District of Columbia

For the Fiscal Year Beginning

October 1, 2017

Christopher P. Morill

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to District of Columbia Government, District of Columbia, for its annual budget for the fiscal year beginning October 1, 2017. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. This award is the eighteenth in the history of the District of Columbia.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

How to Read the FY 2019 Proposed Budget and Financial Plan

How to Read the FY 2019 Proposed Budget and Financial Plan

The District of Columbia's FY 2019 Proposed Budget and Financial Plan is a communication tool that presents and explains policy priorities, agency operations, including programmatic/organizational structures, and performance measures in the context of the Financial Plan, which shows the District's sources of revenue and planned expenditures. The Budget and Financial Plan includes forecasts of economic and financial conditions, current and planned long-term debt financing, policy decisions, and other important financial information for the District's government, all of which are essential elements for accurate financial reporting and sound management of public resources.

This chapter, *How to Read the Budget and Financial Plan*, is a guide for understanding the sections of this budget volume that define the budget priorities for the District. These sections are consistent with the National Advisory Council on State and Local Budgeting's recommended budget practices, which call for a presentation of information to provide readers with a guide to government programs and organizational structure. Additionally, these sections are consistent with the standards of the Government Finance Officers Association for the Distinguished Budget Presentation Award.

The FY 2019 Budget and Financial Plan is presented in six volumes summarized as follows:

Executive Summary (Volume 1) – provides a high-level summary of the budget and financial information, including sections describing new initiatives within the District's proposed budget, the transmittal letters from the Mayor and the Chairman of the Council of the District of Columbia, the District's five-year financial plan, detailed information on the District's projected revenues and expenditures, and summary information about the Capital Improvements Plan. In addition, this volume includes information about the District's budgetary and financial management policies, a glossary of budget terms, budget summary tables by agency and fund type, and the Budget Act legislation that serves as the basis for the District's federal appropriations act.

Agency Budget Chapters (Volumes 2, 3, and 4) – describe by appropriation title, the operating budgets for each of the District's agencies. Appropriation titles categorize the general areas of services provided by the District on behalf of its citizens and are listed in the table of contents. Examples are Economic Development and Regulation, Public Safety and Justice, and Human Support Services.

Capital Improvements Plan (Including Highway Trust Fund) (Volume 5) – describes the District’s proposed six-year Capital Improvements Plan for all of the District’s agencies. The Highway Trust Fund describes the District’s proposed FY 2019 to FY 2024 planned transportation projects including federal highway grants.

Operating Appendices (Volume 6) – includes detailed supporting tables displaying the proposed expenditures and full-time equivalents in the operating budgets that are described in Volumes 2, 3, and 4. Please note: This volume is available exclusively on the Government of the District of Columbia website at <http://cfo.dc.gov/>.

Detailed information on the chapter contents of each volume include:

FY 2019 Proposed Budget Changes

The FY 2019 Proposed Budget Changes section within each agency chapter provides a comprehensive explanation of the FY 2018 Approved Budget to FY 2019 Proposed Budget, by Revenue Type table that appears in nearly every chapter. Please see the Recurring Budget and Current Services Funding Level (CSFL) Development appendix in this volume for more information about the CSFL methodology, which is only applied to agencies with Local funds.

This section includes major changes within the agency budget by program, fund, and full-time equivalents, from the initial request through the policy decisions made by the Mayor. The FY 2019 Proposed Budget Changes section uses the following terms to describe budgetary or programmatic changes:

Actions with an impact on services:

- **Enhance:** More funding to improve the quality or quantity of an existing service (e.g., Funding to support the new DMV service center in Georgetown).
- **Create:** New funding for new programs that previously didn't exist (e.g., Establish Permanent Supportive Housing program to transition vulnerable individuals from homeless to stable housing).
- **Reduce:** Reduction, but not elimination of an existing service (e.g. Close a service center and provide services at other locations; Realign staffing in the Fleet Management division).
- **Eliminate:** Total elimination of an existing service, with no anticipation of the service being provided by another entity (e.g. Eliminate unfunded vacant FTEs for staffing realignment).

Actions with no service impact:

- **Increase:** Additional funds necessary to continue service at current levels (e.g., Fund recurring operating cost of Automated Traffic Enforcement).
- **Decrease:** Reduction in cost without a service impact (e.g., Align energy budget with revised DGS estimate).
- **Transfer-In:** Shift of an existing program, operation, or personnel from another District agency (e.g., Transfer the Central Cell Block Security activity from MPD to DOC).
- **Transfer-Out:** Shift of an existing program, operation, or personnel to another District agency (e.g., Transfer APRA division from DOH to establish DBH).
- **Shift:** Shift an existing program or operation from one fund type to another (e.g., Shift from Special Purpose Revenue to Local funds to support telecommunications for the D.C. Lottery).
- **Technical Adjustment:** An increase or decrease to the budget that is required because of a legislative mandate or to correct an error or omission.
- **No Change:** The agency has no changes in funding and/or budget structures from the FY 2018 approved budget to the FY 2019 proposed budget.

An example of an agency narrative is at the end of this chapter to help the reader navigate the Agency Budget Chapter volume. The example shows an agency with a performance plan. Call-out boxes highlight the features discussed above.

Agency Performance Plans

The Office of the City Administrator (OCA) is building a robust performance management program across the District. This process includes making several updates to the format and submission process for annual agency performance plans.

Under the new process, agencies had the opportunity to update major components of their performance plan for FY 2019 including: objectives, key performance indicators and workload measures. Ultimately, the revised performance plans will be able to communicate more effectively the important work each agency plans to do over the coming year, and how each agency will work to improve its performance. First drafts of the high-level components of each agency's performance plan (objectives, key performance indicators, and operations) are published with the budget volumes and other budget materials at www.cfo.dc.gov.

Typically referred to as Table 5, the *FY 2018 Approved Budget compared to FY 2019 Proposed Budget, by Revenue Type* table describes the changes made to an agency from the Recurring Budget to the policy decisions, by fund, and by program.

Recurring Budget

The FY 2019 budget for DDOT includes a reduction of \$642,099 to account for the removal of one-time funding appropriated in FY 2018, of which \$542,099 was to offset a shift of nonpersonal services funding to Special Purpose Revenue and \$100,000 was to support the abatement of parking fees for Business Improvement Districts (BIDs).

Mayor's Proposed Budget

Cost-of-Living Adjustment: DDOT's budget proposal includes a cost-of-living adjustment of \$2,057,556 in Local funds, \$58,044 in Federal Grant funds, and \$100,000 in Special Purpose Revenue funds.

Agency Request – Increase The FY 2019 budget proposal includes an increase of \$846,554 and 8.0 Full-Time Equivalent (FTEs) in personal services to cover projected salary, step, and Fringe Benefits. Of this amount, an increase of \$289,886 and 4.0 FTEs is in the Administrative Administration and \$556,468 and 4.0 FTEs is in the Performance Administration. Also, operational costs increased by \$100,000 to support Operations Administration initiatives.

The DDOT Local funds proposal includes an increase of \$846,554 and 8.0 Full-Time Equivalent (FTEs) in personal services to cover projected salary, step, and Fringe Benefits. Of this amount, an increase of \$289,886 and 4.0 FTEs is in the Administrative Administration and \$556,468 and 4.0 FTEs is in the Performance Administration. Also, operational costs increased by \$100,000 to support Operations Administration initiatives.

In Federal Grant funds, the proposed budget includes an increase of \$8,585 due to a projected carry-over from Indirect Cost Recovery funding.

DDOT's budget proposal in Special Purpose Revenue funds includes an increase of \$4,800,000 in the Project Delivery Administration primarily due to transfers of Projects and Circulator funds from WMATA. This adjustment includes \$4,300,000 in Other Services and Charges and \$500,000 in Contractual Services. Additionally, the Office of the Director's budget increased by \$128,948 and 1.0 FTE to enhance oversight and management of the agency.

Agency Request – Decrease: DDOT's FY 2019 budget proposal in Local funds reflects a reduction of \$1,187,955 and 8.0 FTEs to account for the reallocation of resources along divisional lines and miscellaneous adjustments to salary and Fringe Benefits costs. This adjustment includes a \$635,420 decrease in the Project Delivery Administration, a \$485,372 decrease in the Operations Administration, and a \$67,162 decrease in the Office of the Director.

The Special Purpose Revenue budget decreased by \$4,800,000 to account for salary and Fringe Benefit costs adjustment. The Project Delivery Administration budget decreased by \$264,350 and 2.0 FTEs and the Office of the Director's budget decreased by \$128,948 and 1.0 FTE. Also, a Contractual Services savings of \$6,670 in the Office of the Director is due to a programmatic change to the Office of the Director to strengthen internal controls.

This section describes the changes made to an agency during the overall budget formulation process by fund and by program (or division).

Mayor's Policy-Enhance: The proposed FY 2019 budget in Local funds includes two adjustments within the Project Delivery Administration: an increase of \$1,000,000 to support a rapid bus study along New York Avenue, and an increase of \$600,000 and 5.0 FTEs to support the operations and management of the Circulator Bus System.

Mayor's Policy-Reduce: The proposed budget in Local funds includes a decrease of \$588,000 in the Operations Administration because of contractual services savings.

District's Proposed Budget

Enhance: DDOT's proposed Local funds budget includes a one-time increase of \$500,000 in the Project Delivery Administration to support the New York Avenue corridor rapid bus study and to conduct a study of the effect of autonomous vehicles in the District. The proposed budget also includes a one-time enhancement

How to Read the Agency Chapters

The agency chapters describe available resources for an agency, how the agency will spend them, and the achieved and anticipated outcomes as a result of these expenditures. For a detailed explanation of the fiscal tables and narrative sections, please see the “How to Read the Budget and Financial Plan” chapter in *Volume 1: Executive Summary*.

Each chapter contains the following, if applicable:

The first page of each agency chapter displays the agency name and budget code, website address, and telephone number. The page also shows a table that contains the agency’s gross funds, or total operating, budget. The table shows the Fiscal Year (FY) 2016 and 2017 actual expenditures and Full-Time Equivalents (FTEs); the FY 2018 Approved budget and FTEs; the FY 2019 Proposed budget and FTEs; and the percent change from the previous year for the budget and FTEs. Lastly, this page typically contains the agency mission statement and a summary of its services.

Subsequent pages reflect agency fiscal and programmatic levels and changes. The information varies by agency but typically contains the following financial tables and narrative sections:

- ***Proposed Funding by Source table*** displays the agency FY 2016 and FY 2017 actuals, the FY 2018 Approved, and the FY 2019 Proposed dollars by fund type.
 - ***Proposed Full-Time Equivalents table*** shows the agency FY 2016 and 2017 actuals, the FY 2018 Approved, and the FY 2019 Proposed FTEs by fund type.
 - ***Proposed Expenditure by Comptroller Source Group (CSG) table*** identifies the gross fund changes by CSG, which is a type of budgetary classification that identifies category spending within personal services (personnel costs, such as salaries and fringe benefits) and nonpersonal services (operational costs, such as contracts, supplies, and subsidy payments).
 - ***Proposed Operating Budget and FTEs, by Division/Program and Activity table*** shows the gross fund changes from the approved budget by dollars and FTEs. The Division/Program descriptions section that follows this table explains the purpose of the divisions/programs and activities funded in the FY 2019 Proposed budget.
 - ***FY 2018 Approved Budget to FY 2019 Proposed Budget reconciliation table*** shows the FY 2019 Proposed budget and FTE changes, by division or program, from the FY 2018 Approved budget. This table also includes a brief description of the change. A detailed narrative of the changes is found in the FY 2019 Proposed Budget Changes section that follows this table.
 - ***Agency Performance Plan Objectives*** and the accompanying Agency Performance Measures table show the agency-level plan that contains the agency’s mission, summary of services, objectives, initiatives, and performance measures for a set period of time. For some agencies, the initiatives and performance measures are grouped by division/program.

The FY 2019 budget for DHS includes a reduction \$19,971,478 to account for the removal of one-time funding appropriated in FY 2018. This adjustment is comprised of: \$10,500,000 to support overflow shelters; \$6,500,000 to support the the operating and maintenance expenditures in support of the D.C. Access System (DCAS) expansion; \$1,352,000 to support youth shelters, aftercare, and transitional slots for youth experiencing homelessness; \$765,665 to support the Emergency Rental Assistance Program (ERAP); \$722,238 to restore funding for Security Fixed Costs; \$81,575 to provide housing coordinator services at Virginia Williams for servicing domestic violence survivors; and \$50,000 to support burial assistance.

Mayor's Proposed Budget

Cost-of-Living Adjustment: DHS' budget proposal includes cost-of-living adjustments (COLA) of \$2,493,988 in Local funds, \$1,579,308 in Federal Grant funds, \$652,392 in Federal Medicaid Payments, and \$75,658 in Intra-District funds.

Agency Request – Increase: For FY 2019, DHS proposes several Local fund budget adjustments to the Economic Security Administration and Family Services divisions to improve services for the District's residents. The driving force behind a net increase of \$10,894,854 supports additional funding needed for reformed Temporary Assistance for Needy Families (TANF) policy and cost of living adjustment. Operational efficiencies have been identified in the Emergency Rental Assistance Program (ERAP), Rapid Rehousing, and TANF Employment Providers (TEP) to partially offset this increase in funding for TANF. A net increase of \$661,331 and 4.2 FTE's in personal services is to reflect adjustments to salary step increases, Fringe Benefits, and overtime costs, primarily for the Homeless Services Continuum.

In Federal Grant funds, DHS proposes a net increase of \$2,601,714, primarily to support projected DCAS SNAP E&T funding and a DCAS Memorandum of Understanding with the Department of Health Care Finance. The agency also proposes an increase of \$2,213,893 and 28.4 FTEs to support various initiatives including the need to investigate Electronic Benefit Transfer (EBT) and Welfare Fraud; additional support for SNAP E&T programs; and TANF Office of Work Opportunity programs to improve service delivery.

Agency Request – Decrease: In Local funds, DHS proposes a net decrease of \$251,709 across multiple divisions to reflect Fixed Cost adjustments based on estimates provided by the Department of General Services (DGS) and Telecommunications estimates provided by the Office of the Chief Technology Officer (OCTO). This adjustment includes the following increases: \$1,673,869 for Security, \$961,122 for Telecommunications, and \$455,907 for Occupancy; these are offset by decreases of \$2,440,026 for Rentals and \$902,581 for Energy-related commodities. The removal of funding that supports DCAS is the major cost driver in the reduction of \$5,378,027 across multiple divisions. Future funding for DCAS will be allotted to the Department of Health Care Finance.

The proposed budget for Federal Grant funds includes a decrease of \$1,122,535 to properly align Fixed Costs with estimates from DGS and OCTO. This adjustment is comprised of decreases of: \$406,289 in Telecommunications, \$383,246 in Occupancy, \$308,000 in Rent, and \$25,000 in Security Services. A decrease of \$8,769,833 across multiple divisions is proposed to account for projected TANF carryover funds.

The proposed budget for Federal Medicaid Payments is decreased by \$461,020 to properly align Fixed Costs with estimates from DGS and OCTO. This adjustment includes decreases of: \$164,850 in Occupancy, \$158,229 in Rent, and \$137,941 in Telecommunications. Additional adjustments include a decrease of \$2,067,279 and 19.8 FTEs, primarily attributed to the realignment of FTEs due to a reduced cost allocation plan. In Contractual Services, DHS proposes to eliminate \$4,729,203 in DCAS funding. Additionally, the budget reflects a reduction of \$7,263,884 across multiple divisions for other DCAS-related costs.

DHS' proposed budget for Special Purpose Revenue includes a reduction of \$100,000 and 2.0 FTEs in the ESA division to reflect funding associated with a Memorandum of Understanding (MOU) agreement with the Health Benefits Exchange Authority agency. An additional reduction of \$667,569 in the ESA division reflects a decrease in carryover funds available in the fund balance.

In Intra-District funds, the proposed budget reflects a reduction of \$3,640 in nonpersonal services and \$14,644 in personal services to properly align the budget with projected expenditures for an MOU with the Office of the State Superintendent of Education (OSSE).

Mayor's Policy – Enhance: In Local funds, DHS proposes an increase of \$14,338,160 and 7.0 FTEs in the FSA division. This adjustment is to support the implementation and expansion of the Homeward DC program. Another initiative to bolster housing assistance for those in need adds an increase of \$10,182,599 and 6.0 FTEs to the proposed budget to support short-term family housing operations. The agency also proposes \$3,897,009 in one-time funding to support 28.5 FTEs to reflect costs associated with a reallocation of funding between federal and Local funds. In addition, the Local funds budget proposal includes an increase of \$2,500,000 and 2.0 FTEs to expand the homeless crisis service response system for single adults, including day services, outreach to encampments, and low-barrier shelter improvements. A high priority and critical need of the agency is to increase caseload capacity to support youth diversion for runaway youth with the Supporting Teens and Enriching Parents (STEP) program. To address this initiative, the agency proposes an increase of \$1,383,939 and 10.0 FTEs in the FSA division. Lastly, the agency proposes an increase of \$715,000 and 25.0 FTEs to increase eligibility staff and improve customer service at ESA services centers, which are budgeted in the ESA division.

Mayor's Policy – Reduce: DHS' Local funds budget proposal reflects a decrease of \$1,023,789 across multiple divisions to reflect programmatic cost savings. The proposal also includes a net reduction of \$3,085,251 across multiple divisions to reflect revised Fixed Cost adjustments from DGS. The impacted commodities are Auto Fuel, Gas, Electricity, Rent, Occupancy, and Security.

District's Proposed Budget

Enhance: DHS' proposed Local funds budget includes a one-time increase of \$3,022,029 to support several initiatives in the Family Services division. This adjustment includes: \$1,000,000 for the New Heights program; \$1,000,000 to support the Rapid Rehousing program; \$624,029 for the Emergency Rental Assistance program; and \$398,000 for the Inter-agency Council on Homelessness (ICH) Youth Plan consisting of \$300,000 to support additional on-site wrap-around services for a new 24-hour drop-in center for youth experiencing homelessness or at the risk of becoming homeless and \$98,000 to cover aftercare and prevention services for youth homelessness programs.

The proposed Local funds budget includes support for initiatives that address housing needs for youth, individuals, and families and promote the well-being of disabled residents. The proposed budget includes an increase of \$1,829,810 in the Family Services division to provide wrap-around services for about 117 new Permanent Supportive Housing (PSH) units for families (\$1,237,974) and approximately 99 new PSH units for individuals experiencing homelessness (\$591,836). Wrap-around services are case management and other supportive services for youth, families, and individuals. The Local funds budget proposal also includes a one-time increase of \$1,000,000 to serve a greater number of clients in the Interim Disability Assistance program in the Economic Security Administration (ESA) division.

DHS's budget supports the ICH Youth Plan by providing \$855,000 for 19 transitional housing units and \$360,000 for 12 PSH units for youth experiencing homelessness. Further, the Local funds budget proposes a one-time increase of \$200,000 to support the "Applicability Clause to D.C. Health Care Alliance Re-certification Simplification Amendment Act of 2018" in the ESA division. In addition, the Local funds budget proposal includes an increase of \$110,000 to support burial assistance services in the ESA division.

Reduce: DHS' Local funds budget includes a reduction of \$302,353 and 2.8 FTEs across multiple divisions to reflect personal services savings from the elimination of vacant positions. Additionally, the proposed Local funds budget includes a reduction of \$6,560,500 in the Family Services division to reflect the reallocation of Rapid Rehousing resources to support Targeted Affordable Housing (TAH) and PSH for families.

Agency Performance Plan*

The Department of Human Services (DHS) has the following strategic objectives for FY 2019:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Develop an effective crisis response system for unaccompanied adults who experience homelessness.
2. Develop an effective system of care for families who experience homelessness.
3. Implement a system of services and supports for youth, parenting youth and their families
4. Empower DHS clients to improve their economic stability and well-being.
5. Improve the customer experience at DHS service centers.
6. Safeguard and improve the quality of life for vulnerable adults.
7. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into “daily services” (ex. sanitation disposal), and long-term “key projects” that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Develop an effective crisis response system for unaccompanied adults who experience homelessness. (1 Activity)

The mission of the Child and Family Services Agency is to ensure the safety, permanence, and well-being of abused and neglected children in the District of Columbia and to strengthen their families.

Summary of Services

The D.C. Child and Family Services Agency (CFSA) investigates reports of child abuse and neglect and provides child protection. Services include supportive community-based services that help families overcome difficulties while keeping their children out of foster care, foster care for children who cannot be safe at home, and adoption for children who cannot go home. CFSA seeks to achieve the highest quality of community-based services, to increase the number of families who receive preventive and supportive services, and to expand the network of resources providing services to at-risk children and their families.

The agency's FY 2019 proposed budget is presented in the following tables:

The FY 2019 budget for CFSA includes a reduction of \$1,000,000 to account for the removal of one-time funding appropriated in FY 2018. The amount is comprised of \$500,000 in the Community Partnership division for rapid housing vouchers for young adults that have aged out of the foster care program, \$250,000 in the Community Services division to support the Safe Shores contract, and \$250,000 in the Clinical Practice division to support tutoring services.

Mayor's Proposed Budget

This adjustment supports the projected costs of salary steps, Fringe Benefits, Overtime, and Additional Gross Pay. Also in Federal Grant funds, the Agency Management division's budget increased by \$1,172,906 to align it with Fixed Costs estimates received from DGS and OCTO for Telecommunications,

Energy, and Janitorial Services. CFSA will also add a Federal Grant funded temporary FTE to the Community Services division at a projected salary of \$62,052.

The proposed budget for Private Donations increased by \$1,583, in the Agency Management division, because of increased revenue from the Children's Donation Center.

In Intra-District funds, CFSA proposes increases of \$176,648 to the Community Partnerships division and \$158,857 to the Agency Programs division. CFSA has signed Letters-of-Intent with the Department of Behavioral Health to provide services at Wayne Place and with the Department of Human Services to support the Refugee Minor Program.

Agency Request – Decrease: A Local funds savings of \$2,821,213, primarily in the Adoption and Guardian Subsidy and Clinical Practice divisions, does not represent a reduction in services but reflects a projected decrease in the number of eligible children that require these services.

In Federal Grant funds, a decrease of \$12,193,009 was made across multiple divisions. Savings were realized through reducing operational inefficiencies. Child placement centers have been consolidated and streamlined, and current personnel will manage many of the items previously completed by outside sources. The reduction in projected revenues received from the Title IV-E grant was a driving force in these adjustments.

Agency Request – Shift: CFSA has identified a federal funding source and will shift \$2,792,147 and 26.0 FTEs from Local funds to Federal Grant funds across multiple divisions.

Mayor's Policy – Enhance: CFSA will receive a one-time enhancement of \$4,000,000 in Local funds. Of this amount, \$2,000,000 supports the Comprehensive Child Welfare Information System, a case management information system that supports the needs of child welfare programs. The remaining \$2,000,000 will be used to support the costs associated with a reduced cost allocation plan. An additional Local funds one-time enhancement of \$1,135,500 in the Clinical Practice division supports specialized modalities services such as behavioral modification services, dialectical behavior therapy, and developmental psychotherapy.

Mayor's Policy – Reduce: The agency will realize a net Local funds savings of \$1,300,037, in the Agency Management division, due to revised estimates for Rent, Security, and Occupancy costs from DGS.

District's Proposed Budget

Enhance: CFSA's proposed Local funds budget supports two enhancements using one-time funds. The Community Services division will receive \$250,000 to support the Safe Shores contract, which helps child crime victims and witnesses by ensuring that they do not experience re-traumatization by having to recount their experiences multiple times. The Community Partnerships division will receive \$100,000 to support legal services for families at risk of having a child removed from their home.

Reduce: In the Agency Management division, Local funds savings of \$30,000 reflects the agency's effort to streamline operations, and a reduction of \$89,253 reflects the revision of its Fixed Cost estimate for Occupancy. An additional savings of \$192,759 will be achieved by reducing the Locally-funded FTE count by 2.0 across two divisions.

Agency Performance Plan*

The Child and Family Services Agency (CFSA) has the following strategic objectives for FY 2019:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Exit to Positive Permanency - Every child and youth exits foster care as quickly as possible for a safe, well-supported family environment or life-long connection. Older youth have the skills for successful adulthood.
2. Narrowing the Front Door - Children will have the opportunity to grow up with their families and are removed from their families only when necessary to keep them safe.
3. Ensure Child Well Being - Every child is entitled to a nurturing environment that supports healthy growth and development, good physical and mental health, and academic achievement.
4. Foster Care is a Temporary Safe Haven - Foster care is a temporary safe haven, with planning for permanence beginning the day a child enters care.
5. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into “daily services” (ex. sanitation disposal), and long-term “key projects” that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Exit to Positive Permanency - Every child and youth exits foster care as quickly as possible for a safe, well-supported family environment or life-long connection. Older youth have the skills for successful adulthood. (2 Activities)

Activity Title	Activity Description	Type of Activity
Dedicated Services for Older Youth In Foster Care	The Office of Youth Empowerment (OYE) serves older youth, ages 16 to 21, in care. OYE provides programs, services, and supports to prepare these young people for successful adulthood while continuing to seek permanent homes for them through reunification, guardianship, or adoption. CFSA uses trauma-informed and evidence-based practices, with the goal of achieving measurable and meaningful outcomes in the well-being domains of education, cognitive functioning, physical health and development, emotional and behavioral functioning, and social and emotional functioning within the context of a trauma-informed system. The Office of Well-Being includes four specialty areas (education, substance abuse, domestic violence, and day care) that support these outcomes, in addition to the Health Services Administration that provides in-house medical screenings for children and youth before entry into out-of-home care and a full medical evaluation within 30 days. GROSS FOR RM0 - DEPARTMENT OF BEHAVIORAL HEALTH		283,401	1,408.8

FY 2019 Proposed Budget Changes

The Department of Behavioral Health's (DBH) proposed FY 2019 gross budget is \$283,401,254, which represents a 4.2 percent increase over its FY 2018 approved gross budget of \$271,917,593. The budget is comprised of \$249,751,563 in Local funds, \$14,830,716 in Federal Grant funds, \$2,023,778 in Federal Medicaid Payments, \$441,545 in Private Grant funds, \$288,775 in Private Donations, \$2,351,648 in Special Purpose Revenue funds, and \$13,713,229 in Intra-District funds.

Current Services Funding Level

The FY 2019 budget for DBH includes a reduction of \$63,210 to account for the removal of one-time funding appropriated in FY 2018 to supplement personal services costs.

Mayor's Proposed Budget

Cost-of-Living Adjustment: DBH's budget proposal includes cost-of-living adjustments (COLA) of \$3,933,259 in Local funds, and \$326,360 in Federal Grant funds, \$23,778 in Federal Medicaid Payments, \$6,122 in Private Grant funds, \$14,380 in Special Purpose Revenue funds, and \$230,334 in Intra-District funds.

Agency Request – Increase: DBH made numerous adjustments across its eight divisions to better serve residents of the District of Columbia. A Local funds increase of \$7,368,924 will primarily be made in the Community Services division. This additional funding will serve the increasing need to provide substance abuse and mental health rehabilitation services for District residents. A proposed Local funds increase of \$5,847,974 will support an additional 11.2 Full-Time Equivalents (FTEs), of which 8.8 will be temporary and 2.4 will be Continuing Full Time. The FTEs will mainly support activities within the Clinical Services CS division. This additional funding will also support the salary steps and Fringe Benefits costs of current personnel. The proposed Local funds budget includes a net increase of \$1,565,949 to align Fixed Costs with estimates from the Department of General Services (DGS) and the Office of the Chief Technology Officer (OCTO) for Energy, Rent, Security, Occupancy, and Telecommunications. DBH’s budget proposal also increased by \$88,867 in personal services for the Saint Elizabeths Hospital (SEH) division to account for federal costs shifting to Local.

The proposed budget for Federal Medicaid payments includes an increase of \$570,000 to support personal services costs, and aligns the budget with projected federal reimbursement for qualified Medicaid services based on spending of the corresponding statutory local match.

In Private Grant funds, an increase of \$120,978 for the Behavioral Health Services Information System grant from Eagle Technologies, Inc. will support an additional 1.0 Continuing Full-Time FTE. The remaining increase of \$56,746, allocated across nonpersonal services in multiple divisions, aligns the budget with projected grant awards.

DBH receives a fee from self-pay commercial payers and insurance companies for Individual in Care (IIC) services to patients at SEH, health clinics, and hospital wards. This Special Purpose Revenue (SPR) funding stream is projected to increase by \$200,000 in the Community Services division.

Agency Request – Decrease: DBH is projecting a Local funds savings of \$801,362 in the SEH division for Overtime Pay as it aligns the budget based on the increase in FTEs previously mentioned. The agency is projecting a Local fund savings of \$1,511,223 across multiple divisions as it makes adjustments to the purchasing of supplies and looks for ways to streamline operational costs without impacting services provided to the community. Operational efficiencies were identified in the System Transformation division, which in part supports the monitoring of consumer and client services through hardware and software applications. The proposed Local funds budget for Contractual Services will have a decrease of \$5,235,815, which is primarily related to realignments within the Community Services division to Wayne Place, housing development, and specialty care.

In the proposed budget submission for Federal grant funds, DBH will eliminate 19.2 Continuing Full-Time FTEs, which contributes to a total savings of \$1,501,420. The reduction in projected revenue from federal grant funding sources results in a total decrease of \$4,272,913 across nonpersonal services. This is mainly attributed to the ending of the DC Strategis SPF-PFS State and Tribal Initiative grant from the U.S. Department of Health and Human Services.

In SPR funds, the agency has projected a savings of \$73,237 and 1.0 Continuing Full-Time FTE as it aligns its personal services budget. In Intra-District funds, DBH will eliminate 3.5 FTEs and reduce the proposed budget submission by \$659,943. These actions align the budget with signed Memoranda of Understandings with the Department of Human Services, the Child and Family Services Agency, and the Department of Health Care Finance.

Agency Request – Shift: The proposed budget submission includes a shift of FTEs within the Saint Elizabeths Hospital division across fund types. This action will increase the Local funds budget by \$4,363,647 and 52.0 FTEs, and it will mostly be offset by projected decreases in the SPR budget by \$2,023,595 and 20.8 FTEs and in the Intra-District funds budget by \$2,219,807 and 30.5 FTEs.

Mayor’s Policy – Enhance: DBH will receive a total of \$7,556,085 in Local funds enhancements, which will be used to further its mission and goals by providing high-quality integrated services. The Community Services division will receive \$3,000,000, which will be used to implement the recommendation of the Task Force on School Mental Health. The SEH division will increase by \$2,077,149 and 17.0 Continuing Full-Time FTEs to better support pre-trial forensic admissions. Opening a transitional unit will allow for more efficient utilization of all hospital beds.

DBH is participating in a multi-agency collaboration that involves behavioral health services, homelessness and human services, local police, prosecutors, and public defenders. The agency will use an enhancement of \$1,586,936 and 10.0 Continuing Full-Time FTEs to divert individuals arrested or suspected of low-level drug offenses into social services rather than into the criminal justice system. Finally, the agency will also receive \$892,000 in one-time funding, which will support 15.0 Continuing Full-Time FTEs to absorb costs associated with a reduced cost allocation plan.

Mayor's Policy – Reduce: The agency will realize a net Local funds savings of \$659,779 in the SEH division due to revised estimates for Rent, Security, and Occupancy from DGS.

District's Proposed Budget

Enhance: DBH will receive a one-time Local funds enhancement of \$200,000 to the Community Services division, which will be used to fund the study of Mental Health and Substance Abuse in Immigrant Communities Act of 2017.

Reduce: A Local funds reduction of \$785,145 across multiple divisions reflects savings related to revised fixed cost estimates for Occupancy. DBH will realize a net Local funds savings of \$1,182,293 by eliminating 5.0 vacant positions and aligning its personal services budget with projected expenses.

Agency Performance Plan*

The Department of Behavioral Health (DBH) has the following strategic objectives for FY 2019:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Ensure the public behavioral health system is person-centered, and promotes and supports the leadership of peers with lived experience in recovery and the development of the system of care.
2. Ensure individualized mental health and substance use disorder services across the entire continuum of care from community-based treatment and support services to inpatient hospitalization to support the behavioral health, wellness and recovery of District residents.
3. Maximize housing resources and target the most vulnerable District residents with serious behavioral health challenges who are homeless, returning from institutions or moving to more independent living to prevent and minimize homelessness.
4. Heighten public awareness among District residents about mental health and substance use disorders and resources to increase their understanding of behavioral health, reduce stigma, and encourage prevention efforts and early identification and treatment.
5. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into “daily services” (ex. sanitation disposal), and long-term “key projects” that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

GROSS FOR HC0 - DEPARTMENT OF HEALTH		254,786	636.9

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2019 Proposed Budget Changes

The Department of Health's (DOH) proposed FY 2019 gross budget is \$254,785,684, which represents a 10.1 percent increase over its FY 2018 approved gross budget of \$231,495,077. The budget is comprised of \$84,167,610 in Local funds, \$5,000,000 in Federal Payments, \$135,964,578 in Federal Grant funds, \$142,365 in Private Grant funds, \$27,386,714 in Special Purpose Revenue funds, and \$2,124,417 in Intra-District funds.

Recurring Budget

The FY 2019 budget for the Department of Health includes a reduction of \$767,409 to account for the removal of one-time funding appropriated in FY 2018 for the following enhancements; \$666,219 to support a teen peer sexual health educators grant in the Community Health Administration (CHA) division and \$101,190 to support the Health Professional Recruitment Fund in the Primary Care and Prevention Administration division.

Mayor's Proposed Budget

Cost-of-Living Adjustment: DOH budget proposal includes cost-of-living adjustments (COLA) of \$665,497 in Local funds, \$1,350,228 in Federal Grant funds, \$6,857 in Private funds, \$656,933 in Special Purpose Revenue funds, and \$11,679 in Intra-District funds.

Agency Request – Increase: The proposed Local funds budget for DOH includes a net increase of \$521,417 to align the budget with Fixed Costs estimates provided by the Department of General Services (DGS) and Telecommunication estimates provided by the Office of the Chief Technology Officer. The increase from DGS is due to an expected increase in services at the District's Animal Shelter.

The proposed budget in Federal grants funds reflects an increase of \$2,941,821 and 15.4 Full Time Equivalents (FTEs) positions, primarily in the Community Health Administration division to reflect the conversion of certain contracts to sub-grants. This adjustment also impacts the Health Emergency Preparedness and Response Administration to cover new sub-grants that support Ebola activities. This increase is comprised of a grant award of \$1,533,285 from a Division of Home Visitation and Early Childhood grant;

\$537,451 from the transfer of the Senior Farmers Market and the Commodity Supplemental Food Program grants from the D.C. Office on Aging; \$460,605 for the Violence Against Women Act grant; \$350,480 within the HIV/AIDS, Hepatitis, STD, and TB Administration on the Health Department Demonstration Projects For Comprehensive Prevention, Care, Behavioral Health, and Social Services For Men Who Have Sex With Men Of Color At Risk For And Living With HIV Infection; and \$60,000 for the Innovation Home Visitation grant.

In Private Grant funds, the budget includes an increase of \$103,498 and 0.7 FTE related to the grant award from Gilead Sciences, Inc. This funding enables DOH to develop a replicable model program that embodies best practices in HIV and/or hepatitis B and C screening and linkage to care.

DOH's proposed budget in Special Purpose Revenue funds reflects a net increase of \$6,760,892 and 15.3 FTEs, primarily due to the addition of the Communicable and Chronic Disease fund.

Additionally, the proposed budget in Intra-District funds reflects a net increase of \$1,314,825, which includes a reduction of 1.0 FTE, primarily in the Community Health Administration, from a partnership with the D.C. Office on Aging. The proposed budget enables the agency to plan, implement, and monitor programs in health, education, and social services for older and disabled residents of the District. Also, the funding supports an agreement with the Department of Human Services to implement evidence-based and evidence-informed strategies to prevent and reduce teen pregnancy.

Agency Request – Decrease: The proposed budget in Local funds reflects a reduction of \$490,676 and 3.8 FTEs. This is comprised of a salary and benefit reduction of \$35,040 across multiple divisions; a decrease of \$194,443 within the HIV/AIDS, Hepatitis, STD, and TB Administration due to a reduction in funding to community-based providers for HIV prevention services, including HIV/STI testing, Pre-Exposure Prophylaxis, and other prevention interventions; and a reduction in personnel costs in the amount of \$261,193 for 3.8 FTEs. Certain elements of the HIV/AIDS Administration were transferred to other divisions.

Mayor's Policy – Enhance: DOH's proposed Local funds budget includes an increase in the amount of \$4,400,000 within the Community Health Administration to support components of the School Health Services Program (SHSP), including but not limited to a legislative mandate that requires clinical nursing coverage of 40 hours per week for all public and public charter schools in the District beginning August 1, 2018.

Also, the proposed Local funds budget includes an increase of \$2,365,000 in one-time funding. This increase is comprised of \$1,630,000 to support a pre-term birth prevention pilot, where DOH will partner with two birthing facilities to implement a two-year demonstration project to decrease barriers to the use of the medication 17 alpha-hydroxyprogesterone caproate (17P) and increase adherence to weekly treatments; thereby, decreasing preterm births and improving the health of District infants; and \$735,000 to support Florence Crittenton Services of Greater Washington for pregnancy prevention activities for girls between the ages of 13 to 19 who live in Wards 5, 7, and 8.

The proposed Local funds budget includes an increase of \$906,603 and 4.0 FTEs in one-time funds in the Health Regulation and Licensing Administration that will allow DOH to quickly re-inspect areas where rodent activity has been observed and perform more proactive inspections. The funding will also allow the staff to increase DOH's presence in the community as it performs rodent abatement activities. Lastly, the proposed Local funds budget includes an increase of \$107,000 and 1.0 FTE, in the Community Health Administration, to support Defending Access to Health Care. This initiative requires insurers to cover certain health care services without cost-sharing and includes breast cancer screening and counseling, screenings for HIV, and counseling for sexually transmitted infections. It also requires insurers to provide information regarding coverage to those enrolled and potential enrollees.

Mayor's Policy – Reduce: The proposed Local funds budget includes a net reduction of \$337,108 across multiple divisions based on programmatic cost savings. This reduction is comprised of a decrease of \$100,000 within the Community Health Administration due to a reduction in home visitation services, which supported a text messaging service that sent pregnant and postpartum women helpful messages; \$100,000 from the capacity-building program within the HIV/AIDS, Hepatitis, STD, and TB Administration; \$57,108 from the

school-based health care tool used to achieve health equity among children and adolescents who experience disparities in outcomes; \$50,000 from burial assistance under the Ryan White Program, also within the HIV/AIDS Administration; and \$30,000 in savings from the bio-hazardous waste contract within the HIV/AIDS Administration. District's Proposed Budget

Enhance: DOH's proposed Local funds budget for the Community Health Administration division reflects a total net increase of \$3,537,472 in enhancements. This amount includes \$1,000,000 for smoking cessation programs. A net increase of \$915,000 is comprised of a \$500,000 one-time increase to support the Produce Rx program, through which food-insecure patients at risk for or experiencing diet-related chronic illness are issued a monthly "prescription" for fresh fruits and vegetables by their health care provider and are given referrals for nutrition education; a \$375,000 one-time increase to support the Senior Dental Service Program Act of 2018; and \$40,000 in one-time funds to support a resource coordinator to connect teen girls to critical mental health and academic support services outside of the school environment. A total of \$710,566 supports the Home Visiting Program as specified by Title I, Section 107 of the "Birth-to-Three for all DC Act of 2018", which provides expectant parents, or parents or legal guardians with young children, primarily in the home, with educational services through weekly or monthly home visits to promote positive child health and development outcomes, such as healthy home environments, healthy birth outcomes, and a reduction in adverse childhood experiences. An increase of \$461,906 supports nutrition programs including \$250,000 for Healthy Corners, \$154,482 for Joyful Markets, \$41,811 for Produce Plus, and \$15,253 for Senior Meals. In addition, a \$300,000 increase supports the HealthySteps Demonstration as specified by Title I, Section 102 and 103 of the "Birth-to-Three for all DC Act of 2018", which would provide early-stage mobile healthcare through a smartphone application and web portal; and \$150,000 in one-time funds supports a study of OBGYN services in Wards 5, 7, and 8 that identifies and analyzes racial and ethnic disparities that impact women's OBGYN outcomes.

The HIV/AIDS, Hepatitis, STD, and TB Administration division's proposed Local funds budget includes an increase of \$50,000 in one-time funding for the purchase of opioid antagonist rescue kits that block the effect of an opioid in the body and may allow for an unresponsive person to be woken up, or a person who is not breathing to be able to breathe on their own.

The Center for Policy, Planning, and Evaluation division's proposed Local funds budget reflects a one-time increase of \$40,000 to maintain a database containing the names, location, and contact information for all District residents held by the Federal Bureau of Prisons outside of the District who are expected to return within the following year; and to assist returning citizens with obtaining information and services relating to housing, employment, transportation, and identification cards.

Reduce: The proposed Local funds budget includes a decrease of \$81,150 in the Agency Management division to reflect an adjustment to the Occupancy Fixed Costs from the Department of General Services. Additionally, there is a reduction of 1.0 FTE and \$160,744 to reflect adjusted personal services costs across multiple divisions.

In Special Purpose Revenue funds, a reduction of \$8,000 to the Center for Policy, Planning and Evaluation division aligns the budget with projected revenues.

FY 2019 Proposed Budget Changes

The Department of Parks and Recreation's (DPR) proposed FY 2019 gross budget is \$56,495,203, which represents a 7.7 percent increase over its FY 2018 approved gross budget of \$52,437,191. The budget is comprised of \$50,624,321 in Local funds, \$2,799,000 in Special Purpose Revenue funds, and \$3,071,882 in Intra-District funds.

Recurring Budget

The FY 2019 budget for DPR includes a reduction of \$40,000 to account for the removal of one-time funding appropriated in FY 2018 for competitive grants to organize a community run or walk event series in each Ward, in the Sports, Health, and Fitness Programs activity.

Mayor's Proposed Budget

Cost-of-Living Adjustment: The DPR's budget proposal includes cost-of-living adjustments (COLA) of \$1,909,468 in Local funds and \$33,123 in Intra-District funds.

Agency Request – Increase: The proposed budget in Local funds reflects an increase of \$1,721,108 and 22.0 FTEs across multiple divisions. This adjustment aligns DPR's personal services resources to accommodate needs associated with summer programs and other recreational activities. It also supports projected salary, step, Fringe Benefits, and Overtime costs. Additionally, the proposed Local funds budget reflects an increase of \$739,042 in nonpersonal services costs across multiple divisions to ensure accurate alignment of the budget with resources.

In Special Purpose Revenue funds, the proposed budget includes an increase of \$100,000 across multiple divisions to align funding with revenue projected from the use of DPR facilities and rental fees charged for recreational activities.

In Intra-District funds, the proposed budget includes an increase of \$63,759 and 0.9 FTE to support a Memorandum of Understanding agreement between DPR and the Department of Employment Services to increase staff to support the implementation of the Marion Barry Summer Youth Employment Program, which promotes work placement for the District's youth and young adults.

Agency Request – Decrease: The proposed Local funds budget includes a net decrease of \$105,129 in nonpersonal services, primarily to recognize savings in supplies costs and the procurement of equipment across multiple divisions. Additionally, DPR's proposed Local funds budget reflects a decrease of \$2,867,153 to account for the reallocation of 31.7 FTEs across programs and the redirection of associated funding.

Mayor's Policy – Enhance: DPR's proposed Local funds budget includes an increase of \$1,758,492 and 23.0 FTEs to support additional out-of-school time programming through additional summer camps in DC Public Schools and to fund pay increases for hard-to-recruit positions. This enhancement also supports the expansion of operating hours for select high demand recreation centers on a pilot basis and includes the expansion of fitness hours during the summer period for a safer, stronger summer. Additionally, \$610,000 in one-time funding will support a pilot to open DPR pools at 10 in the morning during the summer months. An increase of \$574,607 and 5.0 FTEs will support the opening and operational costs of the Capper Community Center. A Local funds budget increase of \$269,932 reflects the incremental cost of contracting out the services and operations of 10 pools.

Mayor's Policy – Reduce: DPR's budget proposal in Local funds reflects a reduction in funding of \$63,604 in nonpersonal services, primarily to recognize savings in contractual services costs across multiple divisions.

Mayor's Policy – Transfer-Out: The proposed Local funds budget includes a reduction of \$629,547 and 10.0 FTEs from the Programs division to the Office of Neighborhood Safety and Engagement to support the Roving Leaders program. This program helps to prevent, neutralize, and control hostile behavior in youth and youth groups through the development of positive relationships between teens/youth and outreach workers.

District's Proposed Budget

Enhance: DPR's proposed Local funds budget includes an increase of \$962,780 and 21.0 FTEs in the Programs division to support operational costs for high-demand recreation centers. Of this amount, \$610,000 and 15.0 FTEs supports extending weekend operating hours at various high-demand aquatic recreation centers and an increase of \$352,780 and 6.0 FTEs supports new weekend operating hours for Marie Reed Aquatic Center. Additionally, the proposed budget includes a one-time increase of \$300,000. Of this amount \$150,000 in one-time funding in the Area Management division will support upgrades to the Deanwood Recreation Center and another \$150,000 in one-time funding will support upgrades to the Fort Davis Community Center.

Reduce: DPR's budget proposal in Local funds reflects a reduction of \$145,669 and 4.2 FTEs, primarily to align the personal services budget with projected costs for salary and fringe benefits. Additionally, the budget includes a reduction of \$1,210,198 to recognize savings in nonpersonal services across multiple divisions.

In Special Purpose Revenue funds, a reduction of \$1,000 in the Programs division aligns the budget with projected revenues.

Agency Performance Plan*

The Department of Parks and Recreation (DPR) has the following strategic objectives for FY 2019:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2019 Proposed Budget Changes

The District of Columbia Office on Aging's (DCOA) proposed FY 2019 gross budget is \$48,415,358, which represents a 5.2 percent increase over its FY 2018 approved gross budget of \$46,031,022. The budget is comprised of \$38,391,428 in Local funds, \$7,042,675 in Federal Grant funds, \$2,752,297 in Federal Medicaid Payments, and \$228,958 in Intra-District funds.

Recurring Budget

The FY 2019 budget for DCOA includes a reduction of \$3,128,300 to account for the removal of one-time funding appropriated in FY 2018. This reduction is comprised of \$3,000,000 that supported the Safe at Home program, to provide preventative adaptations to reduce the risk of falls in the homes of qualifying seniors and adults with disabilities, and \$128,300 for the establishment of an intergenerational volunteer program that aims to unite the younger and older generations and provide seniors with the opportunity to share their wealth of knowledge.

Mayor's Proposed Budget

Cost-of-Living Adjustment: DCOA's budget proposal includes cost-of-living adjustments (COLA) of \$121,942 in Local funds, \$12,659 in Federal Grant funds, and \$80,164 in Federal Medicaid Payments.

Agency Request – Increase: In Local funds, the proposed budget includes a net increase of \$541,803 and 4.0 Full-Time Equivalents (FTEs) due to a realignment of positions as well as projected salary increases and Fringe Benefits adjustments across multiple programs. This adjustment reflects increases of \$791,262 and 8.7 FTEs in the Home-and Community-Based Support program and \$322,531 and 2.5 FTEs in the Agency Management program, partially offset by a decrease of \$571,990 and 7.1 FTEs in the Consumer Information, Assistance, and Outreach program that were partially supported by Medicaid funding. Additionally, the proposed budget includes a net increase of \$305,349 in nonpersonal services across multiple programs, to align resources with operational spending requirements.

The budget proposal for Federal Medicaid Payments reflects an increase of \$327,018 and is based on projected federal reimbursement for Medicaid eligible services. This adjustment further supports an additional 3.0 FTEs and aligns with projected salary increases and Fringe Benefits adjustments.

Agency Request – Decrease: The proposed Federal Grant funds budget reflects a net reduction of \$561,713 across multiple programs due to projected reductions in the carryover balances for various grants.

In Intra-District funds, the proposed budget includes a net decrease of \$248,000 and 3.0 FTEs to reflect a modification of Memorandum of Understanding (MOU) with the Department of Health Care Finance to provide services for the Money Follows the Person program.

Mayor's Policy - Enhance: In Local funds, DCOA's proposed budget includes a one-time increase of \$4,500,280 in the Home-and Community-Based Support program to support the Safe at Home program, which provides preventative adaptations to reduce the risk of falls in the homes of seniors and people with disabilities.

District's Proposed Budget

Enhance: DCOA's Local funds budget proposal includes a one-time increase of \$250,000 in the Home and Community Based Support program to support the Club Memory program. Club Memory is a stigma-free social club for people with memory loss, early-stage alzheimer's, mild cognitive impairment, or other forms of dementia, and their caregivers. Additionally, a one-time enhancement of \$225,000 in the Consumer Information Assistance and Outreach program is to support an outreach campaign for isolated, elderly District residents.

Reduce: DCOA's proposed Local funds budget reflects a decrease of \$41,867 to reflect personal services savings in the Home and Community Based Support program.

Agency Performance Plan*

The Mayor's Office on Latino Affairs (MOLA) has the following strategic objectives for FY 2019:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Improve the lives of DC Latino residents by supporting the provision of culturally and linguistically appropriate programs implemented by DC community based organizations.
2. Facilitate greater access to economic development resources among DC Constituents (resident and/or Business owners).
3. Assist Latinos in acquiring workforce skills that help them succeed in and foster the growth of the new economy in the District.
4. Improve the quality of Life among Latinos.
5. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

GROSS FOR JZ0 - DEPARTMENT OF YOUTH REHABILITATION SERVICES		95,312	587.5

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2019 Proposed Budget Changes

The Department of Youth Rehabilitation Services' (DYRS) proposed FY 2019 gross budget is \$95,311,697, which represents a 2.0 percent decrease from its FY 2018 approved gross budget of \$97,229,071. The budget is comprised of \$94,967,697 in Local funds and \$344,000 in Intra-District funds.

Recurring Budget

No Change: DYRS' budget proposal reflects no change from the FY 2018 approved budget to the FY 2019 recurring budget.

Mayor's Proposed Budget

Cost-of-Living Adjustment: DYRS' budget proposal includes a cost-of-living adjustment (COLA) of \$2,045,344 in Local funds.

Agency Request – Decrease: DYRS has proposed several adjustments to its Local funds budget across multiple divisions. In nonpersonal services, the budget includes a net decrease of \$1,040,118, primarily in the Youth and Family Programs (YFP) division to realize programmatic cost savings due to a reduction in the number of youth in need of residential services and food provision purchases. This adjustment is the net effect of an increase of \$615,605 in the Agency Management and Financial Operations divisions and an increase of \$405,500 in the Office of the Director division, offset by a decrease of \$2,061,223 in the YFP division. Additionally, DYRS proposes a net decrease of \$1,320,234 while adding 14.0 FTEs across multiple divisions to align the personal services budget with projected salary and Fringe Benefit costs. The action supports the agency's active response to the legislative mandate of the Comprehensive Youth Justice Amendment Act (CYJAA) to open and contract homes for providing shelter, care, and supportive services to Persons in Need of Supervision (PINS) youth. PINS youth cannot be commingled or detained with youth adjudicated during the detention and pre-commitment phase. To that end, this population has its own requirements and accommodations. The additional FTEs will work to ensure compliance with the CYJAA in the DYRS-operated PINS home.

Mayor's Policy - Enhance: DYRS' proposed Local funds budget includes an increase of 22.0 FTEs to accommodate the transfer of Title 16 youth from the Department of Corrections (DOC). The CYJAA eliminates the detention of juveniles charged as adults, or Title 16 youth, at adult detention facilities. Thus, the CYJAA requires the DOC to transfer custody of all of the Title 16 youth currently housed at DOC's DC Jail to DYRS by October 1, 2018. Additional expenses will be absorbed through cost savings within the agency.

District's Proposed Budget

Enhance: DYRS' proposed Local funds budget includes an increase of \$301,384 and 3.0 FTEs in the Youth and Family Programs division. This enhancement supports the hiring of three additional mental health specialists to ensure that court-involved youth receive age-appropriate interventions in a safe and dignified setting. The mental health specialists will be based out of the Achievement Center, which already offers workforce training to DYRS-involved returning youth at its state-of-the art facility. Additionally, the budget proposal includes a one-time increase of \$150,000 to support the "Youth Rehabilitation Amendment Act of 2018," which will allow DYRS to develop a strategic plan to provide developmentally-appropriate facilities, treatment, and services for young adults and youth who are awaiting trial or have been convicted of a misdemeanor or felony offense.

Reduce: DYRS' proposed Local funds budget includes a reduction of \$2,053,750 and the elimination of 5.0 vacant positions to realize programmatic cost savings in personal and nonpersonal services. This reduction includes \$1,472,718 and 3.0 FTEs from the Youth and Family Programs division, \$382,126 and 1.0 FTE from the Agency Management division, and \$198,906 and 1.0 FTE from the Office of the Director division.

Agency Performance Plan*

The Department of Youth Rehabilitation Services (DYRS) has the following objectives for FY 2019:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Secure facilities: Operate secure facilities that are safe, humane, and responsive to the needs of court-involved youth to help youth succeed and promote community safety.
2. Community-based programming: Provide high-quality community-based programs, supports, and opportunities to help court-involved youth succeed and promote community safety.
3. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into “daily services” (ex. sanitation disposal), and long-term “key projects” that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Secure facilities: Operate secure facilities that are safe, humane, and responsive to the needs of court-involved youth to help youth succeed and promote community safety. (4 Activities)

Activity Title	Activity Description	Type of Activity
Intake and assessment	Conduct assessments and screens at the intake of a young person at the Youth Services Center to inform placement and service delivery decisions.	Daily Service
Ensure safety of facilities	Monitor and supervise young people held at secure facilities.	Daily Service
Deliver appropriate services	Prepare young people in facilities to succeed in the community.	Daily Service
Construction at New Beginnings	The agency will undertake a construction project for which funds have already been awarded at New Beginnings Youth Development Center.	Key Project

2. Community-based programming: Provide high-quality community-based programs, supports, and opportunities to help court-involved youth succeed and promote community safety. (2 Activities)

Activity Title	Activity Description	Type of Activity
Case planning and management	Organize and monitor services, supports, and opportunities that respond to a young person’s needs in alignment with positive youth development.	Daily Service
Service, support, and opportunity provision	Connect youth and, as needed, their families, to services, supports, and opportunities to help them succeed.	Daily Service

3. Create and maintain a highly efficient, transparent and responsive District government.** (1 Activity)

Activity Title	Activity Description	Type of Activity
Employee Recruitment and Retention	This relates to the agency's strategic recruitment and retention of agency personnel.	Key Project

KEY PERFORMANCE INDICATORS

Key Performance Indicators measure how well an agency is achieving its Strategic Objectives. They are outcome-oriented and should be used to answer the question, “What does the agency need to measure to determine success?”

1. Secure facilities: Operate secure facilities that are safe, humane, and responsive to the needs of court-involved youth to help youth succeed and promote community safety. (9 Measures)

The mission of the Department on Disability Services (DDS) is to provide innovative, high-quality services that enable people with disabilities to lead meaningful and productive lives as vital members of their families, schools, workplaces, and communities in every neighborhood in the District of Columbia.

Summary of Services

The Department on Disability Services (DDS) is composed of two administrations that oversee and coordinate services for residents with disabilities through a network of private and not-for-profit providers. The Developmental Disabilities Administration (DDA) ensures that residents with intellectual disabilities receive the services and supports they need to lead self-determined and valued lives in the community. DDA achieves this through the delivery of outreach and service coordination services; the development and management of a provider network delivering community residential, day, vocational, employment, and individual and family support services; and the operation of a comprehensive quality management program.

The Rehabilitation Services Administration (RSA) delivers vocational rehabilitation services focusing on employment and training activities that allow persons with disabilities to experience a greater quality of life by obtaining and sustaining employment, economic self-sufficiency, and independence. RSA provides employment marketing and placement services, vocational rehabilitation, inclusive business enterprises, and support for the D.C. Center for Independent Living. The Department on Disability Services also serves as the state agency for Social Security Disability Insurance determinations under the direction of the Social Security Administration.

The agency's FY 2019 proposed budget is presented in the following tables:

Agency Request – Increase: The Department on Disability Services has proposed a Local funds net increase of \$2,526,896 to the Developmental Disabilities Administration (DDA) division for local maintenance of persons. These funds will primarily be used to support residential services. A projected increase of \$1,914,279 in Local funds will be made across multiple divisions to cover projected Fringe Benefits, salary, and step increases for current personnel. These funds will also support an additional 5.0 Continuing Full-Time Equivalents (FTEs) in the Agency Management (AMP) division previously supported by Federal Grant funds. This includes the reallocation of 3.0 FTEs from the Developmental Disabilities division to the AMP division and aligns personal services with actual work performed. A final proposed Local funds increase of \$883,467 will be used across multiple divisions. This adjustment includes funding for the AMP division to satisfy a memorandum of agreement with the Office of Contracting and Procurement. DDS budget proposal also increased by \$45,594 in personal services to account for federal costs shifting to Local.

In the proposed budget submission for Federal Grant funds, the fixed costs assessments for Telecommunications, Rent, Security Services, and Occupancy will collectively increase by \$100,213 across multiple divisions. The proposed budget submission for Federal Medicaid Payments reflects an increase of \$544,570 to the AMP division. This adjustment was necessary to align the fixed costs projections for Rent, Security, and Telecommunications.

Agency Request – Decrease: The agency will realize a net decrease of \$168,815 in Local funds to align fixed cost estimates across multiple divisions. This is primarily due to reductions in Telecommunications and Security Services.

DDS will make several adjustments to its Federal Grant funds budget that supports personal service costs. The agency will reallocate the services provided by 11.0 FTEs across the agency to support programmatic initiatives, and will shift 5.0 FTEs to Local funds. These actions will generate a savings of \$847,027. A proposed decrease of \$1,894,343 in Federal Grant funds across multiple divisions is the result of revised revenue projections for Indirect Cost Recovery grants, and the expiration of the Wrong Door grant.

The Federal Medicaid Payments budget proposal includes the reallocation of services provided by 3.5 FTEs for a projected savings of \$312,770. The proposed decrease of \$410,010 across multiple divisions aligns the budget with the anticipated federal match to the District's expenditures on Medicaid eligible services.

The agency is projecting a net decrease of \$463,257 in Special Purpose Revenue funds across multiple divisions. The amount of funding received from the Social Security Administration (SSA) for services provided to Social Security Disability clients is projected to decrease by \$250,000; funding received from vending facilities assigned to provide employment and other economic opportunities for blind persons is expected to decrease by \$200,000; and funds received from the SSA to pay monthly benefits for eligible District residents with disabilities is expected to decrease by \$13,257.

Mayor's Policy – Enhance: In Local funds, the agency proposes a one-time increase of \$1,093,000 and 10.0 Continuing Full-Time FTEs in the AMP and Agency Financial Operations divisions to reflect the cost associated with a reduced cost allocation plan.

District's Proposed Budget

Enhance: The budget proposal reflects an increase of \$1,816,147 in Special Purpose Revenue funds in the DDA division to support the cost of care for non-Medicaid clients.

Reduce: DDS will realize a Local funds savings of \$33,773 in the Agency Management division because of a revised fixed cost estimate from the Department of General Services for Occupancy. A one-time reduction of \$1,816,147 in Local funds will be made in the DDA division, which will offset the SPR enhancement.

Agency Performance Plan*

The Department on Disability Services (DDS) has the following strategic objectives for FY 2019:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Provide high quality direct services and supports leading to the full inclusion of people with disabilities in the District.
2. Improve the quality of service planning and responsiveness of service coordination and advocacy to improve personal outcomes and customer satisfaction.
3. Improve the performance of DDS and provider community operations aligned with best practice to lead to improved personal outcomes and satisfaction.
4. Operate effective systems of continuous quality assurance and improvement to ensure the provider network is in compliance with District policies and regulations, ensures health and safety and mitigates risks.
5. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into “daily services” (ex. sanitation disposal), and long-term “key projects” that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

The mission of the Department of Health Care Finance (DHCF) is to improve health outcomes by providing access to comprehensive, cost-effective, and quality health care services for residents of the District of Columbia.

Summary of Services

The Department of Health Care Finance provides health care services to low-income children, adults, the elderly, and persons with disabilities. More than 250,000 District of Columbia residents (more than one-third of all residents) receive health care services through DHCF's Medicaid and Alliance programs. DHCF strives to provide these services in the most appropriate and cost-effective settings possible.

GROSS FOR HT0 - DEPARTMENT OF HEALTH CARE FINANCE		3,345,428	351.0

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2019 Proposed Budget Changes

The Department of Health Care Finance's (DHCF) proposed FY 2019 gross budget is \$3,345,427,768, which represents a 4.8 percent increase over its FY 2018 approved gross budget of \$3,192,314,370. The budget is comprised of \$784,276,601 in Local funds, \$83,686,775 in Dedicated Taxes, \$2,321,969 in Federal Grant funds, \$2,367,409,467 in Federal Medicaid Payments, \$2,955,610 in Special Purpose Revenue funds, and \$104,777,346 in Intra-District funds.

Recurring Budget

The FY 2019 budget for DHCF includes a reduction of \$600,000 to account for the removal of one-time funding appropriated in FY 2018, which supported the Grant-Making Amendment Act of 2017.

Mayor's Proposed Budget

The Department of Health Care Finance has a structure change to its FY 2019 proposed operating budget submission. DHCF has the responsibility to design, develop, implement, and manage the District of Columbia Access System (DCAS), which is a state-of-the-art eligibility system for all health and human services for the District. When fully implemented, DCAS will serve as the platform to provide the District with a modern integrated eligibility system for Medicaid, Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance to Needy Families (TANF) and other programs with new case management capabilities that span programs and agencies. The DCAS division will be comprised of \$62,519,908 and 69.0 Continuing Full-Time Equivalents (FTEs) across Local, Federal Medicaid Payments, and Intra-District funds.

Cost-of-Living Adjustment: DHCF's budget proposal includes cost-of-living adjustments (COLA) of \$777,731 in Local funds, \$20,050 in Dedicated Taxes, \$771,858 in Federal Medicaid Payments, \$71,461 in Special Purpose Revenue funds, and \$32,298 in Intra-District funds.

Agency Request – Increase: The proposed Local funds budget submission includes an increase of \$40,795,179 to the Health Care Finance division for Subsidies and Transfers. This adjustment is because of the projected growth in enrollment and increases in provider payment rates. In particular, DHCF projects enrollment in the Elderly and Persons with Physical Disabilities (EPD) waiver program to grow by over 8 percent, and enrollment of childless adults with incomes below 138 percent of the federal poverty level to grow by over 7 percent. DHCF projects the growth trend in the per person cost of fee-for-service beneficiaries to be over 5 percent, and managed care organization (MCO) rates for the Alliance program are expected to increase by nearly 12 percent. These increases impact this projected increase in funding requirements.

The newly formed DCAS division will be supported by \$25,189,683 and 35.2 Continuing Full-Time FTEs in Local funds. Adjustments to nonpersonal services will result in an increase of \$8,406,573 in Local funds across multiple divisions. This additional funding will primarily be used to support long-term care activities.

A Local funds increase of \$1,709,322 will be used across multiple divisions to support the projected costs of salary steps, Fringe Benefits, and an additional 8.8 Continuing Full-Time FTEs. Local funds contain an additional increase of \$288,560 to the Agency Management division to align the budget with Fixed Costs estimates received from the Department of General Services (DGS) and the Office of the Chief Technology Officer (OCTO) for Energy, Telecommunications, Rent, Security Services, and Occupancy.

The proposed budget submission for Federal Medicaid Payments includes an increase of \$31,062,911 and 28.6 Continuing Full-Time FTEs for the DCAS division. An increase of \$10,002,990 is based on anticipated federal matching to the District's expenditures of local resources spent on Medicaid-eligible health care services. DHCF will also eliminate 3.9 temporary FTEs and 1.2 Continuing Full-Time FTEs previously supported by Federal Medicaid Payments.

In Special Purpose Revenue (SPR) funds, a proposed increase of \$394,650 will be used for personal service costs, primarily to support an additional 3.9 Continuing Full-Time FTEs.

The proposed budget submission for Intra-District funds includes an increase of \$10,261,560 based on signed Memoranda of Understanding (MOUs) with the Department of Behavioral Health and the Department on Disability Services to provide Medicaid services to beneficiaries served by those agencies, including

beneficiaries using Mental Health Rehabilitation Services and those enrolled in the waiver for Individuals with Intellectual and Developmental Disabilities. DHCF has an MOU with the Department of Human Services that will support \$5,846,012 and 5.2 Continuing Full-Time FTEs for the DCAS division.

Agency Request – Decrease: The proposed budget submission for Dedicated Tax funds is reduced by a partial Continuing Full-Time FTE and \$119,517 as a result of projected personal services costs across multiple divisions. Nearly \$13 million of the proposed \$19,280,063 decrease in Dedicated Taxes across multiple divisions is because of the expiration of provider taxes on inpatient and outpatient hospital revenue. The remaining balance is due to decreased spending in the Healthy D.C. fund, which is supported by a tax on health insurance companies that operate in the District. The Healthy D.C. decrease occurs because of reductions in revenue projections and availability of fund balance.

In the budget submission for Federal Grant funds, a proposed decrease of \$480,565 aligns the budget with projected revenues in the Long Term Care division. In SPR funds, a projected decrease of \$1,178,585 is driven by the Health Care Finance division, where spending from the third-party liability fund is projected to decline. This is due, in part, to better coordinated benefits reducing the need to retroactively recover funds from third-party payers.

Mayor’s Policy – Enhance: DHCF will receive a one-time Local funds enhancement in the amount of \$1,350,000 in the Health Care Finance division to implement a Physician Supplemental Payment that mitigates Medicaid losses for group practices that agree to provide inpatient/hospitalists, emergency department and intensive care physician services in Wards 7 and 8. An additional \$840,000 one-time Local funds enhancement will support 6.6 FTEs, audits, and administrative costs as a result of a reduced cost allocation plan.

The agency will reflect an increase of \$667,098 and 5.4 FTEs in its proposed submission for Federal Medicaid Payments as a result of cost allocation plan changes.

Mayor’s Policy – Reduce: The agency is proposing Local funds savings across multiple services and divisions. A savings of \$70,778 reflects revised Fixed Cost estimates from DGS. An aggregate savings of \$8,500,000 will be made through the following actions: A projected savings of \$328,190 in the Program of All-Inclusive Care for the Elderly (PACE) resulting from updated information reflecting enrollments; a savings of \$1,369,335 due to the closure of the OB/GYN department at the United Medical Center, which affects Disproportionate Share Hospital (DSH) payments; a savings of \$2,302,475 in various contracts that have yet to be implemented; and a savings of \$4,500,000 from Medicaid Care Organizations (MCO) as a result of rate changes. The corresponding adjustments to the budget submission for Federal Medicaid Payments is reflected as a reduction of \$9,930,180.

District’s Proposed Budget

Enhance: DHCF will receive \$905,000 in one-time Local fund enhancements in the Health Care Reform and Innovation division. Of this amount, \$500,000 will support a grant to design and develop the Community Resource Inventory Pilot program as specified by Title I, Section 110 of the “Birth-to-Three for All D.C. Act of 2018”; \$200,000 will support patient-centered care for Medicaid-eligible pregnant women; \$100,000 will support grants for oncology services in Wards 7 and 8; \$75,000 will support a pilot program for faith-based organizations; and \$30,000 will support a grant for medical services to teen parents through a high-school program in Wards 7 and 8.

The Healthcare Policy and Planning division will increase its Local funds personal services budget by \$579,893 and 3.0 FTEs. The funds support program analysts that will provide program integrity and auditing services to reduce potential fraud in the D.C. Healthcare Alliance program. This division will also receive a one-time Local funds enhancement in the amount of \$200,002, which will support a substance abuse Medicaid waiver and rate analysis for the Department of Behavioral Health.

In the proposed budget for Dedicated Taxes, an increase of \$16,159,407 will be used in the Health Care Finance division. This is comprised of \$8,501,420 to support the "Medicaid Hospital Inpatient Rate Supplemental Act of 2018" and \$7,657,987 to support the "Medicaid Hospital Outpatient Rate Supplemental Act of 2018."

The projected federal reimbursement for Federal Medicaid Payments of \$37,641,916 across multiple divisions consists of \$19,836,646 for the "Medicaid Hospital Inpatient Rate Supplemental Act of 2018," \$17,641,634 for the "Medicaid Hospital Outpatient Rate Supplemental Act of 2018," and \$163,636 for the corresponding adjustment for the substance abuse Medicaid waiver and rate analysis.

Reduce: In Local funds, a proposed reduction of \$72,043 aligns the budget with the revised Fixed Cost for Occupancy in the Agency Management division. Also in this division, a Local funds reduction of \$156,382 will be made to adjust the Operating Impact of Capital for the Case Management System. The agency will also make adjustments to its Locally funded personal services budget by reducing 2.2 FTEs and aligning the budget with projected expenses, which will save \$443,722 across multiple divisions. The corresponding adjustments to Federal Medicaid Payments reflect a reduction of \$28,923 and 1.8 FTEs.

Agency Performance Plan*

The Department of Health Care Finance (DHCF) has the following strategic objectives for FY 2019:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Provide access to comprehensive healthcare services for District residents.
2. Ensure the delivery of high quality healthcare services to District residents.
3. Deter fraud, waste, and abuse by promoting integrity throughout the Medicaid program.
4. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into “daily services” (ex. sanitation disposal), and long-term “key projects” that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Provide access to comprehensive healthcare services for District residents. (4 Activities)

Activity Title	Activity Description	Type of Activity
Eligibility	Based on the Federal guidelines for Medicaid and local laws for the Alliance program, DHCF provides healthcare to District residents according to the criteria of the programs offered. This requires the agency to create State Plans and rules that define the qualifications, along with working with other District agencies to ensure that qualified applicants are granted access to these healthcare programs.	Daily Service
Benefits	DHCF establishes and administers healthcare benefits for DC residents primarily through two delivery systems: managed care and Fee -for-service (FFS). The benefit design is detailed through the Medicaid State Plan, waiver applications, rules, laws and transmittals.	Daily Service
Eligibility and Enrollment System	DHCF is charged with implementing and overseeing a single, streamlined, no-wrong door eligibility and enrollment system for all health and human services assistance programs being offered by the District of Columbia.	Daily Service
DC Access System (DCAS)	DHCF is charged with implementing and overseeing a single, streamlined, no-wrong door eligibility and enrollment system for all health and human services assistance programs being offered by the District of Columbia.	Key Project

2. Ensure the delivery of high quality healthcare services to District residents. (2 Activities)

Activity Title	Activity Description	Type of Activity
Claims Processing	As beneficiaries utilize services with physicians, clinics, pharmacies, and hospitals, payments are remitted by those providing the services to DHCF for processing and payment. Federal regulations and local laws require prompt payment of claims submitted, so DHCF must first verify the eligibility of the beneficiary, the Medicaid enrollment of the provider, and the validity of the service being provided.	Daily Service
Provider Enrollment and Screening	In order to receive payments for services provided to Medicaid and Alliance patients, physicians, clinics, pharmacies, hospitals and other providers must first apply to be a qualified provider. DHCF screens providers to minimize future unscrupulous activities. Once enrolled, provider information is retained and utilized to accept and process future claims.	Daily Service

3. Deter fraud, waste, and abuse by promoting integrity throughout the Medicaid program. (1 Activity)

Activity Title	Activity Description	Type of Activity
Program Integrity	The DHCF promotes the integrity of Medicaid through audits, policy review and identification and monitoring of program vulnerabilities. These efforts are conducted on a daily basis by implementing proper policies and procedures as well as the development and implementation of a strategic plan and quality assurance.	Daily Service

Agency Performance Plan*

The Office of the Deputy Mayor for Health and Human Services has the following strategic objectives for FY 2019:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Oversee and facilitate the coordination of interagency activities and initiatives amongst health and human services cluster agencies to eliminate redundancies, leverage resources, create economies of scale, and improve outcomes.
2. Oversee the management of DMHHS led inter-agency programs to develop shared outcomes and improve the delivery and coordination of supports and services across government on identified policies and goals.
3. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into “daily services” (ex. sanitation disposal), and long-term “key projects” that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Division Description

The Department of Public Works (DPW) operates through the following 6 divisions:

Snow Removal Program – this program ensures the District is safe to navigate after the end of a snow storm and resuming normal government services and business commerce in an efficient, environmentally sustainable and safe manner.

This division contains the following 4 activities:

- **Snow Removal** – provides the staffing, overtime, and other required tools to administer the District's Snow Removal program;
- **Road Treatment** – provides salt and beet juice to treat District roadways prior to, during, and after snow storms;

- **Equipment Rental** – facilitates rental of snow equipment, which includes dump trucks, pickup trucks and other snow removal related equipment. Also, the maintenance and repairs of District-owned snow equipment is included in this activity; and
- **Contract Plows** – facilitates the District contracting with private companies to assist with the plowing of District streets during snow storms.

Fleet Management – supports all city services by procuring and maintaining more than 3,000 vehicles, excluding those used by the Metropolitan Police Department, the Fire and Emergency Medical Services Department, the Department of Corrections, and DC Public Schools. This division fuels all 6,000 District government vehicles, including school buses, fire and trash trucks, and street sweepers.

FY 2019 Proposed Budget Changes

The Department of Public Works' (DPW) proposed FY 2019 gross budget is \$175,886,875, which represents a less than 1.0 percent decrease from its FY 2018 approved gross budget of \$175,914,769. The budget is comprised of \$139,780,640 in Local funds, \$7,783,272 in Special Purpose Revenue funds, and \$28,322,963 in Intra-District funds.

Recurring Budget

The FY 2019 budget for DPW includes a reduction of \$3,764,384 to account for the removal of one-time funding appropriated in FY 2018 for the Snow Removal division, which allowed the agency to accurately represent the full costs associated with snow removal.

Mayor's Proposed Budget

Cost-of-Living Adjustment: DPW's budget proposal includes cost-of-living adjustments of \$4,057,932 in Local funds, \$103,977 in Special Purpose Revenue funds, and \$575,476 in Intra-District funds.

Agency Request – Increase: DPW's proposed budget for Local funds in the Agency Management division reflects a net increase of \$1,358,049 primarily in personal services, which is partially offset by a reduction of 4.0 Full-Time Employees (FTEs). The Solid Waste Management division's budget includes a net increase of \$171,962 and 1.0 FTE. Additionally, the budget includes a net increase of \$29,279 in the Agency Financial Operations division to support agency functions.

In Intra-District funds, the budget proposal includes a net increase of \$159,280 in the Fleet Management division based on projected changes in salary, step, Fringe Benefits increases and adjustments to nonpersonal services costs. The Parking Enforcement Management division reflects an increase of \$93,841 in Overtime

and nonpersonal services costs related to support towing and ticketing enforcement activities related to the Streetcar. Additionally, the Agency Management division contains an increase of \$19,371 in personal services based on projected changes in salary, step and Fringe Benefits costs. Adjustments in the budget for Intra-District funds are impacted by the two citywide Memoranda of Understanding (MOU) agreements that DPW maintains with District agencies. The MOU agreements support the disposal of waste at city transfer sites and the maintenance and repair of agency vehicles.

Agency Request – Decrease: The proposed Local funds budget for the Snow Removal division reflects a net reduction of \$434,616, primarily in contractual services, for leaf collection drivers and paving services used for snow removal. Additionally, the Local funds budget for the Parking Enforcement Management division reflects a net decrease of \$1,124,674, which includes a reduction of 16.0 FTEs in the Parking Regulations Enforcement program.

In Special Purpose Revenue funds, the budget proposal reflects a reduction of \$248,951 and 6.0 FTEs in the Solid Waste Management division aligns the personal services budget with projected costs for salary and Fringe Benefits. Additionally, a reduction of \$545,916 in the Solid Waste Management division is based on a projected adjustment to contractual services.

Mayor's Policy – Enhance: The Local funds budget proposal in DPW includes a one-time funding increase of \$2,900,000 to support the Snow Removal Program division, and a one-time increase of \$107,348 to support an additional 2.0 FTEs in the Solid Waste Management division to clean homeless encampments.

Mayor's Policy – Reduce: DPW's proposed budget in Local funds includes a decrease of \$1,500,000 in Overtime Pay in the Solid Waste Management division. This reduction is expected to be offset by the filling of 20.0 vacant positions in Fiscal Year 2018, which will reduce the amount of overtime needed in the proposed budget year. Additionally, a reduction of \$251,000 in contractual services in the Solid Waste Management division reflects projected cost savings within the agency.

District's Proposed Budget

Enhance: The Department of Public Works' proposed Local funds budget includes an increase of \$145,689 to support sanitation disposal services in the Solid Waste Management division. Additionally, in Local funds, the budget proposal includes an increase of \$78,000 for the Office of Waste Diversion in the Agency Management division to establish a home composting incentive program. This program would provide eligible residents either a rebate or a voucher for up to \$75 to purchase a home composting system that is approved by the Department of Public Works.

Reduce: DPW's proposed budget in Local funds includes a decrease of \$1,958,658, which is the result of eliminating 28.0 vacant FTEs across multiple divisions.

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Enhance District-wide fleet management systems and services to ensure timely and cost effective availability of vehicles while decreasing our fleet's environmental impact.

GROSS FOR KA0 - DISTRICT DEPARTMENT OF TRANSPORTATION		142,590	619.4

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2019 Proposed Budget Changes

The District Department of Transportation's (DDOT) proposed FY 2019 gross budget is \$142,590,091, which represents a 18.9 percent increase over its FY 2018 approved gross budget of \$119,972,368. The budget is comprised of \$107,582,991 in Local funds, \$11,474,350 in Federal Grant funds, and \$23,532,750 in Special Purpose Revenue funds.

Recurring Budget

The FY 2019 budget for DDOT includes a reduction of \$642,099 to account for the removal of one-time funding appropriated in FY 2018, of which \$542,099 was to offset a shift of nonpersonal services funding to Special Purpose Revenue and \$100,000 was to support the abatement of parking fees for Business Improvement Districts (BIDs).

Mayor's Proposed Budget

Cost-of-Living Adjustment: DDOT's budget proposal includes cost-of-living adjustments (COLA) of \$2,057,556 in Local funds, \$58,044 in Federal Grant funds, and \$10,490 in Special Purpose Revenue funds.

Agency Request – Increase The FY 2019 budget proposal allows DDOT to carry out its primary objective, which is to ensure that people and goods move safely throughout the District and with minimum impact to the environment. In Local funds, DDOT's budget proposal includes an increase of \$22,940,011 in the Project Delivery Administration, primarily because of transfer of \$24,226,000 from the Washington Metropolitan Area Transit Authority (WMATA) to support the operations and management of the Circulator Bus System.

The DDOT Local funds proposal includes an increase of \$846,354 and 8.0 Full-Time Equivalent (FTEs) in personal services to cover projected salary, step, and Fringe Benefits. Of this amount, an increase of \$289,886 and 4.0 FTEs is in the Administrative Administration and \$556,468 and 4.0 FTEs is in the Performance Administration. Also, operational costs increased by \$100,000 to support Operations Administration initiatives.

In Federal Grant funds, the proposed budget includes an increase of \$8,585 due to a projected carry-over from Indirect Cost Recovery funding.

DDOT's budget proposal in Special Purpose Revenue funds includes an increase of \$4,800,000 in the Project Delivery Administration primarily due to transfers of Projects and Circulator funds from WMATA. This adjustment includes \$4,300,000 in Other Services and Charges and \$500,000 in Contractual Services. Additionally, the Office of the Director's budget increased by \$128,948 and 1.0 FTE to enhance oversight and management of the agency.

Agency Request – Decrease: DDOT's FY 2019 budget proposal in Local funds reflects a reduction of \$1,187,955 and 8.0 FTEs to account for the reallocation of resources along divisional lines and miscellaneous adjustments to salary and Fringe Benefits costs. This adjustment includes a \$635,420 decrease in the Project Delivery Administration, a \$485,372 decrease in the Operations Administration, and a \$67,162 decrease in the Office of the Director.

The Special Purpose Revenue budget decreased by \$389,874 and 3.0 FTEs across multiple programs to account for salary and Fringe Benefit costs adjustments. Of this amount, the Project Delivery Administration budget decreased by \$264,350 and 2.0 FTEs and the Operations Administration decreased by \$125,525 and 1.0 FTE. Also, a Contractual Services savings of \$6,678,708 in the Operations Administration and the Office of the Director is due to a programmatic change to the Transportation Infrastructure Mitigation fund that helps strengthen internal controls.

Mayor's Policy-Enhance: The proposed FY 2019 budget in Local funds includes two adjustments within the Project Delivery Administration: an increase of \$1,000,000 to support a rapid bus study along New York Avenue, and an increase of \$600,000 and 5.0 FTEs to support the operations and management of the Circulator Bus System.

Mayor's Policy-Reduce: The proposed budget in Local funds includes a decrease of \$588,000 in the Operations Administration because of contractual services savings.

District's Proposed Budget

Enhance: DDOT's proposed Local funds budget includes a one-time increase of \$500,000 in the Project Delivery Administration to support the New York Avenue corridor rapid bus study and to conduct a study of the effect of autonomous vehicles in the District. The proposed budget also includes a one-time enhancement

Agency Performance Plan*

The District Department of Transportation (DDOT) has the following strategic objectives for FY 2019:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

5. Invest in long-term capital projects for the future of the transportation system.
6. Create and maintain a highly efficient, transparent and responsive District government.**

Division Description

The Department of Motor Vehicles (DMV) operates through the following 6 divisions:

Adjudication Services – provides ticket processing, notices, and hearing and hearing support services to residents and non-residents, in order to render legally sound decisions on parking, photo, and moving violations, and to ensure proper processing of violation and penalty payments for those infractions.

This division contains the following 3 activities:

- **Hearings** – provides fair and equitable reviews of ticket and permit violations for respondents so that they can resolve outstanding issues of liability;
- **Hearing Support** – provides intake, data review, records management, and administrative support functions to ensure accurate records and transmittal of information in support of adjudication hearings; and
- **Ticket Processing** – provides processed ticket information to create and maintain DMV's database, provides scheduled notifications and information to residents and non-residents of the District of Columbia, and processes and tracks fines and penalty payments for tickets issued by traffic enforcement authorities.

Vehicle Services – provides certification and inspection services to residents, businesses, and government entities so that they may legally park, drive, and sell their vehicles in the District of Columbia.

This division contains the following 4 activities:

- **Inspections** – provides safety and emission inspection services to residents and non-residents so that they can receive a timely vehicle inspection to facilitate reduced auto emissions (all vehicles) and safer vehicles (for-hire and commercial vehicles only). The air emission inspections meet the requirements of the District's Air Quality Attainment State Implementation Plan;

- **Registrations** – provides legal certification services to residents and non-residents by providing timely documentations of ownership and authority to operate, allowing them to legally drive, park, or sell their vehicles;
- **Registrations – Out of State Vehicles** – provides registration services for “for hire” vehicles whose owner is based outside of the District; and
- **International Registration Plan** – administers the District of Columbia's participation in the U.S.-based plan, which allows for the distribution of registration fees for commercial motor vehicles travelling inter-jurisdictionally through member states and provinces.

Driver Services – provides driver certification and identification services to residents to ensure they have the proper credentials to reflect identity, residence, and driving qualifications so that they may legally operate their vehicles.

Technology Services – provides integrated and reliable information systems for all DMV services and complies with District-wide technology standards and requirements.

This division contains the following 3 activities:

- **Information Technology** – operates and maintains the automated systems specific to DMV operations support, including wait-queuing, digital photos, and hearing recordings;
- **Driver and Vehicle Systems** – operates and maintains the automated systems providing support for driver and vehicle databases and service functions; and
- **Ticket Information Systems** – operates and maintains the automated systems providing support for ticketing and adjudication services.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

FY 2019 Proposed Budget Changes

The Department of Motor Vehicles' (DMV) proposed FY 2019 gross budget is \$46,660,850, which represents a 2.6 percent increase over its FY 2018 approved gross budget of \$45,487,969. The budget is comprised of \$30,373,427 in Local funds, \$10,080,452 in Special Purpose Revenue funds, and \$6,206,972 in Intra-District funds.

Recurring Budget

The FY 2019 budget for DMV includes a reduction of \$250,000 to account for the removal of one-time funding appropriated in FY 2018. This amount includes \$200,000 for the agency's computer system upgrades for automatic voter registration, and \$50,000 and 1.0 FTE that supported the driver's license and identification card service functions within the agency.

Mayor's Proposed Budget

Cost-of-Living Adjustment: DMV's budget proposal includes cost-of-living adjustments (COLA) of \$723,528 in Local funds, \$132,116 in Special Purpose Revenue funds, and \$76,123 in Intra-District funds.

Agency Request – Increase: DMV proposes an increase of \$947,185 in Local funds within the Agency Management division to support expenses related to Occupancy Fixed Costs. Also, a proposed Local funds increase of \$34,328 supports salary steps and Fringe Benefits costs.

In Special Purpose Revenue (SPR) funds, DMV's budget proposal includes a net increase of \$387,277 within the Agency Management division to support Fixed Costs related to Natural Gas, Water, and Security Services. Other adjustments of \$366,450 across multiple divisions cover costs associated with computer hardware acquisitions and current projections of FY 2019 OCTO IT assessments.

In Intra-District funds, the proposed budget reflects an increase of \$4,586 within the Adjudication Services division, which is based on a projection of the Metropolitan Police Department's (MPD) portion of contractual costs related to ticket processing.

Agency Request – Decrease: The proposed budget in DMV's Local funds is adjusted for a decrease of \$206,866 for Contractual Services across multiple divisions because of shifts in funding for emission equipment maintenance and imaging contracts. A decrease of \$272,903 across multiple divisions reflects reduced copier leasing, supplies and materials. A further reduction of \$779,215 to Other Services and Charges across multiple divisions primarily reflects expenditure projections for Security-related Fixed Costs and elimination of the service center parking lot attendants.

In SPR funds, DMV proposes adjustments in the Vehicle Services division, which include a reduction of \$17,792 to align Fringe Benefits with anticipated costs and a reduction of \$58,638 for overtime. Additionally, a \$290,231 reduction in Contractual Services costs is based on projected reductions in the imaging contract and a reduction in Out-of-State Registration revenue.

Mayor's Policy – Enhance: DMV's budget proposal in Local funds reflects a one-time funding increase of \$103,303 and 1.0 FTE in the Adjudication Services division to create a pilot online chat system for adjudication of parking and photo enforcement tickets.

District's Proposed Budget

Enhance: The proposed Local funds budget for the Department of Motor Vehicles includes a one-time funding increase of \$200,000 to the Adjudication Services division. This supports the implementation of the data collection requirements of the District of Columbia's Neighborhood Engagement Achieves Results (NEAR) Act. The proposed Local funds budget also reflects an increase of \$92,000 to the Driver Services division to cover the costs associated with performing driver's license and identification card service functions in support of the Returning Citizens Opportunity to Succeed initiative.

Reduce: The Local funds budget proposal reflects a reduction of \$18,349 in the Agency Management division to properly align the personal services budget with projected costs.

Agency Performance Plan*

The Department of Motor Vehicles (DMV) has the following strategic objectives for FY 2019:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Make it easier, faster and friendlier to do business with DMV.
2. Ensure a skilled and diverse workforce for quality customer service.
3. Ensure the integrity, security and safety of DMV's in-person, by mail and online processes and operations.
4. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into “daily services” (ex. sanitation disposal), and long-term “key projects” that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

Division Description

The Department of Energy and Environment operates through the following 9 divisions:

Natural Resources – conserves, protects, and improves the soil, water, and living resources of the District of Columbia, and protects its aquatic resources from pollution and degradation.

This division contains the following 5 activities:

- **Fisheries and Wildlife** – develops, supports and implements programs for urban fish and wildlife conservation, protection, recreation, and sustainability;
- **Inspection and Enforcement** – protects the District’s water resources through enforcement of water pollution control laws and regulations;
- **Water Quality** – evaluates the health of the District’s waters and aquatic resources, establishes and enforces water quality standards, sets targets for pollution reduction, develops implementation strategies to meet standards, tracks and reports on restoration progress and manages local and federal funds to achieve these goals;
- **Watershed Protection** – protects and restores the environmental health of the District’s watersheds by restoring streams and wetlands, providing incentives to control nonpoint source pollution, and conducting outreach and education; and
- **Regulatory Review** – reviews proposed construction projects in the District to ensure they comply with applicable laws and regulations to protect and restore health to District waterbodies and manages related programs, including the District’s flood risk management initiatives and mitigation programs such as the Stormwater Retention Credit Trading Program and In Lieu Fee Program.

Environmental Services – protects public health and the environment in areas related to air quality, hazardous waste, lead, pesticides, and underground storage of petroleum products.

This division contains the following 4 activities:

- **Toxic Substances** – protects human health and the environment from the potential hazards associated with toxic substances (pesticides), hazardous waste, underground storage of petroleum products, and the redevelopment of environmentally contaminated properties;
- **Air Quality** – ensures the implementation of, and compliance with, the District’s air quality laws;
- **Lead-Safe and Healthy Housing** – protects the health of District residents by monitoring lead safety throughout the District’s housing stock and by raising awareness of other residential environmental and safety hazards; and
- **Rail Safety and Emergency Response** – allows state participation in investigative and surveillance activities. The principal method of participation is by agreement with the Federal Rail Administration.

Community Relations – manages public affairs and community education programs for DOEE. The division coordinates educational outreach activities including promotional events, educational workshops, and seminars, to engage the regulated community, businesses, and residents of the District on DOEE programs and services. The division also develops printed materials and manages DOEE’s doee.dc.gov website.

Energy – is a single resource for energy efficiency and renewable energy programs, products and services for residential, commercial, institutional, and government sectors in the District of Columbia. The division develops energy-related policies and plans, and coordinates and facilitates the overall effort of the District government to achieve reliable, clean and affordable energy. The division also provides direct financial assistance and discounts to low-income residents to help offset their energy bills.

This division contains the following 6 activities:

- **Energy Efficiency and Conservation** – helps residents and businesses reduce their energy consumption by providing technical and financial assistance to help identify and install audit-recommended energy efficiency measures, provides financing solutions to help commercial property owners implement energy efficiency improvements, and educates District residents about the efficient and safe use of energy;
- **Energy Affordability** – assists low-income residents with their energy and utility bills, including emergency and non-emergency financial assistance and utility discounts;

- **Energy Assistance Benefit Payments** – identifies funding available for Low-Income Home Energy Assistance Program (LIHEAP) payments;
- **Data and Benchmarking** – administers the District of Columbia Sustainable Energy Utility contract, collects and manages energy building performance data, conducts research and analysis of energy data, develops record-keeping protocols, and conducts evaluation, measurement and verification of energy efficiency and renewable energy programs;
- **Policy and Compliance** – develops and recommends energy policies and programs that support greater deployment of renewable energy technologies, provides advice on utility rate cases, drafts the District’s comprehensive energy and energy assurance plans, conducts studies that support the development of energy goals, and recommends implementation strategies to help the District achieve effective management and use of present and future sources of energy; and
- **CRIAC Relief Fund** – mitigates DC Water Clean Rivers Impervious Area Charge (CRIAC) costs to low and moderate income rate payers in the District. The CRIAC was developed in 2009 to pay for the Clean Rivers Program, a \$2.6 billion court-ordered mandate to reduce combined sewer overflows in the District. The CRIAC has increased every year and is projected to continue to increase annually until about 2027. This relief fund will help offset those charges.

Enforcement and Environmental Justice – develops and implements effective practices to support DOEE enforcement efforts. The office works directly with DOEE’s environmental enforcement programs by coordinating planning, providing training, developing standard procedures, and managing the civil infractions program. The office serves as the lead agency contact for enforcement matters involving Environmental Protection Agency Region 3.

Green Economy – drives growth of the green economy by encouraging green businesses, green buildings, and green jobs, and by pursuing the research and creation of market-based incentives that jointly promote environmental sustainability and economic development.

This division contains the following 2 activities:

- **Green Economy**– promotes environmentally progressive economic growth and development through the implementation of green building policies and the research and development of market-based strategies to encourage environmental sustainability; and
- **Green Jobs and Youth Programs** - provides environmental education, community outreach, hands-on field experience, and green job skills and professional development to District residents.

Urban Sustainability – develops innovative policies and programs to address sustainability, green building, climate change, equity, and sustainable materials management. The division also oversees the implementation of Sustainable DC, the District’s sustainability plan.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services to, and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

GROSS FOR KG0 - DEPARTMENT OF ENERGY AND ENVIRONMENT		142,811	415.0

(Change is calculated by whole numbers and numbers may not add up due to rounding)

FY 2019 Proposed Budget Changes

The Department of Energy and Environment's (DOEE) proposed FY 2019 gross budget is \$142,810,539, which represents an 11.3 percent increase over its FY 2018 approved gross budget of \$128,321,271. The budget is comprised of \$28,950,760 in Local funds, \$28,519,651 in Federal Grant funds, \$91,371 in Private Grant funds, \$83,274,008 in Special Purpose Revenue funds, and \$1,974,748 in Intra-District funds.

Recurring Budget

The FY 2019 budget for DOEE includes a reduction of \$150,000 to account for the removal of one-time funding appropriated in FY 2018 to support Phase 2 of the DCA Airplane Noise Assessment study.

Mayor's Proposed Budget

Cost-of-Living Adjustment: DOEE's budget proposal includes cost-of-living adjustments (COLA) of \$456,606 in Local, \$469,907 in Federal Grant, \$3,930 in Private, \$795,293 in Special Purpose Revenue, and \$45,120 in Intra-District funds.

Agency Request – Increase: DOEE's Local funds budget proposal includes an increase of \$2,001,391 in nonpersonal services across multiple divisions. The allocation of the changes is as follows: increases of \$1,983,937 to cover professional services contracts, \$14,125 in Equipment and Equipment Rental to cover information technology requirements, and \$3,329 to procure office supplies to comply with the Childhood Lead Exposure Prevention Amendment Act of 2017. An adjustment of \$53,029 to the personal services budget allows DOEE to properly fund salary steps and Fringe Benefits costs. Further increases include \$14,355 to support the cost of agency-managed Fixed Costs for telecommunications and \$6,685 in Contractual Services to support a database for the underground storage tank program.

In Special Purpose Revenue funds, DOEE proposes a net increase of \$3,112,407 across multiple divisions, based on FY 2019 revenue projections. An increase of \$1,905,010 within the agency's nonpersonal services budget across multiple divisions allows the agency to procure office supplies and computer equipment for the Stormwater Database from the Soil Erosion/Sediment Control Fund and also covers increased costs for professional service fees, and Subsidies and Transfers. It further supports the Special Energy Assessment Fund in anticipation of additional Property Assessed Clean Energy program pass-through payments. The proposed budget also includes an increase of \$1,206,313 and an additional 10.8 Full-Time Equivalents (FTEs) primarily in the Natural Resources Administration, among other administrations.

In Federal Grant funds, the budget proposal includes an increase of \$354,807 in personal services for 4.9 FTEs that moved from other funds to align staffing needs with grant requirements.

In Private Grant funds, the budget proposal includes an increase of \$87,441 and 1.1 FTEs within the Energy division to support the newly-acquired Clean Energy State Alliance and Mid-Atlantic PACE Alliance grants. These grants support broader strategies by the District to bring solar energy to low and moderate-income communities and further the regional coordination requirements of the Property Assessed Clean Energy program.

In Intra-District funds, DOEE proposed budget contains an increase of \$21,494 and 1.8 FTEs in personal services as a result of the inclusion of the Solar Works DC Memorandum of Understanding (MOU) with the Department of Employment Services. The budget also includes an increase in Equipment costs to procure vehicle air quality inspection equipment through an MOU with the Department of Motor Vehicles. Lastly, an increase in Other Services and Charges supports a Green Summer Employment Program MOU with the Department of Employment Services.

Agency Request – Decrease: DOEE's Local funds budget reflects a reduction of \$936,806 in Subsidies and Transfers across multiple divisions to align resources with projected operational spending requirements.

In Federal Grant funds, the budget proposal reflects a decrease of \$1,092,245 in nonpersonal services across multiple divisions primarily based on Subsidies and Transfers reductions to align the grant budget with anticipated awards. The completion of the Fort Dupont Watershed Restoration Grant is also reflected in a reduction in Contractual Services budget and a reduction to agency-managed telecommunications Fixed Costs.

In Intra-District funds, the proposed budget reflects a decrease of \$143,197 to align funding with Memorandum of Understanding (MOU) agreements with various District agencies. Specifically, this adjustment impacts MOU agreements with the Department of Consumer and Regulatory Affairs for the implementation of the Green Building Act requirements.

Mayor's Policy – Enhance: DOEE's budget proposal in Local funds reflects a one-time funding increase of \$6,592,593 to the Energy division. Of that amount, \$6,000,000 supports the newly created Clean Rivers Impervious Area Charge initiative and \$592,593 supports the Low Income Home Energy Assistance Program (LIHEAP). The increase in LIHEAP will allow the District to serve an additional 1,000 homes, as well as solving the funding issues that the program encounters annually. Additionally, DOEE's proposed Local funds budget increased by \$242,311 and 2.0 FTEs and by a one-time funding adjustment of \$12,900 in the Environmental Services division to support the District's Rail Safety and Security Amendment Act of 2016. These funds will support a new Rail Safety and Emergency Response division within DOEE with the purpose of overseeing heavy rail transportation in the District.

District's Proposed Budget

Enhance: The Local funds budget proposal for DOEE reflects a one-time funding increase of \$1,500,000 in the Energy division. This adjustment is comprised of \$1,000,000 that enables the District to mitigate the costs to eligible nonprofit organizations of the DC Water Clean Rivers Impervious Area Charge (CRIAC) and \$500,000 to support a grant for DC Water to provide financial assistance to eligible customers in the Danbury Station housing development for individual water meter installation. Other adjustments include increases of \$750,000 in the Environmental Services division for the agency to implement a lead screening registry, \$200,000 in the Natural Resources division to support the agency's initiatives for wildlife rehabilitation, and \$107,643 in the Environmental Services division to enable the agency to hire an Environmental Compliance

Specialist position (1.0 FTE) for the Office of Rail Safety and Emergency Response. An adjustment of \$25,000 in the Natural Resources division reflects a one-time funding increase to support an MOU with DC Water to perform a safety study of the BLOOM biosolids product.

Reduce: The Local funds budget proposal reflects a reduction of \$40,333 in the Agency Management division to properly align personal services budget with projected costs.

Agency Performance Plan*

The Department of Energy and Environment (DOEE) has the following strategic objectives for FY 2019:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Conserve the natural environment and wildlife of the District, and restore and protect aquatic resources from pollution and degradation
2. Protect the public health of all District residents by improving the environment in areas related to air, soil, and indoor pollution
3. Reduce the energy burden on the District's most vulnerable and low income populations, reduce overall energy consumption, and increase the use of renewable energy generated in the District, and enhance reliability, resiliency and environmental performance of energy systems in the District.
4. Increase engagement with District residents, businesses, and institutions in meaningful and equitable ways to increase understanding and adoption of innovative sustainability practices, and implement cutting edge programs and policies that ensure the District remains a national and international leader in areas of sustainability, green building deployment and climate change mitigation and adaptation.
5. Administer efficient and effective environmental enforcement operations, strategies, and outreach that bring polluters into compliance with the District's environmental laws
6. Create and maintain a highly efficient, transparent and responsive District government.**

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into "daily services" (ex. sanitation disposal), and long-term "key projects" that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Conserve the natural environment and wildlife of the District, and restore and protect aquatic resources from pollution and degradation (1 Activity)

Activity Title	Activity Description	Type of Activity
Natural resources services performed by agency	The DOEE Natural Resources Administration oversees fisheries and wildlife, water quality, watershed protection, and stormwater management in the District. The mission of the Washington Metropolitan Area Transit Commission (WMATC) is to help assure that the public is provided passenger transportation services by fit and responsible, privately owned, for-hire licensed carriers to service the metropolitan region. This budget reflects only the District of Columbia government appropriation to the agency.

The WMATC assumed its jurisdiction in March 1961. The commission administers the delegated powers of the Washington Metropolitan Area Transit Regulation Compact, Pub. L. The latest amended compact is codified at District of Columbia Official Code Section 9-1103.01.

A three-member Board of Commissioners directs the WMATC. One commissioner is appointed from a District of Columbia agency with oversight of matters relating to the Commission by the Mayor of the District of Columbia; one commissioner is appointed from the Maryland Public Service Commission by the Governor of Maryland; and one commissioner is appointed from the Department of Motor Vehicles of the Commonwealth of Virginia by the Governor of Virginia. Daily operations are directed by the Executive Director and carried out by WMATC staff. The Washington Metropolitan Area Transit District (Metropolitan District) consists of the following jurisdictions:

- Arlington County, Virginia;
- City of Alexandria, Virginia;
- City of Falls Church, Virginia;
- District of Columbia;
- Fairfax County, Virginia;
- Montgomery County, Maryland;

Program Description

The Washington Metropolitan Area Transit Commission's (WMATC) budget represents the District's subsidy payment to the multi-jurisdictional agency. The subsidy budget is shown in a program format for comparison purposes only. The WMATC operates through the following program:

Washington Metro Transit Commission – governs the operating authority, rates, and insurance of private-sector, for-hire passenger carriers in the metropolitan region. Specifically, the agency grants operating authority to carriers such as airport shuttles, charter group buses, tour buses, handicapped transport vehicles, businesses with private and government shuttle contracts, and carriers for conventions. As part of its regulatory program, WMATC also establishes interstate taxicab rates, which are used when taxicabs cross from one signatory jurisdiction to another. WMATC's staff is a source for determination of fares for taxicab trips between the District of Columbia and area airports or other points in Maryland or Virginia that are in the metropolitan region. Staff is also available to mediate taxicab overcharge complaints regarding interstate travel.

Program Structure Change

The Washington Metropolitan Area Transit Commission has no program structure changes in the FY 2019 proposed budget.

The mission of the Washington Metropolitan Area Transit Authority (WMATA) is to provide the public with a safe, efficient and affordable means of travel. This budget reflects only the District of Columbia government appropriation to the agency, and provides funding policy recommendations and coordination of services under the direction of the District's Department of Transportation (Transit Delivery Division).

WMATA was created February 20, 1967. It is an interstate compact agency and, by the terms of its enabling legislation, an agency and instrumentality of the District of Columbia, State of Maryland, and Commonwealth of Virginia. This compact agency was created by the aforementioned states and the District of Columbia to plan, finance, construct, and operate a comprehensive public transit system for the Washington metropolitan area. A Board of Directors, with representatives from each of the three jurisdictions and the federal government, governs WMATA. The District has two voting members and two non-voting members on WMATA's Board. The Project Delivery Administration of the District's Department of Transportation (DDOT) oversees the District's funding of WMATA and recommends policy direction, develops service initiatives, and monitors service quality. DDOT's role is inclusive of all transit modes including Metrobus, Metrorail, and MetroAccess Paratransit service.

Program Description

The Washington Metropolitan Area Transit Authority (WMATA) operates through the following 4 programs:

DC-Specific (Reimbursable to WMATA) Projects – are not part of the regular jurisdictional share of the WMATA subsidy; they are programs or projects for which the District pays funds directly. This program contains the following 3 activities:

- **Metro Safety Commission - Oversight Commission** –The Metrorail Safety Commission has safety regulatory and enforcement authority over the WMATA Metrorail system and acts as the state safety oversight authority for WMATA;

- **Reduced Fares** – operates a special fare buy-down on bus-to-rail and rail-to-bus transfers in Southeast Washington; and
- **School Transit Subsidy** – operates services associated with the School Subsidy program.

Debt Service – covers the District's annual share of financing costs for bonds sold by WMATA for the construction of the original system and for ongoing transit infrastructure rehabilitation and replacement. This payment is consistent with the Ancillary Bond Repayment Participation Agreement entered between the District of Columbia, the State of Maryland, the Commonwealth of Virginia, and the United States Secretary of Transportation.

MetroAccess – provides curb-to-curb wheelchair lift-equipped van service for persons unable to use accessible conventional bus or rail services. In the District, the service has nearly 9,200 certified riders who make approximately 54,000 trips per month. WMATA contracts with private carriers for the Paratransit service.

WMATA Operations – ensures that Metrorail and Metrobus operate efficiently and timely within the District of Columbia.

This program contains the following 2 activities:

- **Metrobus Operations** – operates approximately 350 bus routes on 135 lines throughout the metropolitan area, serving an average yearly ridership of 135 million. The District has the most concentrated level of Metrobus service in the region and the largest share of Metrobus ridership. Over half of Metrobus riders are District residents; and
- **Metrorail Operations** – operates approximately 38 miles of the Metrorail system and 40 stations in the District. It provides approximately 226.5 million trips per year. WMATA manages a total of 118 miles of track in the metropolitan area with 91 stations.

Program Structure Change

The Washington Metropolitan Area Transit Authority has no program structure changes in the FY 2019 proposed budget.

FY 2019 Proposed Budget Changes

The Washington Metropolitan Area Transit Authority's (WMATA) proposed FY 2019 gross budget is \$412,174,659, which represents a 4.1 percent decrease from its FY 2018 approved gross budget of \$430,009,315. The budget is comprised of \$110,685,914 in Local funds, \$258,488,745 in Dedicated Taxes, and \$43,000,000 in Special Purpose Revenue funds.

Recurring Budget

The FY 2019 budget for WMATA includes a reduction of \$2,051,000 to account for the removal of one-time funding appropriated in FY 2018, of which \$2,000,000 supported the initiative to reduce overcrowding during peak hours on several bus routes and \$51,000 was to alleviate overcrowding on the D31 bus used by Shepherd Park students going to Deal Middle and Woodrow Wilson High schools.

Mayor's Proposed Budget

Annually, the District of Columbia, State of Maryland, Virginia, including the counties within the Greater Washington Metropolitan Area, subsidize part of the operating costs of the Metro System. In FY 2019, WMATA reallocates funding along appropriated funds to ensure that each program receives its local share of funding. Also, the funding, management, and operations of the Circulator Bus program will be transferred, effective July 2018, to the District Department of Transportation.

Agency Request – Increase: In Local funds, the FY 2019 proposed budget for WMATA includes an increase of \$32,648,289 across multiple programs. This increase is comprised of \$27,304,607 in Metro Access because of the reallocation of resources from Special Purpose Revenue funds, and \$5,343,682 to support Debt Service payments that are due in FY 2019.

In Special Purpose Revenue funds, the FY 2019 proposed budget increased by \$19,760,152 in the WMATA Operations program to support the District of Columbia annual subsidy payment to the WMATA system.

Agency Request – Decrease: The FY 2019 proposed Local funds budget for WMATA decreased by \$28,416,724 across multiple programs primarily because of the transfer of the operations and management of the Circulator bus to the District Department of Transportation. The decrease includes reductions of \$26,096,280 for DC-Specific Projects and \$2,320,444 for the WMATA Operations program.

The proposed budget in Dedicated Taxes decreased by \$11,572,185 in the WMATA Operations program based on revenue projections from Parking Taxes.

The Special Purpose Revenue funds budget decreased by \$30,702,382 across multiple programs. Of this amount, \$25,542,230 was in Metro Access program due to the reallocation of funding to Local funds, and \$5,160,152 was in DC-Specific Projects due to the transfer of the WMATA Projects fund (fund 6030) and the Circulator fund (fund 6031) to the District Department of Transportation.

Mayor's Policy – Enhance: The proposed FY 2019 budget for WMATA includes an enhancement of \$5,499,194 in Debt Service to allow WMATA to increase borrowing and expand its capital program in FY 2019.

Mayor's Policy – Reduce: The Local funds proposed FY 2019 budget was decreased by \$3,000,000 due to savings in the Kids Ride Free initiative.

Mayor's Policy – Shift: The FY 2019 proposed budget includes a shift of \$184,488,745 from Local funds to Dedicated Taxes. Of this amount, \$5,988,745 is to align the budget with updated estimates for dedicated parking tax revenue, and \$178,500,000 is to begin dedication of sales tax revenue to WMATA in FY 2019.

District's Proposed Budget

No Change: The Washington Metropolitan Area Transit Authority's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

The mission of Debt Service administration is to finance the District's capital and cash flow needs, minimize the costs associated with such financing, exercise fiscally responsible debt management practices, and make timely payments of all debt service.

Summary of Services

Timely debt service payments are necessary to satisfy the District's commitments to its bondholders and to maintain its good credit standing. Under the District of Columbia Home Rule Act, the District may issue debt to finance capital projects or seasonal cash needs, subject to certain limitations. Specifically, no long-term debt may be issued that would cause total debt service on all tax-supported debt to exceed 12 percent of total General Fund expenditures in any year during the 6-year capital plan period. No short-term debt may be issued in an amount that would cause total outstanding short-term debt to exceed 20 percent of the projected revenue of the fiscal year in which the debt is issued. Short-term debt must be repaid by the end of the fiscal year in which it is issued. The District's total outstanding tax-supported long-term debt as of September 30, 2017 was \$8.11 billion. Appropriations are budgeted from Local funds and other sources in amounts sufficient to meet the required payments for various types of debt service.

The agency's FY 2019 proposed budget is presented in the following tables:

The mission of the John A. Wilson Building Fund is to provide an efficient, clean, and safe working environment for District employees in a modernized century-old historic building. Easily accessible to the public, the Wilson Building is an emblem of District pride showcased on the elegant Pennsylvania Avenue corridor within the Federal Triangle, just blocks from the White House.

Culminating a five-year renovation, expansion, and restoration, the Wilson Building reopened to acclaim in late 2001. Built in 1904 and later named after the long-term District Council member and Chairman, the building had suffered from neglect and had to be closed in 1996. Preservation-minded District officials emerged with a redevelopment plan and, starting in 1996, the Wilson Building underwent a renovation based on plans from architect Shalom Baranes. The result is a modern workplace for District government that retains much of its historic flavor and texture.

Housed in the building are the Executive Office of the Mayor, the District Council, the Office of the Chief Financial Officer, and a number of other District agencies. The Wilson Building will serve the District for many years, while preserving a link to the past.

The mission of the Master Equipment Lease/Purchase Program (the program) is to provide District agencies with access to low cost, tax-exempt financing for short-term capital equipment needs. The program also enables the District to improve its asset/liability management by matching the useful life of the asset being financed to the amortization of the liability.

Under the District of Columbia Home Rule Act, the District may issue various obligations to finance its capital needs. The equipment finance program finances rolling stock (e.g., automobiles, trucks, public safety vehicles) and computer hardware and software. Financing through the program begins with a financing company paying for the purchase of equipment for the District's use. The District makes lease payments to the financing company for such equipment, which are in effect principal and interest payments on the amount financed, and the District gains ownership of the equipment upon completion of the payments.

Equipment financed through the program must have a useful life of at least five years. The repayment (amortization) will not exceed the useful life of the financed equipment. The maximum financing term that may be requested is ten years.

Appropriations for the program are budgeted from Local funds in amounts sufficient to meet the required payments. Timely payments are necessary to satisfy the District's commitments to its investors and creditors and to maintain a good credit standing in the financial markets.

As of September 30, 2017, the District financed approximately \$537 million of its capital equipment needs through the program. Currently, \$35 million is outstanding. The final payment associated with this program is due on June 25, 2020. The capital improvement plan for Fiscal Years 2018 through 2023 initiated a short-term financing program that will replace the current equipment finance program.

The FY 2019 budget for Paygo includes a reduction of \$27,444,767 to account for the removal of one-time funding appropriated in FY 2018, of which \$20,039,000 was to transfer funding for the Universal Paid Family Leave IT Application and \$7,405,767 was a transfer for various other Paygo-funded projects.

Mayor's Proposed Budget

Agency Request - Increase: In Special Purpose Revenue funds, the budget proposal for Paygo includes a net increase of \$31,372,676, which is comprised of increases of \$30,000,000 to the District Department of Transportation's (DDOT's) Utility Undergrounding project, \$5,600,000 to DDOT's Mitigation Fund project, \$3,000,000 to the Department of Energy and Environment's (DOEE's) Stormwater Retrofit project, \$500,000 to DOEE's Waterways Restoration project, and \$452,000 to DDOT's Tree Fund project. These increases are offset by decreases of \$7,179,324 in Rights-of-Way funding to DDOT projects and \$1,000,000 to the Office of Cable Television, Film, Music and Entertainment's capital project.

Agency Request - Decrease: In Local funds, the Paygo Capital Fund's proposed budget includes a net decrease of \$28,344,317 reflecting a lowered local funds transfer to support the Paygo-funded portion of the CIP.

In Dedicated Tax funds, the FY 2019 proposed budget reflects a decrease of \$24,175,000 because of a lowered dedicated tax transfer to WMATA capital projects.

District's Proposed Budget

Enhance: In Local funds, the Paygo Capital Fund's proposed budget includes a one-time increase of \$250,000 to support various capital improvement projects. Also, the proposed Special Purpose Revenue funds budget reflects an increase of \$4,511,209 to transfer additional Rights-of-Way fee revenue to support Local Streets capital projects.

The mission of the District Retiree Health Contribution is to contribute to the funding of the District's other post-employment benefits (OPEB) liabilities.

District government retirees who were first employed after September 30, 1987 ("post-87") may obtain health insurance (pursuant to D.C. Code 1-622) and life insurance (pursuant to D.C. Code 1-623) from the District. The federal government is responsible for funding OPEB costs for District government retirees who were first employed prior to October 1, 1987 ("pre-87").

In 1999, the Council of the District of Columbia established the Annuitants' Health and Life Insurance Employer Contribution Trust Fund ("Trust Fund") to pay the District's portion of post-87 retirees' health and life insurance premiums. Through FY 2007, the District contributed to the Trust Fund from available funds. Beginning in FY 2008, the Governmental Accounting Standards Board requires state and local governments, including the District, to recognize any OPEB liability in their financial statements. The District is budgeting an actuarially determined annual OPEB contribution to cover normal costs and other actuarially determined liabilities. The proposed budget of the District Retiree Health Contribution represents the District's FY 2019 contribution to the funding of its OPEB liabilities.

The District passed permanent legislation effective in FY 2011 changing the calculation of its contribution to the cost of health, vision, and dental insurance premiums for retirees and their dependents to a scale based on the amount of creditable service of the retiree. The District's maximum contribution for the cost of healthcare for retirees is 75.0 percent, the same as the contribution for all current employees.

Note: Prior year actuals are not reported for the District of Columbia Water and Sewer Authority (WASA), also known as DC Water, because the agency does not use the District's financial system for its actual transactions.

The vision of the District of Columbia Water and Sewer Authority (DC Water) is to be a world-class water utility, with the mission to exceed expectations by providing high quality water services in a safe, environmentally friendly, and efficient manner.

History: In 1996, the District of Columbia Water and Sewer Authority was created by District law, with the approval of the United States Congress, as an independent authority of the District government with a separate legal existence. In June 2010, the agency adopted a new logo and brand name, DC Water, while its official name remained District of Columbia Water and Sewer Authority. Beginning in FY 2013, for accounting purposes, DC Water was no longer reported as a component unit of the District government.

Governance: DC Water's Board of Directors establishes policies and guides the strategic planning process. The Board is composed of eleven members and eleven alternates, representing the District, Montgomery and Prince George's Counties in Maryland, and Fairfax County in Virginia. The Board's District members establish policies, set rates, and charges for all District services. The entire Board votes and establishes policies for joint-use services. The General Manager/CEO reports to the Board and manages the operations and performance of the enterprise. DC Water's FY 2019 Board-approved budget is presented in the following tables:

Note: Prior year actuals are not reported for the Washington Aqueduct because the agency does not use the District's financial system for its actual transactions.

The mission of Washington Aqueduct is to collect, purify, and pump an adequate supply of portable water to the distribution system managed by the District of Columbia Water and Sewer Authority (DC Water), Arlington County, and Fairfax County Water Authority (Fairfax Water), in Virginia.

The agency plans to fulfill its mission by achieving the following strategic goals:

- Provide an adequate supply of high quality potable water;
- Provide potable water at an equitable, economical rate that covers all costs; and
- Protect the drinking water consumer from both microbial risk and adverse health effects due to chemicals in the drinking water.

Washington Aqueduct owns and operates intake facilities on the Potomac River at Great Falls and Little Falls, Maryland. Washington Aqueduct also owns and operates two 10-mile gravity conduit systems with a combined 200 million gallon per day (mgd) capacity, a 525-mgd raw water pumping station and transmission system, two major treatment plants with 320-mgd capacity, three booster pumping stations, a 480-mgd finished water pumping station, seven finished storage reservoirs, and many large diameter transmission mains. Washington Aqueduct is owned and operated by the U.S. Army Corps of Engineers and is governed by a Wholesale Customer Board. It sells water to three wholesale customers: DC Water, Arlington County, Virginia, and Fairfax County Water Authority, in Virginia. In FY 2017, Washington Aqueduct pumped 48.1 billion gallons of purified water to its customers, a decrease of 2.2 percent from FY 2016. The FY 2016 to FY 2017 decrease is still likely the result of continual conservation efforts. In Fiscal Years 2018 and 2019, Washington Aqueduct is projecting the same pumpage as in FY 2017. Washington Aqueduct does not receive appropriated funding from the District of Columbia or the federal government. DC Water funds the District of Columbia's portion of the costs of the Washington Aqueduct. As a whole-sale customer, DC Water purchases

potable water and makes payments to Washington Aqueduct based on the number of gallons provided. Washington Aqueduct charges a rate based on water sale agreements with DC Water, Arlington County, and Fairfax County Water Authority. The individual wholesale customers are responsible for water distribution.

Water Quality

Water being produced by Washington Aqueduct treatment plants has consistently met and surpassed all Environmental Protection Agency (EPA) drinking water standards.

The mission of the Office of Lottery and Charitable Games (OLCG) is to generate revenue for the District's General Fund through the sale of lottery games and to regulate charitable gaming.

Since its inception in 1982, OLCG has contributed over \$2 billion to the District's General Fund. The OLCG annual transfer to the General Fund remains a vital component in aiding the city's economy, thereby benefiting all residents of the District of Columbia. The General Fund supports services such as education, recreation and parks, public safety, housing, and senior and child services. The OLCG directly benefits its players by paying out more than 50 percent of annual sales in prize money. It also directly benefits local businesses by providing commissions to retailers licensed to sell D.C. Lottery games and offering contracting opportunities.

The mission of the District of Columbia Retirement Board (DCRB) is to invest prudently the assets of the police officers, firefighters, and teachers of the District of Columbia, while providing those employees with retirement services.

Summary of Services

DCRB is an independent agency that has exclusive authority and discretion to administer the District's retirement funds for teachers, police officers, and firefighters (hereinafter referred to as the "Fund") pursuant to Section 1-711(a) of the District of Columbia Official Code. In 2005, the responsibility of administering the teachers', police officers' and firefighters' retirement programs was transferred to DCRB.

The federal government assumed the District's unfunded liability for the retirement plans of teachers, police officers, firefighters, and judges under provisions of the National Capital Revitalization and Self-Government Improvement Act of 1997. Under this law, the federal government pays the retirement benefits and death benefits, and a share of disability payments, for members for years of service earned up to the freeze date of June 30, 1997. The District of Columbia government is responsible for all subsequently earned benefits for the members of the retirement plans.

The mission of Events DC is to generate economic and community benefits for the residents and businesses of the District of Columbia by creating the premier event experience in the nation's capital, and through the promotion of Washington, DC, as a world-class tourist destination.

Summary of Services

In 1994, the Washington Convention Center Authority (WCCA) was created as a corporate body and an independent authority of the District of Columbia government responsible for managing and operating the District's convention center and for bringing national and international conventions, trade shows, and meetings to the District of Columbia. ["Washington Convention Center Authority Act of 1994," D.C. Law 10-188, effective September 28, 1994]. Pursuant to the Fiscal Year 2010 Budget Support Second Emergency Act of 2009 and the Fiscal Year 2010 Budget Support Act, the District of Columbia Sports and Entertainment Commission was merged into WCCA to form a new organization known as the Washington Convention and Sports Authority (WCSA). The merger created one umbrella organization with a broadened charter to also promote the District as a key sports, entertainment, and special events destination. Also, as part of the merger, WCSA gained control over the Nationals Park, the Robert F. Kennedy Memorial Stadium (RFK), and the non-military portions of the DC Armory. Facility maintenance for RFK and the Armory, previously performed by the D.C. Sports and Entertainment Commission, was assumed by the Department of Real Estate Services, now the Department of General Services.

In June 2011, the Washington Convention and Sports Authority launched a new brand name, "Events DC." The new brand entity fully encompasses the event experience in the city, elevates the organization's core assets and portfolio, and perhaps most importantly, aligns with the existing brands for Washington DC and the city's promotional arm, Destination DC.

Events DC is governed by a 12-member Board of Directors. Three members, including the Chief Financial Officer of the District, the chief executive of the Hotel Association of Washington DC, and the third person designated by the Mayor, serve as voting ex-officio members. The remaining nine public members are appointed by the Mayor with the advice and consent of the Council of the District of Columbia and represent certain sectors of the community. The Mayor designates one public member as chairperson with the advice and consent of the Council.

Program Description

Although it appears as a single program in the District's financial system, the Washington Convention and Sports Authority operates through the following 3 divisions:

Conventions & Meetings Division – operates the Walter E. Washington Convention Center and the historic Carnegie Library at Mount Vernon square. The Convention center is a venue for large conventions, trade shows, and mid-sized to small meetings. Recognized as one of the most-energy efficient buildings of its size, the Convention Center has won awards both for inspiring design and as a major contributor toward urban renewal in downtown DC. Events DC generates economic activity at the Center which brings millions of visitors to a revitalized downtown and the historic Shaw neighborhood. To further leverage the power of

large-scale meetings and Conventions, Events DC made a significant investment in the Washington Marriott Marquis hotel and continues to create economic benefits for the District. Carnegie library will generate rental income after the opening of the Apple global flagship retail store in the first quarter of FY 2019.

The convention center opened in April 2003 and was later named in honor of the first Mayor of the District under the present Home Rule Charter. Since opening, it has hosted the following number of events per fiscal year:

<u>Fiscal Year</u>	<u>Convention Center Events</u>
2005	185
2006	106
2007	150
2008	185
2009	204

2013	209
2014	204

2016	217
2017	184

A total of 15.7 million people attended events at the Convention Center during the period of FY 2004 through FY 2017. Currently, the Convention Center has booked or tentatively booked approximately 307 events from 2018-2020. These events are projected to attract 1 million attendees every year. The Center has a total of 2.3 million square feet of space, including 703,000 square feet of exhibit space; 118,670 square feet of meeting space (which is divisible into 77 meeting rooms); 44,000 square feet of retail space and street-level restaurants; and a 52,000 square-foot ballroom, which is one of the largest on the East Coast.

Sports and Entertainment Division

– brings world-class sports, entertainment, cultural and hospitality events to the District while promoting the metropolitan region as a premier destination. It manages and programs the Robert F. Kennedy Memorial Stadium (“RFK Stadium”), the non-military functions of DC Armory, the RFK Festival Grounds, the Maloof Skate Park at RFK Stadium, Gateway DC Pavilion, the R.I.S.E. Demonstration Center and the soon to be Entertainment and Sports Arena on the St. Elizabeths East Campus. The Department of General Services (DGS) maintains the stadium and the armory through revenue collected from events, rent, advertising, and other sources of revenue derived from these facilities. DGS is exclusively responsible for maintaining Gateway DC and the R.I.S.E. Demonstration Center, as they are District-owned facilities.

Special Events Division

– is actively involved in the planning and support of some of the city’s most anticipated events, attracting thousands of attendees to locations around the city. Events DC makes strategic investments in various city-wide sports, entertainment and cultural events including the internationally renowned National Cherry Blossom Festival, an annual four-week festival which features art, theater, and live performances throughout the city each spring, Jazz in the ‘Hoods presented by Events DC, a major program of the annual DC Jazz Festival which showcases nearly 80 live performances in clubs, restaurants, hotels and galleries throughout the District, the Capital Criterium presented by Events DC, the District’s premier pro cycling race on Pennsylvania Avenue, the Nation’s Triathlon to benefit the Leukemia & Lymphoma Society, the fastest growing triathlon in the nation, and the Washington International Horse Show, which is held annually at the Capital One Arena. Program Description

Although the Housing Finance Agency appears as a single entity in the District's financial system, it operates through the following 3 programs:

Multi-Family Development – provides tax-exempt and taxable bonds, tax credits, and McKinney Act Savings Loan funds as financial tools that are integral to development of the community's ability to provide affordable, safe and decent housing to low-income and special needs populations. The multi-family mortgage revenue bond and tax credit products serve as vehicles for developers to access low-cost institutional debt and equity tools that enhance return on investment. When combined with 4 percent Low-Income Housing Tax Credits and other subsidies, the HFA's mortgage revenue bond product, which is offered in enhanced structures, provides competitive, below-market rate pricing and helps to preserve, rehabilitate, or construct affordable and mixed-income housing in the District.

This program contains the following 2 activities:

- **Technical Assistance** – provides technical assistance on all aspects of underwriting to developers who produce affordable housing, and acts as facilitators with city and federal government agencies to help expedite the permitting process and other approvals. In addition, HFA's staff provides ongoing construction monitoring to ensure construction is successfully completed and properly managed; and
- **Financing Assistance** – provides several financing programs, including the Multi-family Mortgage Revenue Bond Program, Low-Income Housing Tax Credit Program, and McKinney Act Savings Loan Fund. Depending on a project's eligibility, tax-exempt bonds, taxable bonds or low-interest loans can be used for pre-development activities, as well as the acquisition, construction and renovation of multifamily buildings. Financing can be used for the rehabilitation or construction of rental housing, cooperatives, assisted-living facilities, and transitional housing.

Single-Family Development – provides low-interest mortgages for persons purchasing a home in the District at or below the national and local conventional rates.

This program contains the following 2 activities:

- **Homebuyer Assistance** – provides 30-year fixed rate mortgages and assistance with down payment and closing costs, as funds are available; and
- **Homeownership Education** – provides regular seminars and community outreach in an effort to empower persons seeking to become homeowners in the District. Through the HFA, information is made available to residents on the Single Family Bond products, financing options, the District government’s employer assistance program, tax credits, tax abatements, the Home Purchase Assistance Program (HPAP), other programs to help with closing costs, and other incentives for homebuyers.

Home Saver Program – is a U.S. Treasury Hardest Hit Fund Initiative, which is federally funded and provides forgivable mortgage loans to homeowners of the District of Columbia who are at risk of foreclosure and who have experienced involuntary job loss.

Program Structure Change

The Housing Finance Agency has no program structure changes in the FY 2019 proposed budget.

The Unemployment Insurance Trust Fund, administered by the Department of Employment Services (DOES), represents the proceeds from unemployment taxes paid by private sector employers and reimbursements from the District and federal governments deposited in the Unemployment Trust Fund (the “Fund”). The Fund is used to pay benefits for private and public sector employees during periods of unemployment. Payments include transfers to other governments to reimburse unemployment benefits paid to District residents.

Trust funds are fiduciary funds that are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, and other governments. Such trust funds are custodial in nature, reporting only assets and liabilities. Because fiduciary funds cannot be used for the operations of the government, they are not included in the District's government-wide financial statements.

Prior to FY 2005, these agency trust funds were included in the operating budgets of the agencies that administered the trust funds. The District created a separate agency fund in FY 2005 so that the District's budget structure would report these trust funds pursuant to the District's accounting structure. The Unemployment Insurance Trust Fund was separated from the DOES budget for improved fiscal transparency and to enable the District's budget format to more closely follow the presentation of the Comprehensive Annual Financial Report.

Program Description

The Tax Increment Financing Program operates through the following program:

Tax Increment Financing – provides budget authority pursuant to the Tax Increment Financing Act of 1998, which established a TIF program to support economic development projects that would not be developed "but for" public financial assistance. The initiative was reauthorized by the Tax Increment Financing

Reauthorization Act of 2002 and the Tax Increment Financing Reauthorization Amendment Act of 2017. In addition, the District Council approved other project-based tax-supported revenue bonds, including Tax Increment Financings, outside the scope of the TIF Act.

This program contains the following 6 projects:

- **Gallery Place** – a mixed-use project that opened in the summer of 2004 and has an estimated debt service payment of \$4,315,000;
- **The Mandarin Oriental Hotel** – opened in March 2004 and has an estimated debt service payment of \$4,504,125;
- **Verizon Center** – funded arena improvements to be repaid using an incremental tax of 4.25 percent on merchandise and tickets sold at the venue, with an estimated debt service payment of \$3,622,503;
- **City Market at O Street** – a mixed-use development project under construction that has an estimated debt service payment of \$2,643,720;
- **Special Retail and Great Streets** – smaller TIF financings issued under a special retail TIF program in the downtown area and retail or mixed-use projects located in Great Streets areas. Estimated debt service for debt issued under these programs is \$947,679; and
- **Convention Center Hotel** – the project opened in May of 2014 and has an estimated debt service of \$9,009,494.

In addition, the budget includes estimated debt service for the following projects expected to be under construction during FY 2019:

- **Skyland** – a mixed-use development project with an estimated debt service payment of \$925,000 to be paid from capitalized interest;
- **Bryant Street** – a residential/retail development project with an estimated debt service payment of \$1,440,000 to be paid from capitalized interest; and
- **Union Market** – a multi-phased, mixed-use development with an estimated debt service payment of \$2,472,000 to be paid from capitalized interest.

For certain projects, a revenue contingency totaling \$30,497,596 is budgeted if projected revenues are higher than minimum debt service payments, in accordance with the bond agreements. Depending on the structure of bond documents, such additional revenues may be used to pre-pay principal on TIF financings, reserved for future debt service payments, or returned to the District's General Fund. For FY 2019, the District is expected to be entitled to refunds from the Gallery Place and Mandarin bond trustees totaling \$9,321,465. This is the amount by which estimated tax increments from the Gallery Place and Mandarin projects exceed scheduled bond debt service. The District also expects to be entitled to \$1,000,000 from the Convention Center Hotel project in accordance with bond agreement provisions on distributing excess revenues. The transfer of these excess revenues to the General Fund will be funded within the revenue contingency budget.

Repayment of PILOT Financing is a program through which the District provides economic development project funds by borrowing against the future receipts from Payment-in-Lieu-of-Taxes (PILOT).

A PILOT payment on debt issued under the District's PILOT Act equals the amount the property owner would otherwise pay in property taxes, based on the assessed value of the property. The repayment of the borrowing against this future PILOT revenue is budgeted in this program. This borrowing is similar in concept to Tax Increment Financing, in which the District borrows against future tax receipts and uses the proceeds to spur economic development. In addition, the District Council can approve other project-based PILOT financing, outside the scope of the PILOT Act.

Program Description

Repayment of PILOT Financing operates through the following program:

Repayment of PILOT Financing – provides budget authority for debt service payments on debt borrowed against the following PILOT projects:

- **U.S. Department of Transportation headquarters building** – PILOT bond proceeds supported the District's park and infrastructure improvements in the Anacostia Waterfront Initiative (AWI) area. The debt service payment in FY 2019 is estimated to be \$10,553,960;

- **Southeast Federal Center** – PILOT debt issued under this program supports public infrastructure paid for by the developer of The Yards project, a multi-stage, mixed use development near the Navy Yard. The first issuance was in FY 2010, the second was in FY 2014, and these have a combined estimated debt service payment of \$3,928,585 in FY 2019;
- **Rhode Island Metro Plaza** – The Rhode Island Metro Plaza project contains new residential apartments and retail shops as well as a parking garage for the Washington Metropolitan Area Transit Authority. The debt service payment in FY 2019 is estimated to be \$447,994; and
- **Southwest Waterfront** – PILOT debt issued under this project supports the multi-stage, mixed use development located in the District's Southwest quadrant known as the Wharf. The debt service payment in FY 2019 will be paid from capitalized interest as well as from a site-specific tax levied on a portion of phase I development. The total FY 2019 debt service is \$8,736,061.

In addition, the program budget contains a contingency of \$30,456,240 if projected PILOT revenues are higher than minimum debt service and must be paid to the bond holder, or returned to the District for AWI capital projects, in accordance with bond agreements. This amount includes \$2,008,879 of trust account balance available for AWI capital projects. Of the total amount, including prior year balance and current year revenues, an estimated \$4,171,166 is anticipated to be returned to the General Fund for Anacostia Waterfront capital projects.

Note: Prior year actuals are not reported for the Not-For-Profit Hospital Corporation because the agency does not use the District's financial system for its actual transactions.

The mission of the Not-For-Profit Hospital Corporation (NFPHC) is dedicated to the health and well-being of individuals and communities entrusted to our care. NFPHC will be an efficient, high value, patient-focused provider of high-quality healthcare to improve the lives of District residents. We will employ innovative approaches that yield excellent experiences and will empower healthcare professionals as they work to care for our patients. We will pursue this vision through collaboration with other providers and as part of a larger District-based delivery system.

NFPHC, commonly known as United Medical Center (UMC) and United Medical Nursing Center, is an independent District instrumentality, created by legislation adopted by the Council of the District of Columbia. It provides inpatient, outpatient, psychiatric, and emergency care, and a skilled nursing facility (SNF). NFPHC is located east of the Anacostia River in the Southeast section of Washington, D.C. Its primary service market includes residents of Wards 7 and 8 and the state of Maryland's Prince George's County. Approximately 88 percent of United Medical Center's hospital admissions were paid for by the public programs Medicare or Medicaid.

NFPHC is governed by a 14-member Board of Directors, 11 of whom are voting members and three of whom are non-voting members. Six members are appointed by the Mayor and three members are appointed by the Council of the District of Columbia. The Chief Financial Officer of the District, or his or her designee, and a representative of the entity maintaining the largest collective bargaining agreement with the corporation serve as ex-officio voting members. The Chief Executive Officer and Chief Medical Officer of NFPHC and the President of the District of Columbia Hospital Association serve as non-voting ex-officio members.

The Board of Directors of NFPHC adopted a new Strategic Vision and Plan on August 2, 2013, and this Plan was approved by the Mayor and endorsed by the District Council. The Council in that endorsement urged the Board and the Executive to carry out the Plan, including recommendations from Huron Consulting, “swiftly.” Five major areas within this plan of focus remain:

- Align with a partner(s) and position UMC to thrive under healthcare reform;
- Achieve financial stability;
- Recruit, deploy, and retain talented and enthusiastic personnel focused on providing excellent patient experiences;
- Achieve superior quality and patient safety outcomes; and
- Contribute to overall health within the communities that UMC serves.

The NFPHC has made several advancements with regard to financial stability and recruiting highly qualified personnel. These advancements have seen the Hospital's quality measures increase over the last three years. The Hospital continues to work with local officials to align with a partner and position UMC to thrive under healthcare reform.

FY 2019 Proposed Budget Changes

The Health Benefit Exchange Authority's proposed FY 2019 gross budget is \$31,143,597, which represents a 10.7 percent increase over its FY 2018 approved gross budget of \$28,142,740. The budget is comprised entirely of Enterprise and Other funds.

Mayor's Proposed Budget

The Health Benefit Exchange (the Exchange) is a quasi-governmental agency charged with implementing and operating the District's Health Insurance Exchange, D.C. Health Link, pursuant to the passage of the federal Affordable Care Act. D.C. Health Link opened for business on October 1, 2013. As of December 31, 2017, D.C. Health Link had approximately 18,000 District residents enrolled in the individual health insurance market and approximately 76,000 persons covered through the Small Business (SHOP) Marketplace. The SHOP number also includes Congress. To continue to operate D.C. Health Link to offer quality, affordable coverage to individuals and families and small businesses and their employees, the Exchange has proposed the following adjustments to the FY 2019 operating budget:

Cost-of-Living Adjustment: The Exchange's budget proposal includes a cost-of-living adjustment (COLA) of \$409,709 in Enterprise and Other funds.

Agency Request – Increase: The Exchange's proposed budget includes an increase of \$1,599,023 across multiple programs. These funds will serve to educate and inform District residents, business owners, and employees about various options available through D.C. Health Link. This will be done by improving marketing and communication through the dissemination of brochures, other printed materials, and health fair sponsorship. This increase in funding will also be used to support business outreach operations with the D.C. Chamber of Commerce, the Greater Washington Hispanic Chamber of Commerce, and the Navigator Program Assistance, which provides one-on-one assistance for individuals and small businesses interested in shopping for and enrolling in health insurance.

An increase of \$1,406,320 in personal service costs will support projected salary and Fringe Benefit costs of existing personnel, and an additional 9.0 Full-Time Equivalents (FTEs); 5.0 of which will be supported by a signed Memorandum of Understanding with another State Based Marketplace. The primary focus of the new FTEs will be to provide additional Information Technology and Marketplace Innovation, Policy and Operations (MIPO) support.

Agency Request – Decrease: A net decrease of \$414,194 properly aligns the proposed budget with Fixed Costs estimates from the Department of General Services and the Office of the Chief Technology Officer. This amount is comprised of increases of \$29,930 in Telecommunications, \$2,083 in Security, and decreases of \$32,041 in Occupancy, and \$414,166 in Rent.

District's Proposed Budget

No Change: The Health Benefit Exchange Authority's budget proposal reflects no change from the Mayor's proposed budget to the District's proposed budget.

The Other Post-Employment Benefits Administration (OPEBA) agency is used to account for expenditures related to the administration of the Other Post-Employment Benefits Trust Fund.

The government of the District of Columbia established the District's Annuitants' Health and Life Insurance Employer Contribution Trust Fund on October 1, 1999 under the Annuitants' Health and Life Insurance Employer Contribution Amendment Act of 1999 (D.C. Official Code 1-621.09). Health and life insurance benefits for retirees are known as "Other Post-Employment Benefits" (OPEB), also referred to as the OPEB Plan. The OPEB Plan includes a trust fund that receives the District's annual contributions toward health and life insurance benefits for District employees who have retired, as well as premium payments from retirees. These contributions and premiums, along with investment earnings, are used to pay future benefits on behalf of qualified participants. The OPEB Plan is jointly administered by the District's Office of Finance and Treasury, within the Office of the Chief Financial Officer (OCFO), and the District of Columbia Department of Human Resources (DCHR).

The OPEBA agency provides transparency regarding the administrative costs of the OPEB Plan, which were previously supported within the budget of the OCFO.
