The mission of the Department of Energy and Environment (DOEE) is to improve the quality of life for the residents and natural inhabitants of the nation's capital by protecting and restoring the environment, conserving our natural resources, mitigating pollution, increasing access to clean and renewable energy, and educating the public on ways to secure a sustainable future.

Summary of Services

The agency's core responsibilities include, but are not limited to, enforcing environmental regulations; monitoring and assessing environmental risks; developing energy and environmental policies; issuing permits; and providing residents and local businesses with funding, technical assistance, and information on initiatives designed to ensure a more resilient and sustainable city.

Note: If applicable, for a breakdown of each Grant (Federal and Private) and Special Purpose Revenue type, please refer to Schedule 80 Agency Summary by Revenue Source in the FY 2024 Operating Appendices located on the Office of the Chief Financial Officer's website.

In FY 2024, the Intra-District process will be eliminated, and the duplicated budget in the agencies providing services (seller agencies), known as Intra-District budget, will no longer be required. This process will be replaced by a new interagency process, which will enable seller agencies to directly charge interagency projects funded by the agencies receiving the services (buyer agencies). For more detailed information regarding the approved funding for interagency projects funded within this agency, please see Appendix J, FY 2024 Interagency Budgets, in the Executive Summary budget volume.

Division Description

The Department of Energy and Environment operates through the following 10 divisions:

Natural Resources – conserves, protects, and improves the soil, water, and living resources of the District of Columbia, and protects its aquatic resources from pollution and degradation.

This division contains the following 5 activities:

- **Fisheries and Wildlife** develops, supports, and implements programs for urban fish and wildlife conservation, protection, recreation, and sustainability;
- **Inspection and Enforcement** –protects the District's water resources through enforcement of water pollution control laws and regulations;
- Water Quality evaluates the health of the District's waters and aquatic resources, establishes and enforces water quality standards, sets targets for pollution reduction, develops implementation strategies to meet standards, tracks and reports on restoration progress, and manages local and federal funds to achieve these goals;
- Watershed Protection protects and restores the environmental health of the District's watersheds by restoring streams and wetlands, providing incentives to control nonpoint source pollution, and conducting outreach and education; and
- **Regulatory Review** reviews proposed construction projects in the District to ensure they comply with applicable laws and regulations to protect and restore health to District waterbodies and manages related programs, including the District's flood risk management initiatives and mitigation programs such as the Stormwater Retention Credit Trading Program and In Lieu Fee Program.

Environmental Services – protects public health and the environment in areas related to air quality, hazardous waste, lead, pesticides, and underground storage of petroleum products.

This division contains the following 4 activities:

- **Toxic Substances** protects human health and the environment from the potential hazards associated with toxic substances (pesticides), hazardous waste, underground storage of petroleum products, and the redevelopment of environmentally contaminated properties;
- Air Quality develops, implements, and enforces programs that protect the environmental health of District's air quality through upholding local and national air quality laws and regulations. This includes maintaining a network of monitors for continuous assessment of air pollution; establishing targets for air pollution reduction; developing and implementing strategies to meet air quality standards; ensuring sources of air pollution meet their environmental obligations; reviewing proposed construction projects to ensure they comply with applicable laws and regulations; and conducting outreach, education and compliance assistance;
- Lead-Safe and Healthy Housing protects the health of District residents by monitoring lead safety throughout the District's housing stock and by raising awareness of other residential environmental and safety hazards; provides oversight of mold remediation, radon exposure, and ensuring safe drinking water in child care facilities by providing filters for drinking water sources; and provides healthy homes inspections to reduce environmental issues in homes; and
- Rail Safety and Emergency Response allows state participation in investigative and surveillance activities. The principal method of participation is by agreement with the Federal Railroad Administration. Responsible for emergency response to assist first responders to environmental accidents (spills, leaks) in the District.

Community Relations – develops and implements successful communications, engagement, and outreach strategies and products that promote and advance the mission of the Department, while serving and engaging the residents and businesses of the District in a fair, transparent, and accessible manner.

Energy – The District's center for excellence executing an equitable and affordable clean energy transition, enabling the District to meet its aggressive greenhouse gas reduction goals. The Energy Administration sets policy and enforces Clean Energy DC laws, and it is a clearinghouse for net-zero energy, efficiency, renewable energy, clean transportation, and energy democracy programs serving residential, commercial, institutional, and government sectors in the District.

Urban Sustainability – develops innovative policies and programs to address sustainability, green building, climate change, equity, and sustainable materials management. This includes working to increase food production in the District and supporting a more sustainable, equitable, and resilient food system. The division also oversees the implementation of Sustainable DC, the District's sustainability plan.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This division is standard for all agencies using performance-based budgeting.

Agency Financial Operations – provides comprehensive and efficient financial management services, to and on behalf of, District agencies so that the financial integrity of the District of Columbia is maintained. This division is standard for all agencies using performance-based budgeting.

Recurring Budget

The FY 2024 budget for DOEE includes a reduction of \$3,606,862 and 2.4 FTEs to account for the removal of one-time funding appropriated in FY 2023 for the following enhancements: \$2,645,738 and 1.0 FTE in the Natural Resources program to provide financial assistance for homeowners through the new Flood Smart Homes program; \$350,000 to support the Electric Grid Hosting capacity study; \$250,000 for Reusable Food Ware grants for the Zero Waste Omnibus Amendment; \$178,624 and 1.4 FTEs for the Rail Safety and Emergency Response Capacity; \$150,000 for the Sustainable DC Plan Update; and \$32,500 to support Advanced Air Monitoring.

Mayor's Proposed Budget

Increase: In DOEE's Local funds, the proposed budget includes an increase of \$606,696 across multiple divisions to align personal services with projected costs. This adjustment includes a decrease of 2.0 Full-Time Equivalent (FTE) positions.

The Federal Payment proposed budget reallocates resources from the Energy division to the Utility Affordability (UA) division resulting in no change to the budget but a modest gain of 0.8 FTE in the UA division.

The Federal Grant funds proposed budget includes an increase of \$4,914,846 across multiple division to align resources with operational spending goals. Additionally, an increase of \$2,335,800 and 11.8 FTEs is proposed to align personal services with projected costs.

In Private Grant funds, the proposed budget includes an increase of \$14,863, primarily in the Environmental division, to support projected grant awards.

The Special Purpose Revenue (SPR) funds proposed budget is increased by \$13,241,043 across multiple division to align the budget with projected revenues. Additionally, the proposed SPR budget is increased by \$1,390,545 and 1.4 FTEs due to cumulative reductions in Local funding and the evolving needs of the agency to execute and perform its goals and objectives. The major change in FY 2024 in SPR is due to an accounting change for the Storm Water Escrow Account, which is now budgeted in the Storm Water Permit Review Fund. Lastly, a proposed increase of \$1,725 across multiple divisions is to align Telecommunication Fixed Costs with proposed estimates.

Decrease: In DOEE's Local funds, the proposed budget includes a net decrease of \$33,985,862, primarily in the Energy division, to reflect reductions in ARPA - Federal Funds for Local Revenue Replacement funding to realize programmatic cost savings in District Recovery Plan initiatives.

In Private Grant funds, the proposed budget includes a decrease of \$34,680 and 0.4 FTE to align the budget with projected grant funding across multiple divisions.

Enhance: The DOEE's proposed Local funds budget includes a one-time increase of \$470,573 in the Environmental Services division to support an initiative to supplement the Lead in Drinking Water program to meet the mandates of the Childhood Lead Exposure Prevention Amendment Act of 2017. This requires child development facilities to work with DOEE-approved contractors to install lead filters on each drinking water source, conduct annual lead tests, and take steps for remediation if there are elevated lead concentration levels. Additionally, the proposed Local budget includes an increase of \$150,000 in the Natural Resources division to support park maintenance costs.

Reduce: DOEE's proposed Local funds budget includes a reduction of \$261,322 and 3.0 FTEs across multiple divisions to account for a reduction of vacant positions. The agency's budget also proposes a reduction of \$2,107,833 in ARPA – Federal Funds for Local Revenue Replacement funding in the Natural Resources division. This reduction is comprised of \$2,082,633 in the Green Infrastructure Maintenance project and \$25,200 for the Dump Busters project.

In Federal Payments, the agency's proposal includes a reduction of \$14,820,000 and 3.0 FTEs across multiple divisions to reflect reduced ARPA - Federal State Funding.

District's Approved Budget

Enhance: DOEE's approved Local funds budget includes an increase of \$361,000 and 2.0 FTEs in the Natural Resources division to fund development of an Advisory Plan and provide biennial updates needed to implement B24-617, the District Waterway Management Amendment Act of 2022. The approved budget also includes a one-time increase of \$150,000 in the Natural Resources division to fund a Park Maintenance grant.

In Special Purpose Revenue funds, the approved budget includes an increase of \$25,153,000 to fund grants authorized by the Sustainable Energy Trust Fund Rightsizing Amendment Act of 2023.

Reduce: In Federal Payments, DOEE's approved budget reflects a decrease of \$1,590,000 in the Energy division to align the budget to projected revenues.

FY 2024 Approved Full-Time Equivalents (FTEs)

Table KG0-7 contains the summary of FY 2024 Approved Budgeted Full-Time Equivalents (FTEs).

Table KG0-7

| Total FY 2024 Approved Budgeted FTEs | 501.1 |

| PO0-Office of Contracting and Procurement | (1.0) |
| Total Interagency FTEs budgeted in this agency, employed by other agencies | (2.0) |
| Total FTEs employed by this agency | 499.1 |

Note: Table KG0-7 displays the impact of the buyer agencies budgets funding the seller agencies FTEs in the FY 2024 budget, compared to how FTEs were budgeted in FY 2023.

- -It starts with the FY 2024 budgeted FTE figure, 501.1 FTEs.
- -It subtracts 2.0 FTEs budgeted in KG0 in FY 2024 who are employed by another agency.
- -It adds 0.0 FTEs budgeted in other agencies in FY 2024 who are employed by KG0.
- -It ends with 499.1 FTEs, the number of FTEs employed by KG0, which is the FTE figure comparable to the FY 2023 budget.
