## **INDEPENDENT AUDITOR'S REPORT**

Office of Finance and Treasury  
Office of the Chief Financial Officer  
Government of the District of Columbia

### ***Report on the Financial Statements***

We have audited the accompanying statements of fiduciary net position of the Government of the District of Columbia 457(b) Deferred Compensation Plan (the "Plan") as of September 30, 2018 and 2017, and the related statements of changes in fiduciary net position for the years then ended and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express an opinion on the financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Plan's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the fiduciary net position of the Plan, as of September 30, 2018 and 2017, and the changes in the fiduciary net position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matter***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 9 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**GOVERNMENT OF THE DISTRICT OF COLUMBIA**  
**457(b) DEFERRED COMPENSATION PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2018 AND 2017**

**NOTE 1 - DESCRIPTION OF PLAN**

The Government of the District of Columbia (the “District”) offers for eligible employees a qualified employee Deferred Compensation Plan (“Plan”) that was established under the District’s 457(b) Deferred Compensation Act of 1984, D.C. Law 5-118, and D.C. Code Section 47-3601. The Plan enables eligible employees to make tax deferred contributions towards their retirement. The Plan’s assets are held in trust by the District for the exclusive benefit of Plan members and their beneficiaries. All District employees of an agency under the personnel authority of the District’s Mayor, a subordinate agency as defined in the Comprehensive Merit Personnel Act of 1978, and an agency not under the personnel authority of the Mayor or an independent agency but approved by the Mayor, are eligible to participate in the Plan. There are no age and length of service requirements.

Effective January 1, 2009, the blind licensees of the District’s Randolph Sheppard Vending Facility Program became eligible to participate in the Plan. The blind licensees under the Randolph Sheppard Vending Facility Program shall not become an eligible individual until the later of the date (i) such as licensee has been a participant in the program for 13 months or (ii) a year and one month after their licensure date.

Effective October 1, 2017, the District Comprehensive Merit Personnel Act of 1978, Section 2609(b), made by the Fiscal Year 2018 Budget Support Act of 2017 was amended for employees of the Council, the Office of the District Auditor and the Office of Advisory Neighborhood Commissions (collectively, “Agencies”). It provided for mandatory matching contributions for employees of those Agencies participating in the Deferred Compensation Plan (“Plan”) who make a pre-tax contribution or Roth contribution under the Plan for each pay period in an amount equal to one hundred percent (100%) of such employee’s Pre-Tax contributions and Roth contributions made during each such pay period, but not in excess of three percent (3%) of the employee’s base salary during such pay period. Matching contributions are made in the 401(a) Defined Contribution Pension Plan.

The District’s Office of the Chief Financial Officer, Office of Finance and Treasury (“OFT”) and the District of Columbia Department of Human Resources are joint Plan Administrators. They are jointly responsible for adopting the Plan’s administration rules and regulations and investment policies and overseeing the duties of the Trustee of the Plan. The Trustee is responsible for the Plan’s record keeping, marketing and enrollment efforts. In 2015, the OFT contracted with ICMA Retirement Corporation (“ICMA-RC”) to be the Plan’s Program Manager. The Program Manager maintains an account for each participant that is adjusted for contributions, distributions, and investment earnings and losses. Participants can contribute to the Plan up to the lesser of \$18,500 for 2018 and \$18,000 for 2017 or 100% of the participants’ includible compensation. Participants who are at least age 50 can contribute up to \$24,500 for 2018 and \$24,000 for 2017 to the Plan. Participants who qualify for pre-retirement catch-up contributions can contribute up to \$37,000 for 2018 and \$36,000 for 2017 to the Plan. Participants are vested immediately.

Participants can receive a distribution of their assets upon retirement, termination of service, death, or for an emergency hardship.

457(b) DEFERRED COMPENSATION PLAN  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2018 AND 2017**

**NOTE 1 - DESCRIPTION OF PLAN (Continued)**

***Loans***

Effective October 1, 2011, participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of (1) \$50,000 reduced by the excess (if any) of the highest outstanding balances of loans from the Plan to the participant during the one year period ending on the day before the date on which such loan is made, over the outstanding balance of loans from the Plan to the participant on the date on which such loan was made, or (2) 50% of the present value of the non-refundable accrued benefit of the participant under the Plan.

The loans are secured by the balance in the participant's account and must be repaid over a maximum period of 57 months for general purposes and 240 months for a home purchase. Loans bear interest at a fixed rate equal to the U.S. prime rate. The interest rate on outstanding loans was 4.50% as of September 30, 2018 and 4.25% as of September 30, 2017.

***Plan Membership***

At September 30, 2018 and 2017, the Plan's membership consisted of the following:

	<u>2018</u>	<u>2017</u>
Active Members	15,158	16,257
Inactive Members	5,479	3,700
	<u>20,637</u>	<u>19,957</u>

**GOVERNMENT OF THE DISTRICT OF COLUMBIA**  
**457(b) DEFERRED COMPENSATION PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2018 AND 2017**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

***Basis of Presentation***

The Plan's financial statements are presented in accordance with Governmental Accounting Standards Board (GASB), which requires two basic financial statements: statement of fiduciary net position and statement of changes in fiduciary net position. For financial reporting purposes, the Plan is considered a pension trust fund.

***Basis of Accounting***

The financial statements of the Plan are prepared under the accrual basis of accounting. Employee contributions are recognized by the Plan at the time compensation is earned by Plan members and the payments become due from the District government. Investment income is recognized when earned. Deductions are recognized when due and payable in accordance with the terms of the Plan.

***Investment Valuation***

At September 30, 2018 and 2017, the Plan's investments were in mutual funds, a stable value fund, and brokerage account. Shares in mutual funds and the brokerage accounts are reported at fair value based on quoted market prices, which represent the net asset value of shares held by the Plan at fiscal year-end. Investments in the stable value fund are presented at contract value, which approximates fair value. Contributions of participants who elect this investment option are combined and held in trust. The Plan has an undivided interest in the trust and its ownership is represented by its proportionate dollar interest.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

***Fair Value Measurements***

The Plan categorize fair value measurements within the fair value hierarchy established by GASB Statement No. 72, *Fair Value Measurement and Application*.

The valuation technique uses a three-level hierarchy of inputs to measure the fair value of the asset and gives the highest priority to unadjusted quoted prices in active markets (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). These classifications are summarized as follows:

***Level 1 Inputs:*** Quoted prices (unadjusted) for identical assets or liabilities in active markets that a reporting entity can access at the measurement date.

***Level 2 Inputs:*** Inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.

***Level 3 Inputs:*** Unobservable inputs for an asset or liability.

**GOVERNMENT OF THE DISTRICT OF COLUMBIA**  
**457(b) DEFERRED COMPENSATION PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2018 AND 2017**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

In the event that inputs used to measure the fair value of an asset or liability fall into different levels in the fair value hierarchy, the overall level of the fair value hierarchy in its entirety is determined based on the lowest level input that is significant to the entire valuation. These levels are not necessarily an indication of risk but are based upon the pricing transparency of the investment.

Fair value of certain investments that do not have a readily determinable fair value is established using net asset value (or its equivalent) as a practical expedient. These investments are not categorized according to the fair value hierarchy.

***Notes Receivable from Participants***

Loans to participants are recorded at principal less repayments and plus accrued interest. The loan balance reflected in the Statement of Fiduciary Net Position is also adjusted for defaulted loans. If a payment is missed for any reason the loan is considered delinquent and in arrears. All missed payments should be made by the end of the next calendar quarter. A loan is considered in default and taxed as a “deemed distribution” if missed payments are not made during the applicable grace period. Even after a loan is deemed distributed, loan repayments will continue to be deducted from available compensation until the earlier of when the loan is repaid, or the maturity date is reached. Employees who leave District employment may continue to repay the loan by making alternative payment arrangements. As of September 30, 2018, and 2017, the total of all defaulted loans was \$1,283,539 and \$1,513,452, respectively.

***Employee Contributions***

Employee contributions are recognized as revenue at the time compensation is earned by Plan members on a specified payroll pay date or when received from other eligible plans.

***Payment of Benefits***

Benefit payments are recorded as deductions when due for payment.

***Use of Estimates***

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**457(b) DEFERRED COMPENSATION PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2018 AND 2017**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

***Tax Status***

The Plan is an eligible employee deferred compensation plan under Section 457(b) of the Internal Revenue Code.

***Reclassifications***

Certain prior year balances may have been reclassified to conform to the current year presentation. These reclassifications have no effect upon reported net position available for benefits. In 2018, the Plan's presentation of certain expenses within its Statement of Changes in Fiduciary Net Position was changed. Administrative Expense previously recorded as Investment Management Fees is now included in the caption "Administrative Expenses".

***Accounting Pronouncements Adopted***

GASB has issued Statement No. 72, *Fair Value Measurement and Application*, which defines fair value and describes how fair value should be measured, what assets and liabilities should be measured at fair value, and what information about fair value should be disclosed in the notes to the financial statements. Under the new guidance, fair value disclosures have been expanded to categorize fair values according to their relative reliability and to describe positions held in many alternative investments. This Statement was effective for fiscal years beginning after June 15, 2015 and was adopted for fiscal year 2016.

GASB has issued Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*, which reduces the GAAP hierarchy to two categories of authoritative GAAP from the four categories under GASB Statement No. 55, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The first category of authoritative GAAP consists of GASB Statements of Governmental Accounting Standards. The second category comprises GASB Technical Bulletins and Implementation Guides, as well as guidance from the AICPA that is cleared by the GASB. This Statement is effective for fiscal years beginning after June 15, 2015. The adoption of the pronouncement did not have a material impact on the Plan's financial statements.

**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2018 AND 2017**

**NOTE 3 - INVESTMENTS**

Investments of the Plan at September 30, 2018 and 2017 consist of the following:

	<u>2018</u>	<u>2017</u>
Stock and Bond Funds	\$ 580,601,622	\$ 493,223,935
Stable Value Fund	236,824,245	234,989,021
Self Directed Brokerage Account	5,443,614	3,163,205
Total Investments	<u>\$ 822,869,481</u>	<u>\$ 731,376,161</u>

The Plan's investments in Registered Investment Companies are stated at fair market value. The stable value fund is recorded at contract value, which approximates fair value. The Plan's investments are subject to the following risks common to investments:

- *Custodial credit risk* is the risk that the Plan will not be able to recover the value of its investments in the event of a failure by the counterparty to a transaction. Investments are exposed if they are uninsured, are not registered in the name of the Plan, and are held by either (a) the counterparty or (b) the counterparty's trust department or agent, but not in the Plan's name. The Plan's investments for fiscal year 2018 and 2017 are partially insured and registered in the Plan's name and are generally segregated by the counterparty in a manner to protect them from certain claims by creditors. The Plan also invests in mutual and commingled trust funds which are not generally exposed to custodial credit risks. The Plan Sponsor performs periodic qualitative assessments of the investment managers and investment strategy to minimize custodial credit risk.
- *Interest rate risk* is the risk that changes in interest rates will adversely affect the fair value of an investment. The Plan manages its exposure to declines in fair values by not offering investments that have excessive average maturities. The following discloses the weighted average maturity for certain mutual funds that include investments in bonds at September 30, 2018.

<b>Investment</b>	<b>Average Maturity</b>
Vantage Trust Plus Fund	3.40 years
DCPLUS Fixed Income Portfolio	8.60 years
PIMCO Real Return Collective Trust II	8.41 years

457(b) DEFERRED COMPENSATION PLAN  
NOTES TO FINANCIAL STATEMENTS  
SEPTEMBER 30, 2018 AND 2017**

**NOTE 3 - INVESTMENTS (Continued)**

- *Foreign currency risk* is the risk that changes in exchange rates will adversely affect the fair value of an investment in a foreign financial institution. The Plan mitigates this risk by limiting its investments in any one country to no more than the greater of either 25% of the equity portion of the investment account or by the country's weight in the Europe, Australia, and Far East (EAFE) benchmark. In addition, a minimum of eight countries must be represented in each investment account. As a result, the Plan's currency denomination varies.

At September 30, 2018 and 2017, the investment with the largest foreign currency risk is the Harbor International Fund. The major currency denomination for the Harbor International Fund is the Euro.

- *Credit risk* is the risk that an issuer to an investment will not fulfill its obligations. The Plan does not invest in securities that have an overall quality less than BBB as rated by Moody's or Standard & Poor's. There were 15 out of 30 investments that had credit ratings in fiscal year 2018 and 14 out of 29 that had a credit rating in fiscal year 2017. At September 30, 2018 and 2017, those investments and the related credit ratings were as follows:

**NOTES TO FINANCIAL STATEMENTS**  
**SEPTEMBER 30, 2018 AND 2017**

**NOTE 5 - LIFE INSURANCE POLICIES**

Prior to fiscal year 2000, the Plan offered as an investment option to participants the purchase of life insurance policies underwritten by life insurance companies. Although the life insurance policies are no longer available to participants as an investment option, participants with existing life insurance policies are allowed to continue to contribute to their policies. At September 30, 2018 and 2017, the contract values of participants' life insurance policies have been excluded from Plan's assets because the obligations to pay the benefits under the policies are assumed by the life insurance companies. Existing policies are underwritten by Monumental and Shenandoah Life Insurance Companies. Participants' life insurance contract values for the years ended September 30, 2018 and 2017 totaled \$4,048,089 and \$4,232,462, respectively.

**NOTE 6 - PLAN FEES**

Fees are charged to participants' accounts for investment management services and administration expenses of the Plan. Investment management fees vary by investment fund and are calculated based on the fund's daily asset value. For the years ended September 30, 2018 and 2017, investment management fees totaled \$3,121,912 and \$2,846,129, respectively. The Program Manager receives a net administrative fee of 0.165% (16.5 basis points) of the Plan's daily asset value. For the years ended September 30, 2018 and 2017, Program Manager administrative fees totaled \$1,077,988 and \$939,313, respectively.

**NOTE 7 - DUE TO DISTRICT GOVERNMENT**

Per their agreement, the Program Manager annually reimburses the Plan Administrator 5 basis points of the Plan's asset value through September 18, 2015 and 5.5 basis points afterwards. The reimbursement is accumulated in an administrative reimbursement account held by the Program Manager and is used annually by the District to pay for direct administrative expenses incurred and for contributions toward salaries expenses incurred by the District and the Plan Administrator. Additions to and deductions from the administrative reimbursement account are not Plan transactions reflected in the Statements of Changes in Fiduciary Net Position.

After recognizing the basis point reimbursement, interest earnings and payments from the administrative reimbursement account, the balance in the administrative reimbursement account as of September 30, 2018 and 2017 was \$337,277 and \$265,014, respectively. This is recorded in the Statement of Fiduciary Net Position as "Due to District Government". The amount owed from the Program Manager as of September 30, 2018 was \$27,830.

**NOTE 8 - ADMINISTRATIVE EXPENSES**

The Plan does not directly incur administrative expenses. Administrative expenses are incurred by the Plan Administrator and the Program Manager for the operation of the Plan.

The amount recorded as administrative expenses in the Statement of Changes in Fiduciary Net Position of \$328,790 and \$299,438 for fiscal years 2018 and 2017, respectively, represents the Program Manager's investment expenses allocation towards administrative expenses.

**NOTE 8 - ADMINISTRATIVE EXPENSES (Continued)**

The administrative expenses incurred by the Plan Administrator and reimbursed from the administrative reimbursement account (see Note 8) for the years ended September 30, 2018 and 2017 totaled \$274,500 and \$373,055, respectively, and were as follows:

	<u>2018</u>	<u>2017</u>
Audit and Compilation Services	\$ 87,420	\$ 97,844
Investment Consulting Services	33,380	25,211
District Administrative Reimbursement	153,700	250,000
	<u>\$ 274,500</u>	<u>\$ 373,055</u>

For fiscal year 2018 and 2017, the Plan assesses \$75 for each new participant loan processed and \$50 per participant for existing loans. Loan fees totaled \$301,238 and \$264,686, in 2018 and 2017, respectively.

**NOTE 9 - TERMINATED PARTICIPANTS**

As of September 30, 2018, and 2017, the Plan had 5,479 and 3,700 terminated participants, respectively, who have account balances in the Plan. The participants are no longer able to contribute to the Plan, but their account balances are adjusted for fees and investment earnings. The value of the account balances as of September 30, 2018 and 2017 totaled \$226,287,455 and \$143,896,227, respectively.

**NOTE 10 - PLAN TERMINATION**

The District may amend or terminate this Plan provided that such amendment or termination shall not impair the rights of a vested participant or beneficiary to receive any contributions, and income earned thereon, allocated to his or her active or inactive account, as the case may be, prior to the date of the termination or amendment of the Plan.

**NOTE 11 - RISKS AND UNCERTAINTIES**

The Plan invests in investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible, that changes in the values of the investment securities will occur in the near term and, that such changes could materially affect participants' account balances and the amounts reported in the statements of fiduciary net position.
