FOREWORD

This is the Office of Integrity and Oversight (OIO) Fiscal Year 2019 (FY 2019) Internal Audit Work Plan (*Plan*), which includes ongoing and planned audits as well as non-audit projects. The ongoing and planned projects are designed to provide a reasonable assurance on the adequacy of established policies and procedures, economy and efficiency of operations, and internal controls for agencies under the purview of the independent Office of the Chief Financial Officer (OCFO).

FY 2019's plan is appropriately focused on high-risk areas and is closely aligned with the OCFO Strategic Plan. I believe our audit engagements and projects will enhance the integrity and reliability of the District's financial management and reporting systems. The OIO is staffed with professional and technically skilled auditors who continually meet the challenges of assessing, monitoring, and improving financial controls and accountability within the District.

I express special thanks to our Chief Financial Officer Jeff DeWitt, Deputy Chief Financial Officer and Chief of Staff Angell Jacobs, Deputy Chief Financial Officers (DCFOs), Associate Chief Financial Officers (ACFOs), and the Chief Risk Officer for their confidence and support of OIO's work.

Respectfully,

Timothy Barry
Executive Director

September 30, 2018

INTRODUCTION

OIO is pleased to present its FY 2019 *Work Plan*. The *Plan* includes descriptions of planned audits and non-audit projects to be conducted during the coming fiscal year. We selected these projects based on risk assessments of programs and issues; input from the OCFO executive staff, agency officials, and other stakeholders.

OIO supports the mission of the OCFO and the *Strategic Plan* issued in FY 2017. The *Strategic Plan* focuses on seven strategic objectives:

- Improve Customer Service,
- Create a Culture of Continuous Improvement,
- Improve Transparency and Quality of Information,
- Manage Risk and Prevent Fraud,
- Implement Quality Financial Systems,
- Develop, Attract and Retain High Quality Employees
- Manage a Fair and Equitable System to Fully Collect District Revenues.

As part of our *Plan*, we have incorporated these seven objectives into our on-going and planned projects. Within the description of each of the audit and non-audit engagements, we included the applicable strategic objective(s). The list of the objectives for each project is not intended to be all inclusive, but we believe highlight the objectives that best align with the overall OIO Internal Audit's objectives.

In assessing the risks facing the OCFO and the District, our work plan has been designed around strategic segments/agencies within the OCFO. In FY 2018, OIO sent risk questionnaires to the Deputy CFO's, Associate CFO's and Executive Directors within the OCFO to get feedback on areas of risk in their respective organizations. We also met with key stakeholders to get their input on the plan. Internally, the OIO Audit Division (IAD) developed audit topics based on our own understanding of risk areas within the OCFO. Based on the feedback we received and audit topics developed by the IAD, we assessed the responses to determine the risk, the impact and the value that the audit would add to the OCFO. Based on this assessment, we developed our risk-based plan. The *Plan* is organized by segments/agencies, which are:

- I. Office of Tax and Revenue (OTR)
- II. Office of Finance and Treasury (OFT)
- III. Office of the Lottery and Charitable Games (OLCG)
- IV. Office of Financial Operations and Systems (OFOS)
- V. Regulatory Audits
- VI. Cluster Audits
- VII. Office of Management and Administration (OMA)
- VIII. Office of the Chief Information Officer (OCIO)
- IX. Non-Audit Services

The listing of a particular project in the FY 2019 *Plan* does not necessarily mean that problems exist or guarantee that the engagement will be undertaken. During the year it is not possible to plan for all of the potential audits and/or projects that OIO may be requested to perform. For example, during the year OCFO executives may request an audit be initiated within their area of responsibility or the City Council may request an audit be initiated in a specific area of government operations. To accommodate the special requests and other critical issues, OIO may find it necessary to delay or suspend an audit until the resources are available to start or recommence a project. Should OIO consider the modifications to the plan to be significant, we will modify the *Plan* to reflect the additional requests and changed priorities.

THE AUDIT PROCESS

OIO's audit process includes several integrated steps that assist us in accomplishing our objectives. These include the announcement of the audit (engagement memorandum), an entrance conference, an audit survey and fieldwork stage, an exit conference with the agency officials impacted by the audit results, a reporting process, a resolution process, and audit follow-up process. We have provided a brief explanation of each of these processes in the following paragraphs.

Engagement Memorandum

Prior to the start of an audit, OIO generally sends an engagement memorandum to the agency head(s) involved with the project. The memorandum includes the audit title, a project number, an outline of the planned objectives, the period covered by the audit, and the planned starting date. Additionally, the memorandum also explains that OIO will hold an entrance conference to provide the appropriate OCFO managers with information about the audit. In some instances, OIO will not send an engagement memorandum. This is done when the audit is on a surprise basis. In those instances, we will send an engagement memorandum to the impacted OCFO officials after the start of the audit.

Entrance Conference

OIO holds an entrance conference with the OCFO senior managers and agency officials of the program whose operations will be audited. At the entrance conference, the auditors will provide detailed explanations of the audit planned objectives, the period of time that will be covered by the audit, the audit methodologies that we may use, and the formal reporting process. If management requested the audit, we discuss the specific areas of interest or problems they have noted. During this meeting OIO encourages the agency officials to bring to the audit team's attention any concerns, ideas, or special circumstances that may impact the audit. Also, we request that the agency provide us with an official point of contact for the audit (POC). The POC is the individual that OIO will: (1) contact to request audit documentation, to arrange interviews and meetings with agency officials and staff, and (2) to provide briefings on the progress of the audit, findings requiring immediate attention, and other issues that need management's attention.

Planning and Fieldwork

The audit begins with the planning process which allows us to gain an understanding of the program, activity or function that is the subject of the audit. We perform some initial walkthrough process, determined by the audit objectives, to discern any areas that we need to focus our audit efforts. Subsequent to the completion of the planning phase, we will determine whether a sufficient basis for additional work exists. If such a determination is made, OIO continues its fieldwork focusing on the areas that we determined warrant the additional testing. The bulk of the audit's fieldwork is performed in this phase. We may request additional and more extensive records and documents from the agency. During this execution phase, we perform detailed examinations and testing, based on our objectives, to determine whether (1) the program, activity, or function is operating efficiently and effectively; (2) the internal controls are functioning as intended; and (3) that the agency is compliant with the applicable laws and regulations. In this phase, the auditors will develop their findings, recommendations, and audit results that form the basis for the written audit report.

The planning and execution phases require the cooperation of the OCFO officials and staff. The auditors may need OCFO officials and staff to: answer questions; provide us with access to records, documentation, and files; and to prepare data (spreadsheets, flowcharts, documents). OIO will keep in mind that the officials and staff of the OCFO agencies need to carry out their regular functions and workload. OIO auditors will conduct its work in a mutually agreed way that will cause minimal disruption to the agency operations.

Keeping OCFO Officials Informed

During the audit, OIO will keep the agency officials advised of any deficiencies or weaknesses we identify. OIO will, through the POC, keep the officials informed of the progress of the audit, and any issues that require the officials' immediate attention.

Audit Exit Conference. After all the audit test work is completed, OIO conducts a formal exit conference with the agency officials. At the exit conference, we summarize the issues, and findings previously provided to the officials through the agency POC, and any additional findings and recommendations we may have subsequently developed. We provide the agency officials with the opportunity to discuss the corrective actions necessary to initiate the recommendations and resolve the findings. This is done with the audit team present at the exit conference. We will encourage the agency to take immediate action, if possible, on the recommendations. OIO will include the substantiated actions taken on the recommendations in the draft and final audit report.

Draft Audit Report. OIO prepares the draft audit report which includes any comments or concerns raised at the exit conference by the agency officials. OIO sends the draft report to the agency head responsible for implementation of the recommendations. Usually, we request the agency official to whom the draft report is addressed, to provide us with a written response to the draft document within two weeks from the date of the draft report. OIO requests that

the response to the draft report's recommendations include: the actions taken or planned by the agency and the projected dates for completion of any uncompleted actions. When appropriate, alternative solutions can be proposed by the agency.

Final Report. After receipt of the agency's written response, OIO will analyze the response and consider the impact of any alternative solutions presented by the agency. OIO will summarize the response to the individual recommendations in the body of the report. The agency's full response is included as an appendix to the report. The report is distributed to the CFO, the DCFO/Chief of Staff, Chief Risk Officer, and the agency head, to whom the recommendations are addressed. OIO's final reports are also published on the OCFO's website.

Audit Follow-up. The agency officials are responsible for taking the corrective actions that they have agreed to in their responses to individual audit reports. Periodically, OIO will conduct follow-up audits or incorporate follow-up of prior year recommendations in the audit to verify that the agreed upon corrective actions have been taken and the recommendations implemented and effective in correcting the cause of the finding in the report.

OBJECTIVES:	The objectives of this audit are to determine whether: 1) internal controls over the processing of automatic refunds under a certain threshold are effective; 2) comprehensive policies and procedures for' refunds are established and adhered to; and 3) refunds issued under a certain threshold are accurately processed and properly authorized.
JUSTIFICATION:	In FY 2019, OTR will complete the conversion of all tax types except Real Property to the Modernized Income Tax System (MITS). OIO audits the refund process periodically due to the inherent risk associated with refunds.
STRATEGIC OBJECTIVES:	Improve Customer Service; Effectively Manage Risk and Prevent Fraud; Manage a Fair and Equitable System to Fully Collect District Revenues

AGENCY/AREA:	Office of Tax and Revenue
TITLE:	Audit of Internal Controls over the Real Property Tax Administration Maps & Title Unit
OBJECTIVES:	The objectives of this audit are to determine whether: 1) internal controls over the processing of property information are functioning as designed; and 2) the Unit is operating efficiently and effectively.
JUSTIFICATION:	The Maps & Title Unit is responsible for the creation and deletion of lots, updating of ownership, mailing and premise addresses. The data is entered into the Integrated Tax System (ITS) and impacts the real property billing. The risks exist that lots are not created timely and ownership data is not entered correctly which ultimately impacts the real property tax billing, and the accuracy of the assessment roll. The agency specifically requested the audit to ensure the Unit is operating efficiently and effectively.
STRATEGIC OBJECTIVES:	Create a Culture of Continuous Improvement; Improve Transparency and Quality of Information

FY 2019 WORK PLAN

AGENCY/AREA:	Office of Tax and Revenue
TITLE:	Audit of Internal Controls over the Returns Processing Administration (RPA) Suspense Unit
OBJECTIVES:	The objectives of this audit are to determine whether: (1) internal controls over the correction of returns are adequate; and (2) corrections are completed timely and in accordance with policies and procedures.
JUSTIFICATION:	The RPA Suspense Unit is responsible for correcting tax returns processed in-house, electronically, or by lockbox to allow the return to properly post to the taxpayer's account. If the correction is not done timely or accurately, it may lead to customer service risk, create inaccurate bills or refunds.
STRATEGIC OBJECTIVES:	Create a Culture of Continuous Improvement; Improve Customer Service; Manage Risk and Prevent Fraud

AGENCY/AREA:	Office of Tax and Revenue
TITLE:	Assessment of the Compliance Administration Criminal Investigation Division
OBJECTIVES:	The objectives of this assessment are to determine whether: 1) the Division is operating efficiently and effectively and 2) utilizing best practices to administer its program.
JUSTIFICATION:	The Compliance Administration Criminal Investigations Division (CID) is responsible for investigating tax related misconduct by external parties. The CID works collaboratively with federal organizations such as: Alcohol, Tobacco and Firearms, the Internal Revenue Service, and the Federal Bureau of Investigation on tax related criminal activity that may have an impact on the District. OIO has never reviewed Criminal Investigation Division as part of oversight of the OTR.
STRATEGIC OBJECTIVES:	Create a Culture of Continuous Improvement; Manage a Fair and Equitable System to Fully Collect District Revenues

AGENCY/AREA:	Office of Tax and Revenue
TITLE:	Audit of Internal Controls over the Converted Payment Process
OBJECTIVES:	The objective of this audit is to determine if internal controls are functioning over the conversion of payments from the Integrated Tax System (ITS) to the Modernized Integrated Tax System (MITS)
JUSTIFICATION:	There are inherent risks associated with payments. In the current environment, if it is determined that a payment was not converted from ITS to MITS, it can be converted. This audit will ensure that there are adequate controls in place to track and monitor payment conversion.
STRATEGIC OBJECTIVES:	Create a Culture of Continuous Improvement; Manage Risk and Prevent Fraud

FY 2019 WORK PLAN

AGENCY/AREA:	Office of Finance and Treasury
TITLE:	Financial Statement Audit of the Delinquent Debt Fund
OBJECTIVES:	The objectives of the proposed audit are to: (1) Determine whether the funds deposited in the Delinquent Debt Funds are used as intended and comply with applicable laws; and (2) Assess the effectiveness of internal controls.
JUSTIFICATION:	The Delinquent Debt Fund was established within the General Fund of the District of Columbia as a special non-lapsing Fund. The fund is allocated to the Central Collection Unit through the District's Annual Budget and Financial Plan. The debts collected by the Central Collection Unit, except those amounts collected by the CCU as fees, are required to be deposited in the Fund. During the Audit of the CCU, OFT informed us that the Fund has not been audited.
STRATEGIC OBJECTIVES:	Improve Transparency and Quality of Information; Manage Risk and Prevent Fraud

AGENCY/AREA:	Office of Finance and Treasury
TITLE:	Audit of Internal Controls over Cashiering Operations
OBJECTIVES:	The objectives of the proposed audit are to: (1) determine whether OFT has adequate internal controls in place over cashiering operations; and (2) follow-up on internal controls deficiencies identified in our previous report and by the Independent Public Accountant, Regis & Company.
JUSTIFICATION:	OIO reviews cashiering operations on an annual basis to provide reasonable assurance that proper internal control policy and procedures are in place to prevent and detect misappropriation of the District's funds.
STRATEGIC OBJECTIVES:	Create a Culture of Continuous Improvement; Manage Risk and Prevent Fraud

AGENCY/AREA:	Office of the Lottery and Charitable Games
TITLE:	Audit of Internal Controls over the OLCG Instant Ticket Inventory Process
OBJECTIVES:	The objectives of this audit are to: (1) determine whether OLCG has adequate internal controls in place over the instant tickets inventory process and (2) assess the current inventory methods of receiving, distributing and tracking processes of instant tickets at OLCG
JUSTIFICATION:	The OLCG instant ticket process was identified as a significant deficiency in the FY 2014 independent auditor's report. OLCG advised this matter was remediated and new measures were put in place to prevent retail agents from ordering excessive amounts of tickets. However, we have not tested this process. In addition, we are requested by OLCG to assess whether the instant ticket return policy is adequately designed and performing effectively.
STRATEGIC OBJECTIVES:	Improve Customer Service; Create a Culture of Continuous Improvement; Manage Risk and Prevent Fraud

FY 2019 WORK PLAN

AGENCY/AREA:	Office of the Lottery and Charitable Games
TITLE:	Audit of Internal Controls over Purchase Card Usage at the OLCG

JUSTIFICATION:	Purchase Cards can be used to make unauthorized purchases or split purchases to bypass authorization limits. To ensure that the purchase card is used in accordance with OCFO guidelines, the agency has requested an audit of their program.
STRATEGIC OBJECTIVES:	Create a Culture of Continuous Improvement and Effectively Manage Risk and Prevent Fraud

AGENCY/AREA:	Office of Financial Operations and Systems (OFOS)
TITLE:	Agreed-Upon Procedures between the Office of Financial Operations and Systems (OFOS) and the Office of Integrity and Oversight (OIO) Regarding the Quarterly Independent Monitoring of SOAR Journal Entries
OBJECTIVES:	The objectives of the agreed-upon procedures engagement are to determine whether: (1) journal entries posted and approved by the same OCFO employees are valid and correct; and (2) effective internal controls are in place to compensate for the risk posed by lack of separation of duties.
JUSTIFICATION:	This quarterly agreed-upon procedures engagement was requested by the Office of Financial Operations and Systems (OFOS) as a result of internal control deficiencies reported by the external auditor in FYs 2013 and 2014. The external auditor recommended that management should implement an ongoing independent monitoring over the journal entries posted and approved by the same OCFO employees.
STRATEGIC OBJECTIVES	Manage Risk and Prevent Fraud; Create a Culture of Continuous Improvement

JUSTIFICATION:	This audit is required pursuant to D.C. Code §24-282. §24-282 (e) states, in pertinent part: The Fund shall be subject to annual audits scheduled by the Office of the Chief Financial Officer, which shall be submitted to the Council no later than February 1 of each year. The scope of audit shall include an examination of the Department's use of Fund profits, including stocking the commissaries, low bond releases, providing inmate clothing upon release, and funding transportation costs for the inmate after release. The audit reports shall be submitted to the Council and the Mayor.
STRATEGIC OBJECTIVES	Improve Transparency and Quality of Information

AGENCY/AREA:	Regulatory Audit
TITLE:	Audit of the New Columbia Statehood Fund Statement of Revenues and Expenditures for the Fiscal Year Ended September 30, 2018
OBJECTIVES:	The objectives of the audit are to: (1) express an opinion on the Statement of Revenues and Expenditures; (2) determine whether expenditures/costs charged to the Fund were proper; (3) determine whether internal controls over Fund transactions and financial reporting were adequate; and (4) determine whether the Fund is administered in accordance with laws and regulations.
JUSTIFICATION:	This audit is required pursuant to D.C. Law 20-271, which states: "All revenues and expenses of the New Columbia Statehood Fund shall be audited annually by the Chief Financial Officer, who shall transmit the audit to the Mayor and the Council. The expenses of the annual audit shall be defrayed by the New Columbia Statehood Fund."
STRATEGIC OBJECTIVES	Improve the Transparency and Quality of Information

FY 2019 WORK PLAN

AGENCY/AREA:	Regulatory Audit
TITLE:	Audit of the Office of Public Charter School Financing and Support Statement of Revenues and Expenditures for the Fiscal Year Ended September 30, 2018
OBJECTIVES:	The objectives of the audit are to: (1) express an opinion on the Statement of Revenues and Expenditures of the Fund and (2) determine whether the Fund is administered in accordance with laws and regulations.
JUSTIFICATION:	Pursuant to Public Law 108-335 which states: "The Office of the Chief Financial Officer shall conduct an annual audit of the funds expended by the Office and provide an annual financial report to the Mayor, the Council of the District of Columbia, the Office of the District of Columbia Treasurer and the Committees on Appropriations of the House of Representatives and Senate for these funds showing, by object class, the expenditures made and the purpose thereof.
STRATEGIC OBJECTIVES:	Improve the Transparency and Quality of Information

AGENCY/AREA:	Cluster
TITLE:	Audit of Internal Controls over the Inmate Trust Fund Transactions (Fund 803)
OBJECTIVES:	The objectives are to determine whether: 1) inmate funds are administered in accordance with District regulations and policies and procedures and 2) the inmate trust fund serves in its fiduciary capacity to properly safeguard inmates' personal funds.
JUSTIFICATION:	There is an inherent high risk associated with transactions that involve cash. This risk increases because the Inmate Trust Fund is a custodial account for monies belonging to other individuals rather than the District, and therefore, requires additional controls in handling the inmate's personal funds. OIO audits funds that are transferred from this Fund as part of our regulatory audit of the Inmate Welfare fund; however, this fund has never been audited therefore, it will be beneficial for the OCFO to review that the Inmate Trust Fund is performing its fiduciary responsibilities in overseeing the DC inmates' funds.
STRATEGIC OBJECTIVES:	Create a Culture of Continuous Improvement; Manage Risk and Prevent Fraud

FY 2019 WORK PLAN

AGENCY/AREA:	Cluster
TITLE:	Audit of the Reprogramming Process within the Economic Development Cluster
OBJECTIVES:	The objectives are to determine whether: (1) the reprogramming of funds were conducted in accordance with District regulations; and (2) appropriate funding sources were used in the reprogramming.
JUSTIFICATION:	<p>The Office of the DC Auditor (ODCA) conducted an audit of the Housing Production Trust Fund (HPTF) for the years 2001 through FY 2016 and found that due to DHCD's improper spending of federal funds, DHCD and the OCFO used the HPTF to repay HUD over multiple years (2009, 2011, 2012, 2013, and 2014).</p> <p>The ODCA review did not include FY 2017 and FY 2018; therefore, OIO will review these fiscal years to ensure Economic Development and Regulation Cluster used appropriate funding sources for reprogramming, and specifically to determine if the Cluster should use more appropriate funds (such as the General Fund surplus or the reserve fund).</p>
STRATEGIC OBJECTIVES:	Create a Culture of Continuous Improvement; Improve the Transparency and Quality of Information

AGENCY/AREA:	Office of Management and Administration (OMA)
TITLE:	Audit of Procurement Practices at the Office of Management and Administration
OBJECTIVES:	The objectives of the proposed audit are to: (1) determine whether OMA/Office of Contracts' contract files are in compliance with the applicable District's Procurement Laws and Regulations; (2) determine whether OMA/Office of Contracts' Procurement and Payments policies and procedures are adequately designed, documented, and communicated to the users; and (3) evaluate whether OMA's procurement and payments practices are effective and efficient.
JUSTIFICATION:	Procurement is deemed a high-risk area and was requested by OMA.
STRATEGIC OBJECTIVES:	Create a Culture of Continuous Improvement

FY 2019 WORK PLAN

AGENCY/AREA:	Office of the Chief Information Officer (OCIO)
TITLE:	Assessment of the OCIO's Management and Control of IT Hardware Assets
OBJECTIVES:	The overall objective of the proposed assessment is to evaluate the OCIO's Management and Controls over Asset Management.
JUSTIFICATION:	The OCIO is responsible for managing all IT Hardware Assets for the OCFO. During the proactive survey of the OCIO's patch management process, we noted some discrepancies in the inventory of laptops/desktops. Additionally, the OCIO has recently acquired an automated Asset Management software.
STRATEGIC OBJECTIVES:	Create a Culture of Continuous Improvement; Improve Transparency and Quality of Information

AGENCY/AREA:	Non-Audit Services
TITLE:	Follow-up Procedures of the FY 2018 Independent Auditor's Report on Internal Control over Financial Reporting and the Comprehensive Annual Financial Report (CAFR) Management Letter
OBJECTIVES:	The objectives of this follow-up are to: (1) monitor the agencies progress in addressing problems noted in the Management Letter and Internal Control Compliance reports issued by the external auditors; (2) determine whether findings have been satisfactorily resolved or are still outstanding; and (3) perform test work to ensure that the agency is actually addressing those findings.
JUSTIFICATION:	The Office of Financial Operations and Systems obtains corrective action plans from effected agencies to mitigate the deficiencies identified by external auditors. The OIO provides an independent verification that actions were implemented as stated.
STRATEGIC OBJECTIVES	Create a Culture of Continuous Improvement

FY 2019 WORK PLAN

AGENCY/AREA:	Non-Audit Services
TITLE:	Quarterly Verification of the Business Self-Assessment Process at the Office of Tax and Revenue
OBJECTIVES:	The overall objective of this verification is to determine whether the tests conducted by the OTR personnel are performed in accordance with the program guidance and to identify opportunities for additional training on internal controls.
JUSTIFICATION:	The Office of the Chief Risk Officer (OCRO) established the self-assessment internal control program at the Office of Tax and Revenue to test controls on a monthly/quarterly basis to ensure that controls are functioning as designed. The verification by OIO will provide additional assurance, that the conclusions reached in testing are proper and adequately supported.
STRATEGIC OBJECTIVES:	Create a Culture of Continuous Improvement; Improve Transparency and Quality of Information

FY 2019 WORK PLAN

AGENCY/AREA:	Office of Tax and Revenue
TITLE:	Audit of the OTR Customer Service Administration Adjustment Process [Job Code 18-01-06 OTR]
OBJECTIVES:	The objectives of this audit are to determine whether: (1) CSA maintained a system of internal controls that safeguarded the District's assets and assures reliable documentation for the changes made in the taxpayer's accounts; (2) CSA complied with the applicable laws, regulations, policies and procedures related to changing taxpayer accounts and issuing a refund to the taxpayers; and (3) prior recommendations were implemented.
JUSTIFICATION:	Our last audit of the CSA Adjustment process was completed and issued on May 29, 2013 and covered FY 2011. The audit revealed three internal control weaknesses and provided eleven recommendations. Since the time of our audit which focused on the Integrated Tax System (ITS), the OTR implemented a new tax system, the Modernized Integrated Tax System (MITS). This audit will focus on adjustments completed in the MITS system.
STRATEGIC OBJECTIVES:	Improve Customer Service; Manage Risk to Prevent Fraud

AGENCY/AREA:	Office of Tax and Revenue
TITLE:	Audit of Internal Controls over the Office of Tax and Revenue Collections Division Enforcement Actions [Job Code 18-01-10 OTR]
OBJECTIVES:	The overall objectives of the audit are to determine whether: (1) the Collections Division is in compliance with Federal and District Government statutes and regulations related to the collection of debts; and (2) adequate internal controls exist over the enforcement action process.
JUSTIFICATION:	Maintaining an effective and efficient collection process for delinquent taxpayers is critical to ensuring that all possible revenues are collected. As of September 30, 2017, the District reported that it had tax receivables of \$458,442,000 (net). ¹ The Collections Division has the authority to use certain enforcement actions such as enforcement actions such as levies, liens, seizures/sales, trust fund recovery assessments and liability offsets to collect the taxes due. This area was deemed high risk by the Treasury Inspector General for Tax Administration (TIGTA) due to its inherent risk.
STRATEGIC OBJECTIVES:	Improve Customer Service; Effectively Manage Risk and Prevent Fraud; Manage a Fair and Equitable System to Fully Collect District Revenues.

¹ This amount is from the FY 2017 Comprehensive Annual Financial Report and is composed of real property taxes in addition to business and individual tax debts. The Collections Division is not responsible for the collection of delinquent real property taxes.

FY 2019 WORK PLAN

AGENCY/AREA:	Office of Finance and Treasury
TITLE:	Audit of Internal Controls over OFT Pension Fund Operations [Job Code 18-01-23 OFT]
OBJECTIVES:	The objectives of the proposed audit are to: (1) determine OFT's compliance with applicable laws and regulations governing the Districts pension plans; and (2) assess the effectiveness of internal controls.
