Program Description

The Office of Risk Management operates through the following 5 programs:

Risk Prevention and Safety (RPS) – coordinates the work of Agency Risk Management Representatives (ARMRs) who systematically identify, measure, analyze, and document the District government’s exposure to risk. The program also reviews and guides the activities of agency Risk Assessment Control Committees (RACC) relative to risk management plans. The purpose of the RACC is to maintain, in cooperation with ORM, a proactive and comprehensive program of risk assessment and control for agencies that minimizes the frequency, severity, and probability of losses to which agencies are exposed. It also provides training to increase District employees’ knowledge of risk prevention, including the creation of Emergency Response Plans (ERPs). ERPs include agency evacuation plans and responses to various hazards, including the threat of terrorism (for example, intentional releases of hazardous materials, use of explosive devices, or acts of arson).

This program contains the following 2 activities:

- **Risk Inspections and Coordination of ARMRs** – pursuant to subchapter XX of the Comprehensive Merit Personnel Act, ORM has inspectors who conduct risk assessment and safety inspections of District government buildings. The inspections are based on federal Occupational Safety and Health Act guidelines and are intended to ensure a safe and healthful work environment for employees and users of District government facilities. ORM also coordinates a Risk Management Council that is made up of ARMRs. The Risk Management Council is intended to coordinate the work of ARMRs to reduce District government risk exposure and to cultivate a culture of risk awareness and management in the government; and
- **Risk Analysis** – is tasked with using the information and data from ORM’s various programs, as well as from members of the Risk Management Council and other sources, to conduct analyses for the purpose of reducing the District’s overall exposure to risk.

Insurance – administers the Captive Insurance Agency, which provides medical malpractice insurance to non-profit community health clinics in the District, as well as property insurance for risks to District government real property assets for various hazards. In addition, it works closely with the Office of Contracting and Procurement (OCP) to ensure that contracts have the appropriate insurance requirements. The Insurance program also serves as a general resource to all District agencies wishing to obtain policy and other guidance on protecting the District through insurance and other contractual risk management techniques.

This program contains the following activity:

- **Insurance Analysis**– administers the three primary goals of the Insurance program, including the Captive Insurance Agency, the review of OCP contracts, and the provision of guidance to District government agencies on risk management techniques.

Public Sector Workers’ Compensation – responds to workplace injuries with the best, most appropriate medical care at a reasonable cost, and to return employees back to work as soon as medically possible. Workers’ Compensation is a system of benefits provided by law for workers who have job-related injuries or illnesses. The Office of Risk Management oversees the management of the Public Sector Workers’ Compensation program. Benefits include medical services, vocational rehabilitation, and compensation for permanent loss of use of a body part or function, and death benefits for beneficiaries. Employees are eligible for benefits when an injury or illness arises out of and in the course and scope of his or her employment. The program also oversees a Return-to-Work initiative, which helps employees get back to work as soon as possible after a job-related injury or illness. Return-to-Work is successful when there is communication between the injured worker and his or her agency, a key factor in his or her recovery.

This program contains the following activity:

- **Claims Examination and Management**– oversees the processing of claims for public sector workers’ compensation benefits that are filed by District government employees.

Tort Liability – investigates and resolves tort liability claims filed against the District of Columbia. Effective January 20, 2004, the Mayor delegated to the Office of Risk Management the authority to accept notice of claim letters under D.C. Official Code § 12-309. As such, individuals can file claims against the District of Columbia for loss, damage, or injury. An action may not be maintained against the District of Columbia for unliquidated damages to person or property unless, within six months after the injury or damage was sustained, the claimant, his agent, or attorney has given notice in writing to the Mayor of the District of Columbia of the approximate time, place, cause, and circumstances of the injury or damage. Under certain circumstances, reports of the Metropolitan Police Department may also satisfy the notice requirement provided that they contain all of the information required by the statute. The Tort Liability program also pursues subrogation claims against third parties whose acts of negligence have resulted in damage to District government property.

This program contains the following activity:

- **Claims Examination** – investigates and resolves tort liability claims filed against the District of Columbia under D.C. Official Code § 12-309, and pursues subrogation claims against third parties.

Agency Management – provides for administrative support and the required tools to achieve operational and programmatic results. This program is standard for all agencies using performance-based budgeting.

Program Structure Change

The Office of Risk Management has no program structure changes in the FY 2022 approved budget.

Recurring Budget

The Office of Risk Management's budget reflects no change from the FY 2021 approved budget to the FY 2022 recurring budget.

Mayor's Proposed Budget

Increase: The proposed budget for the Office of Risk Management (ORM) reflects a net increase of \$105,016 across multiple programs to align agency resources with salary and fringe benefit projections.

Decrease: The proposed budget for ORM reflects a net decrease of \$267,288 to align resources in the Agency Management program, primarily for professional service fees and contractual service costs.

District's Approved Budget

No Change: The Office of Risk Management's budget reflects no change from the Mayor's proposed budget to the District's approved budget.

Agency Performance Plan*

The Office of Risk Management (ORM) has the following strategic objectives for FY 2022:

Strategic Objectives

Strategic Objectives describe what the agency will do, at a high level, to achieve its mission. These are action-based sentences that define what an agency does for its customers, whether the customers are residents or other District agencies, and how that improves the District.

Objectives

1. Identify, measure, analyze and mitigate the District government’s exposure to risk and liability.
2. Administer the Public Sector Workers’ Compensation Program to provide benefits for disability or death of a District Government employee resulting from personal injury sustained while in the performance of his or her duty.
3. Receives and investigates claims against the District government with the goal of negotiating and preparing claims for fair and timely disposition.
4. Collect monies owed to the District as a result of Third Party tortfeasors whose negligence or intentional acts result in damages and losses to the District.
5. Create and maintain a highly efficient, transparent, and responsive District government.
6. Vendor and provider relations needs including medical bill review, compliance, and medical provider assessment.

ACTIVITIES

Activities include the work that happens on a daily basis to help achieve the Strategic Objectives. Activity names come from the budget line items. This is further divided into “daily services” (ex. sanitation disposal), and long-term “key projects” that are high profile, one-time and span several years, (ex. redevelopment of Walter Reed Army Medical Center). Many agencies will mostly have daily services, whereas some agencies that have more of their budget come from capital funding will have several key projects.

1. Identify, measure, analyze and mitigate the District government’s exposure to risk and liability. (8 Activities)

Activity Title	Activity Description	Type of Activity
Conducts site safety inspections of District government properties	ORM's Occupational Safety and Health inspectors conduct inspections of District owned and operated buildings to ensure that building inspections and follow-up inspections are (a) conducted using Occupational Safety and Health Administration’s (OSHA) guidelines and (b) communicated to the Directors and Agency Risk Management Representatives (ARMR's) to ensure that the buildings are safe, healthy, and comply with OSHA standards and regulations.	Daily Service
Administration of the District’s hybrid Self-Insurance program to include issuance of self-insurance certification letters	The Government of the District of Columbia operates as a self-insured entity. When a District agency requires proof of insurance (evidence of self-insurance), the DC Office of Risk Management (ORM) will review and consider all requests for such proof. If the request is approved, a self insurance letter will be issued to the petitioner.	Daily Service

1. Identify, measure, analyze and mitigate the District government's exposure to risk and liability. (8 Activities)

Activity Title	Activity Description	Type of Activity
Provide advice to District agencies on risk and insurance policies and practices	Agencies frequently seek advice from ORM on how to protect the District from risks and liabilities as they carry out agency initiatives, contracts and coordinating special events. A training platform has been developed to review the minimum insurance requirements for contractors and vendors. The following areas were addressed – ORM's purpose, the need for insurance, self insurance programs, the Captive, risk / exposure identification, contract insurance requirements, multiple lines of business and their application, additional insureds, subrogation, Anti-Deficiency Act, indemnification clause, certificates of insurance, contract review, timeline and process for review by ORM.	Daily Service
Procure and maintain insurance coverage(s) for District government real estate property assets	ORM, through the Captive Insurance Agency, hired a third-party commercial property insurance broker and purchased commercial property insurance, including terrorism coverage for District-owned property for the purpose of building a stronger District property risk management program through a combination of self-insurance and private insurance.	Daily Service
Obtain and review driving records for operators of District vehicles	ORM, in partnership with other District government agencies, aims to prevent driver negligence of employees who use a District vehicle for business purposes by obtaining and reviewing driving records. Agencies with high risk drivers are alerted and advised to take appropriate and necessary action to mitigate risk; including but not limited to revoking driving privileges.	Daily Service
Provide a system for identifying, measuring, analyzing and mitigating the District government's exposure to risk and liability	ORM will be integrating functionality within the Enterprise Risk Management System (ERMS) to manage daily operations for each agency.	Key Project
Provides guidance and training to agencies on risk analysis and mitigation	The Office of Risk Management collaborates with all Agency Risk Management Representatives (ARMRs) on emergency response to determine the areas where the District has the greatest exposure to risk and make recommendations to minimize its occurrence.	Daily Service
Alive and well checks for Workers' Compensation Program	Number of alive and well checks done by the Investigation unit for the Public Sector Workers' Compensation Program	Daily Service

2. Administer the Public Sector Workers' Compensation Program to provide benefits for disability or death of a District Government employee resulting from personal injury sustained while in the performance of his or her duty. (5 Activities)

Activity Title	Activity Description	Type of Activity
Public Sector Workers' Compensation Administrative Actions	Dedicated resources utilized to process and assist the Public Sector Workers' Compensation claims management process including claims intake and provider relations services.	Daily Service
Ongoing management of accepted claim for medical treatment and/or indemnity payments	Once a claim is accepted, ORM continuously reviews and analyzes medical and loss wage payments for compensability.	Daily Service

2. Administer the Public Sector Workers' Compensation Program to provide benefits for disability or death of a District Government employee resulting from personal injury sustained while in the performance of his or her duty. (5 Activities)

Activity Title	Activity Description	Type of Activity
Return injured employee back to work as soon as medically possible in an alternative, modified, part-time and/or full-time capacity	Return to work simply means helping an employee get back to work as soon as possible after a job-related injury or illness. Through additional concrete efforts ORM will create alternative methods of support in order to return more employees back to work.	Daily Service
Conduct orientations, trainings and job fairs to injured employee's of the Public Sector Workers' Compensation Program and Return to Work Program	Returns to work orientations are conducted monthly. The purpose is to educate injured workers on the Return to Work process. Trainings consist of resume writing, basic computer skills, and interview skills. Job fairs are held quarterly, consisting of DC Government agencies and outside organizations who conduct on-the-spot interviews for permanent placement.	Daily Service
Manage claims submitted by employees to determine if the injury sustained is compensable	The primary goal of the Public Sector Workers' Compensation Program is to respond to workplace injuries with the best, most appropriate medical care at a reasonable cost, and to return employees back to work as soon as medically possible. ORM will work with agency partners to analyze and ensure injuries are work related through an integrated, active process.	Daily Service

3. Receives and investigates claims against the District government with the goal of negotiating and preparing claims for fair and timely disposition. (5 Activities)

Activity Title	Activity Description	Type of Activity
Administer the Settlement and Judgement Fund	ORM authorizes pre-litigation settlements through its operation of the tort liability program. ORM continues to improve its analysis and review of payments from the settlement and judgement fund.	Daily Service
Review the facts and assess the merits of the claims for disposition by way of settlements or denials	The claims adjuster will: 1) contact the claimant and the parties involved 2) contact the District agency involved for internal reports and investigative information 3)gather and inspect all relevant information regarding a claim including photos, quotes, estimates, witness statements, etc. 4) enter additional information/investigation details into claims management system 5) determination to accept or reject a claim	Daily Service
Coordination with responsible District agencies to determine whether to accept a claim and enter into a pre-litigation settlement or reject the claim	ORM will reach out the involved agency for supporting documentation in order to assess liability. Upon determination of liability, ORM will reach out the claimant directly.	Daily Service
Receive §12-309 notices for alleged claims against the District	The Tort Liability Division investigates and resolves claims filed against the District of Columbia pursuant to D.C. Code § 12-309. Individuals can file a tort claim against the District for unliquidated losses (property damage or personal injury) arising out of the actions or inactions of the District and/or its employees. Once a claim has been received and logged into the claims database, it is assigned to an adjuster for investigation and handling.	Daily Service
Investigations	Investigations related to Tort and Public Sector Workers' Compensation incidents and claims.	Daily Service

4. Collect monies owed to the District as a result of Third Party tortfeasors whose negligence or intentional acts result in damages and losses to the District. (3 Activities)

Activity Title	Activity Description	Type of Activity
Review District agency incident reports and determine if damages and losses to the District is as a result of negligence or intentional act of a third party	ORM assesses liability pursuant to supporting documentation requested and received from agencies.	Daily Service
Provide notice to third party tortfeasors of the District's intent to subrogate and pursue recovery of monies owed to the District as a result of damages and losses due to third party tortfeasors actions	ORM relies on supporting documentation from the agencies to assist in the subrogation process.	Daily Service
Recover monies through subrogation efforts either in resolution of a settlement or lawsuit	ORM's staff will analyze , pursue, and support OAG in litigation efforts to collect on losses incurred by third party actors.	Daily Service

5. Create and maintain a highly efficient, transparent, and responsive District government. (3 Activities)

Activity Title	Activity Description	Type of Activity
Risk Council Meetings	Risk Council Meetings coordination with Agency ARMRS	Key Project
Agency Information Presentations	ORM is working to touch all District Agencies to communicate our operations and services.	Key Project
