## (KT0) DEPARTMENT OF PUBLIC WORKS

### MISSION

The Department of Public Works (DPW) provides the highest quality sanitation, parking enforcement, and fleet management services that are both ecologically sound and cost effective.

### BACKGROUND

DPW's capital program supports the Department's efforts to provide municipal services to District of Columbia residents and businesses. The staff of the Solid Waste Management Administration ensures that District streets and public spaces are clean, safe, attractive, and accessible by collecting and disposing of trash and recyclables, cleaning streets and alleys, removing graffiti, and enforcing solid waste regulations. The Parking Services Administration of DPW employs approximately 200 parking officers who monitor 17,000 meters and 3,500 blocks of residential zoned parking. The employees who provide these services need operational equipment and adequate facilities to successfully perform their jobs. Currently, DPW maintains 14 properties, including: 12 fueling sites, 2 transfer stations, 1 impound lot, and 1 leaf transfer station. DPW maintains an agency fleet of 1,110 vehicles, from sedans to heavy equipment such as trash compactors, dump trucks, street sweepers, and backhoes.

### CAPITAL PROGRAM OBJECTIVES

1. Ensure DPW fleet equipment will be available for the agency's core services and maintain replacement cycles to maximize cost savings on fleet maintenance.

2. Provide safe and clean facilities for DPW employees to perform work that ensures the cleanliness of the District's residential neighborhoods, high-visibility commercial areas, gateway corridors, and industrial zones.

### **RECENT ACCOMPLISHMENTS**

• Completed the renovation of the Tire Shop at West Virginia Avenue, NE. The renovated building will accommodate not only the Tire Shop but also the landscaping unit of the Solid Waste Management Administration (SWMA);

• Completed the acquisition of the Okie Street, NE facility. The facility will accommodate the Street and Alley Division of the SWMA that includes approximately 300 employees and all of their equipment;

· Completed the renovation of the roof at the Benning Road Transfer Station; and,

· Began construction of a stormwater management system and new fencing at the Blue Plains Impoundment Lot.

### Elements on this page of the Agency Summary include:

• Funding Tables: Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.

• Additional Appropriations Data (\$000): Provides a summary of the budget authority over the life of the project. The table can be read as follows:

• **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.

• Budget Authority Thru FY 2019 : Represents the lifetime budget authority, including the 6 year budget authority for FY 2014 through 2019

• **FY 2014 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.

• 6-Year Budget Authority Thru 2019 : This is the total 6-year authority for FY 2014 through FY 2019 including changes from the current fiscal year.

• Budget Authority Request for 2015 through 2020 : Represents the 6 year budget authority for 2015 through 2020

• **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2015 - FY 2020 (change in budget authority is shown in Appendix A).

• Estimated Operating Impact: If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact

• FTE Data (Total budget in FTE Table might differ from actual budget due to rounding): Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.

• Facility Location Map: For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.

### **KT0-CON01-CONSOLIDATION OF DPW FACILITIES @1833 W. VIRGINIA**

Agency:	DEPARTMENT OF PUBLIC WORKS (KT0)
Implementing Agency:	DEPARTMENT OF PUBLIC WORKS (KT0)
Project No:	CON01
Ward:	5
Location:	1725 15TH STREET , NE
Facility Name or Identifier:	DPW FLEET MANAGEMENT CAMPUS
Status:	New
Useful Life of the Project:	30

Estimated Full Funding Cost:\$153,500,000

### **Description:**

1.Construction of a New 3 story, above ground Office Building, @ 12,000 sq. ft. per floor: 36,000 sq. ft. Total ;(FY/15 Phase I and Phase II Planning, Design and Environmental). (FY /20 Phase III Construction)

2.Construction of New 360 space, 3 story 311,000 sq., parking structure. (FY/15 Phase I and Phase II, Planning, Design and Environmental). (FY 19 - FY 20, Phase III Construction)

3.Construction of New 80 space, 2 story 37,827 sq., parking structure.FY/15, Phase I and Phase II, Planning, Design & Environ). (FY 19 - FY 20, Phase III Construction)

### Justification:

DPW is in jeopardy of being relocated from the Reeves Center for Economic Development and the South Capitol yard is being consumed by the trolley repair yard. This will allow DPW operations to consolidate in one quadrant of the City.

### **KT0-EQ903-HEAVY EQUIPMENT ACQUISITION - DPW**

Agency:	DEPARTMENT OF PUBLIC WORKS (KT0)
Implementing Agency:	DEPARTMENT OF PUBLIC WORKS (KT0)
Project No:	EQ903
Ward:	
Location:	DISTRICT-WIDE
Facility Name or Identifier:	EQUIPMENT
Status:	Ongoing Subprojects
Useful Life of the Project:	10
Estimated Full Funding Cost	•\$11,608,000

Estimated Full Funding Cost:\$11,608,000

### **Description:**

This project funds the Department of Public Works (DPW) with GO Bond and PayGo budget for the replacement of heavy equipment used for trash pick-up and snow removal.

### Justification:

Capital investment in the District's fleet is necessary to ensure seamless service delivery of many District operations. This project will enable the Department to secure major durable equipment items that have long lead times between the placement of the order and the delivery of the item. Further, the project is expected to have a beneficial impact on the operating budget by eliminating the need for expedited processing of long lead time equipment orders, which disrupt regular work flow, and the efficiency of the procurement process. This project aligns with SustainableDC Action: Transportation 4.2.

### **Progress Assessment:**

This project is on-going.
