimination of 3.0 FTEs to right-size the Office of Waste Diversion. The budget enhancement supports the continuation of the L.E.A.P. Academy, a network of interconnected partners that will train District residents in fleet maintenance and sanitation services and to place them in jobs.

The District Department of Transportation's (DDOT) mission is to enhance the quality of life for District residents and visitors by ensuring that people and goods move safely with minimal adverse impact on residents and the environment.

Summary of Services

DDOT executes its mission through the work of the following divisions: The Infrastructure Project Management Administration designs and builds roads and bridges, rails, and other transportation projects; the Progressive Transportation Services Administration provides public transportation service through Metro and the Circulator bus system; the Transportation Operations Administration ensures a safe and user-friendly transportation environment; the Planning, Policy and Sustainability Administration develops strategic goals for the agency; the Public Space Regulation Administration manages public space and issues permits; and the Urban Forestry Administration maintains the District's street trees, providing our community with traffic calming, improved air quality, increased ground water retention that minimizes runoff and flooding, temperature moderation, and aesthetics.

Division Description

The District Department of Transportation operates through the following 8 divisions:

Urban Forestry Administration (UFA) – establishes a full population of street trees within the District of Columbia, ensures that the trees lining the District's roadways are maintained in a healthy and safe environment, provides educational information to District residents about the benefits of growing trees, and encourages planting of appropriate tree species in our urban environment. UFA also maintains the network of trails in the District and partners with other DDOT administrations and District agencies to reduce impermeable surfaces to improve the health of trees and help reduce stormwater runoff.

Infrastructure Project Management Administration (IPMA) – manages the design, engineering, and construction of roadways, bridges, traffic signals, and alley projects in the District of Columbia. IPMA also manages special construction projects and all roadway assets.

This division contains the following 3 activities:

- **Project Development and Management** – supports ward-based teams that design and construct transportation infrastructure projects. They manage the condition of the streets, sidewalks, and alleys - DDOT's most visible work. This division is overseen by the Deputy Chief Engineer for Design and Construction Team Management;
- **Preventive and Routine Roadway Maintenance** – protects the quality of the District's streets, bridges, tunnels, alleys, and sidewalks. This function maintains an inventory and condition assessment of all DDOT assets and tests and evaluates all construction materials used in DDOT projects; and
- **Rights-of-Way** – manages the transfer of funds to the local roads program.

Public Space Regulation Administration (PSRA) – responsible for permitting and enforcing the exclusive use of public space by private entities, including residents, businesses, utilities, and developers.

This division contains the following 5 activities:

- **Administrative Support** – coordinates all the activities of the division;
- **Customer Service** – responsible for the customer service function for the Administration and the primary face of the agency to the public;
- **Plan and Review Unit** – provides civil engineering and traffic engineering review for public space permit applications;
- **Public Space Permits Branch Permitting Unit** – manages the Public Space Committee; issues permits to developers, vendors, and utilities; and assumes responsibility for the overall management of the District’s public space; and
- **Systems Inspection and Oversight** – initiates inspections and monitoring of construction and related activities located in the public right-of-way to minimize the impact on the transportation infrastructure within the District of Columbia.

Progressive Transportation Services (PTSA) – provides the public with efficient, affordable, and diverse means of travel within the District of Columbia by providing funding, policy recommendations, and coordination services to the Washington Metropolitan Area Transit Authority (WMATA).

This division contains the following 4 activities:

- **Circulator** – the Circulator is the product of a unique public/private partnership between the District Department of Transportation, WMATA, and DC Surface Transit, Inc. The system provides a quick, efficient, low-cost public transit system to the residents, workers, and visitors in the Nation’s Capital;
- **Mass Transit** – provides fiduciary and operational oversight in collaboration with WMATA and designs and formulates alternative means of transportation to reduce congestion and parking problems with innovative transportation options, such as bike-sharing and car-sharing;
- **School Subsidy Program** – provides the District of Columbia’s student population with efficient, affordable, and reliable means of travel to and from school. DDOT manages the program in conjunction with WMATA, D.C. Public Schools, and D.C. Public Charter Schools; and
- **Streetcar** – plans, manages, and builds a modern streetcar transportation network that complements the existing transit operations to support and create neighborhood linkages for District residents.

Planning, Policy and Sustainability (PPSA) – establishes broad strategic goals to guide multi-modal program development, formulates the policies necessary to implement these goals, and ensures compliance with these goals and policies through plan review and permitting.

This division contains the following 3 activities:

- **Policy Development** – comprises three branches: the Public Space Policy Branch, which develops policies that govern the use of public space, such as sidewalks, underground vaults, and special projects; the Transportation Systems Policy Branch, which implements thematic programs including safety, pedestrian, and bicycle programs; and the Research and Technology Development Branch, which provides best practices in transportation, manages the DDOT library and archives, and performs program evaluation to measure effectiveness;
- **Public Space Management** – manages the Public Space Committee; issues permits to developers, vendors, and utilities; and assumes responsibility for the overall management of District public space; and
- **Planning** – develops vehicular and non-vehicular transportation projects and activities, including planning and designing bicycle and pedestrian transportation projects and initiatives.

Transportation Operations (TOA) – maintains the integrity of public assets, such as roadways, sidewalks, traffic calming devices, streetlights, and parking meters. TOA also operates the transportation system, ensuring a safe and user-friendly driver, commuter, and pedestrian environment.

This division contains the following 8 activities:

- **Citywide Program Support** – manages operations and condition of single and multi-space parking meters and the District’s street, alley, bridge, tunnel, and navigation lighting systems;
- **Intelligent Transportation Systems** – reviews, assesses, integrates, and implements the latest available technologies to enhance the District of Columbia’s transportation infrastructure;
- **Office of the Associate Director** – provides management for the various functions of the administration, including snow operations, fleet maintenance and repair, and warehouse operations;
- **Systems Inspection and Oversight** – initiates inspections and monitoring of construction and related activities located in the public right-of-way to minimize the impact on the transportation infrastructure within the District of Columbia;
- **Special Events** – provides traffic support and management to special events such as parades, protests, concerts, and sporting events;
- **Street and Bridge Maintenance** – performs proactive and preventive maintenance to ensure safe passage on all District roads, sidewalks, bridges, and alleys;
- **Transportation Operations and Traffic Management** – provides traffic regulation and safety services to pedestrians, cyclists, and motorists in the District of Columbia so that they can move about safely in the city and avoid personal injury and property damage; and
- **Traffic Services Field Operations** – installs and maintains control devices such as signs, pavement markings, traffic signals, and streetlights.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

| GROSS FOR KA0 - DISTRICT DEPARTMENT OF TRANSPORTATION | | 110,856 | 569.4 |

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2017 Proposed Budget Changes

The District Department of Transportation's (DDOT) proposed FY 2017 gross budget is \$110,856,255, which represents a 2.5 percent decrease from its FY 2016 approved gross budget of \$113,676,337. The budget is comprised of \$74,435,774 in Local funds, \$11,695,001 in Federal Grant funds, \$24,417,610 in Special Purpose Revenue funds, and \$307,870 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2017 CSFL

adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DDOT's FY 2017 CSFL budget is \$86,083,783, which represents a \$1,058,848, or 1.2 percent, increase over the FY 2016 approved Local funds budget of \$85,024,935.

CSFL Assumptions

The FY 2017 CSFL calculated for DDOT included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$2,105,000 to account for the removal of one-time funding appropriated in FY 2016 to support waiver of Public Parking Space Rental fees, an Aerial Transport Study, a Congestion Management Study, and implementation of provisions of the proposed Transportation Reorganization Act. Additionally, adjustments were made for increases of \$1,532,858 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$620,017 in nonpersonal services based on the Consumer Price Index factor of 2.3 percent.

CSFL funding for DDOT also includes increases of \$1,009,501 for the Fixed Costs Inflation Factor to reflect estimates for Fleet services, and \$1,472 to account for the projected impact of new positions requested in the FY 2016 budget, approved union contracts, and corresponding salary and other adjustments.

Agency Budget Submission

Increase: In Local funds, DDOT's budget proposal includes a net increase of \$262,267 and 1.0 Full-Time Equivalent (FTE) to account for the reallocation of a Deputy Director position from the Infrastructure Project Management division to the Transportation Operations division. Additionally, an increase of \$233,099 in the budget proposal for Local funds covers projected salary step increases and Fringe Benefits costs across multiple divisions.

In Federal Grant funds, the proposed budget includes an increase of \$4,000,000 and 20.0 FTEs due to revenue from a new Indirect Cost Recovery Grant. Of this amount \$1,425,803 supports the hiring of an additional 20 traffic Control Officers to help ease the flow of traffic during rush hour periods in the District. The remaining amount of \$2,574,197 will be used for PAYGO capital to help fund Alley Palooza for alley rehab efforts.

DDOT's budget proposal in Special Purpose Revenue funds reflects an increase of \$2,698,105 based on revenue projections associated with the Tree, Bicycle Sharing, Transportation Infrastructure Mitigation, and DDOT Enterprise funds.

In Intra-District funds, the budget proposal includes an increase of \$307,870 based on a Memorandum of Understanding with the Metropolitan Police Department to cover costs related to a Traffic Signalization contract.

Decrease: The budget proposal in Local funds reflects a net decrease of \$37,429 and 1.0 FTE, partly due to the reallocation of a Deputy Director position from the Infrastructure Project Management Administration division to the Transportation Administration division, offset by miscellaneous adjustments to salary and Fringe Benefits costs within the division. Additionally, a decrease of \$1,503,707 in Local funds accounts for programmatic savings in various operational costs across agency divisions. Furthermore, the proposed Local funds budget reflects a reduction of \$2,397,581 due to projected savings in parking operations, school transit subsidy costs, and street and bridge maintenance contracts.

In Federal Grant funds, a decrease of \$250,000 is due to lower projections for the grant award from the National Highway Administration.

Mayor's Proposed Budget

Shift: To support its operational goals, DDOT's budget proposal shifts \$1,013,103 and 5.0 FTEs from Local funds to Special Purpose Revenue funds. Revised revenue projections and fund balance use, primarily in the Bicycle Sharing and Transportation Infrastructure Mitigation funds, allow the agency to use these resources for agency programs.

Reduce: In Local Funds, the proposed budget reflects a reduction of \$2,850,000 due to additional revenue from a new Indirect Cost Recovery Grant in Federal Grant funds.

Transfer-Out: The proposed Local funds budget reflects a reduction of \$351,585 to account for the transfer of 4.0 FTEs to the Office of Community Affairs program in the Executive Office of the Mayor to support the Mayor's Office of Community Relations and Services (MOCRS). The proposed budget also reflects a reduction of \$3,989,970 due to the transfer of fleet services costs to the Department of Public Works, as part of a new pilot program which aims to centrally manage all fleet operations in the District.

Summary of Services

The DMV provides service to approximately 606,000 licensed drivers and identification card holders (out of a population of nearly 658,000) and 303,000 registered vehicles at four service centers. DMV conducts adjudication services and collects ticket payments for more than 2.4 million tickets each year. DMV also conducts an estimated 187,000 annual vehicle inspections. Combining these services into a customer centered, mission-driven organization is the responsibility of the Agency Management Division. Department performance expectations in FY 2017 are listed by functional division.

Division Description

The Department of Motor Vehicles (DMV) operates through the following 6 divisions:

Adjudication Services – provides ticket processing, notices, and hearing and hearing support services to residents and non-residents, in order to render legally sound decisions on parking, photo, and moving violations, and to ensure proper processing of violation and penalty payments for those infractions.

This division contains the following 3 activities:

- **Hearings** – provides fair and equitable reviews of ticket and permit violations for respondents so that they can resolve outstanding issues of liability;
- **Hearing Support** – provides intake, data review, records management, and administrative support functions to ensure accurate records and transmittal of information in support of adjudication hearings; and
- **Ticket Processing** – provides processed ticket information to create and maintain DMV's database, provides scheduled notifications and information to residents and non-residents of the District of Columbia, and processes and tracks fines and penalty payments for tickets issued by traffic enforcement authorities.

Vehicle Services – provides certification and inspection services to residents, businesses, and government entities so that they may legally park, drive, and sell their vehicles in the District of Columbia.

This division contains the following 4 activities:

- **Inspections** – provides safety and emission inspection services to residents and non-residents so that they can receive a timely vehicle inspection to facilitate reduced auto emissions (all vehicles) and safer vehicles (for-hire and commercial vehicles only). The air emission inspections meet the requirements of the District’s Air Quality Attainment State Implementation Plan;
- **Registrations** – provides legal certification services to residents and non-residents by providing timely documentations of ownership and authority to operate, allowing them to legally drive, park, or sell their vehicles;
- **Registrations – Out of State Vehicles** – provides registration services for “for hire” vehicles whose owner is based outside of the District; and
- **International Registration Plan** – administers the District of Columbia's participation in the U.S.-based plan, which allows for the distribution of registration fees for commercial motor vehicles traveling inter-jurisdictionally through member states and provinces.

Driver Services – provides driver certification and identification services to residents to ensure they have the proper credentials to reflect identity, residence, and driving qualifications so that they may legally operate their vehicles.

Technology Services – provides integrated and reliable information systems for all DMV services and complies with District-wide technology standards and requirements.

This division contains the following 3 activities:

- **Information Technology** – operates and maintains the automated systems specific to DMV operations support, including wait-queuing, digital photos, and hearing recordings;
- **Driver and Vehicle Systems** – operates and maintains the automated systems providing support for driver and vehicle databases and service functions; and
- **Ticket Information Systems** – operates and maintains the automated systems providing support for ticketing and adjudication services.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2017 Proposed Budget Changes

The Department of Motor Vehicles' (DMV) proposed FY 2017 gross budget is \$45,032,790, which represents a 4.4 percent increase over its FY 2016 approved gross budget of \$43,147,580. The budget is comprised of \$29,899,232 in Local funds, \$9,863,693 in Special Purpose Revenue funds, and \$5,269,865 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter.

Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DMV'S FY 2017 CSFL budget is \$28,866,125, which represents a \$775,511, or 2.8 percent, increase over the FY 2016 approved Local funds budget of \$28,090,614.

CSFL Assumptions

The FY 2017 CSFL calculated for DMV included adjustment entries that are not described in detail on table 5. These adjustments were made for an increase of \$590,789 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$159,708 in nonpersonal services based on the Consumer Price Index factor of 2.3 percent.

CSFL funding for DMV also reflects adjustments for an increase of \$25,014 for the Fixed Costs Inflation Factor to account for estimates for Fleet services.

Agency Budget Submission

Increase: DMV proposes an increase of \$673,947 to the Agency Management division in the Local funds budget to cover projected expenses for security services, an agency-managed Fixed Cost. An increase of \$602,195 adjusts the budget in Local funds to support position reclassification of 10.0 FTEs from Continuing Full Time to Temporary Full Time. This adjustment aligns DMV's personal services budget with its operational goals and supports projected salary step increases and Fringe Benefits costs. The budget in Local funds is further adjusted for a net increase of \$128,844 that enables DMV to cover projected expenses for procurement of office supplies and Information Technology (IT) hardware and software.

In Special Purpose Revenue funds, DMV proposes an increase of \$82,119 across multiple divisions. This increase aligns funding with revenue projections for the Motor Vehicle Inspection Station fund.

In Intra-District funds, DMV proposes an increase of \$705,492 to the Adjudication Services division. This adjustment reclassifies funding to support 6.0 FTEs currently supported by Local funds to Intra-District funds. DMV's Intra-District funds budget is supported by a Memorandum of Understanding with the Metropolitan Police Department for ticket processing costs associated with the photo traffic enforcement program.

Decrease: The proposed budget in DMV's Local funds is adjusted for a decrease of \$371,879 across multiple divisions. This adjustment accounts for position reclassification of 10.0 FTEs Continuing Full Time to Temporary Full Time and reclassification of funding for 6.0 FTEs currently supported by Local funds to Intra-District funds. Also included in this adjustment is a reduction to overtime payment.

In Special Purpose Revenue funds, DMV proposes adjustments in the Vehicle Services division, which include a reduction of \$232,669 based on revenue projections for vehicle licensing, registration, and other fees, and the elimination of 3.0 FTEs.

In Intra-District funds, DMV proposes a reduction of \$478,351 across multiple divisions for projected reductions in contractual services primarily for the ticket processing contract.

Mayor's Proposed Budget

No Change: The Department of Motor Vehicles' budget proposal reflects no change from the agency budget submission to the Mayor's Proposed Budget.

FY 2017 Proposed Budget Changes

The Department of Energy and Environment's (DOEE) proposed FY 2017 gross budget is \$106,851,455, which represents a 0.6 percent increase over its FY 2016 approved gross budget of \$106,214,699. The budget is comprised of \$17,226,168 in Local funds, \$27,936,708 in Federal Grant funds, \$59,814,042 in Special Purpose Revenue funds, and \$1,874,537 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple divisions, and it estimates how much it would cost an agency to continue its current divisions and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DOEE's FY 2017 CSFL budget is \$17,480,565, which represents a \$324,915, or 1.9 percent, increase over the FY 2016 approved Local funds budget of \$17,155,650.

CSFL Assumptions

The FY 2017 CSFL calculated for DOEE included adjustment entries that are not described in detail on table 5. These adjustments were made for increases of \$318,006 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$1,828 in nonpersonal services based on the Consumer Price Index factor of 2.3 percent. CSFL funding for DOEE also includes an increase of \$5,081 for Personal Services adjustments to account for the projected impact of new positions requested in the FY 2016 budget, approved union contracts, and corresponding salary and other adjustments.

Agency Budget Submission

Increase: The DOEE budget proposes an increase of \$11,543 in Local funds to support higher rental costs and to cover equipment purchases that will primarily be used to implement District's sustainability plan initiatives.

In Federal Grant funds, the budget proposal reflects a net increase of \$1,082,163 in the nonpersonal services budget across multiple divisions to cover projected costs for Supplies, Contractual Services, and Subsidies. The increase is primarily due to the use of grant carryover, which is the allowable use of the unspent portion of prior-year grant funding, and new Environmental Protection Agency awards including the Chesapeake Bay Regulatory and Implementation grant. In addition, an increase of \$293,306 supports projected salary and Fringe Benefits costs.

In Special Purpose Revenue funds (SPR), the budget proposal reflects a net increase of \$1,643,697 and 12.0 FTEs and covers an additional 8.6 FTEs that were supported through programmatic savings and 3.4 FTEs that were moved from the Local funds budget. The positions support various initiatives within the agency, primarily in the Agency Management, Natural Resources, and Environmental Services divisions. Also, the DOEE budget supports an increase of \$144,213 to cover Information Technology costs related to stormwater control initiatives and the purchase of specialized laboratory equipment.

In Intra-District funds, DOEE proposes a budget increase of \$201,452 to support Memorandum of Understanding agreements with the Department of Consumer and Regulatory Affairs for the implementation of the Green Building Act requirements, the Child and Family Services Agency for lead inspection services, the Department of Motor Vehicles for air quality inspections, and the Department of Employment Services to support the Youth Green Zone Employment program.

Decrease: In Local funds, the proposed budget reflects a reduction of \$3,882 to align it with agency managed telecommunication-related estimates. Also, the DOEE budget proposes a decrease of \$35,269 in Local Funds because of reduced demand for rain barrels and cisterns requests in its RiverSmart Homes program, primarily in the Bloomingdale neighborhood. Other reductions include a decrease of \$50,211 to align the budget with projected spending primarily to reduce supplies across divisions. Lastly, the budget reflects a decrease of \$332,181 in Local funds due to the reclassification of 3.4 FTEs to the SPR funds budget.

The proposed Federal Grants budget reflects a decrease of \$17,355 due to savings in projected fuel-related costs.

In SPR funds, the proposed budget contains a net reduction of \$2,781,238, primarily due to a projected decrease in revenue in the Soil Erosion and Sediment Control Fund.

Mayor's Proposed Budget

Enhance: The DOEE budget proposal in Local funds reflects an increase of \$100,000 to the Environmental Services division to support the Airplane Noise study project and an increase of \$100,000 to the Urban Sustainability division to support the District's Water Anaerobic Digester Use study.

Reduce: The proposed budget in Local funds includes a reduction of \$44,397 and 0.5 FTE from the Agency Management division due to projected savings from the elimination of a vacant position.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2017 Proposed Budget Changes

The District of Columbia Taxicab Commission's (DCTC) proposed FY 2017 gross budget is \$12,109,966, which represents a 40.8 percent increase over its FY 2016 approved gross budget of \$8,598,976. The budget is comprised of \$4,067,518 in Local funds, \$7,842,448 in Special Purpose Revenue funds, and \$200,000 in Intra-District funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

DCTC's FY 2017 CSFL budget is \$1,182,831, which represents a \$82,855, or 7.5 percent, increase over the FY 2016 approved Local funds budget of \$1,099,976.

CSFL Assumptions

The FY 2017 CSFL calculated for DCTC included adjustment entries that are not described in detail on table 5. These adjustments were made for a net increase of \$4,218 in personal services to account for Fringe Benefit costs based on trend and comparative analyses, the impact of cost-of-living adjustments, and approved compensation agreements, and an increase of \$78,637 in nonpersonal services based on the Consumer Price Index factor of 2.3 percent.

Agency Budget Submission

Increase: DCTC increased its Local funds budget by \$40,855 to support professional services. Proposed adjustments in Special Purpose Revenue funds include an increase of \$546,856 and an additional 1.6 Full-Time Equivalents (FTEs). Other increases include \$342,607 to cover projected costs for travel and vehicle maintenance and \$20,000 in the Agency Management program to procure supplies and materials.

DCTC's proposed budget includes Intra-District funds based on a Memorandum of Understanding with the Department of Motor Vehicles for out-of-state licensing. In Intra-District funds, the agency proposes to increase its nonpersonal services budget by \$83,227 to support procurement of adequate printing materials and to cover anticipated spending requirements for professional services.

Decrease: The proposed Local funds budget reflects a decrease of \$88,168 and 0.9 FTE in the Agency Management program due to the reclassification of funding for an attorney position to Special Purpose Revenue funds.

In Special Purpose Revenue funds, a decrease of \$56,015 is based on DCTC's projection to reduce contractual services costs related to the PCard and Taxicab Database Management System contracts. The budget proposed for this fund also includes a decrease of \$310,000 across multiple programs to align funding with revenue projections for FY 2017, and enable DCTC to support other programmatic priorities by eliminating funding for vehicle purchases and upgrades to the agency's Hearing Room, since these projects were completed in the prior year.

The proposed Intra-District funds budget reduction of \$2,206 in nonpersonal services is based on reduced projections for contractual services costs. Intra-District funds are also decreased by \$81,021 and 0.7 FTE in the Agency Management program. These adjustments allow DCTC to accommodate the projected increased costs of professional services.

Mayor's Proposed Budget

Enhance: The District of Columbia Taxicab Commission's budget proposal in Local funds reflects an increase of \$2,932,000 to support the Transport DC initiative, which provides alternative taxicab transportation to MetroAccess customers. This program allows eligible District residents to receive transportation services to and from anywhere in the District and offers efficient, curb-to-curb taxicab or wheelchair accessible vehicle service.

The mission of the Washington Metropolitan Area Transit Commission (WMATC) is to help assure that the public is provided passenger transportation services by fit and responsible, privately owned, for-hire licensed carriers to service the metropolitan region. This budget reflects only the District of Columbia government appropriation to the agency.

The WMATC assumed its jurisdiction in March 1961. The commission administers the delegated powers of the Washington Metropolitan Area Transit Regulation Compact, Pub. L. No. 86-794, § 1, 74 Stat. 1031 (1960), as amended by Pub. L. No. 87-767, 76 Stat. 764 (1962), Pub. L. No. 101-505, § 1, 104 Stat. 1300 (1990), and Pub. L. No. 111-160, 124 Stat. 1124 (2010). The latest amended compact is codified at District of Columbia Official Code Section 9-1103.01.

A three-member Board of Commissioners directs the WMATC. One commissioner is appointed from a District of Columbia agency with oversight of matters relating to the Commission by the Mayor of the District of Columbia; one commissioner is appointed from the Maryland Public Service Commission by the Governor of Maryland; and one commissioner is appointed from the Department of Motor Vehicles of the Commonwealth of Virginia by the Governor of Virginia. Daily operations are directed by the Executive Director and carried out by WMATC staff. The Washington Metropolitan Area Transit District (Metropolitan District) consists of the following jurisdictions:

- Arlington County, Virginia;
- City of Alexandria, Virginia;
- City of Falls Church, Virginia;
- District of Columbia;
- Fairfax County, Virginia;
- Montgomery County, Maryland;
- Prince George's County, Maryland; and
- Washington-Dulles International Airport, Loudoun County, Virginia.

Program Description

The Washington Metropolitan Area Transit Commission's (WMATC) budget represents the District's subsidy payment to the multi-jurisdictional agency. The subsidy budget is shown in this program format for comparison purposes only. The WMATC operates through the following program:

Washington Metro Transit Commission – governs the operating authority, rates, and insurance of private-sector, for-hire passenger carriers in the metropolitan region. Specifically, the agency grants operating authority to carriers such as airport shuttles, charter group buses, tour buses, handicapped transport vehicles, businesses with private and government shuttle contracts, and carriers for conventions. As part of its regulatory program, WMATC also establishes interstate taxicab rates, which are used when taxicabs cross from one signatory jurisdiction to another. WMATC's staff is a source for determination of fares for taxicab trips between the District of Columbia and area airports or other points in Maryland or Virginia that are in the metropolitan region. Staff is also available to mediate taxicab overcharge complaints regarding interstate travel.

Program Structure Change

The Washington Metropolitan Area Transit Commission has no program structure changes in the FY 2017 proposed budget.

The mission of the Washington Metropolitan Area Transit Authority (WMATA) is to provide the public with an efficient, affordable and safe means of travel, under the direction of the District's Department of Transportation (Progressive Transportation Services Administration), which provides funding, policy recommendations, and coordination of services to the agency.

WMATA was created February 20, 1967. It is an interstate compact agency and, by the terms of its enabling legislation, an agency and instrumentality of the District of Columbia, State of Maryland, and Commonwealth of Virginia. This compact agency was created by the aforementioned states and the District of Columbia to plan, finance, construct, and operate a comprehensive public transit system for the Washington metropolitan area. A Board of Directors, with representatives from each of the three jurisdictions and the federal government, governs WMATA. The District has two voting members and two non-voting members on WMATA's Board. The Progressive Transportation Services Administration of the District's Department of Transportation (DDOT) oversees the District's funding of WMATA and recommends policy direction, develops service initiatives, and monitors service quality. DDOT's role is inclusive of all transit modes including Metrobus, Metrorail, and MetroAccess Paratransit service.

Program Description

The Washington Metropolitan Area Transit Authority (WMATA) operates through the following 4 programs:

D.C.-Specific (Reimbursable to WMATA) Projects – are not part of the regular jurisdictional share of the WMATA subsidy; they are programs or projects that the District pays WMATA to operate or construct. Examples of D.C.-Specific Projects include the following: the D.C. Circulator bus system, the fare buy-down on bus-to-rail and rail-to-bus transfers, and the School Subsidy program.

This program contains the following 3 activities:

- **Circulator**– provides oversight and management for the D.C. Circulator bus system;

- **Reduced Fares** – operates a special fare buy-down on bus-to-rail and rail-to-bus transfers in Southeast Washington; and
- **School Subsidy** – operates services associated with the School Subsidy program.

Debt Service – covers the District's annual share of financing costs for bonds sold by WMATA for the construction of the original system and for ongoing transit infrastructure rehabilitation and replacement. This payment is consistent with the Ancillary Bond Repayment Participation Agreement entered between the District of Columbia, the State of Maryland, the Commonwealth of Virginia, and the United States Secretary of Transportation.

MetroAccess – provides curb-to-curb wheelchair lift-equipped van service for persons unable to use accessible conventional bus or rail services. In the District, the service has nearly 9,200 certified riders who make approximately 54,000 trips per month. WMATA contracts with private carriers for the Paratransit service.

WMATA Operations – ensures that Metrorail and Metrobus operate efficiently and timely within the District of Columbia.

This program contains the following 2 activities:

- **Metrobus Operations** – operates approximately 350 bus routes on 135 lines throughout the metropolitan area, serving an average yearly ridership of 135 million. The District has the most concentrated level of Metrobus service in the region and the largest share of Metrobus ridership. Over half of Metrobus riders are District residents; and
- **Metrorail Operations** – operates approximately 38 miles of the Metrorail system and 40 stations in the District. It provides approximately 226.5 million trips per year. WMATA manages a total of 118 miles of track in the metropolitan area with 91 stations.

Program Structure Change

The Washington Metropolitan Area Transit Authority has no program structure changes in FY 2017 proposed budget.

FY 2017 Proposed Budget Changes

The Washington Metropolitan Area Transit Authority's (WMATA) proposed FY 2017 gross budget is \$368,630,726, which represents a 1.0 percent decrease from its FY 2016 approved gross budget of \$372,213,105. The budget is comprised of \$248,360,726 in Local funds, \$66,670,000 in Dedicated Taxes funds, and \$53,600,000 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

WMATA's FY 2017 CSFL budget is \$254,633,138, which represents a \$2,755,607, or 1.1 percent, decrease from the FY 2016 approved Local funds budget of \$257,388,745.

CSFL Assumptions

The FY 2017 CSFL calculated for WMATA included adjustment entries that are not described in detail on table 5. These adjustments include a reduction of \$7,000,000 to account for the removal of one-time funding appropriated in FY 2016 to support the Kids Ride Free initiative.

CSFL funding for WMATA also includes an increase of \$4,244,393 for Other Adjustments to account for FY 2016 Financial Plan projection in subsidies and transfers.

Agency Budget Submission

Annually, the District of Columbia, the states of Maryland and Virginia, and other counties within the Greater Metropolitan Washington Area subsidize part of the operating costs of the Metro System. In FY 2017, WMATA reallocates funding along appropriated funds to ensure that each program receives its total share of funding.

Increase: The FY 2017 budget proposed by WMATA includes an increase of \$6,000 in Dedicated Taxes due to projected increase in parking taxes. The Special Purpose Revenue funds budget reflects an increase of \$5,439,640 based on FY 2017 revenue projections for parking meters. This increase will accommodate the movement of certain operational expenditures from Local funds to Special Purpose Revenue.

Decrease: WMATA's Local funds budget proposal reflects a decrease of \$6,272,412 due to the agency's plan to move operational expenses to Special Purpose Revenue funds in FY 2017.

Mayor's Proposed Budget

No Change: The Washington Metropolitan Area Transit Authority's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

The mission of Debt Service administration is to finance the District's capital and cash flow needs, minimize the costs associated with such financing, exercise fiscally responsible debt management practices, and make timely payments of all debt service.

Summary of Services

Timely debt service payments are necessary to satisfy the District's commitments to its investors (bondholders) and maintain a good credit standing in the financial marketplace. Under the District of Columbia Home Rule Act, the District may issue debt to finance capital projects or seasonal cash needs, subject to certain limitations. Specifically, no long-term debt may be issued that would cause total debt service on all tax-supported debt to exceed 12 percent of total General Fund expenditures in any year during the 6-year capital plan period. No short-term debt may be issued in an amount that would cause total outstanding short-term debt to exceed 20 percent of the projected revenue of the fiscal year in which the debt is issued. Short-term debt must be repaid by the end of the fiscal year in which it is issued. The District's total outstanding tax-supported long-term debt as of January 1, 2016 was \$9.56 billion. The District issued \$250 million of short-term debt in FY 2016, which will be repaid by September 30, 2016. Appropriations are budgeted from Local funds in amounts sufficient to meet the required payments for various types of debt service.

The Repayment of Loans and Interest's proposed FY 2017 gross budget is \$643,772,488, which represents a 4.7 percent increase over its FY 2016 approved gross budget of \$615,002,695. The budget is comprised of \$620,191,311 in Local funds, \$18,262,177 in Federal Grant funds, and \$5,319,000 in Special Purpose Revenue funds.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

The Repayment of Loans and Interest's FY 2017 CSFL budget is \$644,712,135, which represents a \$53,085,617, or 9.0 percent, increase over the FY 2016 approved Local funds budget of \$591,626,518.

CSFL Assumptions

The FY 2017 CSFL calculated for the Repayment of Loan and Interest included adjustment entries that are not described in detail on table 5. These adjustments include an increase of \$53,085,617 to account for revised debt service projections. The overall increase of Local funds is due to the annual bond issuance to fund the District's Capital Improvements Plan (CIP). Based on the current CIP, the Local funds in the Repayment of Loans and Interest will increase in each of the next 6 years. The projected increases range from \$20 million to over \$150 million annually. In addition, long-term tax-exempt interest rates are projected to rise over the next fiscal year.

Agency Budget Submission

Increase: The projected FY 2017 budget proposal for Special Purpose Revenue funds reflects an increase of \$205,000 in debt service payments. The increase is based on an established lease payment schedule for an agreement between the District Department of Transportation and Clear Channel for bus shelter advertising.

Technical Adjustment: The projected FY 2017 budget proposal for Local funds reflects a decrease of \$24,520,824 in debt service payments. The decrease is to align the budget with updated projections for debt service costs.

The mission of the John A. Wilson Building Fund is to provide an efficient, clean, and safe working environment for District employees in a modernized century-old historic building. Easily accessible to the public, the Wilson Building is an emblem of District pride showcased on the elegant Pennsylvania Avenue corridor within the Federal Triangle, just blocks from the White House.

Culminating a five-year renovation, expansion, and restoration, the Wilson Building reopened to acclaim in late 2001. Built in 1904 and later named after the long-term District Council member and Chairman, the building had suffered from neglect and had to be closed in 1996. Preservation-minded District officials emerged with a redevelopment plan and, starting in 1996, the Wilson Building underwent a renovation based on plans from architect Shalom Baranes. The result is a modern workplace for District government that retains much of its historic flavor and texture.

Housed in the building are the Executive Office of the Mayor, the District Council, the Office of the Chief Financial Officer, and a number of other District agencies. The Wilson Building will serve the District for many years, while preserving a link to the past.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple programs/divisions, and it estimates how much it would cost an agency to continue its current programs/divisions and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. Please see the CSFL Development section within Volume 1: Executive Summary for more information regarding the methodology used and components that comprise the CSFL.

Workforce Investments' FY 2017 CSFL budget is \$0, which represents a \$17,815,276, or 100 percent, decrease from the FY 2016 approved Local funds budget of \$17,815,276.

CSFL Assumptions

Workforce Investments' CSFL funding for Other Adjustments reflects an adjustment for a decrease of \$17,815,276 to account for prior year funding of the FY 2016 COLA that is not carried forward because it is now included in each agency's budget.

Agency Budget Submission

Increase: The FY 2017 budget proposal for Local funds reflects an increase in the amount of \$18,025,000 to cover the Local funds portion of the estimated salary increases related to the Compensation and Reclassification Reform project as well as potential increases for certain small unions not approved as of January 2016.

Mayor's Proposed Budget

The mission of Non-Departmental is to budget for anticipated costs that were not allocated to specific agencies during the development of the proposed budget to ensure that specific use requirements are met.

Summary of Services

Use of a Non-Departmental account is a common practice to include specific costs in the budget, while providing the flexibility to project and allocate these costs. Use of Non-Departmental improves budget formulation by ensuring that certain use criteria are met by agencies before the funds are released to those agencies.

The agency's FY 2017 proposed budget is presented in the following tables:

| Description | FY 2015 Actual | FY 2016 Approved | FY 2017 Proposed | % Change from FY 2016 |
|------------------|-------------------|---------------------|---------------------|-----------------------------|
| OPERATING BUDGET | \$43,778,178 | \$48,413,196 | \$30,009,362 | -38.0 |

The mission of the Master Equipment Lease/Purchase Program (the program) is to provide District agencies with access to low cost, tax-exempt financing for short-term capital equipment needs. The program also enables the District to improve its asset/liability management by matching the useful life of the asset being financed to the amortization of the liability.

Equipment financed through the program must have a useful life of at least 5 years. The repayment (amortization) will not exceed the useful life of the equipment being financed. The maximum financing term that may be requested is 10 years. The program finances equipment such as rolling stock (e.g., automobiles, trucks, public safety vehicles) and computer hardware and software. Under the District of Columbia Home Rule Act, the District may issue various obligations to finance its capital needs.

Financing through the program begins with a financing company paying for the purchase of equipment for the District's use. The District makes lease payments to the financing company for such equipment, which are in effect principal and interest payments on the amount financed, and the District gains ownership of the equipment upon completion of the payments. As of September 30, 2015, the District had financed approximately \$526 million of its capital equipment needs through the program.

Timely payments are necessary to satisfy the District's commitments to its investors and creditors and to maintain a good credit standing in the financial markets. Appropriations for the program are budgeted from Local funds in amounts sufficient to meet the required payments.

Current Services Funding Level

The Current Services Funding Level (CSFL) is a Local funds ONLY representation of the true cost of operating District agencies, before consideration of policy decisions. The CSFL reflects changes from the FY 2016 approved budget across multiple programs, and it estimates how much it would cost an agency to continue its current programs and operations into the following fiscal year. The FY 2017 CSFL adjustments to the FY 2016 Local funds budget are described in table 5 of this agency's budget chapter. The Paygo Capital Fund's proposed FY 2017 CSFL budget is \$21,274,000, which is a decrease of \$175,000 from the FY 2016 approved Local funds budget of \$21,449,000.

CSFL Assumptions

The FY 2017 CSFL calculated for the Paygo Capital Fund included an adjustment entry that is not described in detail on table 5. - \$400,000 to the Department of Parks and Recreation's (DPR) General Improvements project; and
- \$236,000 to DPR's Park Improvement - Project Management project.

These increases are partially offset by decreases totaling \$13,010,000:

- \$2,590,000 from the Circulator Buses project;

Mayor's Proposed Budget

Enhance: In Local funds, the Paygo Capital Fund's budget increased \$2,500,000 for DDOT's Alley Rehabilitation project, \$2,814,000 for the Tree Planting project, and \$2,691,403 for the East End Medical Center project.

District Retiree Health Contribution

Table RH0-1

| Description | FY 2015 Actual | FY 2016 Approved | FY 2017 Proposed | % Change from FY 2016 |
|--------------------|---------------------------|-----------------------------|-----------------------------|--------------------------------------|
| OPERATING BUDGET | \$91,400,000 | \$95,400,000 | \$31,000,000 | -67.5 |

The mission of the District Retiree Health Contribution is to contribute to the funding of the District's other post-employment benefits (OPEB) liabilities.

District government retirees who were first employed after September 30, 1987 ("post-87") may obtain health insurance (pursuant to D.C. Code 1-622) and life insurance (pursuant to D.C. Code 1-623) from the District. The federal government is responsible for funding OPEB costs for District government retirees who were first employed prior to October 1, 1987 ("pre-87").

In 1999, the Council of the District of Columbia established the Annuitants' Health and Life Insurance Employer Contribution Trust Fund ("Trust Fund") to pay the District's portion of post-87 retirees' health and life insurance premiums. Through FY 2007, the District contributed to the Trust Fund from available funds. Beginning in FY 2008, the Governmental Accounting Standards Board requires state and local governments, including the District, to recognize any OPEB liability in their financial statements. The District is budgeting an actuarially determined annual OPEB contribution to gradually reduce its unfunded accrued liability. The proposed budget of the District Retiree Health Contribution represents the District's FY 2017 contribution to the funding of its OPEB liabilities.

The District passed permanent legislation effective in FY 2011 changing the calculation of its contribution to the cost of health, vision and dental insurance premiums for retirees and their dependents to a scale based on the amount of creditable service of the retiree. The District's contribution to the cost of any health benefits plan under the District of Columbia Health Benefit Plan (DCHB) shall be a maximum amount equal to 72 percent for any retiree. It also passed permanent legislation setting the District contribution at 72 percent of the cost of selected health benefit plans for eligible spouses and dependents of police officers and fire fighters who retired after being injured in the line of duty or who were killed in the line of duty. In FY 2013, District's maximum contribution for the cost of healthcare for retirees increased to 75 percent, similar to the contribution for all current employees.

The agency's FY 2017 proposed budget is presented in the following tables:

Note: Prior year actuals are not reported for the District of Columbia Water and Sewer Authority (WASA), also known as DC Water, because the agency does not use the District's financial system for its actual transactions.

The vision of the District of Columbia Water and Sewer Authority (DC Water) is to be a world-class water utility, with the mission to exceed expectations by providing high quality water services in a safe, environmentally friendly, and efficient manner.

History: In 1996, the District of Columbia Water and Sewer Authority was created by District law, with the approval of the United States Congress, as an independent authority of the District government with a separate legal existence. In June 2010, the agency adopted a new logo and brand name, DC Water, while its official name remained District of Columbia Water and Sewer Authority. Beginning in FY 2013, for accounting purposes, DC Water was no longer reported as a component unit of the District government.

Governance: DC Water's Board of Directors establishes policies and guides the strategic planning process. The Board is composed of eleven members and eleven alternates, representing the District, Montgomery and Prince George's Counties in Maryland, and Fairfax County in Virginia. District members establish policies, set rates and charges for District services. The entire Board votes and establishes policies for joint-use services. The General Manager/CEO reports to the Board and manages the operations and performance of the enterprise.

The DC Water's FY 2017 Board-approved budget is presented in the following tables:

| | Actual | Approved | Proposed | from FY 2016 |
| OPERATING BUDGET | \$0 | \$62,727,720 | \$59,769,966 | -4.7 |

Note: Prior year actuals are not reported for the Washington Aqueduct because the agency does not use the District's financial system for its actual transactions.

The mission of Washington Aqueduct is to collect, purify, and pump an adequate supply of portable water to the distribution system managed by the District of Columbia Water and Sewer Authority (DC Water), Arlington County, and Fairfax County Water Authority (Fairfax Water), in Virginia.

The agency plans to fulfill its mission by achieving the following strategic goals:

- Provide an adequate supply of high quality potable water;
- Provide potable water at an equitable, economical rate that covers all costs; and
- Protect the drinking water consumer from both microbial risk and adverse health effects due to chemicals in the drinking water.

Washington Aqueduct owns and operates intake facilities on the Potomac River at Great Falls and Little Falls, Maryland. Washington Aqueduct also owns and operates two 10-mile gravity conduit systems with a combined 200 million gallon per day (mgd) capacity, a 525-mgd raw water pumping station and transmission system, two major treatment plants with 320-mgd capacity, three booster pumping stations, a 480-mgd finished water pumping station, seven finished storage reservoirs, and many large diameter transmission mains.

Washington Aqueduct is owned and operated by the U.S. Army Corps of Engineers and is governed by a Wholesale Customer Board. It sells water to three wholesale customers: DC Water, Arlington County, Virginia, and Fairfax County Water Authority, in Virginia.

In FY 2015, Washington Aqueduct pumped 50.6 billion gallons of purified water to its customers, an increase of 5.6 percent from FY 2014. This increase may indicate a bottoming of the decline in water demand over the last few years. The FY 2014 to FY 2015 increase is likely a result of the growth in the population served. In Fiscal Years 2016 and 2017, Washington Aqueduct is projecting the same pumpage as in FY 2015.

Washington Aqueduct does not receive appropriated funding from the District of Columbia or the federal government.

DC Water funds the District of Columbia's portion of the costs of the Washington Aqueduct. As a whole-sale customer, DC Water purchases potable water and makes payments to Washington Aqueduct based on the number of gallons provided. Washington Aqueduct charges a rate based on water sale agreements with DC Water, Arlington County, and Fairfax County Water Authority. The individual wholesale customers are responsible for water distribution.

Water Quality

Water being produced by Washington Aqueduct treatment plants has consistently met and surpassed all Environmental Protection Agency (EPA) drinking water standards.

The agency's FY 2017 proposed budget is presented in the following tables:

Since its inception in 1982, DCLB has contributed over \$1.8 billion to the District's General Fund. The DCLB annual transfer to the General Fund remains a vital component in aiding the city's economy, thereby benefiting all residents of the District of Columbia. The DCLB directly benefits its players by paying out more than 50 percent of annual sales in prize money. It also directly benefits local businesses by providing commissions to retailers licensed to sell D.C. Lottery games and offering contracting opportunities.

The mission of the District of Columbia Retirement Board (DCRB) is to invest prudently the assets of the police officers, firefighters, and teachers of the District of Columbia, while providing those employees with retirement services.

Summary of Services

DCRB is an independent agency that has exclusive authority and discretion to administer the District's retirement funds for teachers, police officers, and firefighters (hereinafter referred to as the "Fund") pursuant to Section 1-711(a) of the District of Columbia Official Code. In 2005, the responsibility of administering the teachers', police officers' and firefighters' retirement programs was transferred to DCRB.

The federal government assumed the District's unfunded liability for the retirement plans of teachers, police officers, firefighters, and judges under provisions of the National Capital Revitalization and Self-Government Improvement Act of 1997. Under this law, the federal government pays the retirement benefits and death benefits, and a share of disability payments, for members for years of service earned up to the freeze date of June 30, 1997. The District of Columbia government is responsible for all subsequently earned benefits for the members of the retirement plans.

The DCRB Board of Trustees is comprised of 12 voting trustees: 3 appointed by the Mayor, 3 appointed by the District Council, and 6 elected by employee participation groups. In addition, the District's Treasurer serves on the Board as an ex-officio member, representing the District's Chief Financial Officer.

Increase: The proposed budget includes an increase of \$5,714,300, to support the following: \$5,393,500 for professional services fees associated with the Pension Information Management System (PIMS) and the Data Quality Assurance project for the eventual hosting and maintenance of members' information; \$200,000 to cover DCRB's share of the maintenance expenses for the U.S. Department of Treasury's STAR (System to Administer Retirements); and \$120,800 to support IT software and hardware costs for new system implementations. PIMS is a multi-year project that will require collaboration with other District agencies and other stakeholders and will enable DCRB to provide a full range of retirement services for members including benefit statements, benefit estimates, member self-service, and pension payments. Additionally, personal services costs increased by \$1,120,524 to cover projected salaries and Fringe Benefits for 7.0 new Full-Time Equivalents (FTEs) in the Agency Management program, of which, 4.0 FTEs will support the retirement modernization project, 2.0 FTEs will support member services, and 1.0 FTE will support legal services. Lastly, the increase of \$1,100 is to support additional Telecommunication fixed costs.

Decrease: The proposed budget includes decreases of: \$4,930 in Supplies and Materials due to the removal of duplicate publications and subscriptions; \$18,000 in Security Services to align costs with actual expenses; and \$19,000 in Overtime costs as a result of staff hires in the Benefits department, thereby reducing the need for overtime.

The mission of Events DC is to promote the District as a location for conventions, trade shows, meetings, sports, entertainment and recreational events; promote tourism and leisure travel to the District; and encourage and support youth activities, including through sports. Through these activities, Events DC serves as an economic engine for the Nation's Capital.

Summary of Services

In 1994, the Washington Convention Center Authority (WCCA) was created as a corporate body and an independent authority of the District of Columbia government responsible for managing and operating the District's convention center and for bringing national and international conventions, trade shows, and meetings to the District of Columbia. ["Washington Convention Center Authority Act of 1994," D.C. Law 10-188, effective September 28, 1994]. Pursuant to the Fiscal Year 2010 Budget Support Second Emergency Act of 2009 and the Fiscal Year 2010 Budget Support Act, the District of Columbia Sports and Entertainment Commission was merged into WCCA to form a new organization known as the Washington Convention and Sports Authority (WCSA). The merger created one umbrella organization with a broadened charter to also promote the District as a key sports, entertainment and special events destination. Also, as part of the merger, WCSA gained control over the Nationals Park, the Robert F. Kennedy Memorial Stadium (RFK), and the non-military portions of the DC Armory. Facility maintenance for RFK and the Armory, previously performed by the D.C. Sports and Entertainment Commission, was assumed by the Department of Real Estate Services, now the Department of General Services.

In June 2011, the Washington Convention and Sports Authority launched a new brand name, “Events DC.” The new brand entity fully encompasses the event experience in the city, elevates the organization’s core assets and portfolio, and perhaps most importantly, aligns with the existing brands for Washington D.C. and the city’s promotional arm, Destination DC.

Events DC is governed by a 12-member Board of Directors. Three members, including the Chief Financial Officer of the District, the chief executive of the Hotel Association of Washington D.C., and the third person designated by the Mayor, serve as voting ex-officio members. The remaining nine public members are appointed by the Mayor with the advice and consent of the Council of the District of Columbia and represent certain sectors of the community. The Mayor designates one public member as chairperson with the advice and consent of the Council.

Program Description

Although it appears as a single program in the District's financial system, the Washington Convention and Sports Authority operates through the following 3 programs:

Washington Convention Center Operations – provides for the operation of the Walter E. Washington Convention Center, in whole or in part, directly or under contract, and engages in such activities as deemed appropriate to promote trade shows, conventions, and other events. This program also constructs, equips, and maintains the facility.

The convention center opened in April 2003 and was later named in honor of the first Mayor of the District under the present Home Rule Charter. Since opening, it has hosted the following number of events per fiscal year:

| <u>Fiscal Year</u> | <u>Convention Center Events</u> |
|--------------------|---------------------------------|
| 2004 | 201 |
| 2005 | 185 |
| 2006 | 106 |
| 2007 | 150 |
| 2008 | 185 |
| 2009 | 204 |
| 2010 | 214 |
| 2011 | 231 |
| 2012 | 201 |
| 2013 | 209 |
| 2014 | 204 |
| 2015 | 233 |

A total of 13.08 million people attended events at the Convention Center during the period of FY 2004 through FY 2015. Currently, the Convention Center has booked or tentatively booked approximately 400 events from 2016-2018. These events are projected to attract 1 million attendees every year. The Center has a total of 2.3 million square feet of space, including 703,000 square feet of exhibit space; 118,670 square feet of meeting space (which is divisible into 77 meeting rooms); 44,000 square feet of retail space and street-level restaurants; and a 52,000 square-foot ballroom, which is one of the largest on the East Coast.

Sports and Entertainment Division – promotes attractions and the development of new events for the Robert F. Kennedy Memorial Stadium and the surrounding festival grounds, non-military events at the District of Columbia Armory, and sporting and entertainment events at other sites around the city. These events include the D.C. United Major League Soccer team, the Eagle Bank Bowl football game, Nations Football Classic, local athletic games, various concerts, and other events. The Department of General Services maintains the stadium and the armory through revenue collected from events, rent, advertising, and other sources of revenue derived from these facilities.

Carnegie Library at Mount Vernon Square – as a special event venue, the Carnegie Library showcases its versatility by hosting galas, weddings, receptions, holiday parties, and press events. The Library is comprised of seven ornate rooms, including the L'Enfant Map Room, which features an illuminated floor map of Washington, D.C.

FY 2017 Proposed Budget Changes

The Washington Convention and Sports Authority's (WCSA) proposed FY 2017 gross budget is \$146,958,776, which represents a 9.1 percent increase over its FY 2016 approved gross budget of \$134,670,491. The budget is comprised entirely of Enterprise and Other funds.

Agency Budget Submission

Increase: WCSA's budget proposal reflects an increase of \$6,651,383 for contractual services, specifically to support the implementation of short and medium-term strategic initiatives; additional property insurance for the Convention Center building; contract escalators; and program enhancements for the human resource department, to include employee wellness programs, training, recruitment, and engagement benefits. The proposed budget also includes an increase of \$4,512,000 to support a 5-year Capital Budget Plan and new strategic initiatives.

In order to align personal services and Fringe Benefits with projected costs, the proposed budget increased by \$4,350,124. The increase provides funding for 15 positions at the Event Center to support the Special Events division, and 7 positions for Convention Center operations to meet the significant increase in event programming in the years ahead. Additionally, the funding supports additional part-time and causal employees that will be hired to enhance public safety and event services.

The proposed budget increased by \$948,022 to align Fixed Costs with proposed estimates related to the DC Water Clean Rivers Impervious Area charge and Storm Water fee. Of this amount, \$9,825 will support an irrigation system for the Carnegie Library. Finally, the proposed budget is adjusted for an increase of \$36,000 to support security equipment purchases and transportation costs for the new hires.

Decrease: The proposed budget decreased by \$35,759 to align the budget with FY 2017 projections for scheduled debt service payments. Additionally, a reduction of \$4,173,485 reflects nonrecurring budget items in FY 2017. The funding was appropriated in FY 2016 for payments related to marketing and promotions.

Mayor's Proposed Budget

No Change: The Washington Convention and Sports Authority's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

The Housing Financing Agency issues taxable and tax-exempt mortgage revenue bonds to lower the costs of financing single-family housing and of acquiring, constructing, and rehabilitating rental housing. In addition, HFA administers the issuance of four percent low-income housing tax credits to achieve its affordable housing preservation, rehabilitation, and development objectives on behalf of the Department of Housing and Community Development (DHCD).

Program Description

Although the Housing Finance Agency appears as a single entity in the District's financial system, it operates through the following 3 programs:

Multi-Family Development – provides tax-exempt and taxable bonds, tax credits, and McKinney Act Savings Loan funds as financial tools that are integral to development of the community's ability to provide affordable, safe and decent housing to low-income and special needs populations. The multi-family mortgage revenue bond and tax credit products serve as vehicles for developers to access low-cost institutional debt and equity tools that enhance return on investment. When combined with 4 percent Low-Income Housing Tax Credits and other subsidies, the HFA's mortgage revenue bond product, which is offered in enhanced structures, provides competitive, below-market rate pricing and helps to preserve, rehabilitate, or construct affordable and mixed-income housing in the District.

This program contains the following 2 activities:

- **Technical Assistance** – provides technical assistance on all aspects of underwriting to developers who produce affordable housing, and acts as facilitators with city and federal government agencies to help expedite the permitting process and other approvals. In addition, HFA's staff provides ongoing construction monitoring to ensure construction is successfully completed and properly managed; and
- **Financing Assistance** – provides several financing programs, including the Multi-family Mortgage Revenue Bond Program, Low-Income Housing Tax Credit Program, and McKinney Act Savings Loan Fund. Depending on a project's eligibility, tax-exempt bonds, taxable bonds or low-interest loans can be used for pre-development activities, as well as the acquisition, construction and renovation of multifamily buildings. Financing can be used for the rehabilitation or construction of rental housing, cooperatives, assisted-living facilities, and transitional housing.

Single Family Development – provides low-interest mortgages for persons purchasing a home in the District at or below the national and local conventional rates.

This program contains the following 2 activities:

- **Homebuyer Assistance** – provides 30-year fixed rate mortgages and assistance with down payment and closing costs, as funds are available; and
- **Homeownership Education** – provides regular seminars and community outreach in an effort to empower persons seeking to become homeowners in the District. Through the HFA, information is made available to residents on the Single Family Bond products, financing options, the District government’s employer assistance program, tax credits, tax abatements, the Home Purchase Assistance Program(HPAP), other programs to help with closing costs, and other incentives for homebuyers.

Home Saver Program – is a U.S. Treasury Hardest Hit Fund Initiative, which is federally funded and provides forgivable mortgage loans to homeowners of the District of Columbia who are at risk of foreclosure and who have experienced involuntary job loss.

Program Structure Change

The Housing Finance Agency has no program structure changes in the FY 2017 proposed budget.

Program Description

The District of Columbia Public Library Trust Fund operates through the following program:

Library Trust Funds – for accounting purposes, agency trust funds are classified as fiduciary funds that show assets held by the District in a trustee capacity or as an agent for individuals, private organizations, and other governments. Such trust funds are custodial in nature, reporting only assets and liabilities. Since fiduciary funds cannot be used for the operations of the government, they are not included in the District's government wide financial statements. Prior to FY 2005, the budget authority for agency trust funds was included in the operating budgets of the agencies that administered them. Since FY 2005, these trust funds have been shown as separate budget agencies so that the District's budget structure would show these trust funds in a manner consistent with their presentation in the District's CAFR.

This program contains the following 2 activities:

- **Theodore W. Noyes Trust Fund** – is comprised of a bequest of \$7,000; and
- **The Georgetown Peabody Trust Fund** – is comprised of a bequest of \$10,000. The Peabody Library Association of Georgetown provided the funds by deed, gift of securities, cash, and other valuables in 1979, to support the Georgetown library branch and for other designated purposes.

Program Structure Change

The District of Columbia Public Library Trust Fund has no program structure changes in the FY 2017 proposed budget.

| OPERATING BUDGET | \$118,777,731 | \$235,000,000 | \$194,147,200 | -17.4 |

The Unemployment Insurance Trust Fund, administered by the Department of Employment Services (DOES), represents the proceeds from unemployment taxes paid by private sector employers and reimbursements from the District and federal governments deposited in the Unemployment Trust Fund (the “Fund”). The Fund is used to pay benefits for private and public sector employees during periods of unemployment. Payments include transfers to other governments to reimburse unemployment benefits paid to District residents.

Trust funds are fiduciary funds that are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, and other governments. Such trust funds are custodial in nature, reporting only assets and liabilities. Because fiduciary funds cannot be used for the operations of the government, they are not included in the District's government-wide financial statements.

Prior to FY 2005, these agency trust funds were included in the operating budgets of the agencies that administered the trust funds. The District created a separate agency fund in FY 2005 so that the District's budget structure would report these trust funds pursuant to the District's accounting structure. The Unemployment Insurance Trust Fund was separated from the DOES budget for improved fiscal transparency and to enable the District's budget format to more closely follow the presentation of the Comprehensive Annual Financial Report.

Program Description

The Tax Increment Financing Program operates through the following program:

Tax Increment Financing – provides budget authority pursuant to the Tax Increment Financing Act of 1998, which established a TIF program and authorized the issuance of up to \$300 million in debt to support economic development projects that would not be developed "but for" public financial assistance. The initiative was reauthorized by the Tax Increment Financing Reauthorization Act of 2002, which included an increase in TIF authority to a total of \$500 million. In addition, the District Council approved other project-based tax-supported revenue bonds, including Tax Increment Financings, outside the scope of the TIF Act.

This program contains the following 7 projects:

- **Gallery Place** – a mixed-use project that opened in the summer of 2004 and has an estimated debt service payment of \$4,312,750;
- **The Mandarin Oriental Hotel** – opened in March 2004 and has an estimated debt service payment of \$4,504,125;
- **Verizon Center** – funded arena improvements to be repaid using an incremental tax of 4.25 percent on merchandise and tickets sold at the venue, with an estimated debt service payment of \$3,550,423;
- **City Market at O Street** – a mixed-use development project under construction that has an estimated debt service payment of \$2,170,531;
- **Special Retail and Great Streets** – smaller TIF financings issued under a special retail TIF program in the downtown area and retail or mixed-use projects located in Great Streets areas. Estimated debt service for debt issued under these programs is \$1,928,359, which includes \$140,773 from the Downtown TIF reserve;
- **Convention Center Hotel** – the project opened in May of 2014 and has an estimated debt service of \$10,024,230; and
- **Waterfront Park Maintenance Fund** – has been established to deposit sales tax revenues and special property assessments attributable to the Waterfront Park Retail Area in order to pay the Capitol Riverfront BID for costs of maintaining “Yards Park.” In FY 2017, these funds are estimated to be \$478,430.

In addition, the budget includes estimated debt service for the following projects under construction in FY 2016:

- **Skyland** – a mixed-use development project with an estimated debt service payment of \$2,400,000 to be paid from capitalized interest; and
- **Fort Lincoln Phase II** – a retail strip mall in Ward 5 with an estimated debt service of \$537,972.

For certain projects, a revenue contingency totaling \$24,848,767 is budgeted if projected revenues are higher than minimum debt service payments, in accordance with the bond agreements. Depending on the structure of bond documents, such additional revenues may be used to pre-pay principal on TIF financings, reserved for future debt service payments, or returned to the District’s General Fund. For FY 2017, the District is expected to be entitled to refunds from the Gallery Place and Mandarin bond trustees totaling \$9,999,445. This is the amount by which estimated tax increments from the Gallery Place and Mandarin projects exceed scheduled bond debt service. This will be funded within the revenue contingency budget.

The Tax Increment Financing (TIF) Program has no program structure changes in the FY 2017 proposed budget.

FY 2017 Proposed Budget Changes

The Tax Increment Financing (TIF) Program's proposed FY 2017 gross budget is \$54,755,587, which represents a 21.8 percent decrease from its FY 2016 approved gross budget of \$70,006,229. The budget is comprised entirely of Enterprise and Other Funds - Dedicated Taxes.

Agency Budget Submission

Decrease: The proposed budget for Tax Increment Financing includes a net decrease of \$15,250,642 primarily in Subsidies and Transfers, to align the budget with projected tax revenues and the latest revenue estimates provided by the Office of Revenue Analysis.

The decrease of the budget is primarily attributable to the following:

- Two TIF projects under the Special Retail and Great Streets program no longer require budgeted debt service. This is due to loan repayment for one project and cancellation of the note for the other project;
- The Southwest Waterfront (The Wharf) is categorized as a Payment in Lieu of Taxes (PILOT) borrowing and has now been budgeted in the Repayment of PILOT Financing budget chapter (TY0); and
- The FY 2016 budget included fund balance from the H Street Retail Priority Area to be transferred to the General Fund in the amount of \$12,750,000. The FY 2017 budget does not include this expense.

Mayor's Proposed Budget

No Change: The Tax Increment Financing Program's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.

Repayment of PILOT Financing is a program through which the District provides economic development project funds by borrowing against the future receipts from Payment-in-Lieu-of-Taxes (PILOT).

A PILOT payment on debt issued under the District's PILOT Act equals the amount the property owner would otherwise pay in property taxes, based on the assessed value of the property. The repayment of the borrowing against this future PILOT revenue is budgeted in this program. This borrowing is similar in concept to Tax Increment Financing, in which the District borrows against future tax receipts and uses the proceeds to spur economic development.

In addition, the program budget contains a contingency of \$7,795,757 if projected PILOT revenues are higher than minimum debt service and must be paid to the bond holder, or returned to the District for AWI capital projects, in accordance with bond agreements. This amount includes \$800,000 of trust account balance available for AWI capital projects. Of the total amount, an estimated \$2,800,000 is anticipated to be returned to the General Fund for Anacostia Waterfront capital projects.

Note: Prior year actuals are not reported for the Not-For-Profit Hospital Corporation because the agency does not use the District's financial system for its actual transactions.

The mission of the Not-For-Profit Hospital Corporation (NFPHC) is dedicated to the health and well-being of individuals and communities. NFPHC will be an efficient, high value, patient-focused provider of high-quality healthcare to improve the lives of District residents. NFPHC will employ innovative approaches that yield excellent experiences and will empower healthcare professionals as they work to care for patients. NFPHC will pursue this vision through collaboration with other providers and as part of a larger District-based delivery system.

NFPHC, commonly known as United Medical Center (UMC) and United Medical Nursing Center, is an independent District instrumentality, created by legislation adopted by the Council of the District of Columbia. It provides inpatient, outpatient, psychiatric, and emergency care, and a skilled nursing facility (SNF). NFPHC is located east of the Anacostia River in the Southeast section of Washington, D.C. Its primary service market includes residents of Wards 7 and 8 and the state of Maryland's Prince George's County. Approximately 80 percent of United Medical Center's hospital admissions were paid for by the public programs Medicare or Medicaid.

NFPHC is governed by a 14-member Board of Directors, 11 of whom are voting members and three of whom are non-voting members. Six members are appointed by the Mayor and three members are appointed by the Council of the District of Columbia. The Chief Financial Officer of the District, or his or her designee, and a representative of the entity maintaining the largest collective bargaining agreement with the corporation serve as ex officio voting members. The Chief Executive Officer and Chief Medical Officer of NFPHC and the President of the District of Columbia Hospital Association serve as non-voting ex officio members.

The Board of Directors of NFPHC adopted a new Strategic Vision and Plan on August 2, 2013, and this Plan was approved by the Mayor and endorsed by the District Council. The Council in that endorsement urged the Board and the Executive to carry out the Plan, including recommendations from Huron Consulting, “swiftly.” Five major areas within this plan of focus remain:

- Align with a partner(s) and position UMC to thrive under healthcare reform;
- Achieve financial stability;
- Recruit, deploy, and retain talented and enthusiastic personnel focused on providing excellent patient experiences;
- Achieve superior quality and patient safety outcomes; and
- Contribute to overall health within the communities that UMC serves.

The NFPHC has made several advancements with regard to financial stability and recruiting highly qualified personnel. These advancements have seen the quality measures increase over the last three years. The Hospital continues to work with local officials to align with a partner and position UMC to thrive under healthcare reform.

The mission of the D.C. Health Benefit Exchange Authority is to implement a health care exchange program in the District of Columbia in accordance with the Patient Protection and Affordable Care Act, thereby ensuring access to quality and affordable health care to all District of Columbia residents.

Summary of Services

In March of 2010, the Patient Protection and Affordable Care Act of 2010 was signed into law with the central goal of ensuring that all Americans have access to quality, affordable health care. In 2014, significant health insurance reforms were implemented including the establishment of Health Benefit Exchanges nationwide. The D.C. Health Benefit Exchange Authority is a quasi-governmental agency of the District of Columbia government charged with implementing and operating the District's Health Benefit Exchange. The Health Benefit Exchange operates DC Health Link, an online marketplace for District residents and small businesses to compare private health insurance plans, learn if they are eligible for tax credits or subsidies to purchase private insurance or qualify for public health programs such as Medicaid, and enroll in a health plan that best meets their needs. The Health Benefit Exchange enables individuals and small businesses and their employees to find affordable and easier-to-understand health insurance. The District of Columbia Health Benefit Exchange Authority is now in its third year of operation and concluded its third open enrollment period for people purchasing individual insurance on January 31, 2016.

FY 2017 Proposed Budget Changes

The Health Benefit Exchange Authority's proposed FY 2017 gross budget is \$34,521,266, which represents a 6.2 percent increase over its FY 2016 approved gross budget of \$32,513,186. The budget is comprised entirely of Enterprise and Other funds.

Agency Budget Submission

The Health Benefit Exchange (the Exchange) supports the primary goals of the Affordable Care Act, which was signed into law in March of 2010. DC Health Link opened for business on October 1, 2013. From Oct 1, 2013 to February 8, 2016, the Exchange has served more than 200,000 people: 33,379 District residents enrolled in private health insurance; 26,249 people (including Congress) obtained health insurance coverage through the SHOP marketplace, and 147,567 people have been found eligible for Medicaid. To continue to expand health coverage in the District, the Exchange proposes the following adjustments to its FY 2017 budget:

Increase: The Exchange's proposed budget for personal services reflects an increase of \$2,157,800 to support an additional 19.0 Full-Time Equivalents (FTEs) allocated across multiple programs. Of these FTEs, 14.0 positions are allocated in the IT Related Operations program to support and improve the operability of DC Health Link, which provides an on-line health insurance marketplace for small businesses and their employees and District residents to find, compare, and select the insurance policy that best meets their needs. The other 5.0 FTEs are allocated across multiple programs. The personal services budget also increased by \$610,991 across multiple programs, primarily for Fringe Benefits adjustments. Fixed Costs are expected to increase by \$321,263, and includes \$214,965 in rent for the L'Enfant Plaza location in S.W. Washington, DC and \$106,298 in telecommunication charges. An increase of \$112,541 in nonpersonal services across multiple programs aligns the budget with projected expenditures and provides additional support to the IT Related Operations program.

Decrease: The agency's proposed budget reflects a net decrease of \$1,194,517 in Contractual Services, which aligns the budget with projected expenditures. The adjustment is a result of realized savings across multiple programs, primarily from call center operations, the certification process, eligibility determination and appeals, and provider directory contracts, partially offset to support the increased needs of Information Technology Operations.

Mayor's Proposed Budget

No Change: The Health Benefit Exchange Authority's budget proposal reflects no change from the agency budget submission to the Mayor's proposed budget.
