GOVERNMENT FINANCE OFFICERS ASSOCIATION

*Distinguished
Budget Presentation
Award*

PRESENTED TO

District of Columbia Government

District of Columbia

For the Fiscal Year Beginning

October 1, 2016

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to District of Columbia Government, District of Columbia, for its annual budget for the fiscal year beginning October 1, 2016. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. This award is the seventeenth in the history of the District of Columbia.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

Transmittal Letters

MURIEL BOWSER
MAYOR

April 4, 2017

The Honorable Phil Mendelson
Chairman
Council of the District of Columbia
1350 Pennsylvania Avenue, NW
Washington, DC 20004

Dear Chairman Mendelson:

On behalf of the residents of the District of Columbia, I am pleased to submit to you the District of Columbia Fiscal Year 2018 Budget and Financial Plan, "DC Values in Action." This proposal is the District of Columbia's twenty-second consecutive balanced budget. It invests in residents ensuring they have a *roadmap to inclusive prosperity*. For the third year, I heard from residents before I finalized my budget: through a series of budget engagement forums, residents shared their ideas and concerns about education, public safety, affordable housing, jobs and economic development, and health and human services. From these discussions I finalized the FY 2018 Budget and Financial Plan.

The budget before you reflects the ideas and priorities of District residents and delivers on the commitment of a *roadmap to inclusive prosperity*. From again investing \$100 million in the Housing Production Trust Fund to allocating over \$1 billion in full-scale school modernizations, this budget continues to move the District of Columbia forward. This budget also maintains critical investments to build a safer, stronger DC and to ensure our residents have access to job training programs that keep them on the pathway to the middle class. Below, I have highlighted a few of the key investments proposed in the FY 2018 Budget and Financial Plan.

High-Quality Education

Rising enrollment in our traditional public and public charter schools, and increasing student achievement, demonstrate that school reform in the District is working. The FY 2018 budget makes the largest investment in public education in the history of the District of Columbia:

- Committing an additional \$105 million to increase the per student rate and meet the needs of a growing student body;

- Increasing charter school facilities by 2.2% to \$3,193/student for non-residential charter programs and \$8,580/student for residential charter schools;
- Improving technology to help parents navigate and engage in public education, specifically the parent portal for DCPS; extending MySchoolDC for mid-year entries and transfers; and, launching a new MyChildCareDC site;
- Increasing University of the District of Columbia (UDC) and the Community College of the District of Columbia funds for the staff and programs by \$5.7 million;
- Expanding and improving Child Care by \$15 million. Potential sites include UDC's Flagship Campus (4200 Connecticut Ave NW), UDC's Community College Campus (5171 S. Dakota Ave NE), UDC's Community College Campus Headquarters (801 North Capitol St NE), and the Deanwood Recreation Center (1350 49th St NE);
- Transferring \$4.9 million of former DC Children and Youth Investment Trust Corporation (CYITC) funds to the Office of the Deputy Mayor for Education (DME) for out-of-school-time programming; and,
- Investing \$1.3 billion for school modernization over 6 years to ensure that schools in line for modernization under established, defined criteria are budgeted for necessary improvements.

Safer, Stronger DC

The District is committed to ensuring that those in all neighborhoods feel—and are—safe, providing an environment in which residents and businesses can thrive. To that end, the FY 2018 budget includes the following investments:

- \$11.7 million in enhancements focused on recruiting and retaining MPD officers, as well as ensuring that as many officers as can be are returned to patrol-related duties. This will be accomplished through: a new public relations campaign; expansion of the police cadet program; expanded housing assistance and student loan forgiveness for officers; and further civilianization of administrative positions;
- \$2.3 million for the creation of a *Returning Citizens Portal* to be managed by the Department of Corrections. This will be a physical office offering services from various agencies to help returning citizens successfully transition back into the community. Vital post-release services include: housing, employment, education, health care, job training and placement, and substance use/mental health;
- \$1 million for the establishment of a nurse triage collaborative pilot program between Fire and Emergency Medical Services (FEMS) and the Office of Unified Communications (OUC) with a goal to improve access to medical services for callers into 911 by offering nurses who can speak to non-emergency callers and help them make an appointment at a same-day clinic;
- \$20 million for essential upgrades to 311/911 hardware and software, including major upgrades to our secondary facility on McMillan Drive NW;
- \$42.2 million for the purchase of new MPD fleet vehicles; and,
- \$87.7 million for the purchase of new FEMS fleet vehicles, and \$45 million for the construction of a new fleet maintenance facility.

Affordable Housing

My Administration is committed to producing, preserving and protecting affordable housing in the District of Columbia. This is demonstrated in this budget through the commitment of another \$100 million contribution to the Housing Production Trust Fund. This investment will continue our shared goal to support grants and loans, thus yielding more affordable housing for DC families.

Additionally, this budget provides additional funds for the below projects' affordable housing components:

- \$14 million for the redevelopment of Walter Reed;
- \$103 million for the redevelopment of St. Elizabeths; and,
- \$85 million for the New Communities initiative.

Pathways to the Middle Class

Maintaining a strong, diverse, and resilient District of Columbia requires that every resident has a fair shot, and a pathway to the middle class. We accomplish this by supporting our most vulnerable families and residents; providing job training that leads to real employment opportunities; and by nurturing our small businesses to ensure their growth and success. Some ways the FY 2018 Budget provides Pathways to the Middle Class are:

- Continuing the District's investment in our youth through the Mayor Marion Barry Summer Youth Employment Program by budgeting more than \$20 million;
- Serving as a regional leader by again fully funding the District's share of the WMATA budget, adding a new express bus line on 14th Street NW in Wards 1 and 4, and expanding capacity of existing bus service in Wards 7 and 8;
- Ensuring that the Department of Small and Local Business Development's Certified Business Enterprise system continues to help our local businesses grow and obtain government contracts, and work on government funded projects by fully funding the program with \$0.9 million;
- Funding \$16.8 million towards the Washington D.C. Infrastructure Academy at Saint Elizabeths East Campus. This new facility will focus on occupational skills training and work-based learning initiatives related to the infrastructure industry, including utility, energy efficiency, transportation, and logistics sectors. At the Academy, industry partners, training providers such as UDC, labor unions and trade associations, will offer a diverse skills training allowing District residents the tools to begin and sustain careers in the infrastructure industry;
- Implementing recommendations from the Housing Preservation Strikeforce through \$10 million in funding; and,
- Advancing DDOT's Vision Zero goals through \$4.5 million for (45) new Traffic Control Operators along with (26) new School Crossing Guards.

Health and Human Services

Investing in the health and well-being of District residents remains a priority of my Administration. Ensuring residents are able to provide for their families, and connecting these families with valuable care and supportive programs when they need it most, ensures they have a fair shot at success in the future. The FY 2018 budget includes:

- Funding the next phase of the Homeward DC plan with \$15.2 million, including \$6.3 million for the Housing Authority;
- Funding \$8.1 million for a new Temporary Assistance for Needy Families (TANF) policy that will help the District's neediest families;
- Supplementing the Department of Health's budget with \$0.9 million to reduce the number of active opioid users in the District, reduce overdoses and overdose fatalities, and improve health and economic outcomes for District residents with a history of substance use;
- Funding the Alternatives to Court Experience (ACE) and Parent and Adolescent Support Services (PASS) programs with \$3.3 million; and,
- Providing \$1 million for the Joyful Foods initiative.

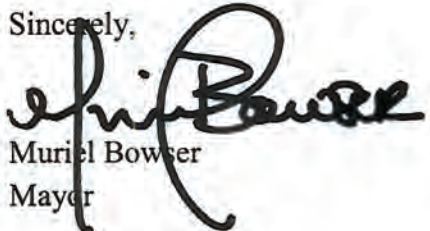

Government Operations

Building a government that works for the residents of the District Columbia streamlines processes and improves efficiency. The FY 2018 budget supports these improvements by:

- Ensuring that the District's share of WMATA's operating and capital subsidies are fully funded;
- Right-sizing the District's snow budget with a \$3.8 million budget increase;
- Expanding the Department of Public Works' rush-hour towing, grounds maintenance, and leaf collection efforts by \$3.2 million; and,
- Allocating \$1.5 million to the Office of the Chief Technology Officer for a District Continuity of Operations and Disaster Recovery Task Force which will evaluate District-wide critical applications to prepare and test Disaster Recovery Plans.

In a city as prosperous as ours, we can and should make all of these critical investments to ensure that residents in all 8 wards can share in **inclusive prosperity**.

Sincerely,

Muriel Bowser
Mayor

GOVERNMENT OF THE DISTRICT OF COLUMBIA
OFFICE OF THE CHIEF FINANCIAL OFFICER

Jeffrey S. DeWitt
Chief Financial Officer

April 4, 2017

The Honorable Muriel Bowser
Mayor of the District of Columbia
John A. Wilson Building
1350 Pennsylvania Avenue, NW, Room 306
Washington, DC 20004

Dear Mayor Bowser:

I am pleased to transmit the Fiscal Year (FY) 2018 Proposed Budget and Financial Plan. The FY 2018 Proposed Budget includes \$7.6 billion in Local funds and \$13.8 billion in Gross funds (excluding Intra-District funds).

The Office of the Chief Financial Officer (OCFO) worked closely with your executive leadership team, the City Administrator's Office of Budget and Finance (OBF) staff, and agency program staff to produce a balanced budget and five-year financial plan. The FY 2018 policy budget reflects your administration's funding priorities and determinations.

After careful review, I certify that the FY 2018 – FY 2021 Budget and Financial Plan, as proposed, is balanced.

REVENUE OUTLOOK

The revenue outlook is predicated on continuing moderate growth in the national economy and assumes similar growth in the District's economy, with added jobs and residents over the period of the financial plan.

Measures to constrain spending at the federal level are expected to be in effect during the period of the financial plan. The prospect of further federal budget cuts is a source of economic uncertainty and risk for the District's economy and finances. To account for the risks and uncertainty around the federal budget, the financial plan assumes that federal employment in the District will decline by modest amounts each year starting in FY 2018.

Population growth has been a major factor in the overall growth of the District's income and sales tax bases and a major driving force behind rising home values. In the last five years (2011 to 2016), the District's population has grown by 60,693 residents, or 10 percent, an increase that has averaged more than 1,000 net new residents per month over this period. Currently, about 40 percent of the District's population growth is from natural increase (births minus deaths), and the rest is from migration from other parts of the U.S. and overseas.

The \$7.4 billion estimate for FY 2018 Local Fund revenue includes estimates for triggered tax policy changes of \$100 million, reducing revenue growth to just over 1 percent. The strength in revenues projected in the February 2017 certified revenue estimate triggered the final set of tax policy changes enacted in 2013. Total General Fund revenue in FY 2018 is \$8.4 billion, an increase of \$97 million over FY 2017.

Various policy initiatives increase General Fund revenue by \$22 million in FY 2018, and approximately \$11 million annually through the remainder of the Financial Plan. Some of the major policy proposals are listed below:

- OTR compliance initiatives to confirm homestead exemptions are properly claimed and to identify bank accounts of delinquent taxpayers for collection. These initiatives increase revenue by \$15.9 million in FY 2018 and a total of about \$6 million over subsequent years.
- The creation of Special Purpose Revenue funds for costs related to enforcement of automated traffic enforcement, moving, and parking violations. This reduces Local fund revenue by \$12.3 million in FY 2018 and increases Special Purpose Revenue by the same amount.
- A new fee on hotels of 50 cents per rented room per day to fund Emergency 911 and Non-emergency 311 systems. This fee will increase Special Purpose Revenue funds by \$4.3 million in FY 2018.
- A new sales tax on digital product purchases, including audio, video, and electronic books, whether downloaded individually or streamed, resulting in approximately \$1.9 million of increased sales tax collections annually during the financial plan period.

EXPENDITURES

Local Funds

The Mayor's Proposed FY 2018 Budget includes approximately \$7,590.8 million in spending supported by \$7,591.3 million of resources, with an operating margin of \$0.5 million, as shown in Table 1.

Table 1	
FY 2018 Proposed Budget Summary	
Local Funds	
(\$ in millions)	
Taxes	\$ 6,955.4
Non-Tax Revenues	428.0
Lottery	54.5
All Other	22.3
Revenue Proposals	4.2
Fund Balance Use	126.9
Total Local Fund Resources	\$ 7,591.3
Local Expenditures	\$ 7,590.8
Projected FY 2018 Operating Margin	\$0.5

Note: Details may not add to totals due to rounding.

Gross Funds

The proposed FY 2018 gross funds operating budget (excluding intra-District funds) is \$13.8 billion, an increase of \$456.9 million, or 3.4 percent, over the FY 2017 approved gross budget of \$13.4 billion. The Local and non-Local funding components of the proposed FY 2018 gross budget and the changes from FY 2017 are summarized in Table 2 below.

Table 2				
FY 2018 Gross Funds Budget by Fund Type				
(\$ in millions)				
<u>Fund Type</u>	<u>FY 2017 Approved Budget</u>	<u>FY 2018 Mayor's Proposed</u>	<u>Change</u>	<u>% Change</u>
Local	7,294.7	\$ 7,590.8	\$ 296.1	4.1%
Dedicated Tax	305.7	330.4	24.7	8.1%
Special Purpose	609.9	666.3	56.3	9.2%
Subtotal, General Fund	8,210.3	8,587.4	377.1	4.6%
Federal	3,387.6	3,449.2	61.6	1.8%
Private	1.3	3.9	2.5	192.6%
Total, Operating Funds	11,599.3	12,040.5	441.2	3.8%
Enterprise and Other Funds (including from Dedicated Taxes)	1,786.0	1,801.6	15.7	0.9%
Total Gross Funds	\$ 13,385.2	\$ 13,842.1	\$ 456.9	3.4%

Note: Details may not add to totals due to rounding.

MAJOR COST DRIVERS – LOCAL FUNDS

Overall, the proposed FY 2018 Local funds budget increased by \$296.1 million, or 4.1 percent, over FY 2017. Table 3 provides a snapshot of major cost drivers and offsets to the increase.

Table 3	
Mayor's FY 2018 Approved Budget	
Cost Drivers - Local Funds (in millions)	Amount
FY 2017 Approved Local Funds Budget	\$ 7,294.7
Major Changes:	
GC0 - District of Columbia Public Charter Schools	\$ 82.8
DS0 - Repayment of Loans and Interest	70.5
JA0 - Department of Human Services	68.7
UP0 - Workforce Investments	50.5
KE0 - Washington Metropolitan Area Transit Authority	43.5
GA0 - District of Columbia Public Schools	21.7
All Other Agencies	(41.5)
Total Local Changes	\$ 296.1
FY 2018 Approved Local Funds Budget	\$ 7,590.8

Note: Details may not add to totals due to rounding

Primary Cost Drivers

- **Public Charter Schools:** \$82.8 million increase over FY 2017, primarily due to a 2.0 percent, or \$14.5 million, to support growth in the Current Services Funding Level Budget (CSFL), and a \$68.3 million increase over FY 2017 to account for a projected increase in enrollment by 3,408 students, or 8.3 percent.
- **Repayment of Loans and Interest:** \$70.5 million increase over FY 2017, primarily due to borrowing for capital projects.
- **Department of Human Services:** \$68.7 million increase over FY 2017, primarily to support of the Homeless Continuum of Care which includes: Homeward DC expansion, emergency overflow shelters, short-term family housing facilities, expanded Alternatives to the Court Experience Diversion program and the Parent and Adolescent Support Services program, and a Temporary Assistance for Needy Families (TANF) Hardship policy.

- **Workforce Investments:** \$50.5 million increase over FY 2017, primarily due to Cost-of-Living Adjustments (COLAs) and other projected personal services related costs.
- **Washington Metropolitan Area Transit Authority:** \$43.5 million increase over FY 2017, primarily due to \$33 million to support the annual subsidy, and \$7.8 million for debt service payments.
- **Public Schools:** \$21.7 million increase over FY 2017, primarily due to \$15.1 million, or 2.0 percent, increase in growth in the CSFL budget, and \$6.6 million over FY 2017 for a projected increase in enrollment by 0.5 percent, or 226 students.
- **All Other Agencies:** \$41.5 million reduction is the net of all other increases and decreases to various agency programs.

CAPITAL IMPROVEMENTS PLAN

The District is addressing its continuing infrastructure needs through its Capital Improvements Plan (CIP). The total proposed appropriation request for the FY 2018 through FY 2023 CIP is \$6.64 billion from all sources. The majority of the budget will be financed with municipal bonds totaling \$4.14 billion, along with Pay-As-You-Go (Paygo) transfers from the General Fund, Federal Grants, and a local match to the grants from the Federal Highway Administration, private donations, sale of assets and local transportation fund revenue.

The proposed FY 2018 capital program includes \$1.19 billion in planned capital expenditures to be financed by \$706 million in new I.T. or G.O. bonds, \$85.4 million from new short-term bonds, \$98 million from Grant Anticipation Revenue Vehicle (GARVEE) bonds, \$49 million in Paygo, \$173.2 million in federal grants and payments, \$27.8 million in the Local Match to the Federal Highway Administration grants, \$45.2 million from the Local Transportation Revenue Fund, and \$1 million from the Sale of Assets. Debt service within the CIP period remains below the 12 percent debt cap.

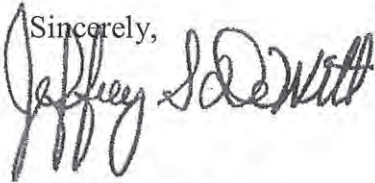

MULTI-YEAR FINANCIAL PLAN

As in the past, the plan shows substantial growth in debt service costs during the plan period to support the \$6.64 billion Capital Improvements Plan through FY 2023. Because of the growth in these costs, labor costs and other non-capital cost growth must be constrained throughout the financial plan. Careful monitoring of these costs, as well as execution of the capital plan, is required to ensure the plan remains balanced in the future.

CONCLUSION

The leadership provided by you and your team, along with the hard work of the Office of Budget and Planning, the Associate Chief Financial Officers and their staffs, and others in the OCFO, allowed us to work effectively together to produce a balanced budget. I look forward to continuing to work with you and the Council during the upcoming budget deliberations.

Sincerely,

A handwritten signature in dark ink, appearing to read "Jeffrey S. DeWitt". The signature is fluid and cursive, with the first name "Jeffrey" being more prominent and the last name "DeWitt" following in a similar style.

Jeffrey S. DeWitt
Chief Financial Officer

Capital Improvements Plan

FY 2018 – FY 2023

Capital Improvements Plan

Introduction

The District's proposed capital budget for FY 2018 – FY 2023 calls for financing \$1.186 billion of capital expenditures in FY 2018. The FY 2018 budget highlights are:

- \$440 million for the District Department of Transportation, to include \$119 million for improvements to the South Capitol Street corridor and replacement of the Frederick Douglass Bridge, \$29 million for local streets rehabilitation, \$7 million for expansion of the Streetcar line, and \$12 million for alley maintenance and rehabilitation;
- \$237 million for DC Public Schools, to include \$89 million for renovation of elementary schools, \$22 million for renovation of middle schools, \$80 million for renovation of high schools, and \$14 million for swing space needed during construction;
- \$127 million for the Washington Metropolitan Transit Authority (WMATA), to include \$76 million for the inter-jurisdictional Capital Funding Agreement and \$50 million for the Passenger Rail Investment and Improvement Act (PRIIA) Funding Agreement;
- \$82 million for the District of Columbia Public Library, to include \$62 million for the Martin Luther King, Jr. Memorial central library;
- \$60 million for the Deputy Mayor for Planning and Economic Development, to include \$30 million for New Communities;
- \$48 million for the Department of Parks and Recreation; and
- \$41 million for the Department of Health Care Finance, to include \$22 million to upgrade IT systems and \$19 million for improvements at United Medical Center.

The proposed capital budget calls for financing of general capital expenditures in FY 2018 from the following sources:

- \$890 million of General Obligation (G.O.) or Income Tax (I.T.) revenue bonds including \$98 million in GARVEE bonds, \$85 million in short-term bonds, and \$14 million in taxable bonds;
- \$173 million of federal grants and payments from Highway Trust Fund revenue;
- \$49 million of pay-as-you-go (Paygo) capital financing, which is a transfer of funds from the General Fund to the General Capital Improvements Fund for the purchase of capital-eligible assets;
- \$45 million of Local Transportation Fund special purpose (Rights-of-Way occupancy fees) revenue;
- \$28 million of Local Highway Trust Fund revenue (motor fuel taxes) for the local match to support federal highway grants; and
- \$1 million from the sale of assets (land at McMillan and Walter Reed).

This overview chapter summarizes:

- The District's proposed FY 2018 – FY 2023 capital budget and planned expenditures;
- Major capital efforts;
- Fund balance of the District's capital fund;
- An outline of this capital budget document; and
- The District's policies and procedures on its capital budget and debt.

The Highway Trust Fund and related projects are presented in Appendix H. The D.C. Water and Sewer Authority's capital program is presented in Appendix I.

Table CA-1

Overview

(Dollars in thousands)

Total number of projects receiving funding	199
Number of ongoing projects receiving funding	152
Number of new projects receiving funding	47
FY 2018 new budget allotments	\$1,185,787
Total FY 2018 to FY 2023 planned funding	\$6,641,640
Total FY 2018 to FY 2023 planned expenditures	\$6,641,640
FY 2018 Appropriated Budget Authority Request	\$1,543,887
FY 2018 Planned Debt Service (G.O./I.T. Bonds)	\$697,897,622
FY 2018 – FY 2023 Planned Debt Service (G.O./I.T. Bonds)	\$5,319,193,794

The Proposed FY 2018 – FY 2023 Capital Budget and Planned Expenditures

The District budgets for capital projects using a six-year Capital Improvements Plan (CIP), which is updated annually.

The CIP consists of:

- The appropriated budget authority request for the upcoming CIP six-year period, and
- An expenditure plan with projected funding over the next 6 years.

Each year's CIP includes many of the projects from the previous year's CIP, but some projects are proposed to receive different levels of funding than in the previous year's budget plan. New projects are added each year as well.

The CIP is used as the basis for formulating the District's annual capital budget. The Council and the Congress adopt the budget as part of the District's overall six-year CIP. Inclusion of a project in a congressionally adopted capital budget and approval of requisite financing gives the District the authority to spend funds for each project. The remaining five years of the program show the official plan for making improvements to District-owned facilities in future years.

Following approval of the capital budget, bond acts and bond resolutions are adopted to authorize financing for the majority of projects identified in the capital budget. The District has issued Income Tax (I.T.) revenue bonds and General Obligation (G.O.) bonds (both tax-exempt and taxable) to finance some or all of its capital projects. Where this chapter refers to G.O. bond financing for capital projects, the District might ultimately use I.T. bond financing depending on market conditions. Capital projects in the CIP are also financed with short-term bonds, GARVEE bonds, and pay-as-you-go (Paygo) financing. Taxable bonds may be issued by the District where that funding is appropriate for certain projects.

The District uses two terms in describing budgets for capital projects:

- Budget authority is given to a project at its outset in the amount of its planned lifetime budget; later it can be increased or decreased during the course of implementing the project. The District's appropriation request consists of changes to budget authority for all projects in the CIP.
- Allotments are planned expenditure amounts on an annual basis. A multi-year project receives full budget authority in its first year but only receives an allotment in the amount that is projected to be spent in that first year. In later years, additional allotments are given annually. If a year's allotment would increase the total allotments above the current lifetime budget amount, an increase in budget authority is required to cover the difference.

Agencies may obligate funds up to the limit of (lifetime) budget authority for a project but cannot spend more than the total of allotments the project has received to date (see Appendix D). The FY 2018 to FY 2023 CIP proposes a net increase in budget authority of \$1,544 million during the next six fiscal years (an increase of \$2,376 million of new budget authority offset by \$832 million of rescissions).

Planned capital expenditures from local sources in FY 2018 total \$1,186 million to be funded primarily by bonds, Paygo, and the local transportation fund special purpose revenue. To finance these expenditures, the District plans to borrow \$706 million in new G.O./I.T. bonds (including \$14 million in taxable bonds), borrow \$85 million in short-term bonds, use \$98 million from the sale of GARVEE bonds, fund \$49 million using Paygo, use \$45 million in Local Transportation Fund Special Purpose Revenue, use \$1 million from the sale of assets, and use \$28 million for the local match to the federal grants from the Federal Highway Administration. Proposed funding sources are shown in Figure CA-1 and proposed borrowing is shown in Table CA-7.

In recent years, the District has increased its capital expenditures to reinvest in its aging infrastructure. The District is limited by funding constraints as well as multiple competing demands on capital and is not able to fund all identified capital needs. As a result of these demands, the District has taken action to meet its priorities while also maintaining a fiscally sound CIP. This plan has been accomplished by prioritizing capital projects and rescinding budget authority from projects deemed less important, and by reallocating budget to existing and new high priority projects to meet the most pressing infrastructure needs.

Figure CA-2 illustrates FY 2018 capital budget allotments by major agency. Funding for the District of Columbia Public Schools constitutes the largest share of the planned expenditures. Large shares of funding also go toward the District Department of Transportation, the WMATA, and the Deputy Mayor for Planning and Economic Development. In addition, as with all agencies, unspent capital budget allotments from prior years will be available to be spent in FY 2018.

Table CA-2 summarizes planned expenditure amounts for FY 2018 and budget authority requests for FY 2018 – FY 2023. It includes local funds (G.O./I.T, taxable and short-term bonds, Paygo, and local transportation funds) and federal grants.

The capital fund pro forma, Table CA-3, summarizes sources and uses in the District's CIP. The Project Description Forms that constitute the detail of this capital budget document include projects receiving new allotments in FY 2018 through FY 2023, as included in the pro forma, totaling \$1.186 billion in FY 2018.

Figure CA-2

FY 2018 Capital Budget Allotments, by Agency

(Dollars in thousands)

FY 2018 Operating Budget Impact

In general, each \$13.5 million in borrowing has approximately a \$1 million impact on the operating budget for annual debt service. The capital budget's primary impact on the operating budget is the debt service cost, paid from local revenue in the operating budget, associated with issuing long-term bonds to finance the CIP. Debt service is funded in the FY 2018 operating budget and financial plan.

A secondary impact on the operating budget is the cost of operating and maintaining newly completed capital projects. For example, the replacement of a building's roof, windows, and mechanical systems may decrease the cost of utilities, which would effectively lower the owner agency's operating costs. Conversely, the construction of a new recreation center is likely to increase the owner agency's operating costs for staffing the facility and operating programs there. Similarly, completed information technology projects will likely entail additional operating costs such as upgrades, license renewals, or training of staff to operate new systems as required.

Table CA-5 reflects the summary of the projected impacts, by agency, and by fiscal year for the 6-year CIP period. Individual project pages in the "Project Description Forms" section of this volume show more details of the operating impact resulting from placing a particular newly completed project into service.

Table CA-4

OFFICE OF FINANCE AND TREASURY
Fiscal Years 2018 – 2023 Debt Service Expenditure Projections

	FY 2018	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
Existing General Obligation (G.O.) and Income Tax (I.T.)						
Bonds Debt Service (Agency DS0)	\$655,825,447	\$683,318,784	\$698,429,102	\$684,522,621	\$696,102,808	\$695,818,757

KA0 – Department of Transportation	293.5	334.1	334.1
RM0 – Department of Behavioral Health	0.3	0.0	0.0
TO0 – Office of the Chief Technology Officer	0.2	3.0	3.0
Total	392.1	465.8	421.8

Figure CA-3

Number of Capital-Funded FTE Positions From FY 2010 to FY 2018

Capital-Funded Positions

Agencies may receive approval to charge certain personnel expenses to capital projects. However, in order to qualify and receive approval, the primary duties and responsibilities of a position charged to capital funds must be directly related to a specific capital project. Full-Time Equivalent (FTE) positions that generally qualify are (a) architects; (b) engineers; (c) cost estimators; (d) project managers; (e) system developers; (f) construction managers; and (g) inspectors.

Table CA-6 reflects capital-funded FTE data for each agency for FY 2016 through FY 2018. Additional details on the FY 2018 FTEs, including the specific number of FTEs approved by project, can be found on the project pages in the “Project Description Forms” section of this volume. They are also summarized on the appropriate agency pages, for those agencies that have approved FTEs.

Figure CA-3 shows the total number of capital-funded positions between FY 2010 and FY 2016, the approved positions for FY 2017, and the planned positions in the CIP for FY 2018.

Table CA-7

Proposed Bond Borrowing, FY 2017 Through FY 2023

(Dollars in thousands)

Source	Plan FY 2017	Proposed FY 2018	Proposed FY 2019	Proposed FY 2020	Proposed FY 2021	Proposed FY 2022	Proposed FY 2023	Total
Budget allotment	\$897,076	\$889,600	\$959,000	\$794,847	\$578,400	\$513,000	\$668,200	\$5,300,123
G.O. and I.T Bond Borrowing Plan	\$851,000	\$791,600	\$790,900	\$794,847	\$728,400	\$663,000	\$890,200	\$5,509,947
GARVEE Bonds	\$-	\$98,000	\$168,100	\$-	\$-	\$-	\$-	\$266,100
Total Bond Borrowing	\$851,000	\$889,600	\$959,000	\$794,847	\$728,400	\$663,000	\$890,200	\$5,776,047

Notes: All amounts and methods of borrowing are subject to change depending on status of projects and market conditions.

Details on the District's Sources of Funds for Capital Expenditures

The District's proposed FY 2018 – FY 2023 capital budget includes a number of funding sources. The District uses the following sources to fund capital budget authority across a large number of agencies that have capital programs:

- G.O. or I.T bonds, including taxable, and short-term bonds;
- Paygo capital funding;
- Sale of assets;
- Federal Grants; and
- Private Grants.

In addition to the above sources, the District's Department of Transportation (DDOT) uses the following sources to fund its capital projects:

- Federal Highway Administration grants, for Highway Trust Fund projects;
- Grant Anticipation Revenue Vehicle (GARVEE) bonds, which are repaid from future Federal funding;
- Dedicated motor fuel tax revenues and a portion of the Rights-of-Way Occupancy Fees for Highway Trust Fund projects (these provide the local match for the Federal Highway Administration grants); and
- Local Transportation Fund (a portion of the Rights-of-Way Occupancy Fees).

Projects funded by these sources are detailed in the project description pages for DDOT and in Appendix H.

Major Capital Efforts

The FY 2018 – FY 2023 Capital Improvements Plan (CIP) provides for major investments in the following areas:

- Transportation Infrastructure;
- Education;
- Public Health and Wellness;
- Economic Development;
- Fiscal Stability; and
- Public Safety.

Transportation Infrastructure

Metrorail and Metrobus. The continued growth and vitality of the city and region greatly relies on a safe, efficient, and reliable Metro system to transport residents and visitors alike. The CIP includes \$623 million for safety improvements, improving the effectiveness of the current rail and bus networks, increasing system capacity, and rebuilding the Metro system.

Streetcar, Circulator, and H Street Bridge. A retooled streetcar system and an expanded Circulator system will add capacity to the District's transportation network, provide links to activity centers that complement Metrorail service, and offer a potentially cleaner and more sustainable transportation alternative. The CIP provides \$279.4 million for Circulator and streetcars, giving priority to the H Street line extension to Benning Road Metro station – and replacement of the H Street Bridge. The H Street Bridge is an important link in the line that provides for rider transfers to Amtrak's Union Station and the Metrorail system, and it must be replaced. The CIP provides \$165 million to support the cost of replacing the bridge. Availability of varied modes of transportation is critically important in the District. To further this effort, the CIP includes \$8 million for Bikeshare expansion.

South Capitol Street. The CIP includes \$516.8 million for replacement of the Frederick Douglass Bridge over the Anacostia River and improvements to the South Capitol Street Corridor. South Capitol Street will be transformed from an expressway to an urban boulevard and gateway to the Monumental Core of the city that will support economic development on both sides of the Anacostia River.

Streetscapes, Trails, and Green Space. The concept of park-like landscaping in the District’s public right-of-ways dates back to surveyor Pierre L’Enfant, who outlined how to landscape his exceptionally wide avenues. The District’s investment in streetscapes, trails, and green space will beautify the city, improve quality of life, and complement investments in transit by providing safe and convenient bicycle and pedestrian access throughout the city. The 6-year capital budget plans for \$160.5 million of investment in streetscapes, trails, trees, green space, and streetlights.

Local Streets and Alleys. The 6-year capital budget also plans for \$356 million of investment in the District’s local roadways, alleys, curbs, and sidewalks across the eight wards to ensure they are safe, reliable, and functional.

Consolidation of Public Works Facilities. The Department of Public Works (DPW) is designing a new facility to consolidate fleet maintenance and storage of heavy equipment at DPW’s West Virginia Avenue compound to enable the agency to consolidate operations at that location. The CIP includes \$163.2 million for construction of this facility.

Education

Public Schools Modernization. The District is currently undertaking a comprehensive schools modernization initiative that began in 2008. So far, over \$3.35 billion has been invested. This CIP commits to an additional investment of \$1.3 billion over the next six years for modernization of elementary, middle, and high school facilities. The budget includes funding for three modernized middle schools and two modernized high schools.

21st Century Public Libraries. Continuing efforts to fully modernize the Martin Luther King Jr. Memorial Library, the CIP includes \$139.8 million that will be used to renovate and reconfigure this historic landmark. The result will be a world-class central library offering residents and visitors a vibrant center of activity for reading, learning, and community discussion. Libraries in District neighborhoods will receive an additional \$61 million to renovate and modernize Southeast Library and Capitol View Library, and construct new state-of-the-art facilities, including a new Lamond Riggs and Southwest Library.

University Facilities. The University of the District of Columbia is making campus improvements that will enhance the collegiate experience for its students, faculty, staff, and guests. The CIP provides \$50.5 million of budget authority for University improvements.

Public Health and Wellness

Replacement of D.C. General Shelter. The CIP includes \$50.1 million for the Department of Human Services to continue acquisition of property and construct small scale emergency and temporary housing for families. Access to Health and Human Support Services. The CIP includes \$23.5 million to complete development of a new, state-of-the-art information technology application designed to assist persons seeking assistance with health and other human support services.

Parks and Recreation Facilities. Public parks and recreation facilities enhance the quality of life and wellness of District residents. The District is committed to providing all residents of the District, and especially the District’s youth, with access to quality recreation centers, athletic fields, swimming pools, tennis courts, play areas, and parks. This 6-year capital budget plans for \$276 million for investments in parks and recreation facilities across the city.

East End Medical Center. The District places a high priority on providing public health services to all District residents. Since taking control of the operations of the Not-for-Profit Hospital Corporation, commonly referred to as United Medical Center (“UMC”), in 2010, the District has invested hundreds of millions of dollars in the

District's only acute care hospital on the city's East End. The CIP includes \$180 million for additional improvements or construction of a new facility in order to continue the repositioning of the hospital in the marketplace.

Anacostia River Clean-Up. The Anacostia River, once a pristine river, is now degraded mainly because of its highly urbanized location. The river and adjacent former Kenilworth landfill are the focus of large-scale restoration efforts by the District of Columbia. The District's goal is to restore the Anacostia to a fishable and swimmable river by the year 2032. The \$68.5 million of capital budget for hazardous material remediation on the Anacostia River and its shoreline will fund continued efforts to achieve this goal.

Economic Development

New Communities. The CIP provides \$85 million of budget that will be used to replace severely distressed housing and decrease concentrations of poverty by redeveloping public housing properties into mixed-use, mixed-income communities for current and future residents.

Saint Elizabeths East Campus Infrastructure. The 183-acre lot will be transformed into a marketplace of ideas, innovation, and communication. The CIP provides \$103 million to design and build public infrastructure. The CIP also includes \$16.75 million to construct the Saint Elizabeths Infrastructure Academy, which will serve as a hub for workforce development and on-the-job-training in activities related to the infrastructure industry, including the utility, energy efficiency, transportation and logistics sectors.

McMillan Redevelopment. The 25-acre former McMillan Reservoir Sand Filtration Plant site will be redeveloped into a mixed-use project that will include historic preservation, open space, residential, retail, office, and hotel uses. The goal is to create an architecturally distinct, vibrant, mixed-use development that provides housing, employment, retail, cultural, and recreational opportunities for District residents. The project will include affordable and workforce housing, and 35 percent of the local contracting opportunities must go to Certified Business Enterprises. The CIP provides \$10 million for site infrastructure over the 6-year CIP.

Walter Reed and Hill East. These two critical redevelopment projects are funded in the CIP to continue investments in site infrastructure totaling \$32.2 million.

Fiscal Stability

Financial System Modernization. The Office of the Chief Financial Officer is in the process of modernizing its tax system to add the functionality found in modern systems, support real-time financial management, provide greater integration with other District IT systems, and increase tax compliance and collections. The CIP includes \$100.7 million for the modernization of the general ledger and budget systems and \$12.9 million for the continued modernization of the integrated tax system.

Public Safety

Emergency Vehicles. Older emergency vehicles must be replaced on a regular basis to ensure that responders have reliable equipment. The CIP provides \$87.7 million for purchase of pumpers, ladder trucks, heavy rescue trucks, ambulances, and large support vehicles. An additional \$42.2 million is provided for replacement of police cruisers and specialty/support vehicles.

Power Line Undergrounding. The CIP includes \$27.4 million to move key overhead power lines to underground lines in the District to improve safety and reliability of the District's electrical system. Placing select power feeders underground will result in a reduction in the frequency and the duration of power outages experienced in affected service areas.

Fund Balance of the Capital Fund

From FY 2008 through FY 2015, the District's Comprehensive Annual Financial Report (CAFR) showed a deficit for 2 years in the General Capital Improvements Fund (the "capital fund") (see Table CA-8). The shortfall at the end of FY 2012 and again in FY 2014 meant that capital expenditures had exceeded financing sources by that amount on a cumulative basis. The timing and amounts of borrowing for those two years resulted in the temporary negative fund balance. The District's General Fund had advanced funds to the capital fund to cover the expenditures.

The FY 2016 CAFR reports a General Capital Improvements Fund deficit of \$229 million. This represents a decrease of \$265 million from the FY 2015 positive ending fund balance of \$36 million. This decrease is due primarily to the difference in timing of revenues/borrowing and expenditures in the fund. The balance as of the end of FY 2016 is representative of the activity in the fund as of that date. The District borrowed \$451 million in December of 2016, thereby erasing the deficit, and plans an additional borrowing of \$400 million for late spring of 2017 to cover ongoing capital expenditures.

The District must keep a close watch on the underlying status of the capital fund. In past years, the District borrowed amounts above new capital budget allotments to help repay the General Fund for advances it made to the capital fund. The long-term solution to the capital fund shortfall includes development of, and monitoring against, agency spending plans for their capital projects that manage each year's overall expenditures against that year's revenues. Future plans also include the use of a Commercial Paper program (a form of short-term borrowing not to exceed 270 days) to help ensure cash flow needs are balanced with the timing of borrowing.

Table CA-8

Fund Balance in the General Capital Improvements Fund, FY 2008-FY 2016

(Dollars in millions)

Fiscal Year	Positive/(Negative) Fund Balance
2008	586.9
2009	406.9
2010	133.4
2011	5.0
2012	(116.3)
2013	102.4
2014	(114.2)
2015	35.8
2016	(228.9)

Outline of this Capital Budget Document

The remainder of this overview chapter includes the District's policies on capital budget and debt. Projects detailed in the remaining sections of this volume are grouped by the owner (rather than the implementing) agency except where noted.

- **Agency Description Forms:** Provide details of the agency including the mission, background, and summaries of the capital program objectives and recent accomplishments. For those agencies with facilities projects, the page immediately following the description contains a map reflecting the projects and their geographic location within the District.
- **Project Description Forms:** Provide details on capital projects funded by G.O. or I.T. bonds and other sources. Ongoing projects with no new allotments scheduled for FY 2018 – FY 2023 are not included. The expenditure schedules shown display the planned allotments (1-year spending authorities) by year for FY 2018 through FY 2023.
- **Appendix A: FY 2018 Appropriated Budget Authority Request:** Summarizes the new budget authority the District proposes. Budget authority is established as the budget for a project's lifetime, so these requests are only for new projects or for changes in lifetime budgets for ongoing projects. Because budget authority is given to the implementing agency, projects are grouped by implementing agency in this appendix.
- **Appendix B: FY 2018 – FY 2023 Planned Expenditures from New Allotments:** Shows new allotments for ongoing and new projects for all six years of the CIP.
- **Appendix C: FY 2018 – FY 2023 Planned Funding Sources:** Shows the source of financing for the projects displayed in appendix B.
- **Appendix D: Balance of Capital Budget Authority, All Projects:** Shows expenditures, obligations, and remaining budget authority for all ongoing capital projects. Because this report comes from budgets in the financial system, projects are grouped by implementing agency with subsections for the respective owner agency. The projects are listed alphabetically, by owner agency.
- **Appendix E: Capital Project Cost Estimate Variances:** Shows the variance between original budget estimate and current approved budget for all capital projects with proposed FY 2018 – FY 2023 allotments. The appendix shows change to projects funded from local sources and from the local transportation program.
- **Appendix F: Rescissions, Redirections, and Reprogramming of Available Allotments:** Shows the project budgets that have been affected by agency reprogramming, legislated rescissions, and redirections year-to-date in FY 2017 (see date qualifier on page header).
- **Appendix G: Project Budget Revisions following publication of the FY 2017 budget document:** Shows the project budgets that have been affected by reprogramming between the publication cut-off date (June 30) of the FY 2017 – FY 2022, volume 5, and the end of FY 2016.
- **Appendix H: Highway Trust Fund (HTF):** Describes the planned sources and uses of all projects planned and/or undertaken that are funded through the Federal Highway Administration program.
- **Appendix I: D.C. Water and Sewer Authority Capital Program:** Describes the capital improvements undertaken by the District's independent instrumentality for the provision of water and sewage services, including the FY 2018 – FY 2023 capital budget request.

Note: Through the use of appendices F and G, along with the summary of project information in the “Additional Appropriations Data” table, all individual and collective budget revisions between publication of the FY 2017 – FY 2022 and the FY 2018 – FY 2023 Capital Improvements Plan budgets have been captured.

About the Project Description Forms in this Budget Volume

Elements in this budget volume include:

- **Photos.** Photos are included for some projects.
- **Narrative fields.** Narrative fields provide a project description, justification, progress toward completion, and any related projects.
- **Milestone Data.** Timeframes are shown for key events in the project's life-cycle and include both planned and actual milestone dates.

- **Funding Tables.** Each project that has received past budget allotments shows the allotment balance, calculated as allotments received-to-date less all obligations (the sum of expenditures, encumbrances, intra-District advances, and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Funding by Phases and by Sources Tables.** These tables provide information regarding the phases and sources of funding.

Additional Appropriations Data

Information has been added to the details of each project to aid in providing a summary of the budget authority over the life of the project. The table can be read as follows:

- **First Appropriation (FY)** – this represents the year of initial appropriation. Original 6-Year Budget Authority – represents the authority from the initial appropriation year through the next 5 years.
- **Original 6-Year Budget Authority** – represents the sum of the 6-year authority for all agency-owned projects, as shown in the first year they were authorized. The complete set of these projects may or may not be represented in this FY 2018 – FY 2023 CIP.
- **Budget Authority through FY 2017** – represents the lifetime budget authority, including the 6-year budget authority for FY 2017 through FY 2022.
- **FY 2018 Budget Authority Revisions** – represents the changes to the budget authority as a result of reprogramming, redirections, and rescissions (also reflected in Appendix F) for the current fiscal year.
- **Budget Authority Request FY 2018** – represents the 6-year budget authority for FY 2018 through FY 2023.
- **Increase (Decrease) to Total Authority** – This is the change in 6-year budget authority requested for FY 2018 – FY 2023 (also reflected in Appendix A).
- **Estimated Operating Impact** – If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- **FTE Data.** Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the nonpersonal services portion of the budget in the agency's capital plan, and the percentage of the agency's CIP budget from either expense category.

District of Columbia Policies and Procedures: Capital Budget and Debt

The District of Columbia's Capital Improvements Program (the "Capital Program") comprises the finance, acquisition, development, and implementation of permanent improvement projects for the District's fixed assets. Such assets generally have a useful life of more than five years and cost more than \$250,000.

The text of the CIP is an important planning and management resource. It analyzes the relationship of projects in the capital budget to other developments in the District. It also describes the programmatic goals of the various District agencies and how those goals affect the need for new, rehabilitated, or modernized facilities. Finally, it details the financial impact and requirements of all of the District's capital expenditures.

The CIP is flexible, allowing project expenditure plans to be amended from one year to the next in order to reflect actual expenditures and revised expenditure plans. However, consistent with rigorous strategic planning, substantial changes in the program are discouraged. The CIP is updated each year by adding a planning year and reflecting any necessary changes in projected expenditure schedules, proposed projects, and District priorities.

The District's legal authority to initiate capital improvements began in 1790, when Congress enacted a law establishing the District of Columbia as the permanent seat of the federal government and authorized the design of the District and appropriate local facilities. The initial roads, bridges, sewers and water systems in the District were installed to serve the needs of the federal government and were designed, paid for, and built by Congress. During the 1800s, the population and private economy of the federal District expanded sharply, and the local territorial government undertook a vigorous campaign to meet new demands for basic transportation, water, and sewer systems.

From 1874 to 1968, commissioners appointed by the President and confirmed by Congress managed the District. One commissioner, from the Corps of Engineers, was responsible for coordinating the maintenance and construction of all local public works in accordance with annual budgets approved by the President and the Congress.

Legislation passed in the 1950s gave the District broader powers to incur debt and borrow from the United States Treasury. However, this authority was principally used for bridges, freeways, and water and sewer improvements. In 1967, the need for significant improvements in District public facilities was acknowledged. This awareness led to the adoption of a \$1.5 billion capital improvements program to build new schools, libraries, recreation facilities, and police and fire stations.

A 1984 amendment to the Home Rule Act gave the District the authority to sell general obligation bonds to finance improvements to its physical infrastructure. The District has more than \$3.5 billion of general obligation bonds outstanding, which were issued to finance capital infrastructure improvements.

In September 1997, the President signed the National Capital Revitalization Act (the "Revitalization Act"). The act relieved the District of its operations at Lorton Correctional Facility. It also transferred responsibility for funding the maintenance and operation of the D.C. Courts system to the Office of Management and Budget (OMB). The District therefore would not incur the significant capital expenditures required at these facilities. In return, the District no longer received a federal payment in lieu of taxes for these functions.

In addition, the Revitalization Act raised the allowable percent of annual debt service payable from 14 percent to 17 percent of anticipated revenues to compensate the District for the loss of the federal payment and broadened the District's debt financing authority. The primary impact of this aspect of the Revitalization Act was to increase the District's flexibility to finance capital requirements.

Legal Authority and Statutory Basis

The legal authority for the District's Capital Program comes from the District of Columbia Home Rule Act, P.L. 93-198, §444, 87 Stat. 800, which directs the Mayor to prepare a multi-year Capital Improvements Plan (CIP) for the District. This plan is based on the approved current fiscal year budget. It includes the status, estimated period of usefulness, and total cost of each capital project on a full funding basis for which any appropriation is requested or any expenditure will be made in the forthcoming fiscal year and at least four fiscal years thereafter.

Mayor's Order 84-87 also supplements the legal authority and assigns additional responsibility for the District's Capital Program. This Order creates a Capital Program coordinating office to provide central oversight, direction, and coordination of the District's capital improvements program, planning, budgeting, and monitoring within the Office of Budget and Planning. The administrative order requires the Office of Budget and Planning to develop a CIP that identifies the current fiscal year budget and includes the status, estimated period of usefulness, and total cost of each capital project, on a fully funded basis, for which any appropriation is requested or for which any expenditure will be made over the next six years. The CIP includes:

- An analysis of the CIP, including its relationship to other programs, proposals, or other governmental initiatives.
- An analysis of each capital project, and an explanation of a project's total cost variance of greater than 5 percent.
- Identification of the years and amounts in which bonds would have to be issued, loans made, and costs actually incurred on each capital project. Projects are identified by applicable maps, graphics, or other media.

Why A Capital Improvements Program?

A Capital Improvements Program that coordinates planning, financing, and infrastructure and facilities improvements is essential to meet the needs of a jurisdiction uniquely situated as the Nation's Capital. As mentioned previously, capital improvements are those that, because of expected long-term useful lives and high costs, require large amounts of capital funding. These funds are spent over a multi-year period and result in a fixed asset.

The primary funding source for capital projects is tax-exempt bonds. These bonds are issued as general obligations of the District. Debt service on these bonds (the repayment of principal and the payment of interest over the lifetime of the bonds) becomes expenditures in the annual operating budget.

The Home Rule Act sets certain limits on the total amount of debt that can be incurred. Maximum annual debt service cannot exceed 17 percent of General Fund revenues to maintain fiscal stability and good credit ratings. As a result, it is critical that the CIP balances funding and expenditures over the six-year period to minimize the fiscal impact on the annual operating budget.

Principles of the Capital Program

Several budgetary and programmatic principles are invested in the CIP. These are:

- To build facilities supporting the District stakeholders' objectives;
- To support the physical development objectives incorporated in approved plans, especially the Comprehensive Plan;
- To assure the availability of public improvements;
- To provide site opportunities to accommodate and attract private development consistent with approved development objectives;
- To improve financial planning by comparing needs with resources, estimating future bond issues plus debt service and other current revenue needs, thus identifying future operating budget and tax rate implications;
- To establish priorities among projects so that limited resources are used to the best advantage;
- To identify, as accurately as possible, the impact of public facility decisions on future operating budgets, in terms of energy use, maintenance costs, and staffing requirements among others;
- To provide a concise, central source of information on all planned rehabilitation of public facilities for citizens, agencies, and other stakeholders in the District; and
- To provide a basis for effective public participation in decisions related to public facilities and other physical improvements.

It is the responsibility of the Capital Program to ensure that these principles are followed.

Program Policies

The overall goal of the Capital Program is to preserve the District's capital infrastructure. Pursuant to this goal, projects included in the FY 2018 to FY 2023 CIP and FY 2018 Capital Budget support the following programmatic policies:

- Provide for the health, safety and welfare needs of District residents;
- Provide and continually improve public educational facilities for District residents;
- Provide adequate improvement of public facilities;
- Continually improve the District's public transportation system;
- Support District economic and revitalization efforts in general and in targeted neighborhoods;
- Provide infrastructure and other public improvements that retain and expand business and industry;
- Increase employment opportunities for District residents;
- Promote mutual regional cooperation on area-wide issues, such as the Washington Area Metropolitan Transit Authority on transportation and the Water and Sewer Authority on solid-waste removal; and
- Provide and continually improve public housing and shelters for the homeless.

Fiscal Policies Project Eligibility for Inclusion in the Capital Improvements Plan (CIP)

In general, to be capital-eligible, the project must result in a new District-owned asset, increase the value of an existing District-owned asset, or increase the life of a District-owned asset by at least 2 years. Capital expenditures included as projects in the CIP must:

- Be carefully planned, generally as part of the District-wide Facility Condition Assessment Study in concert with the Comprehensive Plan. This planning provides decision-makers with the ability to evaluate projects based on a full disclosure of information;
- Be direct costs of materials and services consumed in developing or obtaining internal-use computer software;
- Have a useful life of at least five years or add to the physical infrastructure and District-owned capital fixed assets;
- Exceed a dollar threshold of \$250,000;
- Enhance the productivity or efficiency capacity of District services;
- Have a defined beginning; and
- Be related to current or future District-owned projects. For example, feasibility studies and planning efforts not related to a specific project should be funded with current operating revenues rather than with capital funds.

Policy on Debt Financing

Capital improvement projects have long useful lives, serving current as well as future tax payers. With a few exceptions (e.g. Paygo capital and Highway Trust Fund projects), the CIP is primarily funded with General Obligation (GO) and Income Tax Secured revenue bonds (ITSB). Long-term bonds, retired over 20 to 30 years, spread the cost of capital projects over generations, which is reasonable and fair. Capital improvement projects eligible for debt financing must:

- Have a combined average useful life at least as long as average life of the debt with which they are financed; and
- Not be able to be funded entirely from other potential revenue sources, such as Federal aid or private contributions.

Policy on Capital Debt Issuance

In formalizing a financing strategy for the District's Capital Improvements Plan, the District adheres to the following guidelines in deciding how much additional debt, including GO and/or revenue bonds may be issued during the six-year CIP planning period:

- **Statutory Requirements:** Per the Home Rule Act, no general obligation bonds can be issued if such issuance would cause maximum annual debt service to exceed 17 percent of General Fund revenues in a given fiscal year, and no tax-supported debt of any kind (including income tax secured revenue bonds and general obligation bonds) can be issued if such issuance would cause total debt service on all tax-supported debt to exceed 12 percent of total General Fund expenditures in any year during the six-year CIP period.
- **Affordability:** The level of annual operating budget resources used to pay debt service should not impair the District's ability to fund ongoing operating expenditures and maintain operating liquidity.
- **Financing Sources:** The District evaluates various financing sources and structures to maximize capital project financing capacity at the lowest cost possible, while maintaining future financing flexibility.
- **Credit Ratings:** Issuance of additional debt should not negatively impact the District's ability to maintain and strengthen current credit ratings, which involves the evaluation of the impact of additional borrowing on the District's debt burden. This includes having certain criteria and ceilings regarding the issuance of new debt.

Bond Rating

Credit ratings have an important effect on the cost of funding the CIP. The three major rating agencies, Moody's Investors Service (Moody's), Standard and Poor's (S&P) and Fitch Ratings (Fitch), evaluate the credit worthiness of thousands of municipal issuers and their bonds. The agencies assign letter grades ranging from AAA (the highest rating category denoting strong creditworthiness) to C (denoting a distressed credit, typically in default, with little

prospect for meeting debt service obligations). The objective of the rating is to give market participants a mechanism to evaluate risk. Generally speaking, the higher the bond's rating, the lower the yield investors are likely to demand; in turn, lowering the issuer's cost of capital.

The District's GO rating has moved from Baa (deemed to be medium investment grade, subject to moderate credit risk and certain speculative characteristics) by Moody's in the mid-to-late 1990s to the current rating of Aa1/AA/AA (deemed to be a high quality credit, subject to very low credit risk) by Moody's, S&P and Fitch respectively.

In FY 2009, the District began issuing Income Tax Secured Revenue Bonds secured by a pledge of the District's personal and business income tax revenues. This is viewed as a stronger pledge by rating agencies than the District's full faith and credit to repay GO bonds. Based on the pledge and the collection and set-aside mechanisms that accumulate debt service six months in advance, IT bonds are rated Aa1/AAA/AA+, higher than GO bonds.

Policy on Terms for Long-Term Borrowing

To mitigate the interest costs associated with borrowing, the District seeks to identify sources other than bond proceeds to fund its CIP, such as grants, Highway Trust Fund receipts, and Paygo capital. Furthermore, the District generally issues its bonds based on anticipated spending for the fiscal year, not on a project-by-project basis. The District has issued GO, ITSB and GARVEE bonds to finance its CIP. The District will continue to analyze the benefits associated with issuing revenue bonds such as ITSB and GARVEE bonds for general capital purposes in the future. The pledge of a specific revenue source for the issuance of revenue bonds must not have a negative impact on the District's general fund or GO bond ratings and must provide favorable interest rates. The ITSB and GARVEE bonds meet these conditions. GARVEE bonds have the additional advantage of being debt that is excluded from the debt cap calculations.

To match the debt obligations with the useful life of the projects being financed, the District issues short-to intermediate-term financing (short-term bonds) for those projects that may not fit the criteria for long-term financing. The District amortizes long-term bonds over a 25 to 30-year period for those projects with an average 30-year useful life. Bonds may be issued by independent agencies or instrumentalities of the District as authorized by law. Payment of the debt service on these bonds is solely from the revenue of the independent entity or the project being financed.

Policy on Terms for Short-Term Bond Borrowing

The program assists the District in its asset/liability management by matching the useful life of the asset being financed with the amortization of the bond liability. Examples that are eligible are rolling stock such as automobiles, trucks, and public safety vehicles, as are some computer systems, hardware and software, with certain limitations.

For a piece of equipment to be eligible, it must have a unit value of at least \$5,000 and it must have a useful life of at least five years. The repayment (amortization) must not exceed the useful life of the equipment being financed.

Policy on the Use of Paygo Financing

"Pay-as-you-go" (Paygo) capital financing is obtained from current revenues authorized by the annual operating budget and approved by the Council and the Congress in a public law to pay for certain projects. No debt is incurred with this financing mechanism. Operating funds are transferred to the capital fund and allocated to the appropriate project. The budget is then used for the requisition of a District-owned asset(s). The District has the following policies on the use of capital Paygo financing:

- Paygo should be used for any CIP project not eligible for debt financing by virtue of its very limited useful life (less than five years).
- Paygo should be used for CIP projects consisting of short-lived equipment replacement and for limited renovations of facilities.
- Paygo may be used when the requirements or demands for capital budgets press the limits of prudent bonding capacity.

Congressional Appropriations

Notwithstanding any other provisions in the law, the Mayor of the District of Columbia is bound by the following sections of the 2000 D.C. Appropriations Act, included in P.L. 105-277 of the Omnibus Consolidated and Emergency Supplemental Appropriations for FY 2000. These sections were mandated by the 105th Congress and enacted for the fiscal year beginning October 1, 2000.

- **§113** – At the start of the fiscal year, the Mayor shall develop an annual plan, by quarter and by project, for capital outlay borrowings: Provided, that within a reasonable time after the close of each quarter, the Mayor shall report to the Council of the District of Columbia and to the Congress the actual borrowings and spending progress compared with projections.
- **§114** – The Mayor shall not borrow any funds for capital projects unless the Mayor has obtained prior approval from the Council of the District of Columbia, by act and/or resolution, identifying the projects and amounts to be financed with such borrowings.
- The Mayor shall not expend any monies borrowed for capital projects for the operating expenses of the District of Columbia government.

Trends Affecting Fiscal Planning

Several different kinds of trends and economic indicators are reviewed, projected, and analyzed each year for their impact on the operating budget and fiscal policy as applied to the CIP. These trends and indicators include:

- **Inflation:** Important as an indicator of future project costs or the costs of delaying capital expenditures.
- **Population Growth/Decline:** Provides the main indicator of the size or scale of required future facilities and services, as well as the timing of population-driven project requirements.
- **Demographic Changes:** Changes in the number and/or locations within the District of specific age groups or other special groups, which provide an indication of requirements and costs of specific public facilities (e.g., senior wellness and recreation centers, pre-K classrooms, etc.).
- **Personal Income:** The principal basis for projecting income tax revenues as one of the District's major revenue sources.
- **Implementation Rates:** Measured through the actual expenditures within programmed and authorized levels. Implementation rates are important in establishing actual annual cash requirements to fund projects in the CIP. As a result, implementation rates are a primary determinant of required annual bond issuance.

Spending Affordability

One of the most important factors in the CIP development process is determining spending affordability. Spending affordability is determined by the amount of debt service and Paygo capital funds that can be reasonably afforded by the operating budget given the District's revenue levels, operating/service needs, and capital/infrastructure needs. The size and financial health of the capital program is therefore somewhat constrained by the ability of the operating budget to absorb increased debt service amounts and/or operating requirements for Paygo capital expenditures. Realizing that maintenance and improvement in the infrastructure is important to the overall health and revitalization of the District, policymakers have worked diligently over the past several years to increase the levels of capital funding and expenditures. There is the ongoing need, however, to balance infrastructure needs with affordability constraints.

Master Facilities and Program Coordination Plan

The fiscal realities that continue to face the District of Columbia require a new level of scrutiny of all government costs. The capital budget, a critical area of the annual budget, is now in need of intensive review and further rationalization. Prompting this deeper analysis and decision-making is the reality that the borrowing capacity for capital projects has become severely constrained. To ensure continued good standing on Wall Street, the District limits its annual capital borrowing. The District must not only cover its baseline capital costs (maintenance of existing facilities), it must provide funding for new construction of schools, libraries, wellness centers, transportation systems, and other facilities.

Making tough decisions on what facilities to fund also requires a deeper understanding of opportunities to coordinate and possibly merge community services. Strategically planning for programmatic ventures will be a critical factor in driving which facilities are truly needed and where.

For these reasons, the District is developing master facility plans and agency plans, including an updated facility inventory and conditions assessments, and detailed analysis on community and program needs. With this information, future capital fund allocations will be more effectively targeted to meet community and governmental priorities with the most efficient use of resources. This planning effort requires intensive data collection, analysis and strategic planning on both public facility and programmatic components.

Financial Management Targets

The District has established certain financial management targets that are consistent with maintaining a healthy debt management program to finance its capital needs. Key targets include the following:

- 1) Containing debt levels and maintaining prudent debt ratios relative to industry standards;
- 2) Maintaining or improving favorable bond ratings.

Financial Management Target: Containing Debt Levels and Maintaining Prudent Debt Ratios

As it emerged from its financial crisis of the mid-1990s and moved into the 2000s, the District had a backlog of infrastructure needs to address. These infrastructure needs were critical to providing for the District's economic revitalization and long-term health. Among other things, many of its schools and recreation centers were in need of rebuilding or renovation, and numerous economic development initiatives required District capital investment in order to be viable. In order to fulfill these important infrastructure needs and invest in the long-term economic health and quality of life of the city, the District has committed substantial funding to its CIP over the past several years. Naturally, this has increased the District's debt levels and debt ratios, which are relatively high according to the rating agencies and industry standards. In order to ensure that the District's funding of its infrastructure needs are balanced with the need for prudent and responsible debt management, in 2009 the District instituted a new statutory debt cap. This debt cap, which is more restrictive than the prior statutory debt cap, requires that annual debt service on all tax-supported debt cannot exceed 12 percent of total General Fund expenditures in any year during the 6-year CIP period. As such, the District is now required by law to maintain this key debt ratio at a prudent level, which will help to ensure that its other debt ratios (such as debt to full property value, debt to personal income, and debt per capita) are constrained, and that its total outstanding tax-supported debt level is constrained.

Financial Management Target: Maintaining or Improving Favorable Bond Ratings

Credit ratings evaluate the credit worthiness of a jurisdiction and the credit quality of the notes and bonds that the jurisdiction issues. Specifically, credit ratings are intended to assess and measure the probability of the timely payment of principal and interest to bondholders on notes and bonds issued. Potential investors use credit ratings to assess their repayment risk when loaning the District funds for capital and short-term operating needs. There are three major agencies that rate the District's debt: Fitch Ratings, Moody's Investors Service, and Standard and Poor's Ratings Services.

The rating agencies rate the District's GO bonds and other major cities' bonds by criteria in the following categories:

- Economic base
- Management structure and performance
- Debt burden
- Financial performance
- Demographics

During FY 1995, the District's general obligation debt was downgraded by all three rating agencies to below-investment-grade or "junk bond" levels. Beginning in 1998, each rating agency issued a series of upgrades to the District's general obligation bond rating over the course of the subsequent decade. The upgrades that occurred in 1999 raised the District's ratings back to investment-grade levels. The numerous upgrades since then have raised the District's GO bond ratings to their current levels of Aa1, AA, and AA by Moody's, Standard & Poor's, and Fitch

Ratings, respectively, and represent the highest GO bond ratings the District has ever had. These upgrades represent a remarkable financial recovery by the District. The bond rating upgrades have made the District's bonds more marketable and attractive to investors, resulting in more favorable interest rates and a lower cost of capital to the District.

Moreover, in recent years the District created a new debt financing structure and issued income tax (I.T.) secured revenue bonds, which have ratings even higher than the District's GO bonds, at rating levels of AAA, Aa1, and AA+ by Standard and Poor's, Moody's, and Fitch, respectively. As such, these bonds allow the District to borrow capital funds at even lower interest rates than the District's GO bonds, producing additional debt service savings.

The District's target is to maintain or further improve its bond ratings. Many jurisdictions have seen their bond ratings downgraded during the recent economic recession and its aftermath, as municipal governments have been severely challenged by declining revenues that have produced acute budget challenges. The District has also experienced some of these challenges, but has managed to maintain its bond ratings. The District's elected leadership and financial management team intend to continue to take the prudent management actions necessary to avoid bond rating downgrades, and to obtain further bond rating upgrades as the economy improves and the District demonstrates a solid track record of managing through the current fiscally challenging environment.

Credit ratings are very important to the Capital Program. They affect the District's cost of capital as well as represent an assessment of the District's financial condition. The cost of capital also plays a role in determining spending affordability. Higher costs for capital financing diminish the ability of the Capital Program to proceed with programmatic objectives. In short, higher capital costs result in fewer bridges being rehabilitated, roofs repaired, and facilities renovated. On the other hand, lower costs of capital increase the affordability of such projects.

FY 2018 Capital Budget Planning Major Assumptions

A number of assumptions must be established to develop a comprehensive Capital Improvements Plan budget. Because of the unique and changing nature of the District's organizational structure and financial position, it is difficult to forecast revenues, expenditure patterns, costs, and other key financial indicators in a precise manner. Nonetheless, the following primary assumption was used to develop this CIP:

- The capital expenditure target for the FY 2018 to FY 2023 CIP is based on designated revenue streams and remaining at or below the 12 percent debt cap.

The FY 2018 operating budget will be sufficient to provide for:

- Debt service on both short-term and long-term bond financings.

Capital Improvements Plan Development Process

The Capital Improvements Program, as mandated by Public Law 93-198 – the Home Rule Act, has the annual responsibility of formulating the District's 6-Year Capital Improvements Plan. Each District agency is responsible for the initial preparation and presentation of an agency specific plan. Under the program, projects should complement the planning of other District agencies and must constitute a coordinated, long-term program to improve and effectively use the capital facilities and agency infrastructure. Specifically, the CIP should substantially conform to the Office of Planning's Comprehensive Plan, the District of Columbia Municipal Regulations Title 10 Planning and Development (Chapters 1 to 11).

Program Participants

The development and implementation of the CIP is a coordinated effort among the District's programmatic, executive, and legislative/oversight bodies.

Implementing Agencies (Programmatic)

For purposes of project management, each capital project in the CIP is owned and/or implemented by a specific District agency. In many cases, the project's owner agency manages and implements all of the project's phases to completion. To allow the District to leverage internal capabilities, in certain circumstances the owner agency is a different entity than the implementing agency. Implementing agencies manage actual construction and installation of a capital facility or supporting infrastructure. The implementing agencies are responsible for the execution of projects. This task includes the appointment of a Capital Financial Officer, who monitors the progress of the projects and ensures that:

- The original intent of the project is fulfilled as Congressionally approved;
- The highest priority projects established by the user agency are implemented first;
- Financing is scheduled for required expenditures; and
- While many District agencies implement their own capital projects, several central agencies, such as the Department of General Services and the Office of the Chief Technology Officer, implement projects on behalf of many other agencies.

Office of Budget and Planning (Executive)

The Office of Budget and Planning (OBP) is responsible for issuing budget call instructions to District agencies. OBP provides technical direction to agencies for preparing expenditures plans, project/subproject justifications, priority ranking factors, operating budget impacts, cost estimates, milestone data, and performance measures. The budget call allows for updates to ongoing projects and requests for additional financing and appropriated budget authority for ongoing and new projects. OBP coordinates project evaluations to determine agency needs through careful analysis of budget request data, review of current available and future financing requirements, and comparison of project financial needs with the current bond sales and general fund subsidies anticipated to be available for CIP purposes.

Capital Budget Team (Executive)

The Mayor's Office of Budget and Finance leads the Capital Budget Team (CBT) along with representatives from the Office of the City Administrator, Chief Financial Officer, Deputy CFO for Budget and Planning, the Department of General Services, the Office of Planning, the District Office of Energy and the Environment, the District Department of Transportation, and the Office of the Chief Technology Officer. OBP provides analysis for, and staff support to, the CBT. The CBT evaluates agency requests using criteria developed jointly by the Mayor's Office of Budget and Finance and the OCFO's Office of Budget and Planning.

Mayor (Executive)

The CBT's recommendation is then submitted to the Mayor for review, approval, and finally, transmittal to the Council. There are two levels of legislative/oversight review. They are as follows:

- The Council of the District of Columbia
- The U.S. Congress

Each body reviews and approves the capital budget and the six-year plan.

Authorizing Projects in the CIP

OBP and the CBT review and analyze the CIP. The CIP is developed in the four-step process described below.

Step 1: Budget Call

In the fall of the current fiscal year, District agencies are requested to provide OBP with updated information regarding ongoing projects (e.g. increases or decreases in funding or planned expenditures), as well as requests for new projects. The instructions call for agencies to provide detailed information on a project's expenditure requirements, physical attributes, implementation timeframe, feasibility, and community impact. In addition, agencies provide project milestones, estimated costs, FTE details, expenditure plans, operating budget impacts, and a prioritized list of potential capital projects. The agency requests are disseminated to all members of the CBT for review.

Step 2: Budget Analysis

Project requests submitted in Step 1 undergo a thorough analysis to determine if an agency's request merits inclusion in the CIP. This analysis is divided into the following three primary functions:

Function 1 – Project Justification: Each project request is evaluated by the CBT to determine its relationship with the agency's overall mission, whether the project is duplicative of efforts of another agency's ongoing project, whether the project is in concurrence with the District's Comprehensive Plan, and whether the planned expenditure is an operating rather than capital expense. In addition, project requests are reviewed based on priority criteria and must meet one or more of the factors below:

- | | |
|--------------------------|------------------------|
| • Health/Safety | • Legal Compliance |
| • Efficiency Improvement | • Facility Improvement |
| • Revenue Initiative | • Economic Development |
| • Project Close-out | |

Function 2 – Cost Analysis: An important factor in the evaluation of a project request is the overall cost. Facility cost estimates are developed in conjunction with the Department of General Services while technology projects are reviewed by the Office of the Chief Technology Officer to validate the project costs proposed in the agency submissions. Furthermore, future operating costs are estimated to provide supplementary information regarding out-year requirements once the project is implemented (Operating Budget Impacts).

Function 3 – Financing Analysis: The Office of the Chief Financial Officer is committed to finance capital projects in a manner in which:

- Funding is committed for the entire CIP;
- The District receives the lowest cost of funding available; and
- The useful life of capital projects matches and does not exceed the average maturity of the liability used to finance the assets. As such, OBP reviews the useful life of each project and presents this information to the Office of Finance and Treasury (OFT). OFT develops a strategy to match the underlying assets with an appropriate means of financing.

Step 3: Recommendations

After reviewing all capital project requests with regard to scope of work, projected cost, and financing alternatives, the CBT evaluates the projects based on their physical attributes, implementing feasibility, and physical/economic impact on the community. Subsequently, the Deputy Mayors and the City Administrator use a scoring model with a defined set of criteria for all projects proposed by agencies for additions (enhancements) to the budget. The Office of Budget and Finance then uses the collective recommendations of the CBT and the scoring model results to formulate a recommendation in the form of a CIP.

Step 4: Approval

The proposed CIP is then submitted to the Mayor for approval and inclusion in the proposed budget, with subsequent submission to the Council. The Council may make changes, and after Council approval and the Mayor's signature, the CIP is transmitted to Congress for final approval.

Phases of a Capital Project

Capital projects are actually the sum of a series of phases, each of which groups the types of tasks necessary to accomplish the project's goal. Other than Information Technology (IT) projects, each project in the CIP is approved and budgeted in five phases. However, in some instances, projects need funding for planned expenditures only in one particular phase, such as major equipment acquisition. The phases are:

- Feasibility Study (00)
 - Site Acquisition (02)
 - Construction (04)
 - IT Requirement Development (06)
 - IT Development and Turnout (08)
 - Design (01)
 - Project Management (03)
 - Equipment (05)
 - IT Development and Testing (07)
 - Design and Construction (under \$1 million) (09)
-
- **Phase 0** -The feasibility phase includes all work required to perform an assessment to determine the overall feasibility of a project being considered for construction (this phase applies to the District Department of Transportation only).
 - **Phase 1** – Design includes all work completed to define the scope and content of the project. Architects and engineers that agencies employ to analyze the planning for a project would be funded from the design phase. Costs associated with solicitations and proposals also fall within this phase. This phase also would be used to fund any processes necessary for selection of contracts.
 - **Phase 2** – Site Acquisition covers costs for site preparation expenses, legal work or probable demolition and hauling expenses. Site appraisal and survey also would be funded through this phase.
 - **Phase 3** – Project Management pays all internal agency management and support costs from design to construction. Activities within this phase include any work of the project manager and other staff.
 - **Phase 4** – Construction includes any construction contract work done by other District agencies. This phase funds work on a particular construction contract.
 - **Phase 5** – Equipment funds disbursements for specialized equipment. Equipment funded through capital has to be permanently connected to the physical plant designed as an integral part of the facility. Equipment defined for funding by this phase includes such items as the purchase and installation of elevators, boilers, generators, and HVAC systems. The Capital Program will not fund office equipment or personal computers. These are funded by the operating budget.
 - **Phase 6** – IT Requirements Development phase encompasses both the definition of requirements and design of the system to be implemented. This phase defines requirements and design elements to a level of detail that allows technicians to decide upon development and configuration choices.
 - **Phase 7** – IT Development and Testing is the phase in which project requirements and systems design are translated into a working version of the system. This phase also includes all testing stages from unit/component testing, to complete systems testing, to user acceptance testing.

- **Phase 8** – IT Development and Turnout includes all activities to make the system available to all users. During this stage, all functions necessary to make the system part of normal user activities are done. For technology systems, turnover means documenting processes and activities necessary to put the system into production.
- **Phase 9** – Design and Construction is for use in a “design build” type of facility construction contract, where the provisions of the contract require both activities but, for which there is no easily identifiable cost estimates for either specific phase. The use is limited to contracts that are under \$1 million, since anything above that level requires Council approval and thus greater cost breakdowns and tracking.

Project Milestones

Each phase of a project is monitored and tracked using milestone data. This lets the Capital Program determine if projects are being completed on time and within budget. Milestone data is provided by agencies in the annual budget submissions as justification for additional funding. Milestone data includes such items as project authorization dates, original project cost estimates, contract award dates, revised completion dates, construction start dates, and others. In an attempt to summarize the various elements of milestone data, the Capital Program includes status codes in the project description forms.

Project Description Forms

(AM0) DEPARTMENT OF GENERAL SERVICES

Mission

The goal of the Department of General Services is to ensure the delivery of new or modernized, well-equipped, well-maintained, safe and secure buildings and facilities for the benefit of District residents and employees.

Summary of Services (Scope)

The Department of General Services (DGS) carries out a broad range of real estate management functions. In addition to managing capital improvement and construction programs for a variety of District government agencies, DGS also executes real property acquisitions by purchase or lease, disposes of property through sale, lease or other authorized method, manages space in buildings and adjacent areas, and provides building management services for facilities owned or operated by the District. Among the services provided are engineering, custodial, security, energy conservation, utility management, general maintenance, inspection, planning, capital repairs and improvement.

There are 77 agencies or independent operating units occupying space in approximately 512 facilities under DGS management.

The Capital Construction Services Division implements and manages the public building needs through the Capital Improvements Plan (CIP) for most District government agencies. The CIP outlines agencies' capital needs, including the rehabilitation of existing properties and construction of new facilities. The Capital Construction Services Division ensures the timely and cost-effective delivery of superior quality engineering and design, construction, as well as a variety of other technical services on all relevant capital development projects in the CIP. The division is organized into five focus areas: Health & Human Services, Government Buildings/Tenant Improvement, Major Construction - Education, Major Construction - Public Safety, and Major Construction - Recreation.

CAPITAL PROGRAM OBJECTIVES:

Ensure that DGS efficiently and effectively manages the planning, modernization, new construction and renovation projects for the District (public safety, municipal, education and recreation).

RECENT ACCOMPLISHMENTS:

In 2015, DGS completed 30 Municipal projects in the District. The agency also completed 16 school projects in the following categories: six modernizations, five-renovations and six special projects. Also, there are 8 school projects undergoing full modernization, while 6 are in the planning, construction or closed out stage of modernization. We are proud have set ever higher goals for environmental sustainability and attainment of LEED standards. It is also worth highlighting that school modernization projects have also consistently exceeded the District's goals for economic inclusion of Certified Business Enterprises (CBE) and District residents.

Accomplishments:

Completed projects:

- Mann Elementary School, Modernization - 2015
- Langdon Elementary School, Modernization - 2015
- Plummer Elementary School, Modernization - 2015
- Hearst Elementary School, Modernization - 2015
- Shepherd Elementary School, Modernization - 2015
- Johnson - Modernization - 2015
- Kramer Middle Schools, Modernization - 2015
- Barry Farm Recreation Center, Modernization - 2015
- the Southeast Tennis and Learning Center, Modernization - 2015
- The historic Park View Recreation Center Field House, Renovation -2015

- Provided MPD a state-of-the-art facility at the Merritt School for the Sixth District police station and Youth Division, built-out 2850 New York Avenue, Northeast, with planned construction or modernization of additional police stations and substations underway
- Completed the Emergency Vehicles Obstacle Course at DC Village for FEMS, and
- Assisted DDOT with the reopening of O Street, NW, as part of the completion of Dunbar Senior High School in Ward 5.
- DC Jail - Inmate Processing Center – IPC
- 64 New York Avenue Interior Renovation - DBH, DGS, DOH, & MPD
- Shannon Place Base Building
- MPD - Interior Renovations for Detectives - Various Locations District-wide
- MPD - Locker Room Renovation
- Interior Renovation at 899 North Capital Street, NE for DOH (1st - 5th Floors)

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

AM0-PL902-CRITICAL SYSTEM REPLACEMENT

Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: PL902

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: Ongoing Subprojects

Useful Life of the Project: 15

Estimated Full Funding Cost:\$42,010,000

Description:

The purpose of this project is to perform capital improvements and facility condition assessments in buildings operated by the District to ensure that public facilities remain in good condition, to support the cost-effective delivery of municipal programs and services, and to maintain the long term capital value of DC's owned facilities. Specifically, this project makes the essential upgrades needed to maintain adequate public facilities. Among the capital improvements required in District-owned facilities are roof replacements, window replacements, and HVAC (heating and air-conditioning systems) replacements. In addition, this project can be used for priority building improvement projects that may have not been planned for as part of the facilities condition assessment. Even with excellent planning, there is often a need to address critical infrastructure needs in District buildings.

Justification:

This project will allow for maximum use of capital improvement pool funding by allowing proactive planning, maximizing the efficiency of upgrades, and permitting flexibility in delivering facility improvements. It is essential to ensure that proper capital investments are being made in District-owned facilities to maintain their proper function and avoid disruption to needed public services.

Progress Assessment:

This is an on-going project.

AM0-SPC01-DC UNITED SOCCER STADIUM

Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: SPC01
Ward: 6
Location: POTOMAC AVENUE SW
Facility Name or Identifier: DC UNITED SOCCER STADIUM
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: \$150,000,000

Description:

This project is to provide budget to acquire, assemble, and develop a new DC United soccer stadium site. The Mayor shall acquire Squares 605, 607, and 661 and the northwest portion of Lot 24 in Square 665. Notwithstanding any other provision of law, the District shall not obligate in excess of \$150,000,000 in aggregate costs to acquire, assemble, and develop the soccer stadium site. The project shall also fund the acquisition of Circulator buses that will be used to implement the Convention Center – Southwest Waterfront route as described in the “DC Circulator 2014 Transit Development Plan Update” dated September 2014. This route has been identified as a community benefit associated with development of the soccer stadium.

Justification:

This project is to acquire, assemble, and develop a new DC United soccer stadium site.

Progress Assessment:

This project is progressing as planned.

AM0-PL901-ENERGY RETROFITTING OF DISTRICT BUILDINGS

Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: PL901

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: \$54,000,000

Description:

This project will reduce environmental impact and energy costs in public buildings owned and operated by the District by incorporating green technology and modifying building systems, including windows, doors, roofs, and mechanical, electrical, and plumbing systems. Facility condition assessments of District buildings will identify specific improvements and upgrades with the potential to reduce consumption and achieve maximum savings. With energy costs continuing to increase, the District can realize savings – or offset increases – with appropriate retrofitting of public facilities to help reduce consumption.

Justification:

This project directly supports the comprehensive plan goal to provide adequate public facilities and to support cost-effective and environmentally conscious delivery of municipal programs and services.

Progress Assessment:

The project is progressing as planned.

AM0-BC101-FACILITY CONDITION ASSESSMENT

Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: BC101
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: VARIOUS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: \$20,000,000

Description:

District facilities are assessed in a recurring cycle; immediate, urgent, and long term equipment, system, and structural costs are determined and used as an input to the capital budget development.

Justification:

Identifying present conditions of public facilities will help plan for future capital improvements.

Progress Assessment:

Assessments to quantify required mechanical, electrical, and structural repair and provide a time schedule for the repairs are on-going.

AM0-PL103-HAZARDOUS MATERIAL ABATEMENT POOL

Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: PL103

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost:\$8,809,000

Description:

This project addresses the identification and removal of asbestos, lead, and underground fuel storage tanks from District-owned properties. The project allows the District to comply with U.S. environmental laws and regulations by assessing the extent of a potential abatement and the remedial action itself. Multiple subprojects are in various stages of completion, and additional subprojects are introduced on an as-needed basis.

Justification:

This project is necessary to ensure that there is sufficient capital funding to address hazardous material abatement as they are uncovered in facility assessments. The project protects the health of people using District facilities by allowing for the removal of dangerous materials from District properties.

Progress Assessment:

Hazardous material abatement addresses the health and safety of occupants of our facilities. Projects include removal of asbestos, lead, and underground fuel storage tanks from various District-owned properties and are on-going.

Related Projects:

DOEE project HMRHMC-Hazardous Material Remediation - DDOE

Spending plan for this pool project is: \$200,000 for the repair of the roof at One Judiciary Square, \$750,000 for the repair of the roof at the Wilson Building, and \$50,000 for use on the other administrative facilities based on any conditions that warrant roof repair.

(AT0) OFFICE OF THE CHIEF FINANCIAL OFFICER

MISSION

The Office of the Chief Financial Officer (OCFO) provides financial management services to the government and the people of the District of Columbia to sustain long-term fiscal and economic viability.

BACKGROUND

In accordance with the independent status of the District's Chief Financial Officer, the OCFO exercises independent control and management oversight over the District's financial systems, including SOAR, the Modernized Integrated Tax System (MITS), CFOSolve, and all other related and subsidiary systems. The OCFO is charged with the responsibility for maintaining and operating the District's independent financial systems to support the Mayor, the Council, and Congress.

CAPITAL PROGRAM OBJECTIVES

The OCFO maintains the integrity and reliability of the District's financial systems by maintaining independence in its relationships with program staff and assuring that systems modifications are transparent and auditable. This is accomplished by ensuring the financial systems can be maintained and supported by the OCFO workforce. This is a core function and cannot be outsourced to outside vendors or other parts of the government.

RECENT ACCOMPLISHMENTS

Highlights of our achievements include the District receiving and maintaining the first AAA rating for Income Tax Secured Revenue Bonds from the major rating agencies, an unprecedented 19th year of budget surplus, and the Comprehensive Annual Financial Report (CAFR) submitted with an unqualified opinion and no material weaknesses.

In August 2014 the CFO presented the OCFO strategic plan with 24 strategic initiatives supporting 7 key objectives. As plan initiatives are completed, new goals and projects are put forward. In April 2017, the CFO presented the updated OCFO strategic plan featuring 25 strategic initiatives. Two capital projects, the completion of MITS and the replacement of the SOAR system, are included in the plan as strategic initiatives.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

TO0-CIM01-CAPITAL ASSET REPLACEMENT SCHEDULING SYSTEM

Agency: OFFICE OF THE CHIEF FINANCIAL OFFICER (AT0)
Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Project No: CIM01
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: Ongoing Subprojects
Useful Life of the Project: 10
Estimated Full Funding Cost:\$2,395,000

Description:

The new project will provide better information on current capital projects as well as future capital and infrastructure needs. The project will identify budget needs to maintain current infrastructure; the capacity of different funding options; and the impact of policies on the District's debt cap and pay-as-you-go levels. The project will help identify the need for alternative financial options such as public/private partnerships and infrastructure trusts, in support of managing the District's asset needs.

The project will model all District assets, by type, and by agency, against their current condition and future capital repair needs to ensure maximization of their useful life and ultimately the replacement. It will also provide a mechanism for assessing the value and the risks to the District of both current assets and proposed investments in new assets.

Justification:

The project will provide a mechanism for assessing the condition status of current assets and proposed investments in new assets, and matching the priority of needs with the available budget limitations.

Progress Assessment:

Project is ongoing.

AT0-BF304-DCSRP - SOAR MODERNIZATION

Agency: OFFICE OF THE CHIEF FINANCIAL OFFICER (AT0)

Implementing Agency: OFFICE OF THE CHIEF FINANCIAL OFFICER (AT0)

Project No: BF304

Ward:

Location: 1100 4ST SW

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: New

Useful Life of the Project:

Estimated Full Funding Cost:\$0

Description:

This project will provide the District government with an improved process for formulating complex budgets (operating, revenue and capital) and the peripheral data associated with budgets (wards, classifications of projects, on-line publishing etc.). The initiative will build the business analytics platform by providing a consolidated view of budget and financial information within the different business units and agencies. The initiative will allow the government and its citizens to track the district's budget health through enhanced data visualizations, charts, and datasets. The initiative will create and publish dashboards on agency and project budgets, revenue forecasts and collections, performance against budget, capital project management and other business performance metrics.

Justification:

The current application is 17 years old and must be replaced.

Progress Assessment:

NA

AT0-CSP08-INTEGRATED TAX SYSTEM MODERNIZATION

Agency: OFFICE OF THE CHIEF FINANCIAL OFFICER (AT0)
Implementing Agency: OFFICE OF THE CHIEF FINANCIAL OFFICER (AT0)
Project No: CSP08
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: Ongoing Subprojects
Useful Life of the Project: 10

Estimated Full Funding Cost:\$65,420,000

Description:

This project will completely modernize and refine the District's tax systems to bring them in line with industry best practices and add new functionality in the areas of compliance, collections, case management, individual, business and property tax collection; and processing and accounting. The tax system modernization will be achieved in stages to replace individual components starting with the case management module, real property system, and eventually the core tax management system.

This project represents a modernization of the Integrated Tax System (ITS). The current system will require a technology refresh, particularly on the reporting and middle-ware tools, to take advantage of web-based technologies that were not available when the system was installed. This will require replacement of the SAND and the Crystal server-based systems currently in use for report and query building as well as supporting platform software and related applications. This investment will allow the core underlying system to remain in place, while simplifying maintenance requirements and allowing for further consolidation of servers and reduced bandwidth requirements.

Justification:

The first phase is to replace the real property tax module, to address and reduce the risk of fraud and mismanagement by leveraging superior internal controls and industry best practices implemented in the replacement system. In addition, the new case management system will provide intelligent case analytics; and review and analysis abilities that will result in increased tax compliance and collections, further resulting in increased revenues. The implementation of the Phase 1 will result in the capture of new tax revenue that will be recognized as Paygo transfers from the general fund to the capital fund in the amount of \$6.0 million in FY2010. This capital budget will help to offset the project costs.

Progress Assessment:

The project is currently in the planning phase and high-level designs of all the different projects within the modernization initiative are being developed. The District's project manager for this effort has been hired. Currently, requirements are being collected for the case management and real property tax system modules.

(BA0) OFFICE OF THE SECRETARY

MISSION

The Office of the Secretary serves as the District of Columbia's primary liaison with the diplomatic and international community, provides authentication and public records management services to the Mayor and District government agencies, prepares executive orders, proclamations, directives and administrative issuances, and manages the District of Columbia's Archives. The Office of the Secretary also commissions all District of Columbia Notaries Public, publishes the District of Columbia Register and the District of Columbia Municipal Regulations, and is the official custodian of the Corporate Seal of the District of Columbia.

CAPITAL PROGRAM OBJECTIVES

Currently requesting planning and design funds for the DC Archives project.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

AM0-AB102-ARCHIVES

Agency: OFFICE OF THE SECRETARY (BA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: AB102
Ward: 5
Location: 1220 W STREET NE
Facility Name or Identifier: ARCHIVES
Status: Site acquisition required
Useful Life of the Project: 30
Estimated Full Funding Cost: \$84,325,000

Description:

The Budget provides funding to allow the Archives to relocate to a site that meets several criteria outlined in a report commissioned by the Department of General Services, which found that the preferred alternative would be a stand-alone, purpose-built, new facility requiring approximately 135,000 gross building square feet. The Archives building is to be a mix of high-quality, environmentally controlled storage space, and several thousand square feet of space for the public to access the Archives, office space, and meeting space.

Justification:

The District of Columbia Archives holds historical and permanently valuable records of the DC Government such as birth and death records, wills, land records and marriage records.

Progress Assessment:

The archival material inventory is underway, and will help in developing requirements for the design of the new facility.

Related Projects:

(CE0) DC PUBLIC LIBRARY

MISSION

The District of Columbia Public Library provides access to materials, information, programs, and services, which, combined with expert staff, enables everyone to achieve lifelong learning, improve quality of life, and helps build a thriving city.

BACKGROUND

The DC Public Library has a total of 26 neighborhood libraries and MLK Jr. Memorial Library. Since 2009, 15 libraries have been rebuilt or renovated. Another six are in varying stages of design and construction including Martin Luther King Jr. Library, Cleveland Park Library, Palisades Library, Capitol View Library, West End Library (a mixed-use development) and Woodridge Library, open summer 2016. The Library has several remaining facilities that need modernization.

CAPITAL PROGRAM OBJECTIVES

- Enhance neighborhood libraries to provide modern, flexible facilities that better serve District residents.
- Implement general improvement projects at facilities not currently scheduled for major renovation or rebuild.
- Fully renovate and modernize the Martin Luther King Jr. Memorial Library.

RECENT ACCOMPLISHMENTS

Northeast Library - Opened February 3, 2014

Rosedale Library - Opened October 20 12

Mt. Pleasant Library - Opened July 25, 2012

Francis Gregory Library - Opened June 19, 2012

Bellevue (William O. Lockridge) Library - Opened June 13, 2012

Petworth Library - Opened February, 28, 2011

Tenley-Friendship Library - Opened January 24, 2011

Georgetown Library - Opened October 18, 2010

Shaw (Watha T. Daniel) Library - Opened August 2, 2010

Deanwood Library - Opened June 25, 2010

Anacostia Library - Opened April 26, 2010

Benning (Dorothy I. Height) Library - Opened April 5, 2010

Northwest One Library - Opened December 2009

Parklands-Turner Library - Opened October 2009

Takoma Park Library - Opened March 2009

- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

District of Columbia Public Libraries

1. Lamond Riggs Library
2. Martin Luther King Jr. Memorial Central Library
3. Southeast Library
4. Southwest Library

CE0-CAV37-CAPITOL VIEW LIBRARY

Agency: DC PUBLIC LIBRARY (CE0)
Implementing Agency: DC PUBLIC LIBRARY (CE0)
Project No: CAV37
Ward: 7
Location: 5001 CENTRAL AVENUE, SE
Facility Name or Identifier: CAPITOL VIEW LIBRARY
Status: Developing scope of work
Useful Life of the Project: 25+
Estimated Full Funding Cost: \$10,500,000

Description:

Substantially renovate the building to create a 21st century state-of-art LEED Silver Rated facility. The scope of work entails providing architectural and engineering services which comprises predesign, design, preparation of contract documents, commissioning, planning services to substantially renovate the structure to fully or substantially comply with ADA Accessibility Guidelines for Buildings and Facilities.(September 2002) to include vertical transportation, interior circulation, signage, entrances and exists, walkways, restrooms, alarms, and exterior implements. The renovated Capitol View Neighborhood Library will reflect the program and goals of the Library and the needs of the District of Columbia residents that use the library. The building will incorporate forward-thinking approaches to urban design, architecture, engineering, environmental technologies in the public realm. The renovated Capitol View Library will be a destination that will attract and support hundreds of users a day, and promote a vibrant, mixed-use neighborhood and active street environment.

Justification:

Project is currently funded.

Progress Assessment:

This project is on schedule.

CE0-LAR37-LAMOND RIGGS LIBRARY

Agency: DC PUBLIC LIBRARY (CE0)
Implementing Agency: DC PUBLIC LIBRARY (CE0)
Project No: LAR37
Ward: 5
Location: 5401 SOUTH DAKOTA AVENUE NE
Facility Name or Identifier: LAMOND RIGGS LIBRARY
Status: New
Useful Life of the Project: 30
Estimated Full Funding Cost: \$20,000,000

Description:

The Lamond Riggs Neighborhood Library improvements will create a new 21st century state-of-the-art LEED Silver certified facility. The scope of work entails providing architectural and engineering services which comprises predesign, design, preparation of contract documents, commissioning and planning services to fully or substantially comply with ADA Accessibility Guidelines for Buildings and Facilities. This includes vertical transportation, interior circulation, signage, entrances and exists, walkways, restrooms, alarms, etc. The renovated Lamond Riggs Neighborhood Library will reflect the program and goals of the library and the needs of the District of Columbia residents that use the library. The building will incorporate forward-thinking approaches to urban design, architecture, engineering, environmental technologies in the public realm. A building condition assessment was conducted in 2001 and an additional building assessment was completed in December 2009. The 2001 report indicated numerous costly repairs and upgrades and this work has never been done in its entirety. The District continues to pay for ongoing maintenance issues. The building energy is inefficient.

Justification:

The Lamond Riggs Neighborhood Library is one of two libraries that serve Ward 5. The building is approximately 45 years old. The existing CMU masonry construction has limited flexibility to change within the existing walls of the building. As library use has changed over the years, the need for electronic resources has expanded. However, expending the technology within the Woodridge library has proven extremely difficult. The citizens living in Ward 5 will benefit from expanded library services much in the same way citizens in Wards 7 and 2 have benefited from their recently opened new libraries. The expanded library facilities and subsequent expanded library programs fits into the mayor's educational priorities. This project aligns with Sustainable DC Action: Built Environment 3.5.

Progress Assessment:

This is a new project.

Related Projects:

There is the potential that the Lamond Riggs Neighborhood Library could become part of the proposed JBG Companies development across South Dakota Avenue.

CE0-MCL03-MARTIN LUTHER KING JR. MEMORIAL CENTRAL LIBRARY

Agency: DC PUBLIC LIBRARY (CE0)
Implementing Agency: DC PUBLIC LIBRARY (CE0)
Project No: MCL03
Ward: 2
Location: 901 G STREET NW
Facility Name or Identifier: MARTIN LUTHER KING JR. MEMORIAL CENTRAL LIBRARY
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost:\$208,557,000

Description:

The renovated Martin Luther King Jr. Memorial Central Library will reflect the program and goals of the Library and the needs of the District of Columbia residents who use the library. While being respectful of the only Mies van der Rohe building in the District, the building will incorporate forward-thinking approaches to urban design, architecture, engineering, and environmental technologies in the public realm. The renovated MLK Library will be a destination that will attract and support hundreds of users a day, and promote a vibrant, mixed-use neighborhood and active street environment. A building condition assessment was conducted in 2010 and indicated numerous costly replacements and upgrades were needed. The District continues to pay for ongoing maintenance issues. The building is not energy efficient.

Strategic capital improvements have been completed and are currently planned, however, they do not come close to the amount of work that is needed to ensure that this is a thriving civic facility. Based on the 2010 Building Condition Assessment the majority of the main building systems are beyond their useful life. The expanded library facilities and subsequent expanded library programs fits into the mayor's educational priorities.

Justification:

The project is necessary because the existing Martin Luther King Jr. Memorial Library building does not meet the District's needs as a central library. This project aligns with SustainableDC Action: Built Environment 3.5.

Progress Assessment:

Project is ongoing.

TO0-ASF03-SHARED TECHNICAL SERVICES

Agency: DC PUBLIC LIBRARY (CE0)
Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Project No: ASF03
Ward:
Location: DISTRICTWIDE
Facility Name or Identifier: SHARED TECHNICAL SERVICES
Status: New
Useful Life of the Project: 15
Estimated Full Funding Cost:\$4,500,000

Description:

Shared services is the consolidation of IT solutions that are used by multiple parts of the library system. This project will provide IT support for the expansion of the services and to further provide opportunities for improving shared technology.

Justification:

Shared services are cost-efficient because they centralize operations that are used by multiple parts of the library, and by its customers to help eliminate redundancy.

Progress Assessment:

New Project.

CE0-SEL37-SOUTHEAST LIBRARY

Agency: DC PUBLIC LIBRARY (CE0)
Implementing Agency: DC PUBLIC LIBRARY (CE0)
Project No: SEL37
Ward: 6
Location: 403 7TH STREET SE
Facility Name or Identifier: SOUTHEAST LIBRARY
Status: Developing scope of work
Useful Life of the Project: 30
Estimated Full Funding Cost: \$23,500,000

Description:

Interior re-design and demolition and reconstruction of the existing Southeast Library, including a potential underground extension. Exterior restoration of building and replacement of building systems, including mechanical, electrical, conveyance and security.

Justification:

The historic Southeast Library is a 2-story structure with approx. 9600 SF of space. CEPL has created a program which includes additional and enlarged spaces to meet the needs of the community. The estimated total of required space is 3,500 SF. These spaces include: 1 large meeting room, 1 smaller conference room, 3-4 study rooms, ample table workspace with electrical power and lounge style seating areas, larger staff workroom, complete restroom modernization, larger staircase, new elevator, HVAC modernization, ADA accessibility upgrades, outside seating and play area enhancements, and children's computer stations.

Progress Assessment:

This is an on-going project. Feasibility study was commissioned by the Barracks Row Main Street focusing on the revitalization of the Eastern Market Metro Station plaza. That feasibility of the study is being assessed by DCPL consultants by reviewing the options provided by the study.

CE0-SWL37-SOUTHWEST LIBRARY

Agency: DC PUBLIC LIBRARY (CE0)
Implementing Agency: DC PUBLIC LIBRARY (CE0)
Project No: SWL37
Ward: 6
Location: 900 WESLEY PLACE SW
Facility Name or Identifier: SOUTHWEST LIBRARY
Status: New
Useful Life of the Project: 30
Estimated Full Funding Cost: \$18,000,000

Description:

This project involves creating a new 21st century state-of-the-art LEED Silver certified facility. The scope of work entails providing architectural and engineering services which comprises predesign, design, preparation of contract documents, commissioning, and planning services. The Southwest Neighborhood Library will reflect the program and goals of the library and the needs of the District of Columbia residents who use it. The building will incorporate forward-thinking approaches to urban design, architecture, engineering, and environmental technologies in the public realm. The Southwest Library will be a destination that will attract and support hundreds of users per day, and promote a vibrant, mixed-use neighborhood and active street environment. A building condition assessment was conducted in 2001 and an additional building assessment was completed in December 2009. The 2001 report indicated numerous costly repairs and upgrades; this work has never been done in its entirety. The District continues to pay for ongoing maintenance issues.

Justification:

The building is approximately 45 years old. The existing CMU masonry construction has limited flexibility to change within the existing walls of the building. As library use has changed over the years the need for electronic resources has expanded. However, expanding the technology within the Southwest Library has proven extremely difficult. The citizens living in Ward 6 will benefit from expanded library services much in the same way citizens in Wards 7 and 2 have benefited from their recently opened new libraries. The expanded library facilities and subsequent expanded library programs fits into the mayor's educational priorities. This project aligns with Sustainable DC Action: Built Environment 3.5.

Progress Assessment:

This is a new project.

(CF0) DEPARTMENT OF EMPLOYMENT SERVICES

MISSION

The Department of Employment Services (DOES) fosters and promotes the welfare of job seekers and wage earners by improving their working conditions, advancing opportunities for employment, helping employers find workers, and tracking changes in employment and other national economic measurements impacting the District of Columbia.

BACKGROUND

The Department of Employment Services (DOES) is the District of Columbia's lead labor and workforce development agency. DOES' provides customers with a comprehensive menu of workforce development services funded through a combination of federal grants and local appropriations. DOES delivers basic income support services to unemployed or underemployed persons who lost their jobs through no fault of their own through the Unemployment Insurance Division. The labor Standards Program ensures a safe and healthy work environment for workers in the District, administers a program to provide benefits to qualified individuals with employment-related injuries or illnesses, administers the District's wage-and-hour laws and provides hearing and adjudication services to settle worker's compensation disputes. DOES's Workforce Development Program provides job seekers with workforce development and training programs and services to ensure employers have access to qualified job candidates. Finally, DOES provides District youth with job training, academic enrichment, leadership, and employment opportunities through its Year-Round, Marion S. Barry Summer Youth Employment Program, Marion S. Barry Youth Leadership Institute, and other youth programs.

CAPITAL PROJECT INITIATIVES

Saint Elizabeths Infrastructure Academy

The Washington D.C. Infrastructure Academy at Saint Elizabeths East Campus will be a new facility that focuses on occupational skills training and work-based learning initiatives related to the infrastructure industry, including the utility, energy efficiency, and transportation and logistics sectors. At the Academy, industry partners, training providers such as the University of the District of Columbia, labor unions and trade associations, will offer a diverse skills training allowing District residents the tools to begin and sustain careers in the infrastructure industry. The Academy will provide its services to District residents, with a focus on underserved, unemployed, and underemployed residents seeking entry-level training and job opportunities within the infrastructure industry. Academy participants will be able to access career counseling and planning, resume assistance, direct job placement, and information about local and regional infrastructure jobs and apprenticeships.

UI Modernization Project

The objective of this project is to develop and deploy a robust, fully-integrated Unemployment Benefits and Tax solution resulting in efficiencies and the ability to offer broader services to the residents of the District of Columbia. All systems within Unemployment Insurance will be integrated including the Document Imaging system and ACD/IVR system. Finally, with the deployment of the project, the agency will reduce its dependency on external contractors.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

TO0-PFL08-PAID FAMILY LEAVE IT APPLICATION

Agency: DEPARTMENT OF EMPLOYMENT SERVICES (CF0)
Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Project No: PFL08
Ward:
Location: CITYWAIDE
Facility Name or Identifier: CITYWIDE
Status: New
Useful Life of the Project: 10
Estimated Full Funding Cost: \$20,039,000

Description:

The Universal Paid Leave project will provide for the development and implementation of the required Information Technology system, including the software, to support the District's Universal Paid Leave legislation. The proposed legislation would create a program to compensate private sector workers in the District for wages lost when taking time off to welcome a new child or care of a family member who has a serious health condition.

Justification:

The system must support the mechanism for collecting the taxes and, for paying the benefits to qualified employees.

Progress Assessment:

CF0-UI M02-UI MODERNIZATION PROJECT-FEDERAL

Agency: DEPARTMENT OF EMPLOYMENT SERVICES (CF0)
Implementing Agency: DEPARTMENT OF EMPLOYMENT SERVICES (CF0)
Project No: UIM02
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: Developing scope of work
Useful Life of the Project: 10

Estimated Full Funding Cost: \$37,000,000

Description:

This project is focused on developing and deploying a fully integrated (Unemployment Benefits and Tax) robust solution resulting in efficiencies and the ability to offer broader services to the residents of the District of Columbia. All systems within Unemployment Insurance will be integrated including the Document Imaging system and ACD/IVR system.

Justification:

Due to the outdated mainframe technology currently in use, implementations of new legal requirements are complex, intense, and time consuming to deploy in a consistent manner to ensure claimants receive added or new benefits as quickly as possible. In this environment, the systems are highly fractured silos requiring costly contractors to maintain them.

(CI0) OFFICE OF FILM, TELEVISION & ENTERTAINMENT

MISSION

The Mission of the Office of Cable Television, Film, Music and Entertainment (OCTFME) is to produce and broadcast programming for the district of Columbia's public, educational and government access (PEG) cable channels; regulate the District of Columbia's cable television service providers; provide customer service for cable subscribers; and support a sustainable creative economy and labor market in the District of Columbia.

SCOPE

OCTFME is responsible for regulating cable television in the District and managing the District's government access channels: The District Council Channel (DCC), the District of Columbia Network (DCN), and the District Knowledge Network (DKN). OCTFME creates content that informs, educates, and entertains viewers via the District of Columbia's public, educational and government (PEG) channels and other forms of content outlets.

CAPITAL PROGRAM OBJECTIVES

1. Update and modernize studio equipment and related technology.
2. Update the OCTFME Headquarters HVAC systems and expand electrical capacity to create needed emergency redundancies.

HIGHLIGHTS OF RECENT ACCOMPLISHMENTS

OCTFME upgraded its television broadcast capability from standard definition to high definition for the John A. Wilson Building and One Judiciary Square. These technology upgrades were competed to meet transmission and equipment regulations of FCC and improve the production quality.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

CI0-BP102-SMALL CAPITAL PROJECTS

Agency: OFFICE OF FILM,TELEVISION &ENTERTAINMENT (CI0)
Implementing Agency: OFFICE OF FILM,TELEVISION &ENTERTAINMENT (CI0)
Project No: BP102
Ward: 5
Location: 1899 9TH STREET NE
Facility Name or Identifier: HEADQUARTERS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost:\$3,000,000

Description:

This project is in support of needed capital investments in the Headquarters office located at 1899 9th Street NE. The changes include, improvements to the HVAC system and upgrades to signage, along with other small projects that will increase the life of the facility.

Justification:

The building systems are old and in need of upgrades.

Progress Assessment:

New Project.

Related Projects:

none

(CR0) DEPT. OF CONSUMER AND REGULATORY AFFAIRS

MISSION

The Department of Consumer and Regulatory Affairs (DCRA) protects the health, safety, economic interests, and quality of life of residents, businesses, and visitors in the District of Columbia by ensuring code compliance and regulating business.

BACKGROUND

Annually, DCRA issues over 35,000 building permits, 4,000 occupancy permits, and 50,000 business and professional licenses. The agency files over 65,000 corporate documents, and conducts over 55,000 residential, commercial and business-related inspections and investigations. DCRA is charged with ensuring that all businesses, professionals, and property owners adhere to District laws and regulations.

CAPITAL PROGRAM OBJECTIVES

1. Eliminate nuisance properties and invest in the revitalization of communities.
2. Support DCRA regulation and compliance activities by implementing information technology systems for licensing, inspections, and permitting functions that interface with other District systems.

RECENT ACCOMPLISHMENTS

Business Portal – The most recent release of the DC Business Portal allows businesses to apply for and renew many types of DCRA Basic Business Licenses. The portal provides detailed information about the application process and a checklist of required steps for each category. The system offers many enhancements that benefit our customers, such as:

- Customers can completely conduct transactions online and never have to visit DCRA
- Customers can save and resume work on their application as they work through the process
- Customers can work through the “Wizards” to identify exactly what the requirements are for their specific type of business
- Customers can upload all required documents
- Customers can utilize the multi=agency search features for relevant information

IT Initiatives:

Q-matic – The online appointment scheduling technology allows the public to schedule appointments with DCRA via the web, mobile and or desktop systems. After customers have scheduled their appointment, they are provided a unique number associated with their appointment time for check-in. The new system is intended to make finding a time for a Permit Center appointment as simple as possible.

Pay for permits on line – In 2016 DCRA overhauled its online services for permits, which includes paying for permits online which included postcard, supplemental and construction permits. DCRA continues to work towards providing additional online payment options for as many of its permits as possible.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

CR0-ISM11-DCRA BUSINESS PORTAL

Agency: DEPT. OF CONSUMER AND REGULATORY AFFAIRS (CR0)
Implementing Agency: DEPT. OF CONSUMER AND REGULATORY AFFAIRS (CR0)
Project No: ISM11
Ward:
Location: 1100 4TH STREET, SW
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: New
Useful Life of the Project: 10+
Estimated Full Funding Cost:\$2,000,000

Description:

This project will enhance businesses' ability to comply with DC Government business regulations by providing these resources:

- An online information portal with all regulatory information in one place and online wizards to provide step-by-step compliance guidance to businesses
- An enterprise technology solution that would replace the disparate systems used across agencies to manage regulatory – single point of entry for all DC Government regulatory functions.

Justification:

The business-impacting regulations are enforced by a number of different agencies, primarily:

1. DCRA, 2. DDOT, 3. DSLBD, 4. DOH, 5. ABRA, 6. OTR

Systems within DC Government are much improved over the last five years, but we have not reached a state of true interagency automation and communication.

Progress Assessment:

Progress is proceeding as planned.

Related Projects:

None.

CR0-ISM07-IT SYSTEMS MODERNIZATION - DCRA

Agency: DEPT. OF CONSUMER AND REGULATORY AFFAIRS (CR0)
Implementing Agency: DEPT. OF CONSUMER AND REGULATORY AFFAIRS (CR0)
Project No: ISM07
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: DCRA - INFORMATION TECHNOLOGY
Status: Ongoing Subprojects
Useful Life of the Project: 10
Estimated Full Funding Cost: \$20,000,000

Description:

This project funds the continued, multi-year implementation of a variety of mission critical information technology systems involving District licensing, permitting and inspection functions. It also provides for the establishment of interfaces with other District IT systems, facilitating data sharing with OTR, DOH, DDOT, Zoning, Planning and others. This project will improve compliance with District permitting and licensing requirements, increase efficiency and enhance revenues.

Justification:

DCRA will actively and continuously extend the functionality of its existing enterprise system (CPMS) which is based on Accela Automation and Accela Mobile Apps. This project will improve compliance with District permitting and licensing requirements, increase efficiency, and enhance revenues.

Progress Assessment:

This is an on-going project.

(EB0) DEPUTY MAYOR FOR PLANNING AND ECON DEV

MISSION

The Office of the Deputy Mayor for Planning and Economic Development (DMPED) supports the Mayor in developing and executing the District of Columbia's economic development policy.

BACKGROUND

DMPED assists the Mayor in the coordination, planning, supervision, and execution of programs, policies, and proposals related to economic development in the District of Columbia. DMPED encourages growth and investment in the District through a portfolio of over 150 housing, office, and retail development projects that are under construction, planned, or proposed. The total value of these development projects is approximately \$13 billion.

CAPITAL PROGRAM OBJECTIVES

1. Oversee and coordinate economic growth and investment throughout the District of Columbia.
2. Add to the District's portfolio of affordable housing by promoting the construction of new affordable housing and preserving the District's affordable housing stock.

RECENT ACCOMPLISHMENTS

The first stage of infrastructure for St. Elizabeths commenced, paving the way for game-changing development of the first phase of mixed-use redevelopment, as well as the new Entertainment and Sports Arena.

The Army transferred the Walter Reed Campus to the District of Columbia, in a ceremony with Mayor Muriel Bowser, Congresswoman Eleanor Holmes Norton, Ward 4 Councilmember Brandon Todd, Assistant Secretary of the Army Katherine Hammack, and Deputy Mayor Brian Kenner.

Deanwood Hills, a 150-unit affordable housing project, broke ground, moving forward critical offsite replacement units for the Lincoln Heights and Richardson Dwelling New Community.

Bruce Monroe, a 400-unit affordable housing project received surplus and disposition approval. This project is a critical offsite component of the Park Morton New Community.

Audi Field (DC United Stadium) began vertical construction, after the District completed its site preparations on time.

DMPED released a tool to track all of our projects and milestones at <http://open.dc.gov/dmped-delivering/>.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

Useful Life of the Project: 30
Estimated Full Funding Cost: \$36,000,000

Description:

This project will facilitate the relocation of DC Water from parcels adjacent to the O Street Pumping Station so that these parcels can be transferred to Forest City for redevelopment.

Justification:

To accommodate WASA's vehicle fleet.

Progress Assessment:

DMPED is in negotiations with owners of several parcels of land that can provide the opportunity to complete a relocation strategy.

EB0-EB422-HILL EAST

Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Implementing Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Project No: EB422
Ward: 7
Location: 19TH STREET AND MASSACHUSETTS AVE., SE
Facility Name or Identifier: HILL EAST
Status: Ongoing Subprojects
Useful Life of the Project: 15
Estimated Full Funding Cost:\$30,000,000

Description:

Design and construction of Reservation 13 infrastructure, to include the following:

- Construct 19th Street new curb and gutter, ADA ramps, pedestrian safety, restriping, resurfacing.
- Drop off lane in front of lot F1 (full roadway, curb and gutter, swm improvements, roadway standards).
- Alley (Parcel F-1) future alley on east side of Parcel F-1 (full, new roadway to DDOT alley standards).
- C Street full roadway, expect extension will be required to meet future 20th street.
- 20th Street full roadway, expect extension will be required to meet future C street and Mass Ave.
- Future Mass Avenue full roadway, expect extension will be required to meet future 20th street and 19th Street.
- Alley behind Parcel G-1 future alley on east side of Parcel G-1 (full, new roadway to DDOT alley standards).
- Possible WMATA entrance related infrastructure on Village Square.

Justification:

Redevelopment of surplus District-owned property.

Progress Assessment:

This is an on-going project.

EB0-AMS11-MCMILLAN SITE REDEVELOPMENT

Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Implementing Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Project No: AMS11
Ward: 5
Location: NORTH CAPITOL ST & MICHIGAN AVE NW
Facility Name or Identifier: MCMILLAN SAND FILTRATION SITE
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: \$81,108,000

Description:

The 25-acre former McMillan Reservoir Sand Filtration Site, located at North Capitol Street and Michigan Avenue, will be redeveloped into a mixed-use project that will include historic preservation, open space, community center, residential, retail, office, and healthcare uses. The Historic Preservation Review Board, Zoning Commission, and the National Capital Planning Commission approved the master plan for McMillan. Further, the DC Council has approved the surplus and disposition of McMillan. The goal is to create an architecturally distinct, vibrant, mixed-use development that provides housing, employment, retail, cultural, and recreational opportunities for District residents.

The net proceeds from the disposition of the McMillan Sand Filtration Site will be deposited into the capital fund account associated with this project to help fund public capital eligible items.

Justification:

McMillan will be a transformative, large-scale redevelopments of its neighborhood. Transformative impact is expected within the context of the overall redevelopment timeline.

Progress Assessment:

The District's Department of General Services (DGS) solicited a general contractor for McMillan and selected Gilbane. Groundbreaking for the stabilization and restoration of the historic assets in the service courts occurred on December 7, 2016. These construction activities will commence shortly.

EB0-EB008-NEW COMMUNITIES

Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Implementing Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Project No: EB008
Ward:
Location: VARIOUS
Facility Name or Identifier: NEW COMMUNITIES
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: \$383,053,000

Description:

The vision for the New Communities Initiative is for vibrant mixed-income neighborhoods that address both the physical architecture and human capital needs, where residents have quality affordable housing options, economic opportunities and access to appropriate human services. This Master project is to provide the necessary budget for a defined group of projects supporting the District's infrastructure assets associated with the New Communities Initiative.

Individual projects, which are specific District assets, collectively provide and account for budget needs to continue to provide needed upgrades to our system and its components so that it can be maintained and operated with current technology. As projects are planned and ready for implementation, budget allocation requests will be made – through the Office of Budget and Planning – from the Master project, so that expenditures are properly recorded to the correct asset.

Justification:

This project includes the comprehensive redevelopment of neighborhoods with high concentrations of low income housing and high rates of crimes. The projects replace low density single use housing with stable neighborhood anchors such as schools, community centers, neighborhood servicing retail to create sustainable safe mixed income mixed use community.

Progress Assessment:

On an annual basis, the Office of the Deputy Mayor Office for Planning and Economic Development and the District of Columbia Housing Authority shall submit a written report to the Chairperson of the Committee on Economic Development for the District of Columbia, in accordance with the Fiscal Year 2014 Budget Support Act of 2013.

EB0-AWR01-SAINT ELIZABETHS E CAMPUS INFRASTRUCTURE

Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Implementing Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Project No: AWR01
Ward: 8
Location: 2700 MARTIN LUTHER KING JR AVENUE SE
Facility Name or Identifier: ST ELIZABETHS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: \$240,000,000

Description:

The 183-acre lot will be transformed into a marketplace of ideas, innovation, commercialization, and a new Entertainment and Sports Area. This project will fund public infrastructure improvements needed to support all planned future development at St. Elizabeths East, including roadways, water, gas, electric, telecommunications, streetscapes and street lighting, in addition to the demolition of certain non-contributing structures at the campus. This project will also fund a Chapel Renovation.

Justification:

The project will leverage the \$3.4 billion federal investment in the West Campus and stimulate revitalization and regeneration in Ward 8. This project aligns with Sustainable DC Action: Water 3.3.

Progress Assessment:

Development on the East Campus is guided by the Saint Elizabeths East Redevelopment Framework Plan, which was approved by the DC Council in December 2008. Implementation of the Plan recommendations are currently underway and involve a broad coalition of stakeholders.

Related Projects:

DMPED projects EBK01C-St Elizabeths Redevelopment and EBK03C-St E's Transportation Campus Improvement. DDOT projects AW003A-St Elizabeths Transportation Access Study, AW027A-St Elizabeths East Campus Feasibility Study, and CM081A-Streetcar NEPA-MLK Avenue.

EB0-AWT01-WALTER REED REDEVELOPMENT

Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Implementing Agency: DEPUTY MAYOR FOR PLANNING AND ECON DEV (EB0)
Project No: AWT01
Ward: 4
Location: 6900 GEORGIA AVENUE NW
Facility Name or Identifier: WALTER REED HOSPITAL SITE
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: \$41,000,000

Description:

This project takes a former military installation and reintegrates 62 acres into the fabric of Ward 4. The project will catalyze the redevelopment of Upper Georgia Ave by taking down the previously gated campus and creating new mixed-use opportunities along this key gateway into the District.

Justification:

The District Government, as the local redevelopment authority formally recognized by the US Department of Defense, has undertaken the responsibility of developing a homeless accommodation and reuse plan for the 62.5 acre surplus portion of the WRAMC. The costs for this project are 90% funded by a federal grant from the Department of Defense with a 10% District match. Under BRAC law, each LRA is required to submit its reuse and homeless plan to HUD 270 days from the submission deadline for all notices of interest. For WRAMC, that deadline was November 30, 2010. Successful implementation of the plan will result in an integration of this 60+ acres into the community making the over 40+ acres of green/open space available to the community. The proposed commercial development is estimated to result in annual tax revenues in excess of \$18 million. The proposed reuse plan is consistent with the comprehensive plan and incorporates policy priorities of the Mayor. This project aligns with Sustainable DC Action: Water 3.3.

Progress Assessment:

The project is progressing as planned.

Related Projects:

Fire and Emergency Medical Services project LC437C-Engine 22 Firehouse Replacement.

(FA0) METROPOLITAN POLICE DEPARTMENT

MISSION

The Metropolitan Police Department (MPD) safeguards the District of Columbia and protects its residents and visitors by providing the highest quality of police service with integrity, compassion, and a commitment to innovation that integrates people, technology, and progressive business systems.

BACKGROUND

MPD's capital program is categorized into two primary programs: fleet and technology. Facilities programs are under the management of the Department of General Services.

·MPD's fleet program is a part of the citywide Master Lease Lease/Purchase financing program. MPD maintains approximately 1,640 vehicles in the fleet, including 935 marked cruisers, 480 unmarked cruisers, and 225 specialty/support vehicles. The Department funds the replacement cycle of patrol cars, motorcycles, and related equipment required to operate these vehicles.

·MPD's technology program seeks to modernize and automate the police force. Maintaining the replacement schedule for computers, establishing paperless records, and consolidating criminal databases are keys to improving efficiency. Refreshing the citywide camera network is critical for observing and monitoring high-crime areas. The inventory of computers includes approximately 2,000 desktops and 850 laptops (deployed in the field). The criminal databases consist of more than 30 data sources. The citywide camera network includes 167 cameras.

CAPITAL PROGRAM OBJECTIVES

1. Maintain fleet of police vehicles according to an established replacement cycle.
2. Maintain current IT investments and continuously identify and implement new technology solutions to achieve greater efficiency, automation of police operations, and enhanced community safety.

RECENT ACCOMPLISHMENTS

- Additional funding in FY 2013 has allowed MPD to replace some of its aging vehicles at the preferred replacement cycle. MPD projects two additional years of sustained funding will be required to return the entire fleet back to the preferred replacement cycle for the patrol fleet.
- MPD deployed Phase 1 of the e-commerce system. Current capabilities include online requests and payment for citizen reports as well as online boat registration.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

AM0-PL110-MPD SCHEDULED CAPITAL IMPROVEMENTS

Agency: METROPOLITAN POLICE DEPARTMENT (FA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: PL110

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VARIOUS

Status: Ongoing Subprojects

Useful Life of the Project: 10

Estimated Full Funding Cost: \$40,000,000

Description:

This project will address deferred facility needs of the Department by implementing infrastructure upgrades and quality of life improvements to community police stations, the police academy, and other police facilities. The scope of work includes upgrades to mechanical, electrical and plumbing (MEP) systems, to exterior security and conveying systems, and, to fire alarm and fire suppression systems. The scope also includes the major repair and replacement of roofs and windows; ADA upgrades (signage, accessible entry, parking, restrooms, etc.); fluorescent lighting systems with energy efficient lamps and electronic ballasts.

Justification:

Most of the District-owned police facilities are beyond the useful life identified in MPD's 1998 and 2005 Condition Assessment reports and need infrastructure upgrades.

Progress Assessment:

The project is progressing as planned.

FA0-PEQ22-SPECIALIZED VEHICLES - MPD

Agency: METROPOLITAN POLICE DEPARTMENT (FA0)
Implementing Agency: METROPOLITAN POLICE DEPARTMENT (FA0)
Project No: PEQ22

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: VEHICLES

Status: Ongoing Subprojects

Useful Life of the Project: 5

Estimated Full Funding Cost:\$60,000,000

Description:

Project requirements are to support the annual replacement of the Police patrol cars for MPD, currently on a 5 year replacement schedule. As part of the Public Justice cluster, MPD requires the replacement vehicles to support the daily police operations, required by law and the citizens of the District of Columbia to preserve law and order within the District. The goal is to maintain the existing fleet of police vehicles according to an established replacement cycle. This budget returns MPD to the required funding level.

Justification:

MPD maintains 1,639 vehicles in its fleet including 802 marked cruisers, 409 unmarked cruisers, and 428 speciality/support vehicles.

Progress Assessment:

This project is ongoing to facilitate more rapid replacement of fleet vehicles.

(FB0) FIRE AND EMERGENCY MEDICAL SERVICES

MISSION

The District of Columbia Fire and Emergency Medical Services Department's (FEMS) mission is to promote safety and health through excellent pre-hospital medical care, fire suppression, hazardous materials response, technical rescue, homeland security preparedness and fire prevention and education in the District of Columbia.

SCOPE

FEMS provides emergency medical services (EMS), fire suppression, homeland security and special operations response for the District of Columbia, including planned events and activities unique to the nation's capital. The department is responsible for fire and life safety code enforcement, along with community-based education and prevention programs. FEMS is the lead first-response agency for managing consequences resulting from natural disasters or other catastrophic events impacting the national capital region. To provide these services the department maintains a response fleet of 99 ambulances, 101 fire apparatus 4 fire boats, and 162 support vehicles. The department has 34 neighborhood fire stations and 7 support facilities. Major facilities include: Headquarters, Logistics Warehouse, Training Academy and the Fleet Maintenance Facility.

CAPITAL PROGRAM OBJECTIVES

1. Plan for and provide a comprehensive renovation of each of the FEMS buildings to bring them into compliance with modern codes and standards as well as personnel and fleet requirements.
2. Design, equip, and install enhanced communication and information management systems that allow for greater efficiency of operations, accountability, and exchange of information with the Office of Unified Communications (OUC) 911 Center and other public safety agencies that coordinate emergency responses for the citizens and visitors of the District.
3. Replace FEMS vehicles to meet or exceed the National Fire Protection Association (NFPA) standards.
4. Develop plans for public or private development of stations that would provide the potential to sell the air rights above stations

RECENT FACILITY CAPITAL ACCOMPLISHMENTS

Fire & EMS completed the following recent improvements to facilities:

December 2014: Installed the north side of the apparatus floor concrete at Engine 7

January 2015: Repaired the concrete apparatus floor at Engine 18

February 2015: Training Academy EVOC completed. This is a new driver training course.

March 2015: New high speed roll up doors to Fleet

August 2015: New HVAC Engine 23

December 2015: Upgraded kitchen and new commercial hood fire suppression system Engine 23

February 2016: Interior renovation and female facilities upgraded to Engine 30

March 2016: New concrete and fence to rear drill area Engine 15

April 2016: Opened new fire house at 400 E St S.W. for Engine 13

May 2016: Replaced the concrete in the rear of Engine 23

June 2016: Replaced the entrance gate at the Training Academy with a fast opening double gate.

July 2016: Installed new apparatus bay doors at Engine 15 & Engine 25

August 2016: Added a commercial kitchen hood at Engine 17

September 2016: Renovated the kitchen at Engine 21

October 2016: Installed new front apparatus bay doors at Engine 2

November 2016: Replaced the concrete in the drill and parking area at the Training Academy.

November 2016: Replaced lights around the training area with new LED lights.

December 2016: Replaced all the apparatus bay doors at Engine 4 with new hydraulic powered doors

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

AM0-LC537-ENGINE COMPANY 23 RENOVATION

Agency: FIRE AND EMERGENCY MEDICAL SERVICES (FB0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: LC537
Ward: 2
Location: 2119 G STREET NW
Facility Name or Identifier: ENGINE 23
Status: New
Useful Life of the Project: 30
Estimated Full Funding Cost: \$7,500,000

Description:

The work includes major improvements and upgrades to Engine 23 at 2119 G Street N.W., that will bring the facility into compliance with current basic standards such as ADA access, Life Safety Codes, NFPA, firefighting protective gear storage and energy efficient HVAC systems. The most important improvements will be the new Life Safety features by the installation of a fire sprinkler and fire alarm system. The interior of this historic building will be redesigned and all of the building's electrical, lighting systems and plumbing will be replaced to the Silver level of the LEED standard for renovations. The storm water management system will be replaced. Working with the Historic Preservation Office, FEMS will widen the apparatus bay door to accommodate the larger apparatus FEMS will be required to purchase to meet the 2010 EPA Clean Emissions Standard. All windows will be replaced with energy efficient windows that match the original ones. A temporary fire station will provide uninterrupted protection to the community during this project.

Justification:

Originally built in 1910, Engine 23 has not had a major renovation in over 28 years and the infrastructure of this station has long passed its useful life expectancy. It has only had minor improvements or upgrades since it was constructed in 1910 and none since 1984. It does not comply with current basic standards such as ADA access, NFPA standards for Fire Stations, and female firefighter locker room accommodations. All of the major systems are in poor condition and are beginning to fail. Renovating this station to modern LEED standards will result in an operating cost savings while preserving this historic landmark. This project aligns with SustainableDC Action: Built Environment 3.5.

Progress Assessment:

New project.

Related Projects:

None.

AM0-LF239-FEMS SCHEDULED CAPITAL IMPROVEMENTS

Agency: FIRE AND EMERGENCY MEDICAL SERVICES (FB0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: LF239
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: VARIOUS
Status: Ongoing Subprojects
Useful Life of the Project: 10
Estimated Full Funding Cost: \$36,000,000

Description:

This project provides for scheduled capital improvements in various Department facilities to include repair and/or replacement of foundation, concrete, plaster wall, window, floor covering, the heating and cooling system, the electrical system, the lighting system, plumbing and sanitary drains, fire detection and alarm systems, the parking lot, the roof, the masonry, drainage and erosion control systems. Additionally, there will be safety and security upgrades to the facility.

Justification:

This project is vital to provide funding for major and minor capital improvements that are needed throughout FEMS 35 various facilities. It allows FEMS to upgrade facilities in an efficient manner by ensuring proper funding is available for capital projects.

Progress Assessment:

This project is on-going.

FB0-20600-FIRE APPARATUS

Agency: FIRE AND EMERGENCY MEDICAL SERVICES (FB0)
Implementing Agency: FIRE AND EMERGENCY MEDICAL SERVICES (FB0)
Project No: 20600
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: EQUIPMENT
Status: Ongoing Subprojects
Useful Life of the Project: 7
Estimated Full Funding Cost:\$155,242,000

Description:

This project provides for the purchase of pumpers, ladder trucks, heavy rescue trucks, ambulances, and large support vehicles. Existing vehicles need to be replaced at the rate that meets NFPA standards and as they wear out and surpass their economic retention levels.

Justification:

Replacing older firefighting apparatus and ambulances at a rate that keeps the Department's fleet at an age and condition that meets NFPA standards is essential to maintaining an effective firefighting force. This project is necessary to ensure that the fleet is reliable and does not deteriorate into a condition that leaves it unreliable and requiring extensive maintenance to keep it running. This project aligns with Sustainable-DC Action: Transportation

Progress Assessment:

On-going fleet replacement project.

Related Projects:

20630C-Fire Apparatus master lease project.

AM0-BRM01-NEW HARBOR PATROL FACILITY

Agency: FIRE AND EMERGENCY MEDICAL SERVICES (FB0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: BRM01
Ward: 6
Location: 550 WATER STREET SW
Facility Name or Identifier: HARBOR PATROL FACILITY
Status: New
Useful Life of the Project: 30
Estimated Full Funding Cost:\$20,500,000

Description:

A new harbor patrol facility is a joint project of FEMS and MPD. The new facility is needed with the expansion of development along the Southwest waterfront (Washington Channel) and the Anacostia River. Additional resources are necessary for the security and safety of people and property along the river frontage.

Justification:

A joint harbor patrol both FEMS and MPD.

Progress Assessment:

New project.

(FL0) DEPARTMENT OF CORRECTIONS

MISSION

The Department of Corrections (DOC) provides a safe, secure, orderly and humane environment for the confinement of pretrial detainees and sentenced inmates while affording them meaningful opportunities for successful re-integration into the community.

BACKGROUND

DOC operates and maintains the 450,000 SF Central Detention Facility (CDF or DC Jail), and is responsible for the oversight of the contracted Correctional Treatment Facility (CTF), through a contract with the Corrections Corporation of America. Both facilities are nationally accredited by the American Correctional Association (ACA). DOC now also operates the District's Central Cellblock (CCB) arrest booking center. CDF is located at 1901 D Street, SE, and was opened in 1976 with a total capacity to house 2,164 inmates. Facility population includes pretrial detainees, and both sentenced misdemeanants and felons. Offenders include all custody levels, minimum to maximum security, mental health, high profile and protective custody inmates. CDF comprises of multiple buildings and housing units with high-tech security and control access systems including closed-circuit television cameras, programmable logic-control (PLC) based modern cell door systems, three 540-kilowatt emergency generators, HVAC system with four chillers, an integrated fire-alarm system and an extensive plumbing and steam distribution system. In addition, construction of the new Inmate Reception Center has enlarged CDF's footprint while upgrading mission-critical communication systems such as the radio system and VOIP-based telephone system.

CAPITAL PROGRAM OBJECTIVES

1. Ensure safe, secure and hygienic working and living conditions for all Central Detention Facility inhabitants by implementing infrastructure and renovation projects that extend the useful life of the Central Detention Facility while satisfying correctional institutional standards and court orders.
2. Implement engineering, technology and renovation projects to assist security and operational function

RECENT ACCOMPLISHMENT

- Operationalized the new Inmate Reception Center (IRC) in July 2015
- Improvements at IRC-basement under-way
- Culinary waste-pipe project completed
- Emergency roof repairs accomplished and balance project implementation under-way
- Telecom closets renovated as part of telephone upgrade project
- 60% design completion achieved on HVAC project
- Substantial design completion on mission-critical Command Center Integration project

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

AM0-MA220-EMERGENCY POWER SYSTEM UPGRADES

Agency: DEPARTMENT OF CORRECTIONS (FL0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: MA220
Ward: 7
Location: 1901 D STREET SE
Facility Name or Identifier: DC JAIL/CENTRAL DETENTION FACILITY
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost:\$2,700,000

Description:

There are three 540 KW generators that provide emergency power to the Central Detention Facility electrical sub-systems selectively. They can't support the four chillers and the associated cooling towers and other related equipment along with the rest of the facility. Additionally, the automatic transfer switches are very old and need replacement. Therefore, in order to provide a proper backup in the event of power failure in the facility, an additional new generator, new automatic transfer switches, and a reconfiguration of the electrical power system in the facility are urgently needed. The Central Detention Facility, which occupies approximately 450,000 square feet of floor area and houses up to 2000 inmates, is comprised of a five storied Administration Building and three-storied inmate housing area modules. Under this project, the electrical distribution in the facility will be reconfigured so the three existing generators support all loads except the four chillers and the associated pumps and cooling towers. New automatic transfer switches and panels will replace the existing ones. A new generator with approximately 1300 KVA rated capacity will be installed in the penthouse and it will be configured to support the four chillers and their associated equipment.

AM0-CR104-HVAC REPLACEMENT - DOC

Agency: DEPARTMENT OF CORRECTIONS (FL0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: CR104
Ward: 7
Location: 1901 D STREET SE
Facility Name or Identifier: DC JAIL/CENTRAL DETENTION FACILITY
Status: Ongoing Subprojects
Useful Life of the Project: 10
Estimated Full Funding Cost: \$20,000,000

Description:

The heating, ventilation and air-conditioning system at the correctional detention facility has been in disrepair for years. Additionally, the water supply to the facility has been extremely problematic. The main booster pumps are at the end of their useful life and no filters, softeners or strainers are installed on the system. All work that was part of the original contract has been completed. However, in order for the system to perform in accordance with the design parameters and deliver the requisite amount of air in the cellblocks, additional fine tuning is necessary; four large rooftop duct fittings need to be replaced, transitions from the large rooftop units need to be modified and final air and water balancing needs to be done for the system to work properly. Chiller, steam station and associated piping overhaul is also included.

Justification:

Air handling units serving the cellblocks are located in the respective mechanical rooms, which are very congested and in an extremely dilapidated state. All old HVAC equipment and the pneumatic controls have not really worked in years without constant trouble and attention. That caused the air quality in the jail, including CO2 levels, air flow, air temperature and humidity to go beyond acceptable levels. This project aligns with SustainableDC Action: Energy 1.4.

Progress Assessment:

On-going project.

(FR0) DEPARTMENT OF FORENSICS SCIENCES

MISSION

The mission of the Department of Forensic Sciences (DFS) is to produce high-quality, timely, accurate, and reliable forensic science with the use of the best available technology and practices, unbiased science, and transparency with the overall goal of enhancing public health and safety.

SCOPE

DFS provides independent analysis of evidence and samples submitted by agencies within the District of Columbia and its federal neighbors. The Forensic Science Laboratory division analyzes evidence submitted from criminal charges, including DNA, fingerprints, firearms and digital technologies. DFS also provides expert witness testimony in defense of their analytical reports in the District's courts of law. The Public Health Laboratory division provides diagnostic and analytical testing for biological pathogens and chemical agents from clinical, environmental, or food sources and provides emergency response testing. The Crime Scene Sciences division collects, analyzes, processes, and preserves evidence found at crime scenes in the District. The DFS Directorate supports the work of the entire agency through strategic direction, training, quality assurance, research, recruitment and hiring of personnel, information technology, data management, fleet management, procurement, and other administrative support services.

CAPITAL PROGRAM OBJECTIVES

1. Provide the infrastructure to retain data from high resolution cameras for crime scene photography, high resolution 3D Laser (LIDAR) Scanners for Crime Scene Mapping.
2. Provide the infrastructure to facilitate a digital repository, called Mideo, to enhance the digital analysis of firearms and latent fingerprints.
3. Provide the digital storage to utilize next generation sequencing equipment for DNA analysis and the analysis of public health samples.
4. Support DNA mixture interpretation software, called STRMix, to accurately determine suspicious DNA on crime scene evidence.
5. Invest in the digital infrastructure to market services provided by the Digital Evidence Unit to increase evidence intake.
6. Maintain digital storage capacity for an operation that creates digital evidence at an average rate of 2-4 terabytes per day.

HIGHLIGHTS OF RECENT ACCOMPLISHMENTS

New software application investments:

Mideo – For digital workflow analysis in Fingerprints and Firearms as well as Digital Image Management.

STRMix – to accurately determine suspicious DNA on crime scene evidence.

MiSeq – Next Generation DNA Sequencing.

Leica 3D Imaging Solution – For constructing accurate 3D models of Crime Scenes.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

(GA0) DISTRICT OF COLUMBIA PUBLIC SCHOOLS

MISSION

The District of Columbia Public Schools (DCPS) ensures every school provides a world-class education that prepares ALL of our students, regardless of background or circumstance, for success in college, career and life.

The Department of General Services (DGS) implements DCPS capital improvement projects. Established in FY 2012, DGS is the implementing agency responsible for the design and construction of new and modernized facilities, in addition to a host of targeted stabilization and small capital initiatives.

DCPS also works closely with the Deputy Mayor for Education (DME), whom is responsible for managing interagency and cross-sector coordination and is another partner in the school modernization process.

CAPITAL PROGRAM OBJECTIVES

1. Ensure modernized facilities support instructional goals of DC Public Schools, provide accessible spaces for residents, and meet District sustainability goals.
2. Provide District residents with information on the implementation of education-related facility projects.
3. Direct DGS on the scope and need of school modernization and stabilizations projects.
4. Coordinate with DGS on routine maintenance, repairs, and small capital projects that are beyond the scope of the janitorial and custodial staff

RECENT ACCOMPLISHMENTS

DCPS is proud of the many projects that improved school facilities in FY2015 that enhanced the teaching and learning environment for students across the District. In FY2015, new or modernized facilities were opened across the District and many buildings received stabilization or small capital projects. Highlights include:

- Opening of new Brookland Middle School, River Terrace Education Center, and Van Ness Elementary (Phase I); additions at Mann Elementary School and Powell Elementary School; and modernizations at Payne Elementary School and Langdon Elementary.
- Construction continued at Roosevelt High School, Lafayette Elementary School, and Duke Ellington School of the Arts; and new additions at Stanton and Hearst Elementary Schools.
- School yard improvements at Stuart-Hobson Middle School, CW Harris Elementary School, and Randle Highlands Elementary School.
- Design is underway for a number of modernization efforts, including: Watkins Elementary School, Marie Reed Elementary School, Bancroft Elementary School, and Murch Elementary School.
- Many schools received small capital projects to enhance accessibility, new roofs, new windows, new classrooms, updated systems or new kitchens.
- Design excellence in school modernization projects, reflected in several awards from the design and construction industry. Recent awards include the *2015 Engineering News-Record Mid-Atlantic Owner of the Year* and *2015 US Green Building Council LEED Project of the Year: Schools*.
- Over 50 percent of the trade jobs employed District residents, while DGS continued to exceed the CBE participation established by DSLBD, which is approximately 51 percent.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. AM0-GM303-ADA COMPLIANCE - DCPS

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: GM303
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: VARIOUS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: \$20,000,000

Description:

This stabilization initiative encompasses critical small capital ADA compliance modifications/mandates to ensure that school facilities can operate and support the academic needs of DCPS.

Justification:

Compliance with the Americans with Disabilities Act.

Progress Assessment:

On-going.

Related Projects:

The FY 17 Planned/Forecasted/Unapproved/Non Static projects are: Amidon Elevator installation 800,000, Brent ES Elevator installation 750,000, CW Harris ES Elevator installation 750,000, Hendley ES ADA connector 650,000, Seaton ES Elevator installation 1,300,000. Grand total sum cost 4,250,000.

AM0-YY176-AITON ES RENOVATION/MODERNIZATION

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: YY176
Ward: 7
Location: 534 48TH PLACE NE
Facility Name or Identifier: AITON ES
Status: In multiple phases
Useful Life of the Project: 30
Estimated Full Funding Cost: \$3,000,000

Description:

The Aiton ES modernization project will renovate this school to support the instructional program. The modernization may include classroom renovations and core spaces; upgraded mechanical systems; new windows; restoration of the building exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; site improvements; and technology infrastructure upgrades.

Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

Progress Assessment:

On-going.

AM0-YY177-BANCROFT ES MODERNIZATION/RENOVATION

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: YY177
Ward: 1
Location: 1735 NEWTON STREET NW
Facility Name or Identifier: BANCROFT ES
Status: In multiple phases
Useful Life of the Project: 30
Estimated Full Funding Cost: \$120,000,000

Description:

The Bancroft campus located at 1755 Newton Street, NW, Washington D.C., 20010, consists of five adjoining buildings totaling approximately 94,000 square feet of space. The original building was constructed in 1923, with additions constructed in 1932, 1938, 1961, and 1973. Although the buildings are adjoining, they consist of various misaligned levels and present a number of operational challenges.

The project at hand is intended to make the various buildings on campus more unified both operationally and administratively. To achieve this goal demolition and rebuilding of some of the buildings is necessary. Existing buildings that are not demolished will be renovated and provided with features such as ramps and elevators that improve the lateral and vertical transport between the buildings.

Additionally the project will provide spaces in line with the program requirements set in the DCPS Educational Specifications. Accordingly besides classrooms, spaces such as Media Center, Indoor Play, Auditorium, and Art Room will be provided. The program for Bria, an associated but independent operation with a Parents' Center, will also receive a portion of the space allocation. The Electrical, Mechanical and Life Safety systems of the entire building will be upgraded to meet the current building code requirements and the Ed Specifications performance requirements.

It is anticipated that some level of swing space will be required in order to accommodate students temporarily displaced by the Project. The modernized campus will serve approximately 550 students. The Project shall be designed in such a way as to achieve, at a minimum, LEED for Schools - Gold Certification.

Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

Progress Assessment:

On-going.

AM0-GM102-BOILER REPAIRS - DCPS

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: GM102
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: VARIOUS
Status: In multiple phases
Useful Life of the Project: 10

Estimated Full Funding Cost: \$60,000,000

Description:

This stabilization initiative encompasses small capital boiler/HVAC projects and boiler/HVAC replacement projects required to ensure that school facilities can operate and support the academic needs of DCPS.

Justification:

This project aligns with SustainableDC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

Progress Assessment:

This project is ongoing.

Related Projects:

The FY 17 Forecasted/Planned/Unapproved/Non Static Projects are: Browne EC New HVAC system (auditorium) 650,000, Drew ES New HVAC systems (multipurpose room; cafeteria, fresh air) 2,000,000, Hendley ES New HVAC system 450,000, Park View ES New HVAC system 2,500,000 and Tubman ES 450,000. Grand total sum cost of projects 6,050,000.

AM0-YY108-BROWNE EC MODERNIZATION

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: YY108
Ward: 5
Location: 801 26TH STREET NE
Facility Name or Identifier: BROWNE EC
Status: In multiple phases
Useful Life of the Project: 30
Estimated Full Funding Cost: \$30,000,000

Description:

The Browne EC modernization project will renovate this school to support the instructional program. The modernization may include classroom renovations and core spaces; upgraded mechanical systems; new windows; restoration of the building exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; site improvements; and technology infrastructure upgrades.

Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

TO0-N8005-DCPS IT INFRASTRUCTURE UPGRADE

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Project No: N8005
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: Ongoing Subprojects
Useful Life of the Project: 10
Estimated Full Funding Cost:\$32,371,000

Description:

DCPS has set a goal to modernize the IT infrastructure at the Schools so that all students and staff have access to a high-speed, reliable, and secure network. Schools need to have 100% wireless coverage in all teaching and administrative areas, and each classroom should have active network drops to support any device plugged into them (printers, PC's, interactive whiteboards, etc.).

Seventy schools have or will be modernized by the 2014 - 2015 school year. Thirty - three more schools desperately need new routers, new switches, power upgrades, cabling work and new wireless Access Points (AP's) installed to be modernized by the 2-15 - 2016 school year. DC-Net analyzed all of the network equipment components and identified those components at the end of their useful life cycle, thus needing replacement. This aging equipment fails often, is costly to maintain, and gets in the way of establishing the wireless network needed by the Schools.

Justification:

This project will upgrade information technology at DCPS facilities lacking modern technology infrastructure such as cabling and wiring, routers, switches, high speed internet connections, and other related improvements necessary for a fully functioning and technologically modern school.

Progress Assessment:

The project is progressing as planned.

AM0-YY144-HOUSTON ES RENOVATION/MODERNIZATION

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: YY144
Ward: 7
Location: 1100 50TH PLACE NE
Facility Name or Identifier: HOUSTON ES
Status: In multiple phases
Useful Life of the Project: 30
Estimated Full Funding Cost: \$44,311,000

Description:

The Houston ES Modernization project involves the modernization and renovation of this school using a systemic/phased approach consisting of more than one phase. Each phase is spaced out over multiple fiscal years. The modernization will include classroom renovations, mechanical, electrical, window replacements and plumbing replacement; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

Progress Assessment:

On-going.

AM0-YY164-HYDE ES MODERNIZATION/RENOVATION

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: YY164
Ward: 2
Location: 3246 P STREET NW
Facility Name or Identifier: HYDE-ADDISON ES
Status: In multiple phases
Useful Life of the Project: 30
Estimated Full Funding Cost: \$42,000,000

Description:

3219 O Street NW, Washington, DC 20007 This project involves the construction of an addition to Hyde Elementary that will consist of approximately 34,938 sf of additional space. The addition will house a “Gymatorium”, Cafeteria, four additional classrooms, a media center, and administration offices and building service space (i.e. additional bathrooms, custodial and circulation space). This project will include some interior re-programming of the Addison building to complement the program within the Addition and Hyde. Site work will be directed at conserving the existing quantity of parking spaces. Existing playground areas will be replaced above the underground portion of the addition. Due to the historic significance of the school and surrounding neighborhood, this project required presentation and approval of the proposed design by the Old Georgetown Board (OGB), the Commission on Fine Arts (CFA), and State Office of Historic Preservation (SHPO).

Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

AM0-MR337-MAURY ES MODERNIZATION/RENOVATION

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: MR337
Ward: 6
Location: 1230 - 1240 CONSTITUTION AVENUE NE
Facility Name or Identifier: MAURY ES
Status: In multiple phases
Useful Life of the Project: 30
Estimated Full Funding Cost: \$35,000,000

Description:

The Maury ES Phased Modernization project involves the modernization and renovation of this school using a systemic/phased approach consisting of more than one phase. Each phase is spaced out over multiple fiscal years. The modernization will include classroom renovations, mechanical, electrical, window replacements and plumbing replacement; restoration of the exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; and IT upgrades.

Justification:

This project is included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

Progress Assessment:

Ongoing project.

AM0-YY1W4-MCFARLAND MIDDLE SCHOOL

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: YY1W4
Ward: 4
Location: 4400 IOWA AVENUE NW
Facility Name or Identifier: MCFARLAND MS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost:\$63,576,000

Description:

The Ward 4 MS @ MacFarland modernization project will renovate this school to support the instructional program. The modernization may include classroom renovations and core spaces; upgraded mechanical systems; ; restoration of the building exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; site improvements; and technology infrastructure upgrades.

Justification:

The dearth of excellent DC middle schools is unsustainable and unjust. The scramble for good middle schools has left Alice Deal Middle School in Northwest overcrowded and strained. All middle school students across the city should have access to the kinds of opportunities currently available at Deal.

Progress Assessment:

New project.

Description:

This project will provide budget to support DCPS in efforts to improve, retire, or replace existing information technology systems to enhance cybersecurity, and improve efficiency and effectiveness. Further, it provides for the development, operation, and procurement of information technology products and services for use by DCPS to gain efficiency and cybersecurity in accordance with the requirements of the agency.

Justification:

DCPS to gain efficiency and cybersecurity in accordance with the requirements of the agency.

Progress Assessment:

New project.

Related Projects:

None.

AM0-YY173-WEST ES MODERNIZATION/RENOVATION

Agency: DISTRICT OF COLUMBIA PUBLIC SCHOOLS (GA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: YY173
Ward: 4
Location: 1333 FARRAGUT STREET NW
Facility Name or Identifier: WEST EC
Status: New
Useful Life of the Project: 30
Estimated Full Funding Cost:\$82,408,000

Description:

The West ES modernization project will renovate this school to support the instructional program. The modernization may include classroom renovations and core spaces; upgraded mechanical systems; new windows; restoration of the building exterior; new roofing; other interior improvements; new fixtures, furniture, and equipment; site improvements; and technology infrastructure upgrades.

Justification:

This project was included in the Master Facilities Plan adopted by Section 4111 of the Fiscal Year 2011 Budget Support Act of 2010. Improved learning environments contribute to student achievement. This project aligns with Sustainable DC Actions: Equity and Diversity 1.1 and Built Environment 3.5.

Progress Assessment:

New project.

(GD0) STATE SUPERINTENDENT OF EDUCATION (OSSE)

MISSION

The mission of OSSE is to remove barriers and create pathways for District residents to receive a great education and prepare them for success in college, careers, and life.

SUMMARY OF SERVICES

OSSE plays many roles in the lives of children, teens, and adults seeking an education in the District. As the State Education Agency for the District of Columbia, OSSE: distributes federal and District funding to education providers and ensures high quality and compliance in their programs; sets statewide policies; provides resources and support; collects and analyzes District-wide student and education data within its technology systems; and exercises accountability for all public education in the District. OSSE additionally administers payments for the Division of Special Education Transportation (Agency Code GO0), the District's Non-Public Tuition account (Agency Code GN0), and uniform per student funding formula payments to public charter schools in the District (Agency Code GC0).

BACKGROUND

OSSE's capital program has historically covered the development of three separate information technology systems: its statewide longitudinal education database (SLED), its special education data system (SEDS), and its enterprise grants management system (EGMS). OSSE's SLED project aims to create a data warehouse populated with student and education information extracted from disparate system—OSSE's development of SLED was included as an objective in the District's Race to the Top application to the U.S. Department of Education. OSSE's SEDS project aims to create a comprehensive data system designed to support high quality, seamless service delivery for children with educational disabilities within the District—OSSE has mandated the use of SEDS by District of Columbia Public Schools and all public charter schools in the District. OSSE's EGMS project aims to create an online portal, accessible by both OSSE and its sub-grantees, to facilitate nearly all aspects of grant management and thereby greatly reduce the administrative burden of this work for OSSE and its sub-grantees—EGMS enables OSSE to hold grant competitions online and to issue grant awards electronically; it allows sub-grantees to complete narrative and budget applications for grant awards and to submit reimbursement requests against these grant awards; it houses many of OSSE's sub-recipient monitoring activities and documents; etc.

OSSE CAPITAL PROGRAM OBJECTIVES FOR FY17:

Enterprise Grants Management System – Phase II

OSSE's goal is to continue implementing Phase II of the EGMS build out, which is providing additional functionality to the system in the areas of sub-recipient monitoring, system reporting, auditing, and user experience. Through a more modern and streamlined system, users in OSSE and its sub-grantees will: have accurate, current data available at all times; receive and provide more positive and pre-emptive technical assistance; and be able to make more informed financial decisions.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

GD0-GD001-DATA INFRASTRUCTURE

Agency: STATE SUPERINTENDENT OF EDUCATION (OSSE) (GD0)
Implementing Agency: STATE SUPERINTENDENT OF EDUCATION (OSSE) (GD0)
Project No: GD001
Ward:
Location: 810 FIRST ST. NE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: New
Useful Life of the Project: 15
Estimated Full Funding Cost:\$11,929,000

Description:

OSSE has become the central education-related data repository and reporting office within the District. OSSE has also increasingly interfaced with District agencies such as the DC Public Charter School Board and the Deputy Mayor for Education to craft data-driven policies. Existing data systems are old and obsolete. As OSSE expands the scope of the Student Longitudinal Education Database (SLED) to include additional data, the need for enhancement in both SLED and the source data systems has become a critical area for improvement for the District as a whole. In addition, OSSE's early childhood subsidy and uniform per-student funding formula (UPSFF) payments, including supplemental UPSFF payments, are manual exercises and prone to serious risk of inaccurate payments and non-compliance with Federal and/or District Law. Furthermore, OSSE has several applications for mandated activities (e.g., teacher licensure and childcare licensure) that are not technologically sufficient for the needs of their users. With these issues corrected, OSSE would be in a unique position to steer future analysis of and publish key findings regarding the early childhood to career pathways for District residents. To support the overhaul of data systems and to maintain this overhaul going forward, OSSE will strategically re-align its operating budget starting with the FY17 budge.

Justification:

IT issues have become a critical area for improvement, such as OSSE scope expansion of the Student Longitudinal Education Database (SLED) to include additional data, and the need for enhancement in both SLED and the source data systems. In addition, OSSE's early childhood subsidy and uniform per-student funding formula (UPSFF) payments, including supplemental UPSFF payments, are manual exercises prone to serious risk of inaccurate payments and non-compliance with Federal and/or District Law. Furthermore, OSSE has several applications for mandated activities, e.g. teacher licensure and childcare licensure, that are not sufficient for the needs of their users. With these issues corrected, OSSE would be in a unique position to steer future analysis of and publish key findings regarding the early childhood to career pathways for District residents.

GD0-EMG16-EDUCATIONAL GRANT MANAGEMENT SYSTEM II

Agency: STATE SUPERINTENDENT OF EDUCATION (OSSE) (GD0)
Implementing Agency: STATE SUPERINTENDENT OF EDUCATION (OSSE) (GD0)
Project No: EMG16
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: Ongoing Subprojects
Useful Life of the Project: 15
Estimated Full Funding Cost:\$4,500,000

Description:

The Enterprise Grants Management System (EGMS) and its monitoring functionality is a system designed to improve the District of Columbia's management of Federal and Local grants administered by the Office of the State Superintendent of Education (OSSE). The EGMS will replace the legacy application, the DC ONE APP. Additionally, EGMS replaces a manual, paper-based grant process that the agency was utilizing.

Justification:

EGMS offers a wide range of benefits to all of those involved in improving student learning across the District of Columbia. The system provides a unified application, consolidating key components of grants management and compliance, including federal and local assurances, as well as offering enhanced reporting and accountability. EGMS expands the capacity to audit, monitor, and report on grant activities and expenditures for grant compliance (90+ grant programs, 221 schools, 500+ childcare centers). EGMS also reduces waste and controls costs by improving workflow automation. Last, EGMS will allow for a One Stop Portal data system that will allow all constituents easy access to grants including scholarships.

Progress Assessment:

Ongoing project.

(GF0) UNIVERSITY OF THE DISTRICT OF COLUMBIA

MISSION

The University of the District of Columbia (UDC) is a pacesetter in urban education that offers affordable and effective undergraduate, graduate, professional, and workplace learning opportunities. The institution is the premier gateway to post-secondary education and research for all residents of the District of Columbia. As a public, historically black, and land-grant institution, the University's responsibility is to build a diverse generation of competitive, civically engaged scholars and leaders.

VISION

To be a University System that is student-centered and demand driven that empowers its graduates to be critical and creative thinkers, problem solvers, effective communicators, and engaged, service-driven leaders in the workforce and beyond.

BACKGROUND

UDC operates its programs in 10 buildings on its Van Ness campus located at 4200 Connecticut Avenue, totaling approximately 1.28 million square feet of space. The University also operates a main campus garage with approximately 730 parking spaces and a physical plant containing two chillers and two boilers. The University facilities, in addition to the Van Ness Campus, include: the Bertie Backus site at 5171 South Dakota Avenue, NE; the PR Harris site at 4600 Livingston Road, SE; the 143.5-acre Firebird Farm in Beltsville, Maryland; the University Residence at 3250 Rittenhouse St. NE; and a hangar at National Airport. Nine of the eleven buildings on the Van Ness Campus and the parking garage were built starting in the early 1970s. The newest building on the campus is the recently completed Student Center.

CAPITAL PROGRAM OBJECTIVES

1. Provide a healthy, safe, and appealing higher education environment where all facilities meet academic accreditation standards, comply with building codes and ADA requirements, and are equipped with advanced technology.
2. Develop opportunities for financial support through implementation capital improvements in an effort to lower operating costs and bolster the President's fundraising goals for gifts from individuals, corporations, and private foundations.

RECENT ACCOMPLISHMENTS

- New Student Center
- Renovation of Building 32/42 for School of Engineering & Applied Science (Phase I)
- Backus Site Development- Phase II Renovation (Classroom & Infrastructure Upgrades)
- Installation of Green Roof & Greenhouse Renovation, Building 44
- Building 44 Academic Lab Renovation – Center for Nutrition, Dietetics, & Health (Demonstration, Teaching, & Commercial Kitchens)
- Child Development Center Outdoor Educational Facility
- Building 52 Main Entrance & Garage Upgrade

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

GF0-UG706-RENOVATION OF UNIVERSITY FACILITIES

Agency: UNIVERSITY OF THE DISTRICT OF COLUMBIA (GF0)
Implementing Agency: UNIVERSITY OF THE DISTRICT OF COLUMBIA (GF0)
Project No: UG706
Ward: 3
Location: 4100 CONNECTICUT AVE NW
Facility Name or Identifier: UNIVERSITY OF THE DISTRICT OF COLUMBIA
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost:\$275,000,000

Description:

This project will renovate the Van Ness Campus and facilities at other locations within the University of the District of Columbia (UDC), including the University's Colleges of Arts and Sciences, Schools of Business and Public Administration, Engineering and Applied Science, and the Bertie Backus and PR Harris sites. The project will also involve construction of a new Student Center on the Van Ness Campus. The scope of work may include addressing much needed renovations to classrooms, academic laboratories, athletic facilities, auditoriums, faculty offices, book and material storage areas, and the law school clinic. The scope of work may also include required upgrades to the mechanical, electrical, and structural systems, including the installation of energy management and monitoring equipment, and new energy efficient windows throughout the Van Ness campus. The projects will be designed and constructed with enhancing campus sustainability as a primary objective.

Campus Wide Mechanical & Electrical Upgrades – (Phased Construction Complete FY 2022); Backus Site Development – (Existing Building Phased Construction Complete FY 2017); Campus Wide Paver Restoration– (Phased Construction Complete FY 2020); Campus Wide Window Replacement – (Phased Construction Complete FY 2020); Strategic Plan 20/20 Project (Phased Construction Complete FY 2021)

Justification:

This project will provide urgently needed facility upgrades to university facilities throughout the District. This project aligns with SustainableDC Action: Built Environment 3.5.

Progress Assessment:

The university completed several projects during FY 2012 including the Renovation of the Plaza Deck and Parking Garage, Renovation of Building 38 for the School of Business and Public Administration, Renovation of Building 52 for the David A Clarke School of Law, Renovation of the Campus Natatorium (Aquatics Center) in Building 47, Renovation of Building 39 Level 2 for the Finance, Human Resources, and Procurement Offices, and the Renovation of the Student Services Center in Building 39 Level A. The construction for the New Student Center is also underway.

(GO0) SPECIAL EDUCATION TRANSPORTATION

MISSION

The mission of Special Education Transportation, also known as the Office of the State Superintendent of Education, Division of Student Transportation (OSSE DOT), is to provide safe, reliable, and efficient transportation services that positively support learning opportunities for eligible students from the District of Columbia. The agency's work is designed to achieve four main objectives: Safety, Efficiency, Reliability, and Customer Focus.

BACKGROUND

OSSE DOT provides safe and efficient student transportation services for eligible students as determined by Local Education Agencies (LEAs). The agency maintains the means to transport eligible students safely and on-time and continuously aims to improve service levels by collaborating with parents, school staff, and special education advocates.

SCOPE

The Division of Student Transportation continues its vehicle replacement program for the bus fleet. This project ensures that OSSE-DOT will continue to successfully support learning opportunities for District of Columbia students and help in the District's efforts to comply with Local and Federal air quality standards. The useful life of a school bus is between five and eight years (depending on driving conditions; typically, driving conditions in urban areas reduce the useful life of school buses).

CAPITAL PROGRAM OBJECTIVES - Justification for Vehicle (Bus) Replacement:

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

AM0-BRM15-1601 W STREET NE BUILDING RENOVATION

Agency: SPECIAL EDUCATION TRANSPORTATION (GO0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: BRM15
Ward: 5
Location: 1601 W STREET NE
Facility Name or Identifier: 1601 W STREET FACILITY
Status: New
Useful Life of the Project: 25
Estimated Full Funding Cost:\$5,500,000

Description:

Building Renovations and Modernizations at SET facilities, required upgrades to meet OSSE's need of a 4.27 acres site currently with some maintenance infrastructure, office space and parking space. The agency's immediate need on taking possession of the property in FY 2017 is the relocation and consolidation of the Adam Place Terminal at this location as a agency's main bus depot.

Upgrade plans in line with the new zoning requirements will include upgrading of existing and installation of new parking pavement throughout with appropriate storm water management features. Existing office area will be rehabilitated.

Justification:

GO0-BU0B0-VEHICLE REPLACEMENT

Agency: SPECIAL EDUCATION TRANSPORTATION (GO0)
Implementing Agency: SPECIAL EDUCATION TRANSPORTATION (GO0)
Project No: BU0B0
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: BUSES
Status: Ongoing Subprojects
Useful Life of the Project: 8
Estimated Full Funding Cost: \$46,860,000

Description:

The Office of the State Superintendent of Education (OSSE)'s Division of Transportation (DOT) current fleet of buses ranges in age from 3-15 years old. DOT seeks to sustain a replacement schedule of 8-year useful life for its bus fleet. Under this plan, DOT would replace 100 vehicles per year in 5 tranches spaced evenly throughout the year. This plan would allow DOT to replace each of their 800 vehicles every 8 years.

Justification:

The useful life of a school bus is typically 8 years. Of OSSE DOT's current fleet of approximately 800 buses, 308 are over 8 years and some are as old as 15 years. 186 have over 100,000 miles of use. These older buses also affect over-time payments to drivers and attendants and on-time statistics due to increased breakdowns on the road. The current cost to maintain these older vehicles is more than \$7.2M annually. This project aligns with SustainableDC Action: Transportation 4.2.

Progress Assessment:

Ongoing subproject

(GW0) DEPUTY MAYOR FOR EDUCATION

MISSION

Office of Deputy Mayor for Education plans, coordinates, and supervises all public education and education-related policies and activities for the Mayor. This includes developing and supporting programs to improve the delivery of educational services and opportunities from early childhood to the post-secondary education level; innovating new programs and strategies for addressing the needs of children and families; and coordinating interagency initiatives targeted at supporting students and schools.

BACKGROUND/SCOPE

Capital funds will support the implementation of recommendations from the 10-year Master Facilities Plan (MFP) conducted by the Deputy Mayor for Education. The MFP analyzes projected school facility needs for DC Public Schools and public charter schools, informed by data from the Office of Planning and other data as needed.

CAPITAL PROGRAM/PROJECT OBJECTIVES

Objectives of the capital project would be to improve our educational facilities in the District based on recommendations from the 10-year Master Facilities Plan completed in spring 2018.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

▸ **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.

▸ **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022

▸ **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.

▸ **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.

▸ **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023

▸ **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

GW0-YY631-SCHOOL MASTER FACILITIES PLANNING INITIATIVE

Agency: DEPUTY MAYOR FOR EDUCATION (GW0)
Implementing Agency: DEPUTY MAYOR FOR EDUCATION (GW0)
Project No: YY631
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: VARIOUS
Status: New
Useful Life of the Project: 10
Estimated Full Funding Cost:\$3,000,000

Description:

This project will support a collaborative schools master planning initiative as envisioned by the Deputy Mayor for Education. The project will examine projected needs of schools to be modernized in the capital improvement program and budget, including projected student enrollment, condition of specific facilities, and previous modernization upgrades.

Justification:

(HA0) DEPARTMENT OF PARKS AND RECREATION

MISSION

The Department of Parks and Recreation enhances the quality of life and wellness of DC residents and visitors by providing equal access to affordable and quality recreational services by organizing programs, activities and events.

SCOPE

The DPR manages and maintains over 364 parks, including 73 recreation facilities, 92 playgrounds, 36 aquatic centers, and hundreds of play courts, athletic fields, and green spaces. The Department provides a wide range of recreational activities to individuals and groups of all ages throughout the District, including aquatics, athletics, fitness, urban camps, therapeutic recreation, environmental education, personal enrichment programs, and food and nutrition programs.

CAPITAL PROGRAM OBJECTIVES

1. Provide accessible, safe and nurturing environments to support high quality, outcomes-based recreational programming.
2. Provide sustainable indoor and outdoor recreational spaces.
3. Enhance customer experience by modernizing and maintaining existing facilities in excellent condition.
4. Align the capital budget to ensure funding of projects from planning and design, through construction.

HIGHLIGHTS OF RECENT ACCOMPLISHMENTS

New recreation centers: Opened the Barry Farm Recreation Center and Southeast and Tennis Learning Center and continued efforts to construct new recreation centers Friendship Recreation Center, Marvin Gaye Recreation Center, and Ridge Road Recreation Center.

Renovated playgrounds and parks: DPR completed its multi-year play spaces improvement project. Sites include Barry Farm Recreation Center, Columbia Heights Community Center, Ferebee Hope Recreation Center, Lafayette Recreation Center, Marvin Gaye Recreation Center, Pope Branch Playground, and Randall Park.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

AM0-QE511-ADA COMPLIANCE

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: QE511
Ward:
Location: VARIOUS
Facility Name or Identifier: VARIOUS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: \$10,000,000

Description:

DPR is required to ensure that all facilities are ADA Accessible. Many of the older recreation centers are not and the facilities will get up to the required standard, ensuring the space is safe and functional for all users.

Justification:

DPR needs to bring more facilities into compliance with the Americans with Disabilities Act, and make more centers accessible to all citizens of the District. Projects may include constructing additional ramps, expanding door ways where necessary, installing compliant signage, and ensuring accessible restrooms.

Progress Assessment:

Funding for this project began in FY 2008. DPR has made significant improvements to the Ward 7 Therapeutic Center. All of DPR's polling sites were made accessible for the September 2010 primary election.

Related Projects:

AM0-QN702-ATHLETIC FIELD AND PARK IMPROVEMENTS

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: QN702

Ward:

Location: DISTRICT WIDE

Facility Name or Identifier: VARIOUS

Status: Ongoing Subprojects

Useful Life of the Project: 8

Estimated Full Funding Cost:\$20,000,000

Description:

Multiple projects citywide for upgrades to existing fields. Many of the turf fields are past their useful life and will be replaced. Many playgrounds with aging surfaces also require full replacement and other projects will include adding new water fountains and fencing.

Justification:

Funding is needed to continually improve athletic fields, parks, and playgrounds across the District. These amenities are critical to DPR's mission to provide safe recreational opportunities for District residents. This project aligns with SustainableDC Action: Health and Wellness 1.1.

Progress Assessment:

Since FY2008, DPR has made significant improvements to its athletic field inventory across the District. DPR has also focused on refurbishing new park, play court, and playground amenities to bring safe recreational environments to our residents.

Related Projects:

With a high number of fields being used every day the wear and tear on natural turf is extensive. DPR needs funds to help in the annual improvements to these fields. In addition many of our parks are neglected due to lack of funding. DPR needs funds to ensure that park spaces are ADA accessible, functional, safe and aesthetically conscious.

AM0-QF4RC-BENNING PARK RECREATION CENTER - REHAB

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: QF4RC
Ward: 7
Location: SOUTHERN AVENUE AND FABLE STREET, SE
Facility Name or Identifier: BENNING PARK RECREATION CENTER
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: \$10,000,000

Description:

Modernize the existing facility. New program spaces will be added and better utilization of existing spaces. Renovation to the boxing arena and outdoor pools will also be made.

Justification:

The District is retrofitting and modernizing all public buildings to the LEED Gold standard and expanding public park access and programming to promote healthy lifestyles through physical exercise.

Progress Assessment:

This is an on-going project.

Related Projects:

None.

AM0-QN751-FRANKLIN SQUARE PARK

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: QN751
Ward: 2
Location: 950 13TH STREET NW
Facility Name or Identifier: FRANKLIN SQUARE PARK
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost:\$15,100,000

Description:

Design and construct new park elements such as a new playground, new hardscaping through pathways, new café and seating options throughout, new lighting and signage to make Franklin Park a destination location in downtown DC.

Justification:

Planning and conceptual design for renovations to the park will be considered for future federal funding that will serve to provide an enhanced park experience and increase property values of nearby commercial property. This project aligns with SustainableDC Action: Health and Wellness 1.1.

Progress Assessment:

Ongoing project.

AM0-RG001-GENERAL IMPROVEMENTS - DPR

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: RG001
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: VARIOUS
Status: Ongoing Subprojects
Useful Life of the Project: 10
Estimated Full Funding Cost: \$40,000,000

Description:

City wide infrastructure projects such as replacement systems to playgrounds, recreation center and supplementary budget for emergency contingency.

Justification:

General improvement projects address conditions considered significant enough to require substantial capital improvement. These projects result in enhanced aesthetics and improved safety for District taxpayers. General Improvements spending on parks and recreation centers is consistent with the Agency's objective to preserve and enhance the District's public open spaces, athletic fields, and landscaped parks as well as making sound investments in DPR's facility inventory.

Progress Assessment:

General Improvements are ongoing.

Related Projects:

DGS project PL902C-Critical System Replacement.

The funds provide a pool of funding that will be readily available to address emergency, small budget park improvements, and any capital needs at recreation centers. Also helps in the completion of small ongoing capital projects.

AM0-HRDYR-HARDY RECREATION CENTER

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: HRDYR
Ward: 3
Location: 4500 Q STREET, NW
Facility Name or Identifier: HARDY RECREATION CENTER
Status: New
Useful Life of the Project: 25
Estimated Full Funding Cost:\$5,750,000

Description:

Improvements to the playground, field, fencing, courts and small capital renovations to the hardy recreation center where needed.

Justification:

The Hardy Recreation Center field house is in need of stabilization and improvement.

Progress Assessment:

New project.

AM0-WD3PL-HEARST PARK POOL

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: WD3PL
Ward: 3
Location: 3950 37TH STREET, NW
Facility Name or Identifier: HEARST RECREATION CENTER
Status: Ongoing Subprojects
Useful Life of the Project: 20
Estimated Full Funding Cost:\$6,000,000

Description:

Construct a new pool in Ward 3 at Hearst Park (The Design started with the Park project in 2017).

Justification:

DPR operates 19 outdoor pools in the District each summer. Although Ward 3 has the largest population and largest land area in the District, there is no outdoor pool in Ward 3 or Upper Northwest DC.

Progress Assessment:

This is an on-going project.

AM0-QM802-NOMA PARKS & REC CENTERS

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: QM802
Ward: 6
Location: NOMA
Facility Name or Identifier: NOMA PARKS & REC CENTERS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: \$48,676,000

Description:

NOMA BID for parkland acquisition and improvements to existing and building new park spaces for DPR to own and program.

Justification:

The NoMa BID hired AECOM to prepare a Public Realm Design Plan. The plan calls for a system of connected, flexible open spaces with a variety of amenities that would better serve the community. This project aligns with Sustainable DC Action: Health and Wellness 1.1.

Progress Assessment:

This project is on-going.

AM0-RG006-SWIMMING POOL REPLACEMENT

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: RG006
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: VARIOUS
Status: In multiple phases
Useful Life of the Project: 30
Estimated Full Funding Cost: \$20,000,000

Description:

Renovate existing pools (pool deck/shell) and new splash pads in the district.

Justification:

DPR's swimming pools are aging and in need of major renovation and replacement. This project aligns with SustainableDC Action: Health and Wellness 1.1.

Progress Assessment:

DPR is continually working on its indoor and outdoor inventory of swimming pools and splash parks to serve District residents. Summer readiness for FY 2013 is underway and plans have already started for FY 2014.

Related Projects:

An annual budget is needed to enhance, renovate and improve aquatic amenities across the District before/after every pool season to maintain a high level of standard and function of the pools and pool houses, as well as splash pads.

AM0-THPRC-THERAPEUTIC RECREATION CENTER

Agency: DEPARTMENT OF PARKS AND RECREATION (HA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: THPRC
Ward: 7
Location: 3030 G STREET, SE
Facility Name or Identifier: THERAPEUTIC RECREATION CENTER
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: \$37,000,000

Description:

Transform this recreation center into a therapeutic campus with new recreation facilities, playgrounds, gardens, field and courts all built with specifications for therapy.

Justification:

The facility was built in 1971, and it has not received any extensive renovation since then. The locker room space is overwhelmed at the conclusion of any class, and it does not have enough room to accommodate guests and their aides. The physical size of the Center limits the number of District residents it can help. Expanding the physical size of the Center would increase its capacity, ensuring that more residents who need its services could have access to them. The Center serves a vulnerable segment of District society; renovations are needed to better enable it to continue serving this role.

Progress Assessment:

Ongoing project.

(HT0) DEPARTMENT OF HEALTH CARE FINANCE

MISSION

The Department of Health Care Finance improves health outcomes for residents of the District of Columbia by providing access to a comprehensive and cost-effective array of quality health care services.

CAPITAL PROGRAM OBJECTIVES

Medicaid Management Information System (MMIS)

The Centers for Medicare and Medicaid Services (CMS) requires each Medicaid state and the District to maintain and operate a Medicaid Management Information System (MMIS). The MMIS serves as the District's Medicaid claims processing engine and supports DHCF staff in their day-to-day duties. CMS requires that the system technology be refreshed every 5 years to ensure it is up to date and contracts are completed openly. To remain compliant with CMS, the District must begin procuring a new MMIS.

Medicaid Data Warehouse (MDW)

One of the comments made by CMS during the MMIS certification exit conference was that the District was one of the few states that lacked a Medicaid data warehouse. Utilizing a data warehouse for data analysis and trending would greatly improve the District's ability to manage the Medicaid program. In order to facilitate more efficient Medicaid program administration and support intelligent decision-making, DHCF needs a Medicaid Data Warehouse (MDW) to provide easy access to Medicaid program data from the Medicaid Management Information System (MMIS) through the use of analytical reporting tools.

United Medical Center

Assist the Mayor, Council, and consultant team in evaluation of the operational and facility needs of United Medical Center.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

▸ **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.

▸ **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022

▸ **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.

▸ **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.

▸ **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023

▸ **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

HT0-MPM03-MMIS UPGRADED SYSTEM

Agency: DEPARTMENT OF HEALTH CARE FINANCE (HT0)

Implementing Agency: DEPARTMENT OF HEALTH CARE FINANCE (HT0)

Project No: MPM03

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: INFORMATION TECHNOLOGY

Status: In multiple phases

Useful Life of the Project: 5

Estimated Full Funding Cost:\$62,000,000

Description:

The Centers for Medicare and Medicaid Services (CMS) requires each Medicaid state and the District to maintain and operate a Medicaid Management Information System (MMIS). The MMIS serves as the District's Medicaid claims processing engine and supports DHCF staff in their day-to-day duties. CMS requires that the system technology be refreshed every 5 years to ensure it is up to date and contracts are competed openly. To remain compliant with CMS the District must begin procuring a new MMIS.

In 2014, CMS issued guidance requiring States to develop a modular MMIS. DHCF has conformed to these requirements and is developing the new system as separate components in three phases: (1) Provider Data Management (2) Case Management; and (3) the Core system

Although delayed, the first phase; Provider Data Management System (PDMS) module has been completed and will begin the first quarter of FY17. The case management system is being built under capital project CM102C and DHCF is currently working on the third phase; the Core system. In FY16, CMS required that there be a separate IV&V contractor.

Justification:

CMS requires that the Medicaid state agency upgrades the MMIS system every 5 years.

Progress Assessment:

This is an on-going project.

HT0-UMC02-UNITED MEDICAL CENTER IMPROVEMENTS

Agency: DEPARTMENT OF HEALTH CARE FINANCE (HT0)

Implementing Agency: DEPARTMENT OF HEALTH CARE FINANCE (HT0)

Project No: UMC02

Ward: 8

Location: 1310 SOUTHERN AVENUE SE

Facility Name or Identifier: UNITED MEDICAL CENTER

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost:\$240,000,000

Description:

This project will be both OWNED and IMPLEMENTED by DHCF. The purpose of the project budget is to support the costs of capital improvements at the existing hospital facility, United Medical Center (UMC). The proposed cost and scope of the improvements should be reviewed and approved by DHCF and will be performed by UMC management.

Justification:

Huron states that "UMC Facilities are in relatively good condition" and that "investments to make the facilities competitive with out other District providers could differentiate UMC and attract (Primary Service Area) PSA residents."

Progress Assessment:

Ongoing Project.

(JA0) DEPARTMENT OF HUMAN SERVICES

MISSION

The Department of Human Services (DHS) works in collaboration with the community to assist low-income individuals and families to maximize their potential for economic security and self-sufficiency.

BACKGROUND

Enhanced federal financial participation associated with the federal Affordable Care Act of 2010 (ACA) and a waiver of OMB Circular A-87, presents the District with an unprecedented opportunity to replace a 20-year-old public benefit eligibility system; integrate health and human services case management systems; and meet ACA requirements. The DC Access System (DCAS) will establish a single gateway connecting District residents to health and human services benefits across multiple government agencies.

CAPITAL PROGRAM OBJECTIVES

Build a new Health Care and Human Services Solution to (A) ensure that every District resident has access to affordable health coverage and eligible public benefits; (B) create a seamless customer service experience for all health and human services consumers; (C) establish policies, processes, and capabilities that improve governance by DC agencies; (D) transform Medicaid eligibility and enrollment for all beneficiaries; (E) transform other public programs and services, including TANF, SNAP, Homeless Services, etc.; and, (F) create an Integrated System of Care (Case Management).

RECENT ACCOMPLISHMENTS AND PLANNED ACTIVITIES

DCAS is a joint project between DHS, the Department of Health Care Finance (DHCF), the Health Benefit Exchange Authority (HBX), the Department of Insurance Securities and Banking (DISB), and the Office of the Chief Technology Officer (OCTO). Jointly the agencies have accomplished and continue deployment of:

DCAS Release 1: DC Health Link - Delivered October 2013, enhancements continuing to October 2016

DCHL allows the District to meet ACA requirements and serves as DC's State-Based Marketplace (SBM). The system has been live since 10/1/13 with enhancements constructed and delivered on an ongoing basis to improve functionality, range of determinations, the ease with which residents can use the system, and federal compliance.

DCAS Preliminary Release 2.0 (first deliverable): Converted and New MAGI Renewals

Delivery Date: December 2014, Enhancements continuing through October 2016

The ACA mandates that all residents who had been receiving Medicaid prior to October 2013 be evaluated for Modified Adjusted Gross Income (MAGI) eligibility and be automatically renewed starting on December 1, 2014. DC has met this deadline and kept over 34,000 residents out of service centers with this automatic renewal process. The final phase of this project, allowing renewals to be done online, is anticipated to go live by October 2016.

Release 2.0 and 2.2: DC Link

Delivery Date: September 2016 for Caseworkers, February 2017 for the general public

This release will satisfy the option the District chose under the ACA to build an integrated online portal to access all DHS Cash and Food Assistance services, and modernize the eligibility determination and enrollment process for 11 major DHS programs, including SNAP, TANF, and IDA. The portal will first be accessible to Caseworkers only, then to the general public.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

AM0-HSW01-WARD 1 TEMPORARY HOUSING FOR FAMILIES

Agency: DEPARTMENT OF HUMAN SERVICES (JA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: HSW01
Ward: 1
Location: 10TH & V STREET STREETS NW
Facility Name or Identifier: WARD 1 TEMPORARY HOUSING FOR FAMILIES
Status: New
Useful Life of the Project: 30
Estimated Full Funding Cost:\$23,000,000

Description:

To acquire parcels of land located at 2105 and 2107 10th Street NW and 933 V Street NW, Square 358, Lots 5, 6, and 802, including, if necessary, through the exercise of eminent domain and to construct a facility to provide temporary shelter for families experiencing homelessness containing 29 2- and 3-bedroom apartment-style units. The District may contract with the current property owner for construction of the facility as part of an agreement to acquire the land. If no agreement can be reached with the current owner for construction of the facility, a contract for construction of the facility shall be awarded pursuant to a request for proposals to be issued by the Department of General Services.

The construction of new, smaller short-term family housing options will allow the District to close down the DC General Family shelter. The creation of permanent supportive housing will help end chronic homelessness. These are both consistent with the District's strategic plan to end homelessness and advance overall efforts to make homelessness rare, brief and reoccurring in DC.

The District seeks to issue tax-exempt bonds to finance these projects and the Chief Financial Officer of the District must be satisfied that the proposed business arrangements, with respect to the use and user(s) of the proposed project, will not create a private business use within the meaning of the applicable Internal Revenue Service rules and regulations.

AM0-HSW08-WARD 8 TEMPORARY HOUSING FOR FAMILIES

Agency: DEPARTMENT OF HUMAN SERVICES (JA0)
Implementing Agency: DEPARTMENT OF GENERAL SERVICES (AM0)
Project No: HSW08
Ward: 8
Location: 4225 6TH STREET SE
Facility Name or Identifier: WARD 8 TEMPORARY HOUSING FOR FAMILIES
Status: New
Useful Life of the Project: 30
Estimated Full Funding Cost:\$17,000,000

Description:

To construct a facility to provide temporary shelter for families experiencing homelessness containing 50 DC General Family Shelter replacement units on District-owned land at 4225 (assumed) 6th Street SE, Square 6207, Lots 53, 54, 55, and 56. A contract for the construction of the facility shall be awarded pursuant to a request for proposals to be issued by the Department of General Services.

The construction of new, smaller short-term family housing options will allow the District to close down the DC General Family shelter. The creation of permanent supportive housing will help end chronic homelessness. These are both consistent with the District's strategic plan to end homelessness and advance overall efforts to make homelessness rare, brief and reoccurring in DC.

The District seeks to issue tax-exempt bonds to finance these projects and the Chief Financial Officer of the District must be satisfied that the proposed business arrangements, with respect to the use and user(s) of the proposed project, will not create a private business use within the meaning of the applicable Internal Revenue Service rules and regulations.

(KA0) DEPARTMENT OF TRANSPORTATION

MISSION

The District Department of Transportation (DDOT)'s mission is to enhance the quality of life for District residents and visitors by ensuring that people, goods, and information move efficiently and safely, with minimal adverse impact on residents and the environment.

BACKGROUND

DDOT oversees and maintains 7,700 intersections (1,450 signalized); 1,652 traffic signals; 1,495 linear miles of sidewalks; 1,392 linear miles of roadways (interstate highways and neighborhood streets); 358 linear miles of alleys; 228 bridges (209 vehicle, 19 pedestrian); 16 tunnels and underpasses; 13,525 parking meters for 18,000 metered parking spaces; 140,000 street trees; 69 miles of bike lanes and 56 miles of trails. Additionally, DDOT has responsibility for the District's bicycle and pedestrian facilities, traffic and pedestrian safety, and managing the District's public space and rights-of-way.

CAPITAL PROGRAM OBJECTIVES

1. Maintain and enhance the District's transportation infrastructure (roads, bridges, tunnels transit system, signage, and sidewalks) and streetscapes.
2. Increase non-vehicular transportation modes to meet the mobility and economic development needs of the District.
3. Improve the safety of pedestrians, cyclists, and drivers throughout the District.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

KA0-ED0D5-11TH STREET BRIDGE PARK

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: ED0D5
Ward:
Location: 11TH STREET BRIDGE
Facility Name or Identifier: 11TH STREET BRIDGE PARK
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost:\$29,450,000

Description:

The 11th Street Bridge Park project will transform the old unused span of the 11th Street Bridge into a signature, elevated park for the District—a park comparable to the High Line in New York City. Spanning the Anacostia River, the park would link Historic Anacostia with the Navy Yard. Preliminary plans include bike and pedestrian trails, outdoor performance spaces, play areas, gardens, information about the river and its ecosystem, a dock to launch boats and kayaks to explore the river.

No funds allocated for the purpose of the 11th Street Bridge Park project may be awarded or disbursed to any entity for purposes of construction until at least 50 percent of the total projected construction costs of the project have been raised from private donors. No District funds may be awarded or expended for the purpose of operations or maintenance of the 11th Street Bridge Park.

Justification:

A large, diverse group of stakeholders, led by THEARC in Ward 8 and with the assistance of DDOT, has been working to develop plans for this park. They expect to raise 50% of the \$25 million projected cost for construction from private donors.

Progress Assessment:

This is an on-going project.

KA0-CEL21-ALLEY REHABILITATION

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: CEL21

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: LOCAL STREETS

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost:\$165,000,000

Description:

The Alley Rehabilitation project provides labor, equipment, and materials necessary to rehabilitate, and reconstruct alleys throughout the District. A large budget infusion in FY 2016 will help to address the backlog of alley rehabilitation and reconstruction.

Justification:

The project is necessary to prevent extensive deterioration of the District's alleys. The project is urgent in that it provides cost savings by providing proper and timely maintenance. District taxpayers benefit from alleys that are in a state of good repair. This project aligns with SustainableDC Action: Water 2.4.

Progress Assessment:

This project is ongoing.

KA0-CE307-BRIDGE MAINTENANCE

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: CE307
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: LOCAL STREETS
Status: Ongoing Subprojects
Useful Life of the Project: 10
Estimated Full Funding Cost: \$15,000,000

Description:

The Bridge Reconstruction and Rehabilitation program helps ensure safe and efficient use of the city's bridges and structures. This project includes various activities that extend the useful life of the District's bridges, including joint replacement and sealing, surface rehabilitation, and localized reconstruction.

Justification:

The project is necessary to prevent extensive deterioration of the District's bridges. The project is urgent in that it helps reduce the major capital costs that would be incurred if the assets are not maintained. District taxpayers benefit from safe and improved bridges.

Progress Assessment:

This project is ongoing, and includes joint replacement and sealing, surface rehabilitation, and localized reconstruction.

Related Projects:

Related projects are the federally funded projects or locally funded resurfacing or reconstruction projects.

KA0-CBS02-CAPITAL BIKESHARE EXPANSION

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: CBS02
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: CAPITAL BIKESHARE EXPANSION
Status: New

Useful Life of the Project:

Estimated Full Funding Cost:\$8,000,000

Description:

This project is to support the Bikeshare program, including expansion. Capital Bikeshare is metro DC's bikeshare system, with more than 3,700 bikes available at 440 stations across five jurisdictions: Washington, DC; Arlington, VA; Alexandria, VA; Montgomery County, MD; and Fairfax County, VA. Capital Bikeshare provides residents and visitors with a convenient, fun and affordable transportation option for getting from Point A to Point B.

Capital Bikeshare, like other bikeshare systems, consists of a fleet of specially designed, sturdy and durable bikes that are locked into a network of docking stations throughout the region. The bikes can be unlocked from any station and returned to any station in the system, making them ideal for one-way trips. People use bikeshare to commute to work or school, run errands, get to appointments or social engagements and more.

KA0-LMCIR-CIRCULATOR

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: LMCIR

Ward:

Location: VARIOUS

Facility Name or Identifier: DDOT

Status: In multiple phases

Useful Life of the Project:

Estimated Full Funding Cost:\$26,760,000

Description:

This Master project is to provide the necessary budget for a defined group of projects supporting the District's horizontal infrastructure assets. Individual projects, which are specific District assets, collectively provide and account for budget needs to continue to provide needed upgrades to our system and its components so that it can be maintained and operated with current technology. As projects are planned and ready for implementation, budget allocation requests will be made – through the Office of Budget and Planning – from the Master project, so that expenditures are properly recorded to the correct asset.

KA0-CAL16-CURB AND SIDEWALK REHAB

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: CAL16
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: LOCAL STREETS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: \$110,000,000

Description:

This project is the upgrade of intersections and sidewalks for ADA compliance. It includes an inventory of locations for upgrade, an assessment of upgrades necessary, and construction.

Justification:

The District is mandated to ensure its sidewalks and intersections meet ADA regulations. Based on a preliminary analysis, not all sites within the District are ADA compliant. A budget infusion over the next four year will eliminate a significant backlog of projects.

Progress Assessment:

This project is progressing as planned. It is an on-going project that occurs annually.

Related Projects:

Related projects are the federally funded projects or locally funded resurfacing or reconstruction projects.

KA0-BR005-H STREET BRIDGE

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: BR005
Ward: 6
Location: UNION STATION & H STREET NE
Facility Name or Identifier: H STREET BRIDGE
Status: New
Useful Life of the Project: 30
Estimated Full Funding Cost:\$205,000,000

Description:

This project funds the full replacement of the H Street “Hopscotch” Bridge. The H Street Bridge spans over 1st Street NE, WMATA tracks, Amtrak tracks and platforms and 2nd Street, NE at Union Station in the District of Columbia. The bridge will be reconstructed to accommodate the continuation of the streetcar system and to allow for Amtrak to increase their capacities in their Union Station rail yard. The funding for this project was previously found in SA306C – H Street/Benning/ K Street.

Justification:

The replacement of the bridge has been driven by the future redevelopment of Union Station including its rail yard. The bridge will also serve as a gateway for the future East-West Streetcar Line.

Progress Assessment:

This is a new project.

Related Projects:

KA0-SR301-LOCAL STREETS WARD 1

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: SR301
Ward: 1
Location: WARD 1
Facility Name or Identifier: LOCAL STREETS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost:\$38,556,000

Description:

The District of Columbia has over 682 local roadway miles that require preservation, maintenance, and repair. The District Department of Transportation (DDOT) has developed an annual work (construction) schedule that continuously assesses the needs of every local street in the District.

Depending on the condition of the roadway, DDOT will provide service from basic mill and overlay (for resurfacing needs) to complete reconstruction and upgrade. Regardless of the construction type, DDOT's focus is to also repair or replace the adjacent sidewalks, curbs, and gutters in conjunction to the street repair, if applicable. In addition, DDOT has established a ward based contract which allows timely and successful implementation and execution of work plans. Annual work (construction) plans are based on the available funding and fulfill the Mayor's initiatives and objectives and benefits the residents as well.

There is a separate road reconstruction project for each ward.

Justification:

DDOT's goal is to preserve our current roadway system and provide maintenance as needed. This service helps to avoid the more costly reconstruction and upgrading repairs. DDOT's local roads are an integral part of the Districts infrastructure system. Residents, commuters, tourists, and those in the business community rely on DDOT for the city's streets to be safe, reliable and functional, thus the maintenance of these roads is critical. This project aligns with SustainableDC Actions: Transportation 2.1 and 2.4.

Progress Assessment:

DDOT develops an annual construction plan based on the approved budget.

Related Projects:

There is a separate road construction project for each ward.

KA0-SR302-LOCAL STREETS WARD 2

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: SR302
Ward: 2
Location: WARD 2
Facility Name or Identifier: LOCAL STREETS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: \$36,834,000

Description:

The District of Columbia has over 682 local roadway miles that require preservation, maintenance, and repair. The District Department of Transportation (DDOT) has developed an annual work (construction) schedule that continuously assesses the needs of every local street in the District.

Depending on the condition of the roadway, DDOT will provide service from basic mill and overlay (for resurfacing needs) to complete reconstruction and upgrade. Regardless of the construction type, DDOT's focus is to also repair or replace the adjacent sidewalks, curbs, and gutters in conjunction to the street repair, if applicable. In addition, DDOT has established a ward based contract which allows timely and successful implementation and execution of work plans. Annual work (construction) plans are based on the available funding and fulfill the Mayor's initiatives and objectives and benefits the residents as well.

There is a separate road reconstruction project for each ward.

Justification:

DDOT's goal is to preserve our current roadway system and provide maintenance as needed. This service helps to avoid the more costly reconstruction and upgrading repairs. DDOT's local roads are an integral part of the Districts infrastructure system. Residents, commuters, tourists, and those in the business community rely on DDOT for the city's streets to be safe, reliable and functional, thus the maintenance of these roads is critical. This project aligns with SustainableDC Actions: Transportation 2.1 and 2.4.

Progress Assessment:

DDOT develops an annual construction plan based on the approved budget.

Related Projects:

There is a separate road construction project for each ward.

KA0-SR303-LOCAL STREETS WARD 3

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: SR303
Ward: 3
Location: WARD 3
Facility Name or Identifier: LOCAL STREETS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost:\$37,438,000

Description:

The District of Columbia has over 682 local roadway miles that require preservation, maintenance, and repair. The District Department of Transportation (DDOT) has developed an annual work (construction) schedule that continuously assesses the needs of every local street in the District. Depending on the condition of the roadway, DDOT will provide service from basic mill and overlay (for resurfacing needs) to complete reconstruction and upgrade. Regardless of the construction type, DDOT's focus is to also repair or replace the adjacent sidewalks, curbs, and gutters in conjunction to the street repair, if applicable. In addition, DDOT has established a ward based contract which allows timely and successful implementation and execution of work plans. Annual work (construction) plans are based on the available funding and fulfill the Mayor's initiatives and objectives and benefits the residents as well.

There is a separate road reconstruction project for each ward.

Justification:

DDOT's goal is to preserve our current roadway system and provide maintenance as needed. This service helps to avoid the more costly reconstruction and upgrading repairs. DDOT's local roads are an integral part of the District's infrastructure system. Residents, commuters, tourists, and those in the business community rely on DDOT for the city's streets to be safe, reliable and functional, thus the maintenance of these roads is critical. This project aligns with SustainableDC Actions: Transportation 2.1 and 2.4.

Progress Assessment:

DDOT develops an annual construction plan based on the approved budget. This construction plan serves not only as the plan for which a construction schedule is adhered to but the is made available to the public so that they can become aware of when DDOT will be in their community to begin construction.

Related Projects:

DDOT's in-house (project CE302) staff can address minor resurfacing and maintenance needs but can not handle the volume of construction required based on DDOT's work plan.

There is a separate road construction project for each ward.

Project No: SR306
Ward: 6
Location: WARD 6
Facility Name or Identifier: LOCAL STREETS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost:\$37,135,000

Description:

The District of Columbia has over 682 local roadway miles that require preservation, maintenance, and repair. The District Department of Transportation (DDOT) has developed an annual work (construction) schedule that continuously assesses the needs of every local street in the District. Depending on the condition of the roadway, DDOT will provide service from basic mill and overlay (for resurfacing needs) to complete reconstruction and upgrade. Regardless of the construction type, DDOT's focus is to also repair or replace the adjacent sidewalks, curbs, and gutters in conjunction to the street repair, if applicable. In addition, DDOT has established a ward based contract which allows timely and successful implementation and execution of work plans. Annual work (construction) plans are based on the available funding and fulfill the Mayor's initiatives and objectives and benefits the residents as well.

There is a separate road reconstruction project for each ward.

Justification:

DDOT's goal is to preserve our current roadway system and provide maintenance as needed. This service helps to avoid the more costly reconstruction and upgrading repairs. DDOT's local roads are an integral part of the District's infrastructure system. Residents, commuters, tourists, and those in the business community rely on DDOT for the city's streets to be safe, reliable and functional, thus the maintenance of these roads is critical. This project aligns with SustainableDC Actions: Transportation 2.1 and 2.4.

Progress Assessment:

DDOT develops an annual construction plan based on the approved budget. This construction plan serves not only as the plan for which a construction schedule is adhered to but the is made available to the public so that they can become aware of when DDOT will be in their community to begin construction.

Related Projects:

DDOT's in-house (project CE302) staff can address minor resurfacing and maintenance needs but can not handle the volume of construction required based on DDOT's work plan.

There is a separate road construction project for each ward.

KA0-SR307-LOCAL STREETS WARD 7

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: SR307
Ward: 7
Location: WARD 7
Facility Name or Identifier: LOCAL STREETS
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: \$38,784,000

Description:

The District of Columbia has over 682 local roadway miles that require preservation, maintenance, and repair. The District Department of Transportation (DDOT) has developed an annual work (construction) schedule that continuously assesses the needs of every local street in the District. Depending on the condition of the roadway, DDOT will provide service from basic mill and overlay (for resurfacing needs) to complete reconstruction and upgrade. Regardless of the construction type, DDOT's focus is to also repair or replace the adjacent sidewalks, curbs, and gutters in conjunction to the street repair, if applicable. In addition, DDOT has established a ward based contract which allows timely and successful implementation and execution of work plans. Annual work (construction) plans are based on the available funding and fulfill the Mayor's initiatives and objectives and benefits the residents as well.

There is a separate road reconstruction project for each ward.

Justification:

DDOT's goal is to preserve our current roadway system and provide maintenance as needed. This service helps to avoid the more costly reconstruction and upgrading repairs. DDOT's local roads are an integral part of the District's infrastructure system. Residents, commuters, tourists, and those in the business community rely on DDOT for the city's streets to be safe, reliable and functional, thus the maintenance of these roads is critical. This project aligns with SustainableDC Actions: Transportation 2.1 and 2.4.

Progress Assessment:

DDOT develops an annual construction plan based on the approved budget. This construction plan serves not only as the plan for which a construction schedule is adhered to but the is made available to the public so that they can become aware of when DDOT will be in their community to begin construction.

Related Projects:

DDOT's in-house (project CE302) staff can address minor resurfacing and maintenance needs but can not handle the volume of construction required based on DDOT's work plan.

KA0-PLU00-POWER LINE UNDERGROUNDING

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: PLU00

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: POWER LINE UNDERGROUNDING

Status: Ongoing Subprojects

Useful Life of the Project:

Estimated Full Funding Cost:\$500,000,000

Description:

Relocate the Districts overhead power lines to underground. DDOT will construct underground vaults and buried conduit to accommodate PEPCO's feeder lines and transformers.

Justification:

A series of powerful storms in 2012 caused considerable damage and disruption of electric service. This project will support efforts to improve the reliability of the District's electricity distribution system, in accordance with the recommendations of the Mayor's Power Line Undergrounding Task Force and the Electric Company Infrastructure Financing Act of 2013.

Progress Assessment:

This is an on-going project.

KA0-LMRES-RESTORATION MATERIALS

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: LMRES

Ward:

Location: VARIOUS

Facility Name or Identifier: DDOT

Status: In multiple phases

Useful Life of the Project:

Estimated Full Funding Cost:\$5,000,000

Description:

This Master project is to provide the necessary budget for a defined group of projects supporting the District's horizontal infrastructure assets. Individual projects, which are specific District assets, collectively provide and account for budget needs to continue to provide needed upgrades to our system and its components so that it can be maintained and operated with current technology. As projects are planned and ready for implementation, budget allocation requests will be made – through the Office of Budget and Planning – from the Master project, so that expenditures are properly recorded to the correct asset.

KA0-LMTCE-STREET CAR

Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)

Project No: LMTCE

Ward:

Location: VARIOUS

Facility Name or Identifier: DDOT

Status: In multiple phases

Useful Life of the Project:

Estimated Full Funding Cost:\$160,000,000

Description:

This Master project is to provide the necessary budget for a defined group of projects supporting the District's horizontal infrastructure assets. Individual projects, which are specific District assets, collectively provide and account for budget needs to continue to provide needed upgrades to our system and its components so that it can be maintained and operated with current technology. As projects are planned and ready for implementation, budget allocation requests will be made – through the Office of Budget and Planning – from the Master project, so that expenditures are properly recorded to the correct asset.

KA0-AD304-STREETLIGHT MANAGEMENT

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: AD304
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: LOCAL STREETS
Status: Ongoing Subprojects
Useful Life of the Project: 10
Estimated Full Funding Cost:\$152,422,000

Description:

The District's lighting assets are critical to the safety of District's residents and visitors. These assets are also essential for the well-being of businesses, commuters, and pedestrians.

DDOT's multi-year performance-based contract maintains the District's lighting assets. The contractor is responsible for managing all lighting assets within public space, including alleys and streetlights, highways, underpasses, tunnels, bridges, navigation lights, overhead guide signs, and "Welcome to Washington, DC" signs. A number of lighting systems and the electrical control systems for the Frederick Douglas Bridge are also included.

In this performance-based asset preservation contract, the desired outcome is specified rather than the means and methods: the contractor is instructed what to achieve, not how to achieve it. The District requires that the contractor meet a set of performance standards for all assets and DDOT personnel conduct citywide monthly and annual inspections to measure the contractor's performance. DDOT personnel also monitor the contractor's response for repair requests and schedules daily. The contract includes both incentives and disincentives for failing or exceeding these performance measures. The asset contractor has improved the lighting performance by reducing outages from a high of 20 percent two years ago (FY07) to less one percent this year (FY09).

This project also includes upgrades to lighting assets, including the conversion of traditional lighting to high efficiency LED technology. The project also funds staff who implement this program.

Justification:

This project is necessary for the safety of District residents and drivers. The performance-based contract has proven to be the most cost-effective way to ensure that the District's streetlights are illuminating the streets. This project aligns with SustainableDC Action: Nature 2.2 and Energy 1.3.

Progress Assessment:

The contract is progressing as planned. This contract has improved the District's lighting system by reducing outages and other unsafe conditions thus resulting in improved customer satisfaction as compared to previous years.

Related Projects:

The maintenance and upgrade of lighting assets on federal aid-eligible streets, bridges, and tunnels is funded through the Federal -aid (FHWA) program.

KA0-CG314-TREE PLANTING

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: CG314

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: GREENSPACE

Status: Ongoing Subprojects

Useful Life of the Project: 30

Estimated Full Funding Cost: \$30,000,000

Description:

This project funds the annual planting of street trees and trees located in other District right-of-way spaces. The District Department of Transportation (DDOT) plants approximately 4,000 street trees each year from October through April.

Justification:

This project allows the District to maintain its tree canopy population and reputation as a “City of Trees.” Having healthy and plentiful trees adds to the District’s quality of life and environmental health. In FY2008, UFA planted 4,608 trees. In order to continue planting throughout the District in FY2010, DDOT needs to continue receiving funding for this project. This project aligns with SustainableDC Action: Nature 2.1.

Progress Assessment:

This project is progressing as planned. It is an on-going project that occurs annually.

(KE0) MASS TRANSIT SUBSIDIES

MISSION

The Mass Transit Subsidy program supports the provision of efficient, affordable, and diverse public transit services in the District of Columbia.

BACKGROUND

For FY 2011 through FY 2016, the Washington Metropolitan Area Transit Authority (WMATA) is governed by a multi-jurisdictional capital funding agreement. Projects to be delivered under this agreement include mid-life rehabilitation of buses, on-going escalator and elevator rehabilitations and replacements, replacement of WMATA's 1000 series railcars, track replacement, power system upgrades, and rehabilitation of storage and maintenance facilities. WMATA and its funding partners, including DDOT, expect to sign a one year extension of the capital funding agreement in the spring covering WMATA's fiscal year 2018.

CAPITAL PROGRAM OBJECTIVES

1. Promote safety and mobility;
2. Contribute to sustainable economic development;
3. Improve the quality and range of transportation options for District residents; and,
4. Restore the Metrorail system to a State of Good Repair

RECENT ACCOMPLISHMENTS

- Exercised an option to purchase an additional 220 7000 series railcars;
- Continued expansion of limited-stop bus service on multiple corridors across the District;
- Implemented additional State of Good Operations bus service changes which reduced service on underutilized bus routes and added service on crowded bus routes with no net change in bus service levels; and,
- Continued multi-year infrastructure rehabilitation contracts on red, blue, and orange lines within central DC.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

KE0-TOP02-PROJECT DEVELOPMENT

Agency: MASS TRANSIT SUBSIDIES (KE0)
Implementing Agency: MASS TRANSIT SUBSIDIES (KE0)
Project No: TOP02
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: LOCAL TRANSIT
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost: \$13,000,000

Description:

This project funds cost-sharing with WMATA for the planning and development of new transportation projects such as the Circulator and Streetcars.

Justification:

The District is committed to improving connectivity and accessibility through efficient, integrated, and affordable transit systems.

Progress Assessment:

This is an ongoing project.

KE0-SA501-WMATA CIP CONTRIBUTION

Agency: MASS TRANSIT SUBSIDIES (KE0)
Implementing Agency: MASS TRANSIT SUBSIDIES (KE0)
Project No: SA501
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: WMATA
Status: Ongoing Subprojects
Useful Life of the Project: 20
Estimated Full Funding Cost:\$724,846,000

Description:

District funding to support WMATA's Capital Improvement Program, as defined in the current inter-jurisdictional Capital Funding Agreement. Typical projects to be funded are acquisition of buses and subway cars, mid-life rehabilitation of buses and subway cars, improvements to bus storage, track replacement, power system upgrades, and rehabilitation of storage and maintenance facilities.

Justification:

Capital investment is needed to rehabilitate and maintain the WMATA transit system.

Progress Assessment:

This is an on-going project.

KE0-SA311-WMATA FUND - PRIIA

Agency: MASS TRANSIT SUBSIDIES (KE0)
Implementing Agency: MASS TRANSIT SUBSIDIES (KE0)
Project No: SA311
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: WMATA
Status: Ongoing Subprojects
Useful Life of the Project: 30
Estimated Full Funding Cost:\$500,000,000

Description:

The Federal Government passed the Passenger Rail Investment and Improvement Act of 2008 (PL 110-432) to provide WMATA with \$1.5 billion over a 10-year period but conditioned the receipt of funds on an equal amount of funds being pledged by the District and other contributing jurisdictions. Projects may include vehicles and vehicle parts, rail system infrastructure rehabilitation, maintenance facilities, systems and technology, track and structures, passenger facilities, maintenance equipment, other facilities, program management and support, safety and security projects, and preventive maintenance. An annual contribution of \$50 million will be made, contingent upon annual appropriation from Congress in the amount of \$150 million along with \$50 million annual appropriations from both the State of Maryland and the Commonwealth of Virginia.

Justification:

This project is necessary to maintain the reliability of rail service. Current WMATA capital spending levels are inadequate to maintain the system in a state of good repair and provide for continued growth in system use. The additional \$300 million per year in capital funding will allow WMATA to accelerate infrastructure repairs to maintain the system, replace the original subway cars in the system that are now at the end of their useful life, and proceed with system improvements such as power upgrades to accommodate longer trains and the purchase of new subway cars to accommodate ridership growth.

Progress Assessment:

This project is on-going.

(KG0) DEPARTMENT OF ENERGY AND ENVIRONMENT

MISSION

The mission of the Department of Energy and Environment (DOEE) is to improve the quality of life for the residents and natural inhabitants of the nation's capital by protecting and restoring the environment, conserving our natural resources, mitigating pollution, increasing access to clean and renewable energy, and educating the public on ways to secure a sustainable future. The agency's core responsibilities include, but are not limited to, enforcing environmental regulations; monitoring and assessing environmental risks; developing energy and environmental policies; issuing permits; and providing residents and local businesses with funding, technical assistance, and information on initiatives designed to ensure a more resilient and sustainable city.

BACKGROUND

DOEE is the leading authority on energy and environmental issues affecting the District of Columbia. Using a combination of regulations, outreach, education, and incentives, DOEE administers programs and services to fulfill the agency's mission. The agency works collaboratively with other government agencies, residents, businesses, and institutions to promote environmentally responsible behavior that will lead to a more sustainable urban environment.

CAPITAL PROGRAM OBJECTIVE

DOEE envisions a nation's capital that sets the standard for environmentally responsible and sustainable practices. DOEE envisions a city whose rivers and waters are fishable and swimmable; whose buildings and infrastructure help protect our health and environment; and whose residents, businesses, and visitors embrace and employ smart environmental practices in their daily lives and work together to deliver a clean, healthy, and vibrant city to future generations

RECENT ACCOMPLISHMENTS

- Restoration of Broad Branch Stream and daylighting of 1,600 foot section of Broad Branch—this was the first of its kind for the District.
- Restoration of a stream in Linnean Park using Regenerative Stream Channel approaches.
- Completion of 139 tree planting plans for DPR and DCPS parcels and the planting of 1,790 trees on these properties.
- Completion of the RiverSmart Washington project which installed practices to reduce stormwater volume runoff in two neighborhoods in northwest Washington.
- Completion of the O Street NW, green street including thirty roadway bioretention cells.
- Collection and analysis of more than 400 samples of surface and deep sediment, sediment pore water, and benthic invertebrate from the Anacostia River.
- Installation of 17 vapor migration systems in homes in Riggs Park

ONGOING AND CURRENT INITIATIVES

- Implementation of and funding for green stormwater infrastructure in public right-of-way, on District buildings, and residential properties.
- Funding for construction of green alleys, installation of roadside bioretention, and planting of trees to reach the District's tree canopy goal.
- Installation of residential rain barrels, rain gardens and permeable paving systems through DOEE's RiverSmart Homes program.
- Continuation of Nash Run Stream Restoration project (Anacostia Watershed).
- Continuation of Pope Branch Stream Restoration project (Anacostia Watershed).
- Construction for Klinge Trail (Rock Creek Watershed).
- Remedial investigation of the Anacostia River.

PLANNED PROJECTS

- Installation of a trash capture device in a tributary to the Anacostia River.
- Restoration of a stream Alger Park and upland stormwater retrofits in the neighborhood surrounding the park (Anacostia Watershed).
- Planning for Oxon Run stream restoration effort.
- Design of Klinge Watershed green streets projects.
- Stormwater retrofits on DPR lands and DCPS school properties.
- Design and construction of a stream restoration project in Spring Valley (Potomac Watershed).
- Continuation of remedial investigation of Anacostia River sediments.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

KG0-HMRHM-HAZARDOUS MATERIAL REMEDIATION - DDOE

Agency: DEPARTMENT OF ENERGY AND ENVIRONMENT (KG0)

Implementing Agency: DEPARTMENT OF ENERGY AND ENVIRONMENT (KG0)

Project No: HMRHM

Ward:

Location: ANACOSTIA RIVER

Facility Name or Identifier: ANACOSTIA RIVER

Status: Developing scope of work

Useful Life of the Project: 30

Estimated Full Funding Cost:\$10,000,000

Description:

This project involves the identification, analysis, removal, and/or encapsulation of hazardous materials that prevents full use of the Anacostia River and adjacent parkland.

Justification:

The Anacostia estuary has several major clean-up sites located along its banks. Funding is needed to characterize the sediments in the entire estuary area of the Anacostia and develop a cleanup remedy. The sediments are an on-going source of contaminants and need to be addressed before the Anacostia can be returned to a "fishable and swimmable" river. Testing needs to be conducted on Anacostia sediment and water toxins (when present) to determine proper clean-up methods and potentially isolate the source of contamination from the clean-up sites.

Progress Assessment:

Ongoing.

(KT0) DEPARTMENT OF PUBLIC WORKS

MISSION

The Department of Public Works (DPW) provides the highest quality sanitation, parking enforcement, and fleet management services that are both ecologically sound and cost effective.

BACKGROUND

DPW's capital program supports the Department's efforts to provide municipal services to District of Columbia residents and businesses. The staff of the Solid Waste Management Administration ensures that District streets and public spaces are clean, safe, attractive, and accessible by collecting and disposing of trash and recyclables, cleaning streets and alleys, removing graffiti, and enforcing solid waste regulations. The Parking Services Administration of DPW employs approximately 200 parking officers who monitor 17,000 meters and 3,500 blocks of residential zoned parking. The employees who provide these services need operational equipment and adequate facilities to successfully perform their jobs. Currently, DPW maintains 14 properties, including: 12 fueling sites, 2 transfer stations, 1 impound lot, and 1 leaf transfer station. DPW maintains an agency fleet of 1,110 vehicles, from sedans to heavy equipment such as trash compactors, dump trucks, street sweepers, and backhoes.

CAPITAL PROGRAM OBJECTIVES

1. Ensure DPW fleet equipment will be available for the agency's core services and maintain replacement cycles to maximize cost savings on fleet maintenance.
2. Provide safe and clean facilities for DPW employees to perform work that ensures the cleanliness of the District's residential neighborhoods, high-visibility commercial areas, gateway corridors, and industrial zones.

RECENT ACCOMPLISHMENTS

- Completed the renovation of the Tire Shop at West Virginia Avenue, NE. The renovated building will accommodate not only the Tire Shop but also the landscaping unit of the Solid Waste Management Administration (SWMA);
- Completed the acquisition of the Okie Street, NE facility. The facility will accommodate the Street and Alley Division of the SWMA that includes approximately 300 employees and all of their equipment;
- Completed the renovation of the roof at the Benning Road Transfer Station; and,
- Began construction of a stormwater management system and new fencing at the Blue Plains Impoundment Lot.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

KT0-CON01-CONSOLIDATION OF DPW FACILITIES @1833 W. VIRGINIA

Agency: DEPARTMENT OF PUBLIC WORKS (KT0)
Implementing Agency: DEPARTMENT OF PUBLIC WORKS (KT0)
Project No: CON01
Ward: 5
Location: 1833 WEST VIRGINIA AVENUE NE
Facility Name or Identifier: WEST VIRGINIA AVENUE CAMPUS
Status: New
Useful Life of the Project: 30
Estimated Full Funding Cost:\$175,000,000

Description:

- 1.Construction of a New 3 story, above ground Office Building, @ 12,000 sq. ft. per floor: 36,000 sq. ft. Total ;(FY/15 Phase I and Phase II Planning, Design and Environmental). (FY /20 Phase III Construction)
- 2.Construction of New 360 space, 3 story 311,000 sq., parking structure. (FY/15 Phase I and Phase II, Planning, Design and Environmental). (FY 19 - FY 20, Phase III Construction)
- 3.Construction of New 80 space, 2 story 37,827 sq., parking structure.FY/15, Phase I and Phase II, Planning, Design & Environ). (FY 19 - FY 20, Phase III Construction)
- 4.Construction of a consolidated fleet maintenance facility.

Justification:

This will allow DPW operations to consolidate in one quadrant of the City.

Progress Assessment:

Planned project.

KT0-EQ903-HEAVY EQUIPMENT ACQUISITION - DPW

Agency: DEPARTMENT OF PUBLIC WORKS (KT0)
Implementing Agency: DEPARTMENT OF PUBLIC WORKS (KT0)
Project No: EQ903

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: EQUIPMENT

Status: Ongoing Subprojects

Useful Life of the Project: 10

Estimated Full Funding Cost:\$38,198,000

Description:

This project funds the Department of Public Works (DPW) with GO Bond and PayGo budget for the replacement of heavy equipment used for trash pick-up and snow removal.

Justification:

Capital investment in the District's fleet is necessary to ensure seamless service delivery of many District operations. This project will enable the Department to secure major durable equipment items that have long lead times between the placement of the order and the delivery of the item. Further, the project is expected to have a beneficial impact on the operating budget by eliminating the need for expedited processing of long lead time equipment orders, which disrupt regular work flow, and the efficiency of the procurement process. This project aligns with SustainableDC Action: Transportation 4.2.

Progress Assessment:

This project is on-going.

KT0-RHT01-RUSH HOUR TOWING EQUIPMENT PURCHASE

Agency: DEPARTMENT OF PUBLIC WORKS (KT0)
Implementing Agency: DEPARTMENT OF PUBLIC WORKS (KT0)
Project No: RHT01
Ward:
Location: 1725 15TH STREET, NE
Facility Name or Identifier: PARKING ENFORCEMENT ADMINISTRATION
Status: New
Useful Life of the Project: 7
Estimated Full Funding Cost:\$2,100,000

Description:

The District of Columbia Government does not currently have enough resources to provide towing resources on all rush hour routes. This project seeks to increase the number of full time employees and tow vehicles available to clear streets of vehicular traffic obstructions by way of relocating and impounding of od illegally parked vehicles that contribute to the traffic congestion on our major streets and highways. This project calls for the purchase of 20 Tow Trucks.

Justification:

The project is necessary to provide Rush Hour Towing to combat congestion in the roadways caused by illegal parking.

(PO0) OFFICE OF CONTRACTING AND PROCUREMENT

The Office of Contracting and Procurement (OCP) manages the purchase of \$5.2 billion in goods, services and construction annually, on behalf of over 77 District agencies. In its authority under the Procurement Practices Reform Act of 2010 (PPRA), OCP is responsible for both establishing procurement processing standards that conform to regulations, and monitoring the effectiveness of procurement service delivery. Procurement processing and management are executed by procurement professionals who are assigned to agency worksites to directly collaborate with program staff throughout the entire procurement process. OCP core services include the DC Supply Schedule, Purchase card (P-Card) program, and the surplus property disposition and re-utilization program. OCP's learning and certification programs support on-going development of staff proficiency and procurement service quality.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

TO0-DWB03-PROCUREMENT SYSTEMS

Agency: OFFICE OF CONTRACTING AND PROCUREMENT (PO0)

Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Project No: DWB03

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: PROCUREMENT SYSTEMS

Status: New

Useful Life of the Project:

Estimated Full Funding Cost:\$0

Description:

This project is to upgrade the procurement system. The primary concept of procurement is that advanced planning, scheduling, and group buying will result in cost savings, more efficient business operation, and therefore increased profitability. Our procurement system is used to manage this process, providing turnaround time for invoices, tracking of total spending by commodity type, as well as financial commitments and cash flow management. Upgrades are needed to our system to ensure that it is optimized and fully capable.

Justification:

N/A.

Progress Assessment:

New project.

(RM0) DEPARTMENT OF BEHAVIORAL HEALTH

MISSION

The Department of Behavioral Health (DBH) develops, manages and oversees a public behavioral health system for adults, children and youth and their families that is consumer-driven, community-based, culturally competent and supports prevention, resiliency and recovery, and the overall well-being of the District of Columbia.

BACKGROUND

DBH administration and direct services are located at 64 New York Ave NE, St Elizabeth's Hospital, 821 Howard Rd SE, 35 K St NE, and Building 14 of the DC General Hospital Compound, and 150 Wayne Ave. 64 New York Ave NE and 150 Wayne Ave are owned by private firms. The other facilities are owned by the District of Columbia Government.

Capital Program Objectives FY18

1. Maintain St Elizabeth's Hospital's compliance with best practices, standards and federal and District regulations by replacing floors, reconditioning wall surfaces, upgrading the electrical system, modernizing the HVAC system, acquiring new equipment to maintain sanitation and hygiene in food preparation and delivery, and acquiring staffing scheduling system and hand scanners.
2. Improve the provision of Early Childhood, School Mental Health and Child Behavioral Health Services at 821 Howard Rd SE facility by modifying areas to expand useable space and upgrading IT infrastructure.
3. Improve the provision of Adult Behavioral Health Services by renovating and enhancing staffing area of 35 K St NE.
4. Improve the provision of mobile assessment and referral for substance abuse treatment services by replacing the mobile clinic vehicle.

Recent Accomplishments

1. St Elizabeth's Hospital completed installation of an automated system to closely monitor and manage the issuing of keys to staff and staff's return of keys upon shift changes, in order to ensure safety, security and accountability in operations.
2. St Elizabeth's Hospital has currently reached 60% completion of installation of a new video surveillance camera system.
3. DBH completed the renovation of the Comprehensive Psychiatric Emergency Program (CPEP) in building 14 of the DC General Campus.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

(TO0) OFFICE OF THE CHIEF TECHNOLOGY OFFICER

MISSION

The Office of the Chief Technology Officer (OCTO) is to direct the strategy, deployment, and management of D.C. Government technology with an unwavering commitment to IT excellence, efficiency, and value for government, residents, businesses, and visitors.

SCOPE

OCTO provides a secure computing environment for voice and data services for over 75 Mayoral agencies and the Office of the Mayor, and the Council. OCTO oversees over 500 miles of fiber network, 2,500 routers and switches, 30,855 desktops and laptops, 30,000 Voice over Internet Protocol (VOiP) and digital phone lines, 13,000 cellular devices, 3,800 aircards, 2 mainframes, and over 2,000 servers with the ability to provide nearly 2 Petabytes of storage for the District Government's use. In addition, OCTO develops, implements, and maintains the District's technology infrastructure; develops and implements major enterprise applications; establishes and oversees technology policies and standards for the District; provides technology services and support for District agencies; and develops technology solutions to improve services to businesses, residents, and visitors in all areas of District government.

PROGRAM OBJECTIVES

Objective 1: Provide strategic IT leadership & fuel technology innovation for the District government, to enhance the delivery of services and adoption for the city's residents, businesses, and visitors.

Objective 2: Provide & maintain a ubiquitous, reliable, & secure computing environment to ensure continuity of government operations & safeguarding the District's equipment, facilities, & information.

Objective 3: Improve service delivery & drive Innovation through Open Government.

Objective 4: Manage IT initiatives, programs & assets strategically, efficiently & economically to lower the cost of government operations.

Objective 5: Promote digital literacy, broadband access, & technology inclusion in underserved areas, & to enable the District Government to better support constituencies using technology resulting in a modern city model for the global economy.

RECENT ACCOMPLISHMENTS

Objective 1:

.Migrated a total of 93 DC.Gov agency websites to the District's new open source web system.

.Selected as a finalist in the 2013 Best of the Web Awards for City Portals by the Center for Digital Government.

Objective 2:

.Migrated & consolidated addition two District agencies (Metropolitan Police Department & District of Columbia Public Library) to the OCTO data centers, resulting in lower operational & maintenance costs. **Objective 3:**

- Created Healthcare Services Locator Mapping Application for the Department of Health's Community Health Administration (CHA) to assist DC residents to find available healthcare services. Functionalities includes:
 - a. Search by Address, Search by Distance, Search by Service or Care
 - b. Retrieve additional information about Primary Care sites

Objective 4:

.Upgraded the District's procurement system, PASS to version 9r1 & integrated it with the District's financial system (SOAR) via Oracle SOA platform

.Developed a data warehouse for the District of Columbia Taxicab Commission (DCTC), & designed Tableau Report workbooks to provide reporting services for DCTC electronic trip data.

Objective 5:

.Increased the number of public WiFi hotspots to 531 by the end of FY13.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.

TO0-EQ103-CREDENTIALING AND WIRELESS-GO BOND

Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Project No: EQ103
Ward:
Location: DISTRICT WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: Ongoing Subprojects
Useful Life of the Project: 5
Estimated Full Funding Cost:\$2,000,000

Description:

This project and associated costs enables the OCTO DC One Card- Identity & Access Management Program to migrate to a licensed and supported platform (Oracle Identity & Access Management Suite). The current Oracle Waveset platform (formerly called Sun Identity Manager-SIM) is EOL in 2017 and was deployed in 2009 as an open source (free) solution. However, this product was acquired by Oracle after their merger with Sun, and we must migrate to secure the 255,000+ employee and citizen identities OCTO maintains.

Justification:

The current Oracle Waveset platform is end of life in 2017 and the vendor has advised that support will no longer be available. We must begin the migration as soon as possible to avoid continuing to operate an unsupported platform with increased security risks to PII data.

Progress Assessment:

Best practice model to be determined via Oracle & Oracle Preferred Vendor expertise.

TO0-N2518-DATA CENTER RELOCATION

Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)

Project No: N2518

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: DATA CENTER RELOCATION

Status: New

Useful Life of the Project:

Estimated Full Funding Cost:\$0

Description:

The District of Columbia has two production data centers housing mission-critical data, voice, video, wireless, and Internet services in hardened and highly available facilities. At the heart of the city, ODC1, and on the outskirts, ODC3. These facilities ensure access to the most critical aspects of the Districts network infrastructure along with all agency mission critical applications and services. They have the capability to support increasing demands in city-wide application growth.

The Districts data centers serve and operate as a critical network node for the District's fiber optic network and all voice and data services.

Justification:

To ensure a highly available environment supporting mission critical services, another facility needs to be identified within the District. We need to replicate the existing platform at the alternative facility to ensure a highly available, secure, redundant, and survivable environment.

TO0-N9101-DC GOVERNMENT CITYWIDE IT SECURITY PROGRAM

Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Project No: N9101
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: Ongoing Subprojects
Useful Life of the Project: 5
Estimated Full Funding Cost:\$5,211,000

Description:

The purpose of this project is to support OCTO's vision for enterprise security. This project will enable OCTO security teams to take a layered approach to respond to known and next generation cyber-security threats. These new generation threat are not only arising from malicious advisories but also from state sponsored actors and have increased significantly in past year. In order for OCTO to be combat these threats it must invest in security controls where a gap is identified and leverage network monitoring data from servers, endpoints, mobile devices and web assets to analyze traffic patterns and data movement to detect and prevent data exfiltration.

Justification:

There is existing enterprise security hardware which is End of Life (EOL) and need to be replaced with new equipment. These enterprise security tools are utilized by the OCTO Security Program and the Security Operations Center (SOC) to detect and prevent threats with known signatures and correlate anomalies to determine the nature of threat.

Progress Assessment:

This is an on-going project.

TO0-DR018-DISASTER RECOVERY & COOP IMPLEMENTATION

Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Project No: DR018
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: DISASTER RECOVERY & COOP IMPLEMENTATION
Status: New
Useful Life of the Project: 7
Estimated Full Funding Cost:\$19,000,000

Description:

The purpose of this project is to deploy a redundant and highly available infrastructure to host the failover systems for all the District critical applications, to include those associated with public safety.

Currently, public safety agencies, as well as, District agencies that provide critical services do not have a redundant failover environment. The result is that these agencies are unable to seamlessly and quickly failover their systems to an alternate datacenter, or deploy their applications in an Active/Active architecture which would result in uninterrupted or minimal impact to critical services. This deficiency results in increased mean time to resolution.

Justification:

Recently, during a quick exercise with some public safety agencies, we discovered that there are multiple critical application including public safety systems that are currently single threaded with no secondary / failover location and no proper Disaster Recovery strategy.

TO0-NMM17-ENTERPRISE NETWORK MONITORING MODERNIZATION

Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Project No: NMM17
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: New
Useful Life of the Project: 5
Estimated Full Funding Cost:\$1,090,000

Description:

The purpose of this project is to upgrade the end of life (EOL) server monitoring hardware with dedicated platform running virtualized servers for the enterprise network monitoring tools.

The network monitoring environment which host the enterprise monitoring systems and tools provides OCTO with the ability to proactively monitor public safety applications and services for the District of Columbia Government.

Justification:

The existing enterprise network monitoring tools and equipment are at End of Life (EOL) and need to be replaced with new equipment. The enterprise network monitoring tools are utilized by the OCTO Network Operations Center (NOC) to monitor the health and availability of critical public safety systems and services and is a vital component of the District's security and protection strategy.

TO0-N3802-PROCUREMENT SYSTEM -GO BOND

Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Project No: N3802
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: New
Useful Life of the Project: 5
Estimated Full Funding Cost:\$1,500,000

Description:

The Procurement Systems program is designed to integrate procurement applications and processes such as Buyer, Analysis, Contract compliance and Strategic Sourcing for the City. PASS (Procurement Automated Support System) is the electronic procurement system for more than 90 District agencies. The system is SAP Ariba based and currently on version 9r1. This system is the state-of-the-art procurement system that helps the district procure goods and services from the vendors to serve the residents of the District of Columbia.

Justification:

PASS Upgrade to 9r2 (Procurement Automated Support System) \$1,450,000) This application is End of Life and has the following mandatory scheduled upgrade and enhancements in order to be compliant with current District Municipal Regulations "Title 27 – Contracts and Procurement."

Progress Assessment:

This is a new request.

- Upgraded JRE and Weblogic on all PASS environments.
- Build e-Forms (Procurement forecast, Capital Budget requesting system etc).

TO0-NTU02-UPGRADE END OF LIFE NETWORK ELECTRONICS (500 BUILD)

Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Project No: NTU02
Ward:
Location: 200 I STREET SW
Facility Name or Identifier: NETWORK UPGRADE
Status: New
Useful Life of the Project:
Estimated Full Funding Cost:\$12,200,000

Description:

This capital funding request targets making the city of DC a smarter and more connected city by expanding and upgrading End of Life connectivity both from a wired and wireless perspective for approximately 500 sites that directly supports public safety and government operations (MPD, DDOT, OP, DC Water, DMPED, DMGEO, DOEE, DPW, etc.). For the district to be a smart city, it needs to invest in resiliency – infrastructure refresh is the first step. Further, as Smart City infrastructure initiatives are being planned and deployed, public Wi-Fi service is an essential consideration – OCTO is planning services just that along with the network upgrade we also provide residents with increased free Wi-Fi connectivity. Second, private or protected Wi-Fi is a vital enabling platform that provides inter-connectivity for many Smart City technologies (cameras, sensors, etc.).

Justification:

Washington DC's rapid growth (population, businesses, property development, etc.) is exponentially increasing demand on our city's operations (public safety, waste management, transportation, and so on).

Progress Assessment:

NO

Related Projects:

Project to be modeled off the Smart DC smart and connected corridor on Pennsylvania Ave (PA 2040).

(UC0) OFFICE OF UNIFIED COMMUNICATIONS

MISSION

The mission of the Office of Unified Communications (OUC) is to provide accurate, professional and expedited service to the citizens and visitors of The District of Columbia. This service is performed by emergency and non-emergency call takers handling requests for service received through 911 and 311 platforms. The mission is further accomplished by OUC dispatchers receiving, processing and properly dispatching calls for service to the Metropolitan Police Department (MPD) and Fire Emergency Medical Services (FEMS) and ensuring responder safety. The OUC also provides centralized, District-wide coordination and management of public safety voice radio technology and other public safety wireless and data communication systems and resources.

BACKGROUND

The OUC is responsible for operating and maintaining the Unified Communications Center (UCC) and the Public Safety Communications Center (PSCC). The OUC is also responsible for the public safety communications and infrastructure, including 311 and 311, Police/Fire/EMS dispatching, call handling and related call-taking operations. These systems are vital to the public safety and customer service operations of the District of Columbia and are expected to be continuously operational with minimal downtime. The comprehensive unified communication systems consist of the latest technologies in the areas of 911/311 telephony systems, radio system, computer-aided-dispatch (CAD), digital voice logging recording (DVLR), Mobile Data Computing (MDC), and Citizen Relationship Management (CRM). Annually, these systems enable continuous service for:

- 1.3 million 311 emergency calls and 2.5 million 311 non-emergency/city service calls;
- 11 million annual radio calls and 32 million annual radio transmissions;
- 9,600 radios and 1,000 mobile data computers and dispatch applications citywide;
- 900,000 annual computer-aided-dispatch events for MPD and FEMS;
- 400,000 service requests annually; and
- Digital records of all emergency and city service voice/radio transmissions.

CAPITAL PROGRAM OBJECTIVES

Improve public safety communications, including emergency dispatch and call-taking, and city service request management by maintaining and upgrading technology systems to meet the highest industry standards. The OUC is responsible for upgrading and replacing technology and equipment for all public safety communications activities.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

UC0-UC304-911/311 RADIO CRITICAL INFRASTRUCTURE

Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)

Implementing Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)

Project No: UC304

Ward:

Location: DISTRICTWIDE

Facility Name or Identifier: VARIOUS

Status: New

Useful Life of the Project: 5

Estimated Full Funding Cost:\$11,700,000

Description:

Electrical system upgrades; PSSC Consolidated Environmental HVAC upgrades; UCC/PSSC Building Alarm system upgrades; UPS Replacement Batteries; Expand PSSC Call for 311 positions to match and space reconfiguration assessment and site work(road widening, site drainage, roof repairs, sprinkler system and 20% design/PM; PSSC Generator; Radio Site Upgrade; PSSC UPS Battery; Radio Sites Generator; UCC Generator; Call Center Lighting; Chairs; Audio/Visual DisplaysCTURE

Justification:

project management services, and equipment from key vendors to

complete the infrastructure projects listed below: Electrical System Upgrades, PSSC Consolidated HVAC upgrades, UCC / PSSC Building Alarm system upgrades, UPS replacement batteries, Expand PSSC call center for 311 positions to match UCC and space reconfiguration assessment and Site work (road widening, site drainage, roof repair, sprinkler system), PSSC Generator, Radio Site Upgrade / Enhancement, PSSC UPS Battery, Radio Sites Generator, UCC Generator, Call Center Lighting, Chairs, and Audio / Visual Displays.

TO0-AFC02-IT HARDWARE 911/311 SYSTEMS

Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)
Implementing Agency: OFFICE OF THE CHIEF TECHNOLOGY OFFICER (TO0)
Project No: AFC02
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: IT HARDWARE
Status: New
Useful Life of the Project:
Estimated Full Funding Cost:\$1,700,000

Description:

TBDThis project is to upgrade the hardware used in support of the District's 911/311 systems. The UCC receives and processes calls to 911 and the District's customer service line, 311. During major emergencies, the center becomes the District's Emergency Operations Center (Mayor's Command Center) and provides a central location for multiple agencies to address any variety of situations. Upgrades are needed to our system's hardware to ensure that it is fully capable.

UC0-UC302-MDC REPLACEMENT FOR MPD & FEMS

Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)
Implementing Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)
Project No: UC302
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: New
Useful Life of the Project: 5
Estimated Full Funding Cost:\$9,500,000

Description:

This project budget supports the cost of replacing Mobile Data Computers for MPD and FEMS as well as the Mobile VPN Server.

Justification:

In its role as primary support provider for all Mobile Data Computing for both Fire/EMS and Police departments in the District of Columbia, the Office of Unified Communications (OUC) has identified a cost saving solution and a method to improve the reliability and robustness of mobile data computing for first responders in the field. In this role, the OUC seeks to procure, install, configure and provide project management for first responder's mobile wireless communication routers and rugged computing platform that meets the needs of Public Safety first responders in the field..

Progress Assessment:

UC0-UC303-MPD/ FEMS RADIO REPLACEMENT

Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)
Implementing Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)
Project No: UC303
Ward:
Location: DISTRICT-WIDE
Facility Name or Identifier: EQUIPMENT
Status: New
Useful Life of the Project: 10
Estimated Full Funding Cost:\$25,700,000

Description:

This project consists of replacing all radios for FEMS and MPD. The OUC policy is to provide redundancy and backup on all core systems, and 99.9% reliability. It is imperative that the OUC invest in replacing MPD and FEMS radios to fulfill this policy.

Justification:

state of the art radios for MPD and FEMS. The radios FEMS and MPD use are specific to their role as first responders.

UC0-CERCE-UCC ELECTRICAL RECONFIGURATION

Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)

Implementing Agency: OFFICE OF UNIFIED COMMUNICATIONS (UC0)

Project No: CERCE

Ward:

Location: DISTRICT-WIDE

Facility Name or Identifier: OFFICE OF UNIFIED COMMUNICATIONS

Status: New

Useful Life of the Project:

Estimated Full Funding Cost:\$1,800,000

Description:

The current electrical configuration in the Unified Communication Center needs revision and upgrades. Numerous IT solutions and technology changes have occurred since the building was first opened in 2006. Changes are needed to the electrical configuration to ensure uninterrupted service can continue for the District.

Appendix H

Appendix H: FY 2018 - FY 2023 Highway Trust Fund

Overview

Approximately 199 of the District's bridges and 400 miles of District streets and highways are eligible for federal aid. The Federal Highway Administration (FHWA) administers the Federal-aid Highway Program and reimburses DDOT for eligible expenditures related to approved highway projects according to cost-sharing formulas that are established in authorizing statutes. In most cases, the federal share of the costs for approved projects is about 86 percent. The District's share of eligible project costs is funded with the local Highway Trust Fund (HTF).

The proposed HTF Budget for FY 2018 through FY 2023 is shown in Table H-1. The total budget for FY 2018 is \$200,936,599. It is anticipated that FHWA will make \$173,173,599 of federal aid available for HTF projects. The budget proposed for the local match is \$27,763,000. The proposed local HTF budget is based on estimates of local HTF revenues and anticipated local match requirements. Additional local budget of \$3,600,000 is proposed for HTF support costs that are not eligible for federal reimbursement. These include non-participating costs and certain administrative costs. Effective in the FY 2018 budget year, the District Department of Transportation is using a local master project to request this local portion of the capital budget.

The Federal Highway Support project, which is the local master project, includes two subprojects; the Non Participating Highway Trust Fund costs and Administrative Costs Transfer. Non-participating costs include overhead and other costs that FHWA deems ineligible for federal grant funding. Overhead costs are incurred for employee positions that support the FHWA capital program but are ineligible for direct grant funding due to FHWA regulations. These labor costs are allocated to local funding for capital infrastructure projects based on the direct labor charged to the individual project. Other non-participating costs are for infrastructure improvements or equipment used on capital infrastructure projects that FHWA deems non-essential for the grant purpose but are necessary to complete the task. Costs that are reimbursable from other parties, such as Pepco or DC Water and Sewer Authority, may also be financed as non-participating costs.

The sources of funding for HTF projects, excluding non-participating and administrative transfer costs, are detailed in Figure H-1. The federal share of project funding for FY 2018 is anticipated to be 86 percent and the local share is expected to be 14 percent. The local share is derived primarily from motor fuel tax revenue, which can be supplemented with rights-of-way revenue, as needed to meet local match requirements. Current fund balance is available to be used for any additional local match needed beyond the 14 percent.

(Dollars in Thousands)

Highway Trust Fund Revenue

The HTF budget is proposed to be distributed between the seven master projects shown in Figure H-2. Budget is allocated from the master projects based on FHWA approval of federal funding to individual projects. Allocations can only be made to individual projects that are reflected in the approved six-year Transportation Improvement Plan (TIP).

Non-Participating budget will be allocated from local master project LMHTSC, Federal Highway Support. Each year DDOT produces a multi-year HTF financial report as required by D.C. Code § 9-109.02(e) to ensure that there are sufficient financial resources to match FHWA grants for transportation projects. A copy of the report for FY 2016 through FY 2023 is presented in Table H-2.

Project Planning

The TIP is a 6-year financial plan that describes the schedule for obligating federal funds to state/District and local projects. DDOT completes a new TIP, processed through the Metropolitan Washington Council of Governments, each year. The TIP contains funding information for all modes of transportation including highways, transit and capital costs. The TIP (both current and archived versions) can be found on the internet at: <http://www.mwcog.org/clrp/projects/tip/>.

The TIP represents the intent to construct or implement a specific project and the anticipated flow of federal funds and matching local contributions. The TIP serves as a schedule of accountability to the Federal Highway and Federal Transit Administrations. Their annual review and certification of the TIP ensures the continuation of federal financial assistance for Washington area transportation improvements. Significant District projects in the TIP are the South Capitol Street Bridge and the St. Elizabeths Campus Access Improvements.

To ensure that DDOT can obligate all of its federal funds each year, the TIP contains more projects than DDOT has funding to complete. This strategy allows DDOT to implement alternative projects should there be an unexpected delay or if the agency should receive additional funding authority from the FHWA during its annual “August redistribution” process. August redistribution is the process by which states that do not obligate 100 percent of their authority within the fiscal year must forfeit any remaining authority. FHWA then redistributes this authority to those states that are tracked to obligate 100 percent of their authority during the fiscal year and have projects that are shovel ready. DDOT requests total budget authority of \$200,936,599 for HTF projects in FY 2018.

Highway Trust Fund Cash Prospective (Notes)

1. The beginning balance reflects the amount of unspent obligations carried forward from the previous fiscal year in support of long-term Capital Investment.
2. Federal aid apportionment is the funding provided by the Federal Highway Administration (FHWA) in each fiscal year. The FY 2018 anticipated apportionment of \$173,173,599 and the FY 2018-FY 2023 anticipated annual apportionments of approximately \$173,173,599 each, includes the August Redistribution. For FY 2018 through FY 2023, funding has been conservatively flat-lined.
3. Grant Anticipation Revenue (GARVEE) debt service. Payment on the District's obligations for debt service on bonds secured by a lien on federal transportation funds received from the Federal Highway Administration.
4. Project Cost (Design/Construction) represents the planned expenditures for all phases of approved federal highway projects.
5. Non-Participating Costs are those costs not eligible for federal aid match. This includes labor and overhead costs not covered by FHWA. Also included are miscellaneous costs/reimbursements that may possibly be converted to federal reimbursement upon approval by FHWA at a later date, or will be reimbursed by another entity.

(KA0) DEPARTMENT OF TRANSPORTATION

MISSION

The District Department of Transportation (DDOT)'s mission is to enhance the quality of life for District residents and visitors by ensuring that people, goods, and information move efficiently and safely, with minimal adverse impact on residents and the environment.

BACKGROUND

DDOT oversees and maintains 7,700 intersections (1,450 signalized); 1,652 traffic signals; 1,495 linear miles of sidewalks; 1,392 linear miles of roadways (interstate highways and neighborhood streets); 358 linear miles of alleys; 228 bridges (209 vehicle, 19 pedestrian); 16 tunnels and underpasses; 13,525 parking meters for 18,000 metered parking spaces; 140,000 street trees; 69 miles of bike lanes and 56 miles of trails. Additionally, DDOT has responsibility for the District's bicycle and pedestrian facilities, traffic and pedestrian safety, and managing the District's public space and rights-of-way.

CAPITAL PROGRAM OBJECTIVES

1. Maintain and enhance the District's transportation infrastructure (roads, bridges, tunnels transit system, signage, and sidewalks) and streetscapes.
2. Increase non-vehicular transportation modes to meet the mobility and economic development needs of the District.
3. Improve the safety of pedestrians, cyclists, and drivers throughout the District.

Elements on this page of the Agency Summary include:

● **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

● **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:

- **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
- **Budget Authority Thru FY 2022 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2017 through 2022
- **FY 2017 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
- **6-Year Budget Authority Thru 2022 :** This is the total 6-year authority for FY 2017 through FY 2022 including changes from the current fiscal year.
- **Budget Authority Request for 2018 through 2023 :** Represents the 6 year budget authority for 2018 through 2023
- **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2018 - FY 2023 (change in budget authority is shown in Appendix A).

● **Estimated Operating Impact:** The agency summary of all projects with operating impacts that the agency has quantified, the effects are shown, by type, in the respective year of impact.

● **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

● **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

KA0-AW000-SOUTH CAPITOL STREET CORRIDOR

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: AW000
Ward:
Location: VARIOUS
Status: In multiple phases
Useful Life of the Project: 30

Description:

The proposed improvements to South Capitol Street are intended to realize the vision set forth in the L'Enfant Plan through downgrading South Capitol Street from an expressway to an urban boulevard and gateway to the District of Columbia's Monumental Core. A key feature of this project will be the construction of a new and architecturally significant Frederick Douglass Memorial/South Capitol Street Bridge. This structure will spark the transformation of the South Capitol Street corridor and create a world class gateway between the east and west sides of the Anacostia River. Additional park lands will be created in the area adjacent to the new bridge to promote liveable communities, expand recreational options, and reconnect the city to the Anacostia riverfront. Economic development opportunities will be created and improved connectivity for residents will be provided to federal installations and job centers, including enhanced access to the Department of Homeland Security, U.S. Navy Yard, Bolling Air Force Base, the Anacostia Annex, and Andrews Air Force Base in Maryland.

KA0-HTF00-11TH STREET BRIDGE

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: HTF00
Ward:
Location: WARDS 6 & 8
Status: Completed but not closed
Useful Life of the Project:

Description:

This project serves as the debt service payment for the 11th Street Bridge GARVEE Bonds. The 11th Street Bridges design build project represents a significant step forward in DDOT's Anacostia Waterfront Initiative infrastructure endeavor. The project will improve mobility by providing separate freeway and local traffic connections to area roadways. Providing these connections will allow for the creation of the "Grand Urban Boulevard" envisioned for the South Capitol Street Corridor. The project provides multi-modal transportation options for cars, pedestrians, bicycles, and the future DC Streetcar; replaces existing structures that are both functionally deficient and structurally obsolete; provides an additional alternate evacuation route from our Nation's Capital; and supports the overall environmental mission of the Anacostia Waterfront Initiative. The first phase of the innovative design build to budget project started construction in December 2009, and is scheduled to be completed in 2013. This project is the largest project ever completed by DDOT and is the first river bridge replacement in the District of Columbia in more than 40 years. Completing this project will improve travel for both local and regional traffic.

KA0-MNT00-MAINTENANCE

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: MNT00
Ward:
Location: DISTRICT-WIDE
Status: In multiple phases
Useful Life of the Project:

Description:

Any routine preventive maintenance or minor rehabilitation project including, but not limited to, typical maintenance program, resurfacing, sealing, pothole repair; streetlight and signal maintenance not including major upgrades (which would be in “operations” section), and asset management.

- Bridge rehabilitation and maintenance (self explanatory)
- Interstate (projects on streets functionally classified as interstates or freeways)
- Primary (projects on streets functionally classified as National Highway System routes or Major arterials)
- Secondary (projects on streets functionally classified as minor arterials or collectors – technically local street projects are not “regionally significant” and therefore need not be in the TIP at all, nor are they eligible for highway trust fund investment anyway so these would be scrubbed out)
- Pedestrian and bicycle facilities (sidewalks, cycle tracks, and trails)

Related Projects:

Budget for the Master projects is allocated to individual projects as they are approved by the Federal DOT to receive budget. The individual projects within each master project can be found on the TIP at <http://www.mwcog.org/clrp/projects/tip/>

KA0-MRR00-MAJOR REHABILITATION, RECONSTRUCTION, REPLACEMENT

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: MRR00
Ward:
Location: DISTRICT-WIDE
Status: In multiple phases
Useful Life of the Project:

Description:

Any rehabilitation projects in excess of \$5M, all street reconstruction projects, all major streetscape projects, all new construction or vehicle lane additions. This would include significant transportation construction projects that integrate multi-modal facilities such as transit, multi-use trails, etc. in the appropriate corridor(s).

- a. Bridge replacement
- b. Interstate (interstate or freeway)
- c. Primary (NHS or other major arterial)
- d. Secondary (minor arterial or collector)
- e. Pedestrian and bicycle facilities (sidewalks, cycle tracks, and trails)

KA0-OSS00-OPERATIONS, SAFETY & SYSTEM EFFICIENCY

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: OSS00
Ward:
Location: DISTRICT-WIDE
Status: In multiple phases
Useful Life of the Project:

Description:

Any projects with a primary focus of improving the safety and efficiency of our transportation system. In practice, this involves a variety of safety initiatives including engineering, safety education programs and campaigns meant to reduce crashes, fatalities, injuries and property damage. The category also includes Intelligent Transportation Systems and architecture, congestion management and traffic management to maintain functional mobility on District roadways for people and freight, while also addressing impacts to local communities.

- a. Traffic operations and improvements including ITS
- b. Signal and streetlight system operations and upgrades
- c. Safety program
- d. Safe Routes to School
- e. Livable Streets
- f. Freight and motor coach program
- g. Parking program

KA0-STC00-STREETCARS

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: STC00
Ward:
Location: DISTRICT-WIDE
Status: In multiple phases
Useful Life of the Project:

Description:

This project funds planning that improves the quality, efficiency and/or safety of streetcar service. The DC Streetcar will make travel within the District much easier for residents, workers and visitors, and it will complement the existing transit options. Although the Metrorail system does an exemplary job of connecting the District to the rest of the region, it was not designed to connect neighborhoods. The DC Streetcar will do that and it will bring tremendous benefits to the communities it serves. In addition to streetcar lines under construction on H Street NE and Anacostia, planning is underway for additional segments across the city.

KA0-ZU000-TRAVEL DEMAND MANAGEMENT

Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Implementing Agency: DEPARTMENT OF TRANSPORTATION (KA0)
Project No: ZU000
Ward:
Location: DISTRICT-WIDE
Status: In multiple phases
Useful Life of the Project:

Description:

Any projects that employ strategies to reduce single occupancy driving in the city and seek to reduce roadway congestion. This includes services and facilities that promote safe and attractive walking and bicycling as well as programs that promote mass transit, and other creative ways to provide alternatives to auto travel as well as significant outreach, education and promotion. Intermodal facilities that also promote non-single occupancy vehicle travel are included as well.

- a. Bicycle and Pedestrian Management Program
- b. Commuter Connections
- c. Bike share and bike station
- d. Intermodal facilities

Related Projects:

Budget for the Master projects is allocated to individual projects as they are approved by the Federal DOT to receive budget. The individual projects within each master project can be found on the TIP at <http://www.mwcog.org/clrp/projects/tip/>

(Dollars in Thousands)

Appendix I

Appendix I

The District of Columbia Water and Sewer Authority

FY 2017 - FY 2026 Capital Improvement Program

Overview

The District of Columbia Water and Sewer Authority (“DC Water”) is an independent agency that provides essential retail water and wastewater services to over 672,000 residents and businesses, and 21.3 million annual visitors. DC Water also provides wholesale wastewater conveyance and treatment services to more than 1.6 million residents in Prince Georges and Montgomery Counties in Maryland, and Fairfax and Loudoun Counties in Virginia. Governed by an eleven member regional Board of Directors (“Board”), DC Water maintains and operates the water distribution system, sanitary and combined sewage systems, and Blue Plains, the largest advanced wastewater treatment plant in the world.

The development and adherence to a capital improvement program and financial plan have been critical factors in implementing rate increases on a gradual and predictable basis, and maintaining strong bond ratings. DC Water’s credit ratings as of April 2016 are AAA/Aa1/AA. These favorable ratings help reduce the interest rates DC Water pays on its debt borrowings, resulting in lower bills for customers

Financial Policies

The Board has adopted a series of key financial policies: capital financing and reserves, rate-setting and budgetary, debt, and cash management and investment. These policies serve as key parameters used to successfully develop DC Water's capital and operating budgets, and the ten-year financial plan. The policies will continue to guide the development and implementation of the Authority's long-term financial plans.

Capital Improvement Program

Since its formation in 1996, DC Water has successfully undertaken significant efforts to improve its financial position and operations, a critical part of which has been the development and implementation of the Capital Improvement Program (CIP). DC Water’s enabling legislation requires a five-year financial planning period. However, because DC Water operates under a regulatory and capital project-driven environment, it uses a ten-year planning horizon for the CIP. The CIP enables DC Water to meet its key goals of providing the best service possible to its retail and wholesale customers, reducing long-term operating costs, meeting regulatory requirements, and continuing activities as an environment steward. The ten-year financial plan integrates the impact of the CIP with DC Water’s Board policies, strategic plan, priorities, and provides guidance in several key financial areas.

This CIP includes mandated projects as well as rehabilitation of assets required to meet permit requirements and service needs. Further, the CIP implements the water and sanitary sewer investments adopted by the Board to replace our aging infrastructure.

On December 1, 2016, the Board approved the FY 2017 - FY 2026 capital disbursement plan in the amount of \$3,751,623,000 and the related lifetime budget in the amount of \$10,949,419,000. The lifetime budget is the full budgeted amount for projects, which are active within the ten-year CIP, including expended and anticipated amounts to complete the projects. The capital disbursement plan is mainly an estimate of cash flows or actual spending on projects.

DC Water Fiscal Year 2018 Congressional Capital Authority Request

DC Water's FY 2018 capital authority request in the amount of \$3,244,625,000 includes projects within the FY 2018–FY 2026 planning period. This capital budget authority request represents the total amount required for this time period. For informational purposes, the following provides an overview of the major service areas for projected capital expenditures, recognizing that actual expenditures for individual service areas may vary up or down, subject to but not to exceed the amount of \$3,244,625,000. An overview of the CIP project categories is outlined below.

Non Process Facilities Authority Request: \$51,336,000

Projects within this new service area were reprogrammed from Wastewater Treatment, Combined Sewer Overflow, Sanitary Sewer, and Water service areas. These projects, which generally improve DC Water's operations, do not per-se represent a core business process. Capital projects primarily include construction or renovation to administrative space.

Wastewater Treatment Authority Request: \$720,917,000

DC Water receives and treats wastewater at the Blue Plains Advance Wastewater Treatment Plant collected from the aforementioned jurisdictions. Plant facilities process liquids from sanitary wastewater and stormwater as well as process residual solids removed during the liquids process.

DC Water's wastewater treatment plant is rated for an average flow of 370 million gallons per day (MGD), and is required by its National Pollutant Discharge Elimination System (NPDES) permit to treat a peak flow rate of 740 MGD through the complete treatment process for up to four hours, and continuous peak complete treatment flows of 511 MGD thereafter. The Plant treats these flows to a level that meets one of the most stringent NPDES permits in the United States. Additionally, up to 336 MGD stormwater flow must receive partial treatment, resulting in a total plant capacity of 1,076 MGD.

Capital projects in the wastewater treatment area are required to rehabilitate, upgrade or provide new facilities at Blue Plains to ensure that it can reliably meet its NPDES Permit requirements and produce a consistent, high-quality dewatered solids product for land application.

Combined Sewer Overflow Authority Request: \$1,155,759,000

Similar to many older communities in the Mid-Atlantic, Northeast, and Midwest sections of the country, a portion of the District is served by a combined sewer system. Approximately one-third of the system is combined, mostly in the downtown and older parts of the City. In dry weather, the system delivers wastewater to the Blue Plains Wastewater Treatment Plant. In wet weather, rainwater is captured by this system, and if the conveyance capacity of the system is exceeded, the excess flow spills into the waterways of the District.

There are 47 active Combined Sewer Overflow (CSO) outfalls in DC Water's NPDES Permit. This service area includes projects that will reduce the number of overflows by 96 percent over a 20-25 year period, as well as rehabilitate, replace, or relocate combined sewer facilities throughout the District.

CSO includes a variety of capital improvement projects throughout the system including two large tunnel systems, which will accommodate the storage of CSOs from storm events until they can be conveyed to Blue Plains for treatment. DC Water is currently engaged in implementing its DC Clean Rivers project for CSOs that discharge to the Anacostia River, Rock Creek and the Potomac River. This project is mandated in a Federal Consent Decree between the United States, the District Government and DC Water. The consent decree was entered by the Court in March 2005 and was modified in January 2016 to allow for large-scale green infrastructure installations and other modifications to the Clean Rivers project impacting the Potomac River and Rock Creek. The Clean Rivers project is by far the largest portion of this service area, and the schedule for completion spans over a 25-year period, ending in 2030

Stormwater Authority Request: \$21,349,000

Over 34 miles of rivers and streams in and around the District do not support swimming and all forms of aquatic life. Stormwater runoff from separated and combined sewers is the primary source of pathogens that cause impairments to the District's local waterways. The District's stormwater has approximately 600 miles of stormsewer pipes, catch basins, inlets, special structures and related facilities.

The District Government is responsible for operation, some capital replacement and management of the separate stormwater system under a MS4 (stormwater management) permit issued by the federal government. The central responsibility for managing the system lies with the District's Department of Energy & Environment (DOEE). Since 2007, DOEE has been responsible for the separate stormwater system and compliance with the Clean Water Act as the stormwater administrator. Among other things, DOEE coordinates the MS4 task force, making recommendations regarding stormwater priorities, goals and recommendations on the adequacy of funding mechanisms for stormwater management activities.

Several capital projects have been included to relieve local flooding and to address short-term needs for improvements to the stormsewers located in separate and combined sewer areas. In addition, there are projects for stormsewer rehabilitation and projects associated with the District Department of Transportation road projects, which often require relocation of stormsewers, inlets or other structures.

Sanitary Sewer Authority Request: \$475,214,000

DC Water is responsible for wastewater collection and transmission in the District, including operation and maintenance of the sanitary sewer system of approximately 600 miles of large interceptor sewers and smaller gravity collection sewers, for a total of about 1,800 miles of sewer pipe. DC Water is also responsible for sewer lateral connections from the sewer pipes to the property lines (in public space) of residential, government, and commercial properties. In addition, DC Water is responsible for the 50-mile long Potomac Interceptor System, which provides conveyance of wastewater from areas in Virginia and Maryland to Blue Plains. The existing sanitary sewer system in the District dates back to 1810, and includes a variety of materials such as brick and concrete, vitrified clay, reinforced concrete, ductile iron, plastic, steel, brick, cast iron, cast-in-place concrete, and even fiberglass.

In 2009, DC Water completed the Sewer System Facility Plan, which is currently being updated. This document culminated a five-year effort involving sewer inspection and condition assessment, development of a sewer GIS database, hydraulic monitoring and modeling to assess system capacity and the development of prioritized activities for system improvements.

Aging sanitary infrastructure repairs and replacements include capital projects for sewer laterals, existing pumping stations and large diameter sewers.

Water Authority Request: \$580,569,000

DC Water distributes safe, clean drinking water to customers throughout the District, and continues to comply with all federal and local regulations. Capital projects in the Water Service Area are designed to maintain an adequate and reliable potable water supply to customers and for fire suppression.

The water distribution system includes appurtenances necessary for proper system operation, inspection, and repair. DC Water's system includes approximately 1,350 miles of pipe and over 48,979 valves of various sizes. A variety of valve types allow flow control, prevent air entrapment, allow water main draining, permit flow in only one direction, and allow water transfer between service areas during emergencies. The system also includes more than 9,462 hydrants in public space maintained on behalf of the District Government in support of the DC Fire and Emergency Services. The cost of the fire hydrant maintenance is reimbursable and does not affect rate adjustments for customers in the District.

Capital projects include rehabilitation or replacement of water mains, pumping stations and storage facilities, water quality projects, including dead-end elimination, and valve replacement.

Capital Equipment Authority Request: \$138,170,000

Capital equipment includes major information technology infrastructure and software initiatives, replacement or refurbishment of large equipment, vehicle fleet upgrades, and replacement of advanced water meter infrastructure.

Washington Aqueduct Authority Request: \$101,311,000

The Washington Aqueduct (Aqueduct) supplies treated water to distribution systems of DC Water, Arlington County, Fairfax County Water Authority (collectively, the Aqueduct Customers), the federal government, and other parts of northern Virginia. Under federal legislation enacted and a memorandum of understanding executed in 1997, the Aqueduct Customers have a role in the oversight of the Aqueduct's operations and its capital improvement program. DC Water is responsible for managing the treated Water System that serves the District and several other governmental customers outside the District. DC Water purchases approximately 73% of the finished water produced by the Aqueduct; Arlington County and the Fairfax County Water Authority purchase the remainder. The Aqueduct has developed a capital improvement program, including improvements to the Dalecarlia and McMillan Water Treatment Plants, raw water conduits, pumping stations and reservoirs.
