**SUBJECT: Report of Variances between Actual Agency Expenditures and Obligations
and Approved Spending Plans through the Third Quarter of FY 2023**

Dear Mayor Bowser and Chairman Mendelson:

Pursuant to D.C. Code §47-355.05(a), I am providing this summary report on the variances between actual agency expenditures and obligations and their approved spending plans through the third quarter of Fiscal Year 2023. This summary report is divided into two sections: the Operating Budget and the Capital Improvements Program Budget. Each section includes observations of the Chief Financial Officer and Agency Fiscal Officers, jointly reported as “OCFO Observations.” The enclosed data reports similarly cover the Operating Budget and the Capital Improvements Program, and agencies in each report are grouped by Council committee, to comport with §47-355.05 (a-1).

A. Operating Budget

The enclosed report entitled Third Quarter Planned Spending Compared to Actual Spending – Operating Budget includes a detailed comparison of each agency’s actual expenditures, obligations and commitments to their approved spending plan, by appropriated fund.

There are two types of anti-deficiency violations:

Type 1

Year-to-date expenditures, obligations, and commitments exceed their spending plans by more than the thresholds:

- a. Variance is greater than 5 percent, and/or
- b. Variance is greater than \$1 million.

The thresholds are defined in the Anti-Deficiency Act for determining possible anti-deficiency violations that the Chief Financial Officer refers to the Board of Review for Anti-Deficiency Violations (BRADV).

Type 2

The total spending plan is not aligned with the revised budget in DIFS, the District's financial system of record.

The enclosed report shows a "1" on rows in the next-to-last column labeled "Deficiency" for those agency appropriated funds that were considered a type 1 violation. The last column of the enclosed report labeled "SPIN" shows a "2" on rows of those agency appropriated funds that were considered a type 2 violation.

OCFO Observations

These observations are of spending and obligation patterns and steps being taken to assure spending remains within the approved budget.

The report covered 139 agencies; however, eight agencies are excluded because either DIFS is not their system of record, or it is not a budgetary agency. A total of four agencies had violations involving one or more funds each, as follows:

- Four agencies' actual expenditures, obligations, and commitments exceeded their spending plan by more than the threshold of \$1 million or 5 percent for one or more funds, a type 1 violation.
- Three agencies had a Type 2 violation this quarter.
- Three agencies had Types 1 and 2 violations this quarter.

In all cases of violation, the OCFO reviewed corrective actions and confirmed that the actions were completed or in the process of being completed. All agencies expect their spending to remain within the approved budget by fiscal year-end.

The OCFO notified the BRADV of these findings and the corrective actions taken by the agencies.

B. Capital Improvements Program

The enclosed report entitled Third Quarter FY 2023 Planned Capital Spending Compared to Actual Spending, by Agency and Project includes a detailed comparison of each agency's actual expenditures compared to their approved spending plan, by project rather than by appropriated fund. Otherwise, the format of the report and the variance calculations follow those of the Operating Budget.

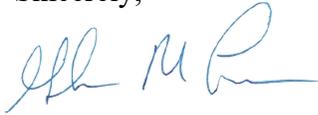

OCFO Observations

The report on the Capital Improvements Program covers 1,300 of the District's capital projects (which includes Highway Trust fund) across 44 agencies that had expenditures in the third quarter of FY 2023. The actual year-to-date expenditures, obligations, and commitments for the 1,300 projects were within their year-to-date approved spending plan or exceeded the spending plan by less than the threshold amounts.

The OCFO notified the BRADV of these findings and the corrective actions taken by the agencies.

Members of my staff are available to assist you with any questions about this report. For further information, please contact Eric M. Cannady, Deputy Chief Financial Officer for Budget and Planning, at 727-1239.

Sincerely,

A handwritten signature in blue ink, appearing to read "Glen Lee".
