

FISCAL YEAR 2023 ANNUAL REPORT

Despite publicized bank failures, tightening monetary policy, and the drumbeats of an impending recession, the District's college savers displayed remarkable resiliency in 2023.

Plan assets rose by 17%. New account openings kept pace with last year's openings, as well. Even D.C. students showed unbridled optimism in essays written for a contest sponsored by the Plan and the District. In all, 26 local high schoolers won \$1,000-\$2,500, deposited in D.C. College Savings accounts.

EXECUTIVE SUMMARY

Fiscal year 2023 was an up year for investors as both equity and fixed income markets produced positive results. U.S. equities, as measured by the S&P 500 Index returned a staggering 21.6%. The technology sector remains the key driver of results this year, helped by artificial intelligence optimism. Within international equity markets, developed markets outpaced emerging markets returning 25.7% and 11.7%, respectively. During fiscal year 2023 the bond markets dealt with headwinds in the market, including, the raising of rates by the Federal Reserve six times and the downgrade of United States credit rating from AAA to AA+ in August of 2023 by Fitch Ratings. Despite the headwinds, the Bloomberg Aggregate Index, rose 0.6%. Non-U.S. fixed income was up 3.4% as measured by the Bloomberg Global Aggregate Ex USD Index.

The D.C. College Savings Plan ("Plan") assets increased in fiscal year 2023. Assets increased from \$948.3 million to \$1.1 billion, an increase of 17.0%. The Plan added 3,725 new accounts. At fiscal year end, the Plan had 39,025 accounts with an average account balance of \$28,427.

Ascensus, the Plan administrator, continued their very effective communication and education campaigns to current and prospective account owners covering a wide range of topics including how to enroll, investment strategies, tax benefits and Ugift® (a program that allows friends and family to contribute to any account). These outreach initiatives were communicated using emails, digital, and newspaper advertisements.

In fiscal year 2023, Ascensus continued to ensure that all Wards of the District were made aware of the Plan by holding a combination of workshops and virtual webinars at a variety of employer and community sites. In addition, Ascensus staffed information tables at different venues to help raise awareness on the importance of saving for education. 2023 brought a slight decrease in new enrollments and a decrease in contributions of \$8.4 million or 6.3%.

The Office of Finance and Treasury ("OFT") regularly reviews the performance of the funds with our independent consulting firm, Meketa Investment Group. The operations of the Plan and its assets are examined each year by an independent accounting firm. For the seventeenth consecutive year, the Plan received an unqualified (clean) opinion from the auditor, BCA Watson Rice. The audited financial statements are included in this report as an appendix.

We hope the information in this report helps you gain a better understanding of the Plan, as well as the oversight performed on an ongoing basis by the OFT. We will continue to manage the Plan prudently for our participants.

Plan Highlights

Betterment at Work Expands Financial Benefits Platform with 529 Savings Solution Powered by Ascensus

Betterment at Work, a leading provider of modern financial benefits for today's diverse workforce, launched a 529 Education Savings solution. The new offering represents Betterment at Work's evolution into a financial wellness platform as it rapidly scales the number of employers it serves nationwide. The 529 solution is provided through a partnership with Ascensus — whose technology and expertise help millions of people save for retirement, education and healthcare.

Together, Betterment and Ascensus provide employees a user-friendly, digital experience for 529 plan enrollment and contributions. Each user has clear visibility into their education savings alongside their other investments in one dashboard. The new product solution allows employers to seamlessly offer 529 plans, support payroll direct deposits, and provide a matching contribution.

Key benefits include:

- **Tax-advantaged savings:** Funds in a 529 grow tax-free, with tax-free withdrawals on qualified distributions.
- **Personalized and optimized:** 529 plans can automatically adjust asset allocation so that the investment selection aligns with the beneficiary's risk tolerance and age.
- **Flexible contribution limits:** While one-time contributions and balance limits vary by state, employees have control over how much they save.
- **Wide range of uses:** Funds can be applied to college tuition and fees, books and supplies, some room and board, and (in many states) even K–12 tuition up to \$10,000/year. Starting in 2024, unused 529 funds can be rolled into a beneficiary's retirement savings without taxes or penalties.

New Year of Enrollment Portfolio

Effective on July 7, 2023, a new Year of College Enrollment Portfolio, the D.C. College Savings 2043 Portfolio, became available.

Birth Date Range

October 1, 2023 – September 30, 2026

Portfolio Name

DC College Savings 2043 Portfolio

D.C. COLLEGE SAVINGS 2043 PORTFOLIO

Domestic Equity	International Equity
Fixed Income	Capital Preservation
54.00%	Vanguard Total Stock Market Index Fund
4.50%	Schwab U.S. REIT ETF
22.50%	iShares MSCI EAFE International Index Fund
9.00%	Vanguard Emerging Markets Stock Index Fund
2.16%	Vanguard Total Bond Market II Index Fund
2.16%	Vanguard Institutional Short-Term Bond Fund
1.40%	Vanguard Short-Term Inflation-Protected Securities Index Fund
1.90%	Vanguard High-Yield Corporate Fund
1.88%	iShares Core International Aggregate Bond ETF
0.50%	Ameritas Principal Protected Portfolio

Assets

The year saw solid, YOY growth in assets and new account openings. Aided by strong performances in both equities and fixed income, assets grew by 17% in 2023, to \$1.1 billion.

Enrollment

In fiscal year 2023, we added 3,725 new accounts. Our Community and Employer Outreach efforts helped grow Plan awareness inside the District.

Contributions

Contributions to current and new participant accounts in fiscal year 2023 totaled \$124.7 million. A strong sales team and consistent broad messaging helped drive brand awareness and sales.

Access

An important aspect of the Plan is making all District residents, regardless of socioeconomic background, aware of the importance of higher education. Our Community Outreach and Marketing efforts were highlighted by 50 in-person events in Wards 7 and 8 throughout the fiscal year.

We expect to continue offering in-person and virtual events throughout 2024. In the meantime, our focus remains on reaching all District residents and the D.C. College Savings Plan team will continue to pursue every opportunity to ensure all families can learn about the benefits to saving for higher education and K-12 tuition expense at private, public or parochial schools, vocation and trade schools, apprenticeship programs and the payments of student loans. Dates of all events and registration for our virtual offerings can be found on the Plan's website: dc.collegesavings.com.

Ugift®

Ugift® is an easy, free-to-use service that lets family and friends give the meaningful gift of money into a D.C. College Savings Plan account. Saving for college can take a village and Ugift makes it easy for Account Owners to get help from their network of family and friends. Instead of giving toys, clothes, or other traditional gifts that a child will outgrow, gift givers get the satisfaction of knowing that their generosity can make a lasting impression. Total Ugift contributions in fiscal year 2023 totaled over \$6.8 million.

Upromise®

Upromise® is a free service that helps families save for college. When you open a new Upromise account and link your first D.C. College Savings Plan account, Upromise provides unique opportunities for members to earn cash back rewards for everyday activities such as shopping and dining when paying with the Upromise® Mastercard®. By the end of fiscal year 2023, D.C. College Savings Plan Account Owners added over \$41,559 in Upromise savings to their accounts.

DESCRIPTION OF INVESTMENT OPTIONS

The D.C. College Savings Plan is designed to offer various alternatives to meet the risk tolerance and investment objective of most investors. Participants have the option to choose one or any combination of the following three tiers of investment options:

1. The **Year of Enrollment Portfolios**, provides a low-cost, diversified investment allocation, which becomes more conservative as the beneficiary approaches their enrollment date.

Within the Year of Enrollment Portfolios, there are eight portfolios, with asset allocations designed to be appropriate for a certain number of years until the beneficiary is enrolled in college. The further the beneficiary is from enrollment, the greater the equity exposure. Every six months, the Year of Enrollment Portfolios will decrease the equity exposure and increase the fixed income or cash preservation exposure. All of the underlying investments are passively managed (track specific indexes) to keep expenses low.

2. The **Individual Portfolios** are a diverse group of investment options, which you can use to create your personal investment allocation mix by investing in one or more of the portfolios.

In the Individual Portfolios, there are eight Investment Options with a diverse range of investment strategies. The portfolio strategies include Passively Managed (index tracking) and Actively Managed (Manager determines allocation mix), Domestic and International Fixed Income Options, Domestic and International Equity Options and even Domestic and International Socially Conscious Options.

3. The **Principal Protected Portfolio** focuses on protecting the principal you invest, by allocating your contributions and earnings to a Funding Agreement issued by Ameritas Life Insurance Corp. to the District of Columbia Section 529 Plan Trust. The current Funding Agreement provides interest credited daily at a minimum annual effective rate of interest of 1% and provides the opportunity for additional interest. The principal and the stated interest rate are insured by the contract provided by Ameritas Life Insurance Corp.¹

The Principal Protected Portfolio provides an option for those whose primary investment objective is the protection of the principal they invest. This Portfolio can also be used along with the Individual Portfolios in creating a personal diversified investment allocation mix.

Please reference the Program Disclosure Booklet for more details.

¹Accumulations (including contributions and earnings) under the Funding Agreement for the Principal Protected Portfolio credited to the Plan are subject to the claims-paying ability of Ameritas Life Insurance Corp.

ePAY — 529 PAYMENTS MADE EASIER

Starting in the first half of 2022, a new electronic payments service called ePay was rolled out to our D.C. College Savings account owners through a partnership with global payments provider, Flywire. ePay makes it fast and easy to securely transfer funds from a 529 plan to a school.

BENEFITS OF EPAY:

Convenience — Transfers can be set up to happen automatically and will be received within 48 hours, versus 7-10 days for other methods.

Security — Eliminates the risk of checks being intercepted in the mail. ePay transfers are encrypted for additional peace of mind.

Visibility — 529 account owners receive payment updates via text message. Also, education institutions are notified upon receipt of payment, enhancing trackability.

ePay works with hundreds of schools across the United States — and costs just \$10 for the assurance of guaranteed, expedited payment.

ePay use is growing amongst D.C. College Savings account owners:

Year	Total Accounts	Transaction Amount	ePay Portion of Total Plan Withdrawal Amounts
2022	232	\$4,292,768	7.8%
2023	524	\$11,086,100	17.5%

DC-CAP ESSAY CONTEST AWARDS COLLEGE SAVINGS TO 24 DISTRICT STUDENTS

Sponsored by the District of Columbia College Access Program (DC-CAP) and the D.C. College Savings Plan, the contest challenged local high school students in the District's Public and Public Charter schools to explain, in at least 500 words, what college means to them and how they are preparing for it.

In all, 26 D.C. students chosen from across the city, won a total of \$45,000. The winners included 20-ninth graders who won a combined total of \$35,000 and six-12th graders who won a combined total of \$10,000. First, second and third place prizes were awarded in the amounts of \$2,500, \$1,500 and \$1,000, respectively. The money was deposited into a D.C. College Savings account for each student on their behalf after they claimed the prize money.

First Name	Last Name	High School	Amount
9th Grade			
Winnie	Chan	Benjamin Banneker Academic	\$2,500

Rayonna	Smith	Columbia Heights Educational Campus	\$1,000
Bryce	Turner	Friendship Collegiate Public Charter School	\$1,000

ONE WINNER'S ESSAY HELPS FUND BIG DREAMS

Zariah Kelly, a ninth-grader at Capital City Public Charter School, is ambitious. "I want to go to college," she explains, "Because with a degree I can change my life. I think it is a once in a lifetime opportunity and not many people in my family have had the opportunity to attend college. I want to go to college to further my education because I know that knowledge is power."

Inspired by her beloved grandmother and cousin, Zariah works hard to reach her goal. "I prepare for college by taking high school seriously. I go to class every day. I am working to keep my grades up so I can build a good college application resume. I want to be able to take care of myself and my family."

Zariah's determined but, like so many students these days, she wonders how her family will afford her tuition.

Fortunately, she heard about the DC-CAP Essay Contest. Her compelling personal story stood out among the 119 entries, and she was awarded first prize for Ward 6. She hopes the \$2,500 prize money will help her realize her dreams of a college education.

"After high school I want to attend a Historically Black College and University. I would like to learn more about my culture and history. In addition, I believe it would be a great experience to be inspired and surrounded by people who are more like me."

With this prize, Zariah's made a good start toward her college savings — and her college dreams. "I want to graduate from college not just for me, but for all my family members who could not or did not finish college."

**College graduates
make an average
of \$17,500 more
per year than high
school grads*.**

For Zariah's generation, college is a necessity, studies show

According to two recent Georgetown University studies:

- 72% of all U.S. jobs will require training beyond high school.
- College grads will earn, on average, \$1 million more over their careers than those with just a high school degree.

SPONSOR PROFILE:

District of Columbia Office of the Chief Financial Officer Office of Finance and Treasury

The D.C. Chief Financial Officer (CFO) is responsible for the implementation and administration of the D.C. College Savings Act of 2002, D.C. Law 13-212, approved March 31, 2001, as amended by the College Savings Program Act of 2002, D.C. Law 14-307, approved June 5, 2003.

Pursuant to D.C. Regulations, 49 DCR 9859, November 1, 2002, made final at D.C. Mun. Regs, tit. 9, sec. 155 (2004), the CFO entered into a Declaration of Trust, establishing the D.C. College Savings Program Trust, an instrumentality of the District of Columbia. In addition, pursuant thereto, the CFO or the Treasurer, as designated by the CFO, shall serve as the fiduciary and Trustee of the District of Columbia College Savings Program Trust.

The CFO or the Treasurer, as designee of the CFO, is responsible for selecting a qualified financial institution as the program manager to administer the Program. In addition, the CFO or the Treasurer, as designee of the CFO, is responsible for approving the selection of the underlying investments in the Trust. The CFO or the Treasurer of the District of Columbia, as designee of the CFO, is responsible for the administration of the Program.

SPONSOR PROFILE:

Ascensus College Savings Recordkeeping Services, LLC

Ascensus provides the District 529 program management, recordkeeping, investment management, marketing and customer service that makes saving for college easy and intuitive.

ABOUT ASCENSUS

Ascensus helps more than 14 million Americans save for the future – retirement, education and ABLE savings account – through technology-enabled solutions. With more than 40 years of experience, the firm offers tailored solutions that meet the needs of asset managers, banks, credit unions, state governments, financial professionals, employers and individuals. Ascensus supports over 154,100 retirement plans, over 651,100 savers with a balance in a state-facilitated retirement program, more than 6.6 million 529 education savings accounts and a growing number of ABLE savings accounts. It also administers more than 1.6 million IRAs. As of September 30, 2023, Ascensus had over \$723 billion in total assets under administration. For more information about Ascensus, visit ascensus.com.

SUB-CONTRACTORS FOR THE PLAN

Ascensus has chosen BNY Mellon and Taylor Communications to provide the D.C. College Savings Plan with:

- BNY Mellon – Cash custody and trading
- Taylor Communications – Print vendor for statements, confirmations and correspondence

TENURE AS PROGRAM MANAGER

In November 2016, Ascensus was selected by the trustee as program manager for a five-year contract through November 2021. Since then, the contract has been extended through November 2024. After that time, the agreement between the trustee and Ascensus may be continued or terminated (in which case a different program manager may be selected).

Institutional Relationship Manager

David Rydzeski is an Institutional Relationship Manager for the D.C. College Savings Plan, the District's own 529 college saving program. He helps educate human resource and benefit professionals, school counselors and community groups on how to promote and encourage college savings.

Prior to Ascensus, David was responsible for the distribution of various investment products, both to institutions and retail investors. He now puts his career-long financial experience to work helping D.C. families save for college.

2023 marks the sixth full year since the conversion to Ascensus and through several new and key contacts, David has been able to showcase the D.C. College Savings Plan at different events throughout the year.

His outreach efforts covered every Ward in the District and included workshops at a variety of employer and community venues. In addition to the workshops, which help explain the nuances of the program to the parents and families in attendance, David also staffed information tables plus hosted virtual events at over 200 different venues to help raise awareness on the importance of saving for college and the benefits of the D.C. College Savings Plan.

To learn more about our outreach efforts, please visit the *Community* tab on our website, **www.dc529.com**.

Mr. Rydzeski is a registered representative of Ascensus Broker Dealer Services LLC, 877-529-2980, 95 Wells Ave, Suite 160, Newton, MA 02459 (member FINRA/SIPC) and is not employed by the District of Columbia.

District of Columbia Administrative Team

Pictured from left to right: Merzie Davis, Rodney Dickerson, Ken Alozie, Treasurer Carmen Pigler, Benedict Richardson, and Joseph Nzioki.

Carmen Pigler, D.C. Treasurer and Deputy CFO, manages multiple financial and investment programs for the District government. In addition to overseeing the administration of the D.C. College Savings Plan, she has oversight of the Office of Finance and Treasury which manages the District's cash and liquid assets, all cash disbursements, banking relationships, the 457(b) Deferred Compensation Plan, the 401(a) Retirement Plan, and the Other Post Employment Benefits Fund (OPEB).

Benedict Richardson, CFA, Associate Treasurer for Asset Management, Office of Finance and Treasury (OFT), oversees the District's investment programs including the general fund, the District's 401(a) and 457(b) retirement programs, the 529 College Savings program, and the District's OPEB Fund program. Mr. Richardson has oversight of the 529 plan and the staff who manage the program.

Rodney Dickerson, Program Director, is responsible for managing the D.C. College Savings Plan, 457(b) Deferred Compensation Plan, 401(a) Retirement Plan, and the OPEB Plan. Mr. Dickerson provides oversight of the investments and operations and he manages the audit of the Plans. He crafts and reviews all Plan communications and facilitates quarterly meetings with the vendors.

Ken Alozie, CFA, CAIA, is the Program Manager responsible for managing operations and relationships with investment managers, record keepers, plan administrators, and contractors for the District's 401(a) Defined Contribution Retirement Plan, the 457(b) Deferred Compensation Plan, the D.C. 529 College Savings Plan, and Other Post-Employment Benefits (OPEB) Fund. Mr. Alozie is also responsible for developing goals, objectives and assigning responsibilities among programs, formulating improvement strategies and reporting on performance.

Merzie Davis, Financial Manager, is responsible for managing the day-to-day operations of the D.C. College Savings Plan and the 457(b) Deferred Compensation Plan. Mr. Davis also participates in the quarterly 529 investment meetings.

Joseph Nzioki, Financial Analyst, works closely with Rodney Dickerson, program director on the 401(a) Retirement Plan and OPEB Fund. He assists with the monthly asset reconciliation for the 401(a) and OPEB Fund. Mr. Nzioki participates in the quarterly 529 investment meetings.

INDEPENDENT AUDITOR'S REPORT

To the Trustee of
The District of Columbia 529 College Savings Program Trust

Report on the Financial Statements

Opinion

We have audited the accompanying statements of fiduciary net position of the Participant Fund and Administrative Fund of the District of Columbia 529 College Savings Program Trust (the "Trust") as of September 30, 2023 and 2022, and the related statements of changes in fiduciary net position of the Participant Fund and Administrative Fund for the years then ended and the related notes to the financial statements, which collectively comprise the Trust's financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Trust, as of September 30, 2023 and 2022, and the respective changes in financial position for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for one year from the date of the financial statements, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Trust's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2023, on our consideration of the Trust's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Trust's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
YEARS ENDED SEPTEMBER 30, 2023 AND 2022**

The following presents management's discussion and analysis of the financial performance of the Government of the District of Columbia's (the "District") 529 College Savings Program Trust (the "Program") for the fiscal years ended September 30, 2023 and 2022. This discussion and analysis should be read in conjunction with the financial statements and notes disclosures.

Basic Financial Statements

The Program is accounted for as a private purpose trust fund of the District. The District has overall fiduciary responsibility to program participants to administer the operations of the Program. The Program's basic financial statements, which are reported on the accrual basis of accounting, are the: (a) Statement of Fiduciary Net Position and (b) Statement of Changes in Fiduciary Net Position. In addition to the basic financial statements are the notes to the financial statements which are an integral part of the financial statements.

- The Statement of Fiduciary Net Position presents the assets, liabilities, and net position of the Program.
- The Statement of Changes in Fiduciary Net Position presents the additions to and deductions from the Program's net position.
- The notes provide additional financial statement disclosures that are required by generally accepted accounting principles.

2023 Financial Highlights

- Investments increased by \$160,730,252 or 17.01%
- Participant contributions decreased by \$8,445,187 or 6.34%
- Net investment income increased by \$249,618,488 or 184.57%
- Distributions to participants increased by \$9,348,224 or 14.35%

2022 Financial Highlights

- Investments decreased by \$58,434,369 or 5.82%
- Participant contributions increased by \$2,714,803 or 2.08%
- Net investment income decreased by \$269,234,261 or 200.94%
- Distributions to participants increased by \$8,189,860 or 14.38%

Fiscal Year 2023

The Program's primary asset was investments, which totaled \$1,105,748,550. Investments increased by 17.01% over fiscal year 2022 because of asset growth and the excess of contributions over distributions to participants. Market conditions improved in fiscal year 2023, and as a result, sixteen (16) of the seventeen (17) Program funds had positive rates of return. The Program's funds invest in one or more underlying investments. The underlying investments are primarily held in mutual funds and a Principal Protected Portfolio.

As shown in **Table 2a - Investment by Fund with Rates of Returns as of September 30, 2023**, the top four Program investments were held in the U.S. Total Stock Market Index Portfolio (\$247,568,943 or 22.4%); DC College Savings Income College Portfolio (\$118,452,043 or 10.7%); DC College Savings 2034 Portfolio (\$117,477,047 or 10.6%) and DC College Savings 2031 Portfolio (\$108,575,631 or 9.8%).

TOTAL	\$ 1,105,748,550	100.0	

*DC College Savings 2043 Portfolio was added as an investment option on July 7, 2023.

Receivables increased by \$53,985 or 2.45% over the prior fiscal year primarily because of an increase in investments sold and related receivables. This increase was reduced by a decrease in accrued interest and dividends at the end of the year.

Total liabilities decreased by \$89,977 or 19.63% over the prior fiscal year primarily because of a decrease in accounts payable for investments purchased at the end of the year.

Fiscal Year 2022

The Program's primary asset was investments, which totaled \$945,018,298. Investments decreased by 5.82% from fiscal year 2021 primarily because of net investment losses offset by the excess of contributions over distributions to participants. Market conditions were unfavorable in fiscal year 2022, and as a result, fifteen (15) of the sixteen (16) Program's funds had negative rates of return. The Program's funds invest in one or more underlying investments. The underlying investments are primarily held in mutual funds and a Principal Protected Portfolio.

Fiscal Year 2023

The Program's contributions decreased by \$8,445,187 or 6.34% over the prior fiscal year. The year-over-year changes reflect the savings decisions made by the participants and the actions of the program manager to process these transactions. The Program had an increase in participants from 37,408 in fiscal year 2022 to 39,661 in fiscal year 2023.

The Program had net investment income of \$114,371,566 in fiscal year 2023, compared to a net investment loss of \$135,246,922 in fiscal year 2022, which is a 184.57% increase year over year. The net investment income was primarily due to favorable market conditions in fiscal 2023 resulting in a substantial increase in the fair value of investments from fiscal year 2022. Interest and dividends also increased from \$7,215,534 in fiscal year 2022 to \$8,133,180 in fiscal year 2023. Overall, sixteen (16) of the seventeen (17) funds of the Program reflected positive rates of return, which contributed to a net appreciation in the fair value of investments for the year. For fiscal year 2023, the Program's investments collectively had a weighted average rate of return of 11.86%, an increase of 2,135 basis points from the weighted average rate of return of (9.49)% in fiscal year 2022.

Distributions to participants in 2023 were \$9,348,224 or a 14.35% increase over fiscal year 2022. This increase is due to individual participant savings behavior likely influenced by increases in tuition, college fees and the effects of inflation and the timing of distributions to participants as funds are utilized to pay for college expenses or other purposes.

**GOVERNMENT OF THE DISTRICT OF COLUMBIA
529 COLLEGE SAVINGS PROGRAM TRUST
PARTICIPANT FUND**

**MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)
YEARS ENDED SEPTEMBER 30, 2023 AND 2022**

Other expenses include program management fees, and administrative and maintenance expenses. The overall increase in other expenses is primarily due to an increase in program management fees from \$2,500,951 in fiscal year 2022 to \$2,589,585 in fiscal year 2023. For fiscal year 2023, program management and administrative fees were on average 0.25% and 0.05%, respectively, of the funds average daily net asset value. Underlying investment management fees ranged from 0.00% to 0.44% for the various investment options.

Fiscal Year 2022

The Program's contributions increased by \$2,714,803 or 2.08% over the prior fiscal year. The year-over-year changes reflect the savings decisions made by the participants and the actions of the program manager to process these transactions. The Program had an increase in participants from 34,931 in fiscal year 2021 to 37,408 in fiscal year 2022.

The Program had a net investment loss of \$135,246,922 in fiscal year 2022, compared to net investment income of \$133,156,316 in fiscal year 2021, which is a 200.94% decrease year over year. The net investment losses were primarily due to unfavorable market conditions in fiscal 2022 resulting in a substantial decline in the fair value of investments from fiscal year 2021. Conversely, interest and dividends increased from \$6,134,682 in fiscal year 2021 to \$7,215,534 in fiscal year 2022. Overall, fifteen (15) of the sixteen (16) funds of the Program reflected negative rates of return, which contributed to a net depreciation in the fair value of investments for the year. For fiscal year 2022, the Program's investments collectively had a weighted average rate of return of (9.49)%, a decrease of 25,430 basis points from the weighted average rate of return of 15.94% in fiscal year 2021.

Distributions to participants in 2022 were \$65,153,055 or a 14.38% increase over fiscal year 2021. This increase is due to individual participant savings behavior likely influenced by increases in tuition, college fees and the effects of inflation and the timing of distributions to participants as funds are utilized to pay for college expenses or other purposes.

Other expenses include program management fees, and administrative and maintenance expenses. The overall increase in other expenses is primarily due to an increase in program management fees from \$2,288,268 in fiscal year 2021 to \$2,500,951 in fiscal year 2022. For fiscal year 2022, program management and administrative fees were on average 0.25% and 0.05%, respectively, of the funds average daily net asset value. Underlying investment management fees ranged from 0.00% to 0.44% for the various investment options.

**GOVERNMENT OF THE DISTRICT OF COLUMBIA
529 COLLEGE SAVINGS PROGRAM TRUST
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023 AND 2022**

NOTE 1 ORGANIZATION AND PURPOSE

The District of Columbia (DC) College Savings Program (the Program) was created by D.C. Law 47- 4501 et seq., as amended and pursuant to D.C. Regulations, 49 DCR 9859, November 1, 2002, made final at D.C. Mun. Regs, title 9 sec. 155 (2004), as a Trust of the District of Columbia Government (the District). The Program enables participants to save for qualified higher education expenses. On December 22, 2017, federal tax bill H.R.1 was signed into law and expanded the definition of “qualified higher education expenses” to include qualified K-12 tuition expenses at a private, public or parochial school up to specified expense limitations per student. On December 20, 2019, the Setting Every Community Up for Retirement Enhancement Act (SECURE Act), H.R.1865, P.L. 116-94 was signed into law and expanded eligible expenses to include Apprenticeship Programs and Loan Repayments, which will not be subject to federal income tax. The Chief Financial Officer of the District of Columbia or his/her designee is the Trustee of the Plan. The current designee is the D.C. Treasurer. The Trustee is responsible for entering into contracts for program management services, adopting program administration rules and regulations, and establishing investment policies. The Program is managed by Ascensus College Savings Recordkeeping Services, LLC (ACSR) and its affiliates (collectively, Ascensus College Savings) and they have the overall responsibility for the day-to-day operation of the Program including recordkeeping, investment management, administrative services, and marketing. The initial term of the management agreement between Ascensus College Savings and the D.C. Treasurer expired on November 15, 2021. However, the District exercised their options to extend the management agreement until November 15, 2024.

The Program is available to both District of Columbia and non-District of Columbia residents. It is a qualified tuition program that allows participants to make contributions into seventeen (17) and sixteen (16) different investment options for Program years 2023 and 2022, respectively. The account balance limit is \$500,000 per beneficiary. Accounts are subject to market investment risk, except for those that are invested in the Principal Protected Portfolio, which focuses on protecting the invested principal. As of September 30, 2023, and 2022, the Plan had 39,025 and 36,904 funded participant accounts with a net asset value of \$1,109,557,376 and \$948,342,836, respectively. Fees and expenses of the program are paid by each account owner and vary according to the Portfolio, in which they are invested.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB).

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The Program reports the activity of the District of Columbia College Savings Program as a private-purpose trust fund, which is a type of fiduciary fund. Private-purpose trust funds account for transactions of trust arrangements in which the principal and income benefit individuals, private organizations, or governments. The financial statements of the fiduciary funds are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recognized when incurred.

**GOVERNMENT OF THE DISTRICT OF COLUMBIA
529 COLLEGE SAVINGS PROGRAM TRUST
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023 AND 2022**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

Investment Valuation and Income Recognition

Portfolio investments in the underlying funds are valued at the closing net asset value per share (unit) of each underlying fund on the day of valuation. The stability of principal portfolio is valued in accordance with the terms of the funding agreement, inclusive of accrued interest.

Security transactions, normally in shares of the underlying funds, are accounted for on the trade date. Realized gains and losses are reported on the identified cost basis. Income and capital gains distributions, if any, from investments in the underlying funds are recorded on the ex-dividend date. Expenses included in the accompanying financial statements reflect the expenses of each portfolio and do not include any expenses associated with the underlying funds.

Units represent the beneficial interest of each participant in the net assets of a Portfolio. Contributions to and distributions from the portfolios are subject to terms and limitations defined in the Participation Agreement between the participant and the Trust. Contributions and distributions are recorded upon receipt of the participant's instructions in good order, based on the next determined net asset value per unit. Net investment income and realized and unrealized gains and losses accumulate in the net asset value of each Portfolio and are not separately distributed to participants.

Fair Value Measurements

Governmental Accounting Standards Board Statement number 72 (GASB 72), *Fair Value Measurement and Application*, clarifies the definition of fair value for financial reporting, establishes a framework for measuring fair value, and requires additional disclosures about the use of fair value measurements. GASB 72 establishes a three-level valuation hierarchy for disclosure of fair value measurements. The valuation hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

Level 1 – observable market inputs that are unadjusted quoted prices for identical assets or liabilities in active markets that a government can access at the measurement date.

Level 2 – inputs other than quoted prices included within Level 1 – that are observable for the asset or liability, either directly or indirectly (for example, quoted prices for similar assets or liabilities in active markets).

Level 3 – unobservable inputs (including the District's own assumptions in determining the fair value of investments).

Cash and Cash Equivalents

The balance includes cash on deposit and short-term highly liquid investments that are (a) readily convertible to known amounts of cash and (b) so near their maturities that they present insignificant risk of changes in value because of changes in interest rates.

Receivables and Payables for Investments Purchased and Sold

The receivables and payables represent transactions related to the purchase and sale of investments that have not settled at the end of the fiscal year.

**GOVERNMENT OF THE DISTRICT OF COLUMBIA
529 COLLEGE SAVINGS PROGRAM TRUST
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023 AND 2022**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (*Continued*)

Estimates

The preparation of the financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the amounts of income and expense during the reporting period. Actual results could differ from those estimates.

Income Tax Status

The Program is exempt from federal taxes in accordance with Section 529 of the Internal Revenue Code. Under District of Columbia code section 47-4502, the Program “shall constitute an instrumentality of the District of Columbia” and as such, is not subject to taxation by the District. District resident participants are exempt from state and local taxes when earnings from the Program are used for qualified expenses. Non-District residents may be subject to state and local taxes in their jurisdiction.

Impact of New Accounting Standards

Governmental Accounting Standards Board Statement No. 96 *Subscription-Based Information Technology Arrangements* generally requires a government to recognize a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability. A government should recognize the subscription liability at the commencement of the subscription term, which is when the subscription asset is placed into service. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. For the District it is effective for the fiscal year ended September 30, 2023. The Program does not have any subscription agreements subject to the provisions of the statement and thus is not impacted.

NOTE 3 INVESTMENTS

Investment Policy and Guidelines

The Program offers account owners several Investment Portfolios that provide a range of risk and return characteristics, each unique to aid in proper diversification. Three different types of Investment Portfolios are offered to account owners: 1) Year of College Enrollment Portfolios, 2) Individual Portfolios, and 3) Principal Protected Portfolio. Once an account owner’s Investment Portfolio(s) is selected for a particular contribution, IRS guidance dictates the rules through which an account owner can move money or transfer from one Investment Portfolio to another; for fiscal year 2023 it is twice per year.

The Year of College Enrollment Portfolios: The Year of College Enrollment Portfolios offer account owners pre-diversified Investment Portfolios that become more conservative as the beneficiary nears his/her intended year of high school graduation. The Year of College Enrollment Portfolios represent a weighted allocation among a predetermined number and type of investment strategies, as follows:

Vanguard Total Stock Market Index	6.00%	9.94%	16.56%	25.60%	34.63%	43.67%	52.71%	54.00%

The Program Manager monitors and rebalances the underlying asset allocation of the Year of College Enrollment Portfolios on a quarterly basis. The Program Manager has discretion to rebalance the Year of College Enrollment Portfolios when the Investment Portfolios fall outside the strategic targets by more than one percentage point.

Individual Portfolios: The Individual Portfolios are stand-alone options, which allow account owners to allocate their account into one or more Investment Portfolios. The goal in offering the Individual Portfolios is to provide account owners with the ability to construct diversified portfolios by asset class and investment style that match their risk tolerance, asset class preferences, time horizons and expected returns. Each portfolio invests (100%) in a single underlying mutual fund or exchange-traded fund (ETF), as follows:

Individual Portfolios	Underlying Investments	Asset Class
U.S. Intermediate-Term Bond Index Portfolio	iShares Core U.S. Aggregate Bond ETF	Fixed Income
Intermediate-Term Bond Portfolio	Loomis Sayles Core Plus Bond Fund	Fixed Income
U.S. Total Stock Market Index Portfolio	Vanguard Total Stock Market Fund	Domestic Equity
U.S. Socially Responsible Equity Portfolio	DFA U.S. Sustainability Core 1 Portfolio	Domestic Equity
U.S. Large-Cap Equity Portfolio	JP Morgan U.S. Equity Fund	Domestic Equity
U.S. Small-Cap Equity Portfolio	Vanguard Strategic Small-Cap Equity Fund	Domestic Equity
Non-U.S. Socially Responsible Equity Portfolio	DFA International Sustainability Core 1 Portfolio	International Equity
Non-U.S. Total Stock Market Index Portfolio	iShares Core MSCI Total International Stock ETF	International Equity

The Trustee reserves the right to add or replace Individual Portfolios based upon market conditions, Program Manager and Investment Consultant input, account owner response, or other factors.

Principal Protected Portfolio: The Principal Protected Portfolio focuses on protecting the principal account owners' investment by allocating account owner contributions and earnings to a funding agreement issued by an insurance company that provides a guaranteed return of principal plus a minimum annualized rate of interest to the Trust. As of September 30, 2023, and 2022, this portfolio was maintained in a stable value fund.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023 AND 2022**

NOTE 3 INVESTMENTS (Continued)

Investment Risks

The Program's investments are subject to the following risks common to investments:

Custodial Credit Risk is the risk that the Program will not be able to recover the value of its investments in the event of a failure by the counterparty to a transaction. Investments are exposed if they are uninsured, are not registered in the name of the Program, and are held by either (a) the counterparty or (b) the counterparty's trust department or agent, but not in the Program's name.

The Program's investments for fiscal Year 2023 and 2022 are uninsured and unregistered, but are held by the counterparty in the Program's name and are generally segregated by the counterparty in a manner to protect them from certain claims by creditors. The Plan also invests in mutual funds and exchange traded funds (ETF), which are not generally exposed to custodial credit risks.

Credit Risk is the risk that an issuer to an investment will not fulfill its obligations. The Program does not invest in debt securities that have an overall quality, which is less than the BBB as rated by Moody's Investors Service, Inc. ("Moody's") and S&P Global ("S&P"). The primary credit ratings of the Program's debt securities are as follows:

Fund	Credit Rating (S&P and Moody's)	
	2023	2022
iShare Core International Aggregate Bond ETF	A, AA, AAA, BBB	A, AA, AAA, BBB
iShare Core U.S. Aggregate Bond ETF	AA, BBB, A, AAA	AAA, BBB, A, AA
Loomis Sayles Core Plus Bond Fund	AAA, BBB, A, BB	AAA, BBB, BB, A
Principal Protected Plus	BBB, A, AAA, AA	BBB, A, AAA, AA
Vanguard Short-Term Corp Bond Index I	AAA, A, BBB, AA	AAA, A, BBB, AA
Vanguard Short-Term Inflation - Protected Securities Index	AAA	AAA
Vanguard High-Yield Corporate Fund	BB, B, BBB, AAA	BB, B, BBB, CCC

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Program does not invest in any investment account that has an average maturity exceeding ten years for its Bond Mutual Funds. The interest rate sensitivity, defined as duration, for each fund is as follows:

Fund	Average Duration (in years)	
	2023	2022
iShare Core International Aggregate Bond ETF	6.66	6.96
iShare Core U.S. Aggregate Bond ETF	6.06	6.42
Loomis Sayles Core Plus Bond Fund	7.51	6.52
Principal Protected Plus	6.82	6.87
Vanguard High-Yield Corporate Fund	3.71	4.20
Vanguard Short-Term Corp Bond Index I	2.64	2.65
Vanguard Short-Term Inflation-Protected Securities Index	2.47	2.47
Vanguard Total Bond Market II Index I	6.26	6.52

**GOVERNMENT OF THE DISTRICT OF COLUMBIA
529 COLLEGE SAVINGS PROGRAM TRUST
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023 AND 2022**

NOTE 3 INVESTMENTS (Continued)

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment in a foreign financial institution. The Program does not have a formal policy for limiting its exposure to changes in exchange rates.

The investment funds that invest primarily in foreign financial institutions are the DFA International Sustainability Core 1 Portfolio and iShare Core International Aggregate Bond ETF. The Fund has various currency denominations. The primary currency denominations are the Franc, the Yen, and the British Pound.

Fair Value Measurements

Equity Mutual Funds: Equity Mutual Funds consist of open-ended mutual funds that are registered with the Securities and Exchange Commission (SEC). The mutual funds held in equities are deemed to be actively traded and support classification of the fair value measurement as Level 1 in the fair value hierarchy.

Fixed Income Mutual Funds: Mutual funds are a pool of money invested by an investment company in a variety of instruments such as emerging markets sovereigns, government related agencies, and emerging markets corporations. This investment category consists of open-ended mutual funds that are registered with the Securities and Exchange Commission (SEC). The mutual funds are invested in high yield markets bonds that represent fixed income securities issued by corporations with credit ratings of AAA or lower. The mutual funds held in bonds are deemed to be actively traded and support the classification as Level 1 in the fair value hierarchy.

Guaranteed Investment Contracts: The Guaranteed Investment Contract (GIC) is valued at the sum of the net cash contributions to the deposit account plus interest credited minus withdrawals (the Contract Value). The GIC is measured at fair value and is a contractual investment rather than a security and is not deemed to be subject to custodial credit risk. The determination of fair value includes certain unobservable inputs as well as the assessment of the projected long-term duration of the Insurance and Annuity Company through review of contract terms and substantiated utilizing available market data. However, there is a risk that an insurance company could fail to fulfil its obligations under a funding agreement for financial or other reasons. These contract values of the GIC are not leveled in the fair value hierarchy table below.

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023 AND 2022**

NOTE 4 ADMINISTRATIVE AND MAINTENANCE FEES

The Program assessed underlying investment, program management, state fees and an annual maintenance fee. Program management and state fees (administrative fees) which totaled 0.15% on the Principal Protected Portfolio and 0.25% on all other funds were assessed. The annual maintenance fee is generally charged during the month of the first anniversary in which the account was opened and annually thereafter. Account owners who are residents of the District are charged an annual maintenance fee of \$10.00, and non-District residents are charged an annual maintenance fee of \$15.00. The annual maintenance fees are charged on a pro rata basis upon closure of an account. The Program Manager receives the \$10.00 annual maintenance fee charged to District residents. Of the \$15.00 annual maintenance fee charged to non-District residents, the Program Manager receives \$10.00, and the District receives \$5.00.

For fiscal year 2023, total program management and administrative fees assessed to account owners were \$2,589,585 and \$535,872, respectively. These fees are reflected in the Participant Fund Statement of Changes in Fiduciary Net Position. The District portion of the fees was \$535,872, which is reflected in the Administrative Fund Statement of Changes in Fiduciary Net Position. As of September 30, 2023, the total amount earned during the fiscal year, but not remitted to the District was \$46,326.

For the fiscal year 2023, maintenance and enrollment fees reflected in the Participant Fund Statement of Changes in Fiduciary Net Position totaled \$241,419. The District's portion was \$18,336, which is reflected in the Administrative Fund Statement of Changes in Fiduciary Net Position. As of September 30, 2022, the total amount earned during the fiscal year, but not remitted to the District was \$525.

The District incurred administrative expenses of \$270,121 in fiscal year 2023, which is reflected in the Administrative Fund Statement of Changes in Fiduciary Net Position. The expenses incurred were for professional fees and scholarship donations. As of September 30, 2023, the net position held in trust for administrative expenses was \$1,529,097.

For fiscal year 2022, total program management and administrative fees assessed to account owners were \$2,500,951 and \$518,906, respectively. These fees are reflected in the Participant Fund Statement of Changes in Fiduciary Net Position. The District portion of the fees was \$518,906, which is reflected in the Administrative Fund Statement of Changes in Fiduciary Net Position. As of September 30, 2022, the total amount earned during the fiscal year, but not remitted to the District was \$40,665.

For the fiscal year 2022, maintenance and enrollment fees reflected in the Participant Fund Statement of Changes in Fiduciary Net Position totaled \$214,844. The District's portion was \$17,481, which is reflected in the Administrative Fund Statement of Changes in Fiduciary Net Position. As of September 30, 2022, the total amount earned during the fiscal year, but not remitted to the District was \$442.

**GOVERNMENT OF THE DISTRICT OF COLUMBIA

NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2023 AND 2022**

NOTE 4 ADMINISTRATIVE AND MAINTENANCE FEES (Continued)

The District incurred administrative expenses of \$330,007 in fiscal year 2022, which is reflected in the Administrative Fund Statement of Changes in Fiduciary Net Position. The expenses incurred were for professional fees and scholarship donations. As of September 30, 2022, the net position held in trust for administrative expenses was \$1,187,354.

NOTE 5 INVESTMENT EXPENSES

Investment expenses represent the operating expenses and load fees paid to the broker dealers. Certain fees charged by the investment funds for operating expenses and load fees are reflected in the net appreciation in fair value of investments amount in the Statement of Changes in Fiduciary Net Position. Underlying investment fees, net of administrative and program management fees (see Note 4), ranged from 0.00% to 0.44% (gross of 0.15% to 0.74%) of the fund's average daily net asset value. Underlying investment management fees, net of administrative and program management fees, totaled \$846,921 and \$812,273 for fiscal year 2023 and 2022, respectively. The fees are reflected in the Participant Fund Statement of Changes in Fiduciary Net Position.

NOTE 6 RELATED PARTY TRANSACTIONS

All the Program's individual portfolios invest in a single underlying mutual fund or ETF managed by a third-party investment manager. The year of enrollment portfolios have a set target allocation and are invested in multiple underlying mutual funds, ETFs as well as the Ameritas Funding Agreement.

Ascensus College Savings monitors and rebalances the underlying asset allocations of the Year of College Enrollment Portfolios on a quarterly basis. The principal protected portfolio invests in a funding agreement issued by Ameritas Life.

NOTE 7 RISKS AND UNCERTAINTIES

The Plan invests in investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible, that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Fiduciary Net Position.

NOTE 8 SUBSEQUENT EVENTS

The Trust has evaluated events subsequent to September 30, 2023, and through December 14, 2023, the date the financial statements were available to be issued and determined there have not been any events that have occurred that would require adjustments to the financial statements.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING
STANDARDS*.**

To the Trustee of
The District of Columbia 529 College Savings Program Trust

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the District of Columbia 529 College Savings Program Participant and Administrative Funds (the "Trust"), as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the Trust's basic financial statements, and have issued our report thereon dated December 14, 2023.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Trust's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Trust's internal control. Accordingly, we do not express an opinion on the effectiveness of the Trust's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Trust's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Trust's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Trust's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Trust's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

This report is intended solely for the information and use of the Trustees and management and is not intended to be and should not be used by anyone other than these specified parties.
