(GE0) DC STATE BOARD OF EDUCATION

MISSION

The District of Columbia State Board of Education (SBOE) is an independent agency with three separate offices: The Office of the State Board advises the State Superintendent on statewide education policy, the Office of the Ombudsman helps families and schools resolve conflict in the students' best interest, and the Office of the Student Advocate supports families in their advocacy.

Elements on this page of the Agency Summary include:

- Funding Tables: Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a project sheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- Additional Appropriations Data (\$000): Provides a summary of the budget authority over the life of the project. The table can be read as follows:
 - Original 6-Year Budget Authority: Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
 - Budget Authority Through FY 2027: Represents the lifetime budget authority, including the 6-year budget authority for FY 2022 through FY 2027.
 - FY 2022 Budget Authority Revisions: Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
 - 6-Year Budget Authority Through FY 2027: This is the total 6-year authority for FY 2022 through FY 2027 including changes from the current fiscal year.
 - Budget Authority Request Through FY 2028: Represents the 6-year budget authority for FY 2023 through FY 2028.
 - Increase (Decrease): This is the change in 6-year budget requested for FY 2023 FY 2028 (change in budget authority is shown in Appendix A).
- Estimated Operating Impact: If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact.
- FTE Data (Total budget in FTE Table might differ from actual budget due to rounding): Provides the number for Full-Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally, it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan, and the percentage of the agency CIP budget from either expense category.
- Facility Location Map: For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.
