General Instructions for the D-20

Who must file a Form D-20?

Generally, every corporation or financial institution must file a Form D-20 (including small businesses, professional and S corporations) if it is carrying on or engaging in any trade, business, or commercial activity in the District of Columbia (DC) and receiving income from DC sources including activities in DC that benefit an affiliated entity of the taxpayer.

If you perform services in DC for subsidiary corporations, you are carrying on a trade or business,.

A corporation that engages an independent agent or a representative who solicits orders in DC for more than one principal and who holds himself/herself out as such must file a DC Form D-20.

Treat income from sales of tangible personal property or services to the United States Government as income from a DC source unless the:

- Corporation's principal place of business is outside DC;
- Property is delivered from outside DC; and
- Property is for use outside DC.

For District tax purposes, an S corporation is a C corporation. Therefore, it must prepare all the schedules on the D-20. The fact that an S corporation does not have similar schedules on the federal form should not be considered as a relief for S corporation from completing the schedules on the D-20.

You might not have to file a Form D-20 if the corporation has been granted an exemption by the DC Office of Tax and Revenue (OTR). If you are an exempt organization with unrelated business income, as defined in the Internal Revenue Code (IRC) §512, you must file a Form D-20, by the 15th day of the fifth month after the end of your tax year. You are required to pay at least the minimum tax.

Minimum Tax

The minimum tax is \$250 if DC gross receipts is \$1M or less. Minimum tax is \$1,000 if DC gross receipts is greater than \$1M. DC Gross receipts for purposes of minimum tax includes District gross receipts that are derived from any activity such as sales, rents, services, commissions, etc., from any source within the District. Gross receipts are determined without deduction of any expenses.

See Minimum Tax Liability Gross Receipts Worksheet below.

FR-128, Extension of Time to File a DC Franchise or Partnership Return

You may request an extension of time to file your return by filing DC Form FR-128 (copy included in this booklet) no later than the return due date. An extension of time to file is not an extension of time to pay. You must pay any tax liability with the extension request, otherwise the request will be denied, and you may be subject to penalties for failure to file or failure to pay. Do not use the federal extension form for DC tax purposes. For combined report filers, the designated agent shall file.

D-20ES, Declaration of Estimated Franchise Tax for Corporations

A corporation must file a declaration of estimated franchise tax if it expects its DC franchise tax liability to exceed \$1000 for the taxable year. See the Form D-20ES booklet, Declaration of Estimated Franchise Tax for Corporations, for payment vouchers and details. You will automatically be assessed a penalty for any underpayment of DC estimated tax.

Note: Electronic payment required. If your franchise estimated tax liability payment exceeds \$5,000 within a period, you must pay electronically. <u>Visit www.taxpayerservicecenter.com</u>.

D-2220 Underpayment of Estimated Franchise Tax By Businesses

You will be charged 10 percent per year, compounded daily, on underpayments of estimated franchise tax installment payments. The charge is computed from the installment payment due date to the date the tax is paid. It is in addition to the penalty imposed for false statements. The 10 percent penalty will be assessed automatically by OTR's integrated tax system. For additional information, see Form D-2220, Underpayment of Estimated Franchise Tax by Businesses. If you complete a Form D-2220, file it with your D-20.

FR-399 Qualified High Technology Companies (QHTC)

If you are a QHTC, you may be eligible for certain tax credits. You must file certain forms to claim these credits. For forms and details, see Publication FR-399, QHTC. FR-399 is available at www.taxpayerservicecenter.com and at our 4th Street location. If you are a QHTC, fill in the QHTC oval on page 1 of the D-20. Attach the QHTC-CERT form from the FR-399 to the D-20.

FR-1500 Ballpark Fee

Taxable vear

Enter the taxable year ending date on page 1 of the D-20. It can be either a calendar year or a fiscal year. You must receive OTR approval to change your taxable year. Combined report filers shall use the designated agents tax year.

How to file your return By mail

• If mailing a return with a <u>payment</u>, make the check or money order payable to the DC Treasurer. Write your FEIN, D-20, and the tax year on the payment. Staple your payment to the voucher Form D-2030P and fill in the oval for D-20 return. Do not attach the D-2030P and payment to the return D-20. Send your return and payment to:

Office of Tax and Revenue PO Box 96166 Washington, DC 20090-6166

If mailing a <u>no payment due or refund</u> return, send the return to:
 Office of Tax and Revenue
 PO Box 96148

Washington, DC 20090-6148

Mail labels for these two post office boxes are on the back flap of the return envelope included in this booklet.

Send in your original DC return with any schedules, not a copy. Fold your return once. Be sure to keep a copy for your records.

By accessing the DC Electronic Taxpayer Service Center (eTSC)

Corporate taxpayers may file the D-20ES, Declaration of Estimated Franchise Tax for Corporations, or the FR-128, Extension of Time to File a DC Franchise or Partnership Return by accessing the DC eTSC website. There is pre-registration required. Allow 5 - 7 business days for processing. Visit www.taxpayerservicecenter.com for information on completing an eTSC application.

Payment options

Refer to the Electronic Funds Transfer (EFT) Payment Guide available on the DC website at www.taxpayerservicecenter.com for instructions for electronic payments.

Payment options are as follows:

- Electronic check (e-check). E-check is similar to ACH debit, but it is a one-time transaction where the taxpayer provides the banking information at the time of payment instead of storing the information. There is no fee for business e-check payments. eTSC does not allow the use of foreign bank accounts for business e-check.
- ACH Credit. ACH credit is for business taxpayers only. There is no fee charged by OTR, but the taxpayer's bank may charge a fee. The taxpayer directly credits OTR's bank account. The taxpayer does not need to be eTSC registered to use this payment type, and they do not need access to the website.

Note: When making ACH Credit payments through your bank, please use the correct tax type code (00250) and tax period ending date (YYMMDD).

- ACH Debit. ACH debit is for registered eTSC business taxpayers only. There is no fee. The taxpayer's bank routing and account number are stored within their on-line eTSC account. They can then use this account to pay any existing liability. In this instance, they give OTR the right to debit the money from their bank account. eTSC does not allow use of foreign bank accounts for business ACH Debit.
- Credit Card. The taxpayer may pay the amount owed using Visa, MasterCard, Discover or American Express. You will be charged a fee equal to 2.5% of the tax payment. The fee is paid directly to the District's credit card service provider. Payment is effective on the day it is charged.
- Check or money order. Include a check or money order, payable to the DC Treasurer, with your completed return. Write your Federal Identification Number (FEIN), daytime telephone number, '2012', and D-20. Attach your payment to the Form D-2030P Payment Voucher provided in this booklet. Mail the D-2030P with, but not attached to the D-20 tax return to:

Office of Tax and Revenue PO Box 96166 Washington, DC 20090-6166

Note: Dishonored payments. Make sure your check will clear. You will be charged a \$65 fee if your check is not honored by your financial institution and returned to OTR.

Note: International ACH Transaction (IAT). Electronic banking rules have changed. If you request your refund to be direct deposited into an account outside of the United States, you will receive a paper check. Your payment cannot be drawn on a foreign account. Pay by money order or credit card instead.

Penalties and interest

OTR will charge -

- A penalty of 5% per month if you fail to file a return or pay any tax due on time. It is computed on the unpaid tax for each month or fraction of a month, that the return is not filed or the tax is not paid. It may not exceed an additional amount equal to 25% of the tax due;
- A 20% penalty on the portion of an underpayment of taxes

if attributable to negligence. Negligence is failure to make a reasonable attempt to comply with the law or to exercise ordinary and reasonable care in preparing tax returns without the intent to defraud. One indication of negligence is failure to keep adequate books and records;

- Interest of 10% per year, compounded daily, on a late payment;
- A one-time fee to cover internal collection efforts on any unpaid balance. The collection fee assessed is 20% of the tax balance due after 90 days. Payment received by OTR on accounts subject to the fee, then to penalty, interest and tax owed;
- A civil fraud penalty of 75% of the underpayment which is attributable to fraud (see DC Code §47-4212).

Special circumstances

Office of Tax and Revenue (OTR) rulings

All rulings issued prior to December 31, 2002 were revoked. Taxpayers cannot rely on these rulings unless they were resubmitted to the OTR for review, and if approved, reissued. Direct any ruling questions to OTR, General Counsel at (202) 442-6500.

Special rules on depreciation and business expenses

For federal tax purposes, businesses may deduct additional bonus depreciation and additional IRC §179 expenses. DC does not allow the additional bonus depreciation deduction nor any additional IRC §179 expenses. Do not claim the 30 or 50 percent federal bonus depreciation deduction or the additional IRC §179 expenses on your DC return. DC limits the IRC §179 expense deductions to \$25,000 (\$40,000 for a Qualified High Technology Company (QHTC)).

Net operating loss (NOL) carry backs

For federal tax purposes, businesses are allowed to carry back a NOL. DC does not allow NOL carry backs. Therefore, you may not claim a NOL carry back for DC tax purposes.

Discharge of indebtedness

The District decoupled from the section of the American Recovery and Reinvestment Act of 2009 which allows exclusion and a deferral from gross income of the income resulting from a discharge of indebtedness. For DC tax purposes, where a discharge of indebtedness results in income, that income is includible in income

Amended returns

You must use the D-20 of the year you are amending. If the return is for tax year 2001 or later, fill in the 'Amended Return' oval on Page 1 of the D-20 and complete the 'Tax Year Ending' box. Attach a detailed statement of the adjustment(s) and the amount of any refund received.

If the Internal Revenue Service (IRS) adjusts your federal return or if you file an amended federal return, you must file an amended DC return within 90 days of the IRS notice. If the federal adjustment makes you eligible for a DC tax refund, you must file for the DC refund within 180 days of the adjustment or filing the amended return.

Mail the amended return and any additional attachments to the:

Office of Tax and Reveue

PO Box 96166

Washington, DC 20090-6166

Final return

If you are not required to continue filing a return due to the ending of business operations, shade the 'fill in if final return' oval on the return. We will then cancel your filing requirement. Do not use this oval to indicate the return is the final for the period being reported.

Refund Offset

If you have other DC tax liabilities, OTR may apply all or part of your overpayment of franchise tax to offset them.

Getting started

To complete the Form D-20, in general you will need:

- Copies of your completed 2012 federal forms, as applicable (1120, 1120s, 4797, 4562, etc.)
- A pen with black ink
- A calculator

Not all items will apply. Fill in only those that do apply. If an amount is zero, make no entry, leave the line blank.

All entries on the return and attachments are whole dollars only. Do not enter cents. Round cents to the nearest dollar. *Examples:*

\$10,500.50 rounds to \$10,501 \$10,500.49 rounds to \$10,500

Taxpayer Identification Number (TIN)

You must have a TIN, whether it is a Federal Identification Number (FEIN) or Preparer Tax Identification Number (PTIN).

A FEIN must be a number issued by the IRS. To apply for a FEIN, get Form SS-4, Application for Employer Identification Number, or get this form online at www.irs.gov/businesses and click on Employer Identification Number (EIN) under Starting a Business. You may also get this form by calling 1-800-TAX-FORM (1-800-829-3676).

Corporate tax rate and minimum tax

The tax rate is 9.975 percent on your "Total District taxable income" on Line 36. The minimum tax is \$250 if your DC gross receipts is \$1 million or less. It is \$1,000 if your DC gross receipts is greater than \$1 million, even if you have a loss.

Incomplete forms will delay processing

Complete all items on the D-20 and all applicable schedules, otherwise OTR will send the return back to you for completion and resubmission.

Help us identify your forms and attachments

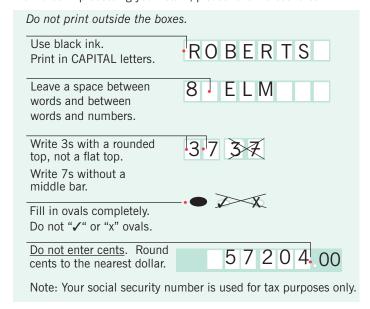

Write your FEIN, tax period, business name and address on any statements submitted with the return or filed separately. The FEIN is used for tax administration purposes only.

For members filing under combined reporting, please ensure you place your EIN in the 'Federal Employer I.D. Number' field and the designated agent's FEIN in the 'Designated Agent FEIN' field. Fill in the oval for "Combined Report."

Note: The District will allow submission of the D-20 return using a CD. D-20 filers must print and submit pages 1-6, Schedule UB, and Worldwide Combined Reporting Election Form if applicable. All other attachments must be on the CD. The CD should include a copy of the entire return and indicate on the CD the FEIN/EIN, tax year and tax type. Images on the CD should be submitted in PDF format.

Filling out the form

To aid us in processing your return, please follow these rules:

Signature and verification

An authorized officer or designated agent of the corporation must sign and date the return. A receiver, trustee, or assignee must sign any return that he/she is required to file for the corporation. Any person who prepared the return for compensation must also sign, date and provide the necessary identification number. If a firm or corporation prepares a return, it should be signed in the name of the entity. The signature requirement does not apply when a taxpayer's regular employee prepares the return. Please review the tax return before you allow a paid preparer to issue a return on your behalf.

Paid Preparer Tax Identification Number (PTIN).

IRS rules have changed. If you are a paid preparer, you are required to have a PTIN issued by the IRS. A PTIN is a number issued and authorized by the IRS to file a return on the taxpayers' behalf.

Explanation of terms

Business income

This is income from transactions and activities occurring in the regular course of the trade or business. It includes income from tangible and intangible property if the acquisition, management and disposition of the property are part of the taxpayer's regular trade or business operations. Income of any type — manufacturing income, compensation for services, sales income, interest, dividends, rents, royalties, gains, operating and non-operating income from any class or from any source — is business income if it is from transactions and activities occurring in the regular course of a trade or business. Whether income is business or non-business depends on the underlying transactions and activities — the elements of a particular trade or business. In general, transactions and activities that depend on or contribute to the operation of your enterprise constitute your trade or business.

Commercial domicile

The principal place from which you direct or manage your trade or business.

Compensation

Wages, salaries, commissions and other forms of remuneration paid or accrued to employees for personal services.

Non-business income

All income except business income.

Transportation company

Any business engaged in transporting persons, goods, or property of others for hire.

Sales

All gross receipts which are not required to be allocated.

Taxable in another state

For purposes of allocating and apportioning income among DC and other jurisdictions, you must be subject in that jurisdiction to:

- a net income tax, a franchise tax measured by net income;
- · a franchise tax for the privilege of doing business; or
- a corporate stock tax.

Specific Instructions

Negative amounts

If you enter a negative amount on a line, fill in the oval to the left of the entry where it states: "Fill in if minus", do not enter a minus sign or parenthesis.

Allocation and apportionment required

You must complete Schedule F even if your operation is 100% in the District. Any corporation carrying on a trade or business in DC and other jurisdiction(s) must apportion its business income among DC and the other jurisdiction(s).

Apportion DC net income from trade or business activities using the appropriate apportionment factor. See D-20, page 4, Schedule F. All non-business income must be allocated.

Non-business income

Allocating to DC

Allocate items of non-business income to DC. The following gains and losses from sales or other dispositions are allocated to DC:

- Real property located in DC (other than realty used in the trade or business whether held for sale or otherwise);
- Tangible personal property (other than any tangible personal property used in the trade or business whether held for sale or otherwise) if:
 - The property had a situs in DC at the time of sale; or
 - Your principal place of business is in DC and you are not taxable in the situs state; and
- Intangible personal property (other than intangible personal property of any kind used in the trade or business whether held for sale or otherwise) is allocable to DC if the taxpayer's principal place of business is in DC.

Allocate to DC net rents and royalties from real property located in DC.

Allocate to DC any non-business interest and dividends from sources in DC unless specifically excluded from tax and subject to apportionment as business income.

Allocate to DC, non-business rents and royalties from patents, copyrights, trademarks, service marks, secret processes and formulas, franchises and other like property (if not used in the trade or business). These royalties are allocated according to the patent's location or use, or where the copyrighted material is published or used. If DC is the principal place of business of a corporate entity, not subject to tax anywhere else, then the rent or royalty income is allocable to DC.

Income from the sale of tangible personal property to the United States Government by a corporation that has its principal place of business outside DC is income from DC sources if the property is delivered from outside DC for use in DC.

All other non-business income derived from sources in DC is allocable to DC.

Where income is allocable among DC <u>and other jurisdictions</u> allocate all expenses, losses and other deductions incurred in the production of the income in the same way. Losses incurred in the production of non-business income are allowable only if profits from the transaction would be taxable.

Gross Income

NOTE: When OTR requests that a statement be attached, the statement should show the source of the items making up the entry.

D-20, page 1, line-by-line

Line 1 Gross receipts, minus returns and allowances

Enter the total gross receipts from sales and operations, minus returns and allowances.

Line 2 Cost of goods sold and/or operations

Enter the figure from D-20, Schedule A, Line 7. If the production, manufacture, purchase, or sale of merchandise is an incomedetermining factor in the trade or business, you must take inventories of merchandise at the start and end of the tax year. You may value them at cost or cost or market, whichever is lower; or by another IRS-approved method. You must continue to use the method you choose until you get permission from the Office of Tax and Revenue to change. If the inventories do not agree with the balance sheet figures, attach a statement explaining any differences.

Cost of operations (where inventories are not an income–determining factor): If the amount entered on Line 2 includes an amount associated with the cost of operations, attach a detailed statement showing: (1) salaries and wages; and (2) other costs.

Line 3 Gross profit from sales and/or operations

Enter the result of Line 1 minus Line 2.

Line 4 Dividends

Enter the total of all dividends reported on D-20, page 3, Schedule B. Do not include Subpart F income (as defined in IRC §952); and dividends from wholly-owned subsidiaries.

Include on Line 29(a) all dividends from sources outside DC that are not trade or business income. Dividends received by corporations, financial institutions, or investment firms are business income not subject to allocation. Do not include dividends paid on securities issued by the United States or its instrumentalities, if it is non-business income.

Dividends received from the following corporations with their principal place of business in DC are non-business income:

- Corporations subject to this franchise tax;
- Insurance corporations, including bonding companies and real estate title insurance companies; and
- Banks, if the bank dividends were paid to a bank-holding company.

Line 5 Interest

Enter all the interest which the corporation received or is credited with during the tax year, including interest paid on obligations of a State, Territory of the United States, or any of their political subdivisions, except those of DC.

Exclude any interest income on obligations or securities issued by the United States or its instrumentalities which is included in income for federal tax purposes.

Interest received by a corporation not engaged in a trade or business in DC is not considered income from DC sources if it is from one of the following organizations with a principal place of business in DC:

- Corporations subject to this franchise tax;
- Insurance corporations, including bonding companies and real estate title insurance companies; and
- Banks, if the bank interest was paid to a bank-holding company.

Report this non-business interest income on Line 29(a). When interest income is related to trade or business activity, carried on or engaged in, in DC enter it on Line 5, do not enter it on Line 29(a).

Line 6 Gross rental income

Enter from D-20, page 5, Schedule I the gross rental income you received from real or personal property rental. Deduct expenses such

as repairs, interest, taxes and depreciation on the Schedule I. Enter rental income related to a trade or business on Line 6, do not enter it on line 29(a).

Note: DC does not allow the additional bonus depreciation allowed under federal law and limits the additional IRC §179 expenses. If you claimed bonus depreciation on your federal return, reduce the depreciation you claim on the D-20 by that amount. Attach a computation showing that your DC claimed depreciation does not include the federal bonus depreciation and that the basis of the depreciated property for DC tax purposes has not been reduced by the additional federal bonus depreciation amount. DC allows a maximum of \$25,000 in IRC §179 expenses (\$40,000 for a QHTC). If you claimed these additional expenses on your federal return, reduce such expenses taken on your D-20 by that additional amount.

Line 7 Gross royalties

Report royalty income and related expenses on the D-20 in the same manner and detail as rental income and rental expenses. Royalties from patents you developed from the licensing of processes or a trade name and sales of know-how are business income.

Line 8(a) Net capital gain

Capital gains or losses are treated by DC in the same manner as they are for federal corporation income tax purposes. (See detailed instructions on federal Schedule D, Form 1120, U.S. Corporation Income Tax Return.) IRC §1231 gains are business income.

Note: Since the additional federal bonus depreciation is not allowed for DC tax purposes, recalculate the capital gain/loss you reported on your federal return without taking into account the additional federal bonus depreciation. Attach a statement showing the adjustment.

Note: Depreciation recapture is considered ordinary income and is to be reported on the D-20.

Line 8(b) Ordinary gain (loss) from Part II, Federal Form 4797 Enter the total ordinary gain (or loss) from federal Form 4797 Sales of Business Property. Attach a copy of your Form 4797 to the D-20.

Line 9 Other Income (loss)

Enter the total income not reported elsewhere on the return; attach a detailed statement. Enter any International Banking Facility income on Lines 9 and 29(a); attach a detailed statement listing the source of this income. Do not enter other income related to a trade or business on Line 29(a); enter it on line 9.

Line 10 Total gross income

Enter the total of Lines 3 - 9.

Deductions

Line 11 Compensation of officers

Enter the total compensation for all officers shown on D-20, page 3, Schedule C. Include compensation for services rendered in any capacity, other than salaries connected with the production of income from U.S. Treasury securities included on Line 29(b).

Line 12 Salaries and wages

Enter all salaries and wages not deducted elsewhere on the return, except salaries connected with the production of income from U.S. Treasury securities. Also, do not include wages connected with computing the Economic Development Zone incentives credit.

Line 13 Repairs

Enter the cost of incidental repairs, including labor, supplies and other items that do not add to the value of, or appreciably prolong, the property's life. You may charge a capital account for new buildings, machinery, equipment and/or permanent improvements or betterments that increase the value or appreciably prolong the life of the property.

Line 14 Bad debts

Report bad debts in the same manner as you report them for federal tax purposes. Attach a copy of any information you submitted with your federal return.

Line 15 Rent

Enter rent paid or accrued for business property in which the corporation has no equity. If property is leased from an affiliated corporation, or from one of the stockholders, attach a statement giving the lessor's name and address, rent paid and a description of the property.

Line 16 Taxes

Taxes reported on your federal Form 1120 must be reported on D-20, page 3, Schedule D. Do not include these taxes:

- Income and excess profit taxes;
- DC franchise tax; and
- Taxes assessed for local benefits of a kind tending to increase the value of the property assessed.

Payments to related parties

(Lines 17 and 22). DC legislation allows the deduction of certain interest and intangible expenses, including royalty expenses paid directly or indirectly to related parties if:

- the principal purpose of the payment was not the avoidance of tax;
- the payments were made at arm's length; and
- the related party paid income tax equal to or greater than 4.5 percent of the amount of interest or intangible expense in another jurisdiction.

You are allowed ordinary and necessary deductions if the income they are related to is subject to the DC corporation franchise tax; and, subject to IRC limitations either directly or through the inclusion of this income, in the determination of the DC apportionment factor.

Line 17(a) Interest

Schedule E – Reconciliation of the Net Income Reported on Federal and DC Returns

Complete this schedule to explain any differences between the net income reported on your federal return and that reported on your D-20.

Schedule F - DC Apportionment Factor

Corporations engaging in a trade or business both in and outside DC must use property, payroll and sales as the three factor formula to apportion their business income. Corporations domiciled in DC and not subject to tax elsewhere must report 100% of their net business income as DC income and allocate 100% of their non-business income to DC.

Corporations carrying on a trade or business in DC and in other jurisdictions must apportion trade or business income to DC. Multiply the total income by a fraction. The numerator is the property factor plus the payroll factor plus the double weighted sales factor. The denominator is four, reduced by the number of factors without a denominator.*

Financial institutions must use a two-factor formula, determined by multiplying the financial institution's base (net income for the tax year) by an apportionment fraction. The numerator is the sum of the payroll factor plus the gross income factor; the denominator is 2.

Property Factor

- The property factor is a fraction; the numerator is the average value of real and tangible personal property you owned or rented and used in DC during the tax year to produce business income. The denominator is the average value of real and tangible personal property you owned or rented everywhere and used during the tax year to produce business income. Do not include in the numerator or the denominator any property or portion of property, not used to produce business income.
- Transportation companies, in addition to that stated above, have a numerator which also includes the portion of the average value of its vehicles, rolling stock, aircraft, watercraft and other equipment used during the taxable period to transport persons and property both in and outside DC. This portion is determined by comparing the total miles per unit of its equipment traveled in DC with the total mileage

traveled everywhere by each class of its property.

 Railroad companies – the classes of property are those you must report for DC personal property tax purposes (DC Code §47-1512).

For property used in any activities where the income from which is allocable or apportionable, you may use any method that properly reflects the portion of the average value used to arrive at the property factor. This is subject to the approval of OTR.

Property you own is valued at its original cost to you plus the cost of any additions and improvements you made. If you cannot determine your original cost or if the cost is zero, value the property at its market value when you acquired it.

Property rented to you is valued at eight times the net annual rental rate. This is the annual rental paid by you minus any annual rental received from sub-rentals, if the rental and sub-rental rates are reasonable. Net annual rental also includes the amounts paid or accrued for property use or rental of facilities of another. This applies whether paid as rent, as reasonable compensation for use or under any other designation, pursuant to statutory enactment, lease, or rental agreement of any kind, contract, or otherwise. Payments for leased property capitalized as rent for federal tax purposes are includible in this factor only to the extent of their capitalized value for federal tax purposes. If OTR determines that any net annual rental rate or sub-rental rate is unreasonable, or if a nominal or zero rate is charged, OTR may determine and apply a rate that reasonably reflects the property's rental value.

To determine the property's average value, average its value at the start and at the end of the tax period. You may use monthly or quarterly values during the tax period, if necessary, to properly reflect the average value of the property (subject to OTR approval).

Payroll Factor

- The payroll factor is a fraction: the numerator is the total compensation you paid to or accrued for persons performing services in DC during the tax year. The denominator is the total compensation you paid or accrued everywhere during the tax year. The value of compensation paid or accrued other than in cash is its fair market value on the date of payment or accrual. Do not include in either the numerator or denominator any compensation paid or accrued to employees for personal services rendered in the production of non-business income. Also, do not include payments to independent contractors.
- Transportation companies the numerator of the payroll factor also includes the total compensation paid or accrued to employees employed on vehicles, rolling stock, aircraft, watercraft and other equipment you used during the taxable period to transport persons and property between DC and other jurisdictions. To determine this amount, apply the percentage computed (as described in the property factor) to the total compensation.

If compensation is paid or accrued for services the income from which can be allocated or apportioned, you may use any method that properly reflects the portion of the average value of the compensation used to arrive at the payroll factor. The method used is subject to OTR approval.

Compensation is paid or accrued in DC if:

- The individual's services are performed entirely in DC; or
- The individual's services are performed in DC and other jurisdictions, but the services performed outside DC are incidental to the individual's services in DC; or
- Some of the individual's services are performed in DC and:

 (1) the base of operations is in DC or if there is no base of operations in DC, the place from which services are directed or controlled is in DC; or
 - (2) the base of operations or place from which services are directed or controlled is not in DC, or in any state where some part of the services are performed, but the individual's residence is in DC.
- Financial institutions the payroll factor is a fraction: the numerator is the total the financial institution paid or accrued in DC as compensation. The denominator is the total compensation the financial institution paid or accrued everywhere during the tax year. Compensation is paid in DC if it is paid to an employee located or having a regular presence in DC. Any compensation paid to an employee located in a state where the financial institution is not taxable is treated as paid in DC, if the institution's principal office is in DC.

Sales Factor

- The sales factor, except for transportation companies, is a fraction: the numerator is the taxpayer's total sales in DC during the tax year. The denominator is the taxpayer's total sales everywhere during the tax year (using UDITPA rules).
- Transportation companies the sales factor is a fraction: the numerator is the total revenue units the company first received as originating or connecting traffic at a point in DC. Add to this the total of revenue units the company discharged or unloaded at a point in DC, upon termination of the transportation movement or upon transfer to a connecting carrier. The denominator is twice the total revenue units originated everywhere during the tax year. One ton of freight equals one revenue unit; ten passengers equal one revenue unit. If the company's revenue is predominantly from transporting passengers, you may use the number of passengers loaded and discharged, in place of the originating and terminating tonnage.
- Tangible personal property sales, including sales to the U.S. Government, are considered as taking place in DC, regardless of where title is transferred, F.O.B. point, or other sales conditions, if the property:
 - Is delivered or shipped to a purchaser in DC; or
 - Has an ultimate destination in DC, after all transportation (including that of the purchaser's) is complete; or
 - Is delivered or shipped from an office, store, factory, warehouse or other storage place in DC to a purchaser in a jurisdiction outside DC — and you are not taxable in that jurisdiction.

Except for transportation companies, non-tangible personal property sales are considered to take place in DC if the income-producing activity or service is performed:

- In DC; or
- The proportion of the income-producing activity or service performed in DC is greater than that performed in any other

jurisdiction, based on performance cost.

- Financial institutions the sales factor is a fraction: the numerator is the financial institution's gross income in DC during the tax year. The denominator is the financial institution's total gross income during the tax year.
 - A financial institution whose commercial domicile is in DC and which is subject to tax in another jurisdiction, includes in the numerator of the DC income factor, any income which the other jurisdiction does not require to be included in the numerator of its income factor.
 - If the predominant part of the secured property is or will be located in DC, treat all interest, loan placement fees, discount, net gain and other forms of gross income from each loan, secured primarily by real estate, as located in DC.
 - If the loan originated in DC, treat all interest, loan placement fees, discount and net gain from unsecured loans and loans secured primarily by tangible or intangible personal property, or any resulting interest, as located in DC.
 - For any financial institution whose commercial domicile is in DC, treat income from securities, investments, money market instruments, or any other source not required to be apportioned to outside DC, as located in DC. This income includes, but is not limited to, interest, dividends and net gains.
 - Treat all fees, commissions, service charges and other forms
 of gross income from sales of depository or financial services
 as located in DC if the service is performed in DC. Include
 sales or services performed in two or more tax jurisdictions
 in the numerator of the jurisdiction where the most incomeproducing activity is performed, based on performance cost.
 - If the property is located in DC, treat gross income from leases of tangible property as located in DC.
 - If the financial institution's principal office is located in DC, then treat all income (previously described) that is located in a jurisdiction where the financial institution is not subject to tax as being located in DC.

General

If your use of the income allocation and apportionment rules results in a tax that does not fairly represent your tax liability on income from your trade or business or from non-business sources in DC, you may petition for, or OTR may require, if reasonable:

- a separate accounting, unless the entity is conducting a unitary business;
- exclusion of one or more factors;
- inclusion of one or more factors that reflect the extent of your trade or business in DC; or
- use of any other method to effect a fair allocation and apportionment of income.

Schedule G - Balance sheets (page 4 of Form D-20)

Submit balance sheets for the start and end of the tax year. Conform them to the corporation's books and records and your federal return. Attach an explanation of any variation.

Schedule H-1 Reconciliation of income (Loss) per Books with

income (Loss) per Return and H-2 Analysis of Unappropriated Retained Earnings per Books (page 5 of Form D-20)

Generally, these schedules must conform to the corresponding schedules on the federal form filed for the corporation.

Supplemental Information (page 6 of Form D-20)

Provide all the information requested in this schedule.

Worldwide Combined Reporting Election Form

If the Worldwide Combined Reporting Election Form is completed and submitted, ensure the "Fillin if Worldwide" bubble is shaded on D-20, page 1.

Schedule UB, Business Credits

Use this schedule to claim the EDZI credit (see below), QHTC credits (see instructions page 6) and the Organ and Bone Marrow donor credit. The Organ and Bone Marrow Donor Act of 2006 provides a credit to an employer who allows an employee up to 30 days paid leave to donate an organ and up to 7 days paid leave to donate bone marrow. This is a non-refundable credit equal to 25% of the regular salary paid to the donor-employee during the leave period. This credit may not be used to reduce the required \$250 or \$1,000 minimum tax payment. An employer claiming this credit may not also deduct the salary paid the employee for the same leave period. This credit is not available if the employee is eligible for leave under the Family and Medical Leave Act of 1993.

The 2011 Budget Support Act of 2010 authorized funds for the Job Growth Incentive Act tax credits. The credit must be approved by the Mayor in advance of starting the project. The process for applying for the credit is found in DC Official Code §47-1807.54. The approval will provide the amount of the allowable credit and the periods for which the credit can be claimed if the employer continues to qualify. The allowable approved amount of the credit can be claimed on Schedule UB, Business Credits, Line 4 for D-20 filers or Line 12 for D-30 filers.

In order to apply for the credit, the employer must be planning a project that will:

- Bring a net job growth to DC of at least 10 new jobs with an average yearly wage of at least 120% of the average yearly wage of DC residents:
- Increase income tax and payroll revenue for DC;
- Result in a retention of any new positions for at least one year;
- The project would not have occurred but for the job growth tax credit.

NOTE: If you filed a federal Schedule M-3, Net Income (Loss) Reconciliation for Corporations with Total Assets of \$10 Million or More, with your Form 1120, attach a copy of it to your D-20.

Remember, attach all requested statements to your D-20 return.

Economic Development Zone Incentives Credit

Supporting Documentation Required If you are claiming an Economic Development Zone Incentives (EDZI) credit against your DC franchise tax liability, you MUST attach to your return:

- A copy of the DC Council resolution approving the qualification for any credits claimed;
- 2. A certification of eligible employees issued by the DC Department of Employment Services; and
- 3. A completed EDZI Credit Worksheet.

The EDZI Amendment Act allows a qualified business, under certain circumstances, to take various credits against its franchise tax liability. (The maximum annual credit is \$7500.) A qualified business is one that is approved as qualified under Section 5 of EDZI by the DC Office of Economic Development. You MUST complete the worksheet below and include it with the other attachments to your return. The following credits are allowed under EDZI to qualified businesses:

1. A credit against the franchise tax in an amount equal to 50 percent

- of the wages of all certified employees who meet the requirements of Section 10(b) of EDZI;
- A credit against the franchise tax in an amount equal to 50 percent of the insurance premiums attributable to all employees for whom it obtains employer liability insurance under the District of Columbia Workers Compensation Act of 1979; and
- 3. A rent credit for lessors against the franchise tax. The credit allowed is the difference between the rental market value of the space leased to a licensed non-profit child care center and the actual rent stated in the lease agreement as indicated in the DC Council resolution approving the qualification of the business. A non-profit child care center is a child development center as defined in Section 10 of EDZI.

A credit carry forward for five years is available for any EDZI credit not used in a previous year. The maximum amount that may be claimed in any year is \$7500, including any carry forward.
