

(JA0) DEPARTMENT OF HUMAN SERVICES

MISSION

The Department of Human Services (DHS) works in collaboration with the community to assist low-income individuals and families to maximize their potential for economic security and self-sufficiency.

BACKGROUND

Enhanced federal financial participation associated with the federal Affordable Care Act of 2010 (ACA) and a waiver of OMB Circular A-87, presents the District with an unprecedented opportunity to replace a 20-year-old public benefit eligibility system; integrate health and human services case management systems; and meet ACA requirements. The DC Access System (DCAS) will establish a single gateway connecting District residents to health and human services benefits across multiple government agencies.

CAPITAL PROGRAM OBJECTIVES

Build a new Health Care and Human Services Solution to (A) ensure that every District resident has access to affordable health coverage and eligible public benefits; (B) create a seamless customer service experience for all health and human services consumers; (C) establish policies, processes, and capabilities that improve governance by DC agencies; (D) transform Medicaid eligibility and enrollment for all beneficiaries; (E) transform other public programs and services, including TANF, SNAP, Homeless Services, etc.; and, (F) create an Integrated System of Care (Case Management).

RECENT ACCOMPLISHMENTS AND PLANNED ACTIVITIES

DCAS is a joint project between DHS, the Department of Health Care Finance (DHCF), the Health Benefit Exchange Authority (HBX), the Department of Insurance Securities and Banking (DISB), and the Office of the Chief Technology Officer (OCTO). Jointly the agencies have accomplished and continue deployment of:

DCAS Release 1: DC Health Link - Delivered October 2013, enhancements continuing to October 2016

DCHL allows the District to meet ACA requirements and serves as DC's State-Based Marketplace (SBM). The system has been live since 10/1/13 with enhancements constructed and delivered on an ongoing basis to improve functionality, range of determinations, the ease with which residents can use the system, and federal compliance.

DCAS Preliminary Release 2.0 (first deliverable): Converted and New MAGI Renewals

Delivery Date: December 2014, Enhancements continuing through October 2016

The ACA mandates that all residents who had been receiving Medicaid prior to October 2013 be evaluated for Modified Adjusted Gross Income (MAGI) eligibility and be automatically renewed starting on December 1, 2014. DC has met this deadline and kept over 34,000 residents out of service centers with this automatic renewal process. The final phase of this project, allowing renewals to be done online, is anticipated to go live by October 2016.

Release 2.0 and 2.2: DC Link

Delivery Date: September 2016 for Caseworkers, February 2017 for the general public

This release will satisfy the option the District chose under the ACA to build an integrated online portal to access all DHS Cash and Food Assistance services, and modernize the eligibility determination and enrollment process for 11 major DHS programs, including SNAP, TANF, and IDA. The portal will first be accessible to Caseworkers only, then to the general public.

DCAS Release 3: All Health Insurance Eligibility and Enrollment & Family Services Administration

Delivery Date: October 2019

Release 3 will integrate the remaining Medicaid (non-MAGI) programs and locally-funded health care assistance programs. This release will allow DHS to sunset its current legacy system and will integrate, for the first time, Family Services Administration programs, including those supporting homeless services.

Elements on this page of the Agency Summary include:

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project’s budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
 - › **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
 - › **Budget Authority Thru FY 2021 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2016 through 2021
 - › **FY 2016 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
 - › **6-Year Budget Authority Thru 2021 :** This is the total 6-year authority for FY 2016 through FY 2021 including changes from the current fiscal year.
 - › **Budget Authority Request for 2017 through 2022 :** Represents the 6 year budget authority for 2017 through 2022
 - › **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2017 - FY 2022 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency’s capital plan and, the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

JA0-CMSS1-CASE MANAGEMENT SYSTEM - GO BOND

Agency: DEPARTMENT OF HUMAN SERVICES (JA0)
Implementing Agency: DEPARTMENT OF HUMAN SERVICES (JA0)
Project No: CMSS1
Ward:
Location: DISTRICT -WIDE
Facility Name or Identifier: INFORMATION TECHNOLOGY
Status: Ongoing Subprojects
Useful Life of the Project: 10
Estimated Full Funding Cost:\$71,856,000

Description:

The new project will marry the Health Insurance Exchange (HIX) and DC Consumer Access Reporting and Eligibility System (DC Cares). The HIX and DC CARES will enable District customers to use online and call center services to apply for and enroll in Medicaid, TANF, Food Stamps, and other federal and local health and human services programs. DHS and DHCF will be able to manage customers' multiple programs with the consolidated case management functionality that will also be implemented as part of this project.

Justification:

Pursuant to the Affordable Care act of 2010 (ACA), the District is required to have a robust web-based eligibility system by October 1, 2013. Consequently, this project will integrate the Health Insurance Exchange with the existing case management system, allowing District customers to use online and call center services to apply for and enroll in Medicaid, TANF, Food Stamps, and other federal and local health and human services programs. District citizens and families that find themselves in need of support or help are often the least able to help themselves negotiate the maze of agencies to find and enroll in the appropriate programs. They are often required to travel between several offices and provide a variety of documents to prove their eligibility for services. An integrated approach would allow a citizen to find out about the available District and federal resources available to them through a wide variety of programs and providers. Multiple agencies throughout the District serve the same families, children and adults, often at the same time through separately maintained systems and infrastructures. This approach will simplify the process.

Progress Assessment:

The project is progressing as planned.

Location: 10TH & V STREET STREETS NW
Facility Name or Identifier: WARD 1 SHELTER

Useful Life of the Project: 30
Estimated Full Funding Cost:\$20,000,000

Description:

To acquire parcels of land located at 2105 and 2107 10th Street NW and 933 V Street NW, Square 358, Lots 5, 6, and 802, including, if necessary, through the exercise of eminent domain and to construct a facility to provide temporary shelter for families experiencing homelessness containing 29 2- and 3-bedroom apartment-style units. The District may contract with the current property owner for construction of the facility as part of an agreement to acquire the land. If no agreement can be reached with the current owner for construction of the facility, a contract for construction of the facility shall be awarded pursuant to a request for proposals to be issued by the Department of General Services.

The construction of new, smaller short-term family housing options will allow the District to close down the DC General Family shelter. The creation of permanent supportive housing will help end chronic homelessness. These are both consistent with the District’s strategic plan to end homelessness and advance overall efforts to make homelessness rare, brief and reoccurring in DC.

The District seeks to issue tax-exempt bonds to finance these projects and the Chief Financial Officer of the District must be satisfied that the proposed business arrangements, with respect to the use and user(s) of the proposed project, will not create a private business use within the meaning of the applicable Internal Revenue Service rules and regulations.
